With all of this in mind, the following is the forecast from the current Farmer's Almanac. So, for those of you who want to have some snow days in the next two months just remember that the following forecast is only 50% correct if you try and plan a "mini vacation". To further compound the accuracy of the forecast for Virginia, this forecast includes the following states: New York, Vermont, New Hampshire, Maine, Massachusetts, Rhode Island, Connecticut, Pennsylvania, New Jersey, Delaware, Maryland, West Virginia, Virginia, Washington D.C. Therefore, these predictions might be correct in Maine, New York, etc. and be completely wrong for Central Virginia. We hope this forecast makes it easier for everyone to accurately predict the next two months. (LOL)

Northeast U.S. Long Range Weather Forecast for February 12th - March 31st (From The Old Farmer's Almanac)

February 2013

12th-15th. Major Northeast snowstorm develops: some accumulations could exceed one foot; strong winds cause considerable blowing of snow.
16th-19th. Lingering snow showers, flurries.
20th-23rd. Blustery and cold.
24th-28th. A major storm over the ocean perhaps brushes the coast with light snow and gusty winds, then turning fair.

March 2013

1st-3rd. Fair skies.
4th-7th. Light snow or rain.
8th-11th. Showery weather possible, especially for the coast, as a storm sweeps across the Mid-Atlantic.
12th-15th. Scattered showers.
16th-19th. Unsettled, gusty winds, with mixed rain and wet snow.
20th-23rd. A major coastal storm with strong winds and heavy precipitation.
24th-27th. Showers from Virginia and Maryland to New England, then fair.
28th-31st. Another coastal storm! More wind, rain and snow, just in time for Easter.

AES STUDENTS ARE BULLY-BUSTERS!

On Wednesday, January 16, AES students were led by our School Safety Committee to dance the Sid Shuffle with Mrs. Walton, our P.E. teacher, to sing an original song penned by Mrs. Bromley, our Music teacher, and to make bucket-filling ornaments with Ms. Scott, our Art teacher. The message is that when we are dancing, singing, and bucket-filling, we can prevent bullying. Here is the song that Mrs. Bromley penned to the tune of "Ghostbusters". Go ahead, sing it! At AES, we are Bully Busters!

Bully Busters!

If there's somethin' strange in your classroom
Who ya gonna call? Bully Busters!
If it's something mean and it don't look good
Who ya gonna call? Bully Busters!
I ain't gonna bully! I ain't gonna bully!

If you're seein' things that are not kind
Who ya gonna call? Bully Busters!
If someone is callin' names on you
Who ya gonna call? Bully Busters!
I ain't gonna bully! I ain't gonna bully!

Who ya gonna call? Bully Busters!
If you're all alone, find an adult
And call-Bully Busters! Yeah!

Kisses 'Cause We Care!

During the month of February, students at Appomattox Elementary School raised over $300 for a family in our school coping with cancer. The Student Council, under the leadership of Karena Hudson and Leigh Anne Gregory, sold Valentine Candy-Grams for 25¢ each. Students were able to write "bucket filling" messages to anyone in the school for our SCA to "seal with a kiss," and deliver on February 14.

The Strange Case of the Origami Yoda

Students and staff at Appomattox Elementary were treated to a visit from an award-winning Virginia author, Tom Angleberger, who lives in the Christiansburg area. His books are very popular with our students. During his time with students, he graciously autographed their books, and then entertained students with a very interactive reading and illustrating of one chapter of the book. Before he left, he taught students how to make their own origami Yoda to keep. He spent time sharing with students how he became interested in writing and how long it took him to finally be accepted by a publisher. His excitement for reading and writing was contagious!

AMS News

Friday, December 14, AMS 6th graders hosted a holiday luncheon for their families. Students and families feasted on a delicious lunch and enjoyed holiday music. We are thankful to all the parents, grandparents, siblings, and friends who came out to join us for this exciting event.

Shown below are students in Mrs. Harper and Wingfield's 8th grade physical science classes who played "Minute to Win It" as a reward activity the day before Christmas break. Students played a variety of Christmas themed games, each demonstrating a specific physical science concept.

JOE CHEN WINS GEOGRAPHIC BEE

Joe Chen, a 7th grade student at Appomattox Middle School, won the school-level competition of the National Geographic Bee on January 23 and a chance at a $25,000 college scholarship. Jacob Boni, 8th grade, took second place, while 8th grader Jordan Eagle, came in third. The school-level Bee, at which students answered oral questions on geography, was the first round in the 25th Annual National Geographic Bee.

Congratulations above to 8th Grader, Adrianna Novilla, for winning the 2013 Appomattox Middle School Spelling Bee! Our 1st Runner Up is 7th Grader, Brooke Rieger. She grappled with Adrianna in a grueling ten round battle, spelling with gusto!

The month of January was **"Bullying Prevention Month."** In celebration of the month, AMS students were involved in many events. Every morning, a student read bullying facts over the intercom to the rest of the student body. The students also performed skits on how to handle bullying situations. The skits were recorded to put on the AMS website. A few students were interviewed with questions about bullying and why they chose not to bully. The interviews, along with a picture, were put into the local newspaper. To wrap up the month, students and staff from Longwood University presented information about bullying for the entire school body.

A Parent/Community Awareness Cyber-Bullying Night was held on January 31st to cap the anti-bullying program at Appomattox Middle School. Mrs. Lea Gray provided an informational presentation regarding bullying and cyber bullying and the effects these topics are having on our children at AMS. Following her presentation, Deputy Jonathan Garrett (Appomattox Sheriff's Department), Mr. Roger Stough (local lawyer) and Mr. Les Fleet (Assistant Commonwealth Attorney, shown above) spoke on the legal aspects of cyber bullying.

Students above from Dr. Phil Gapinski's Longwood University's Health and Fitness Class directed AMS students how to react and deal with peer bullying.

Middle School Art students experimented with portraiture. Each grade level worked on creating self-portraits using different art media. Sixth graders worked with watercolor. Seventh graders got their hands dirty with oil pastels, and eighth graders created graphic portraits using pen. Students were excited with their finished pieces and many were impressed with the likeness of themselves they were able to create.

I enjoy doing projects that allow me to express myself. When creating my self-portrait I chose to use pencil because it looks more realistic. – Devin

I enjoy art because it lets me express myself in different ways. Out of all the subjects, art is my favorite. – Morgan

I like art because it is fun drawing different things each day. It is also cool because I like drawing and completing projects. Art is my favorite subject because I can show my expressions through my drawings. – Cameron

I love art. One of our projects in art class was to make a self-portrait. It was really fun. One of the reasons I like art is because you get to do stuff you've never done before. – Holly

FFA First Semester Highlights

The Appomattox Sr. FFA Chapter had a great first semester. This year we have started inviting former FFA members to chapter meetings to come and share the many ways FFA has helped them succeed. Each of our three meetings this semester boasted a theme with September being the FFA Tailgate Party, October was "The Great Outdoors", and the November meeting revolved around the Pumpkin Smash. In December, we had our FFA Family Luncheon and Holiday Party. We have been excited to have so many members participate at these meetings.

Some FFA activities this school year have included members participating in the Sheep and Goat Shows at the Five County Fair and the Forestry Judging Contest at the State Fair of Virginia, the Holes for Hope Charity Corn Hole Tournament, the Big Buck Contest, Citrus Fruit Sales, and a visit from our State Southside Area Vice President. Twenty-three FFA members traveled to Indianapolis, Indiana to attend the FFA National Convention where members attended informational sessions, workshops, the FFA Career Show, a tour and a concert to see The Band Perry and Brantley Gilbert. On the last evening in Indianapolis members were able to attend a professional rodeo. These students helped sell smoked pork loins and worked a booth at the Railroad Festival to help offset some of the expense involved with the trip. Everyone had a blast and we want thank the Appomattox FFA Alumni, the Appomattox School Board, parents, teachers and various businesses in the community again for making the trip possible.

We do our best to stay active and have many more events planned for the second semester. Please mark your calendar for these important dates:

February 15-16	State Horse Judging, Virginia Tech
February 16-23	National FFA Week
February 23	Youth Swine Education Field Day, Virginia Tech
February 26	HUB Federation Creed, Prepare and Extemporaneous Public Speaking, Monelison
February 28	All CVLS Sheep, Goat and Swine registration entries due
March 22-23	State Stockmens, Livestock and Meats Judging, Virginia Tech
March 27	HUB Federation Dairy Judging, Gladys
April 6	Central Virginia Livestock Show Showmanship Clinic, ACHS

Happy New Year

We hit the road running on Jan. 2 with SOL testing and exams. The students have finished another amazing semester filled with all kinds of excitement. From academics, to athletics, to activities, and beyond, if students get involved and focus on the great things to accomplish, they will find great success.

We implemented a new traffic pattern in the top parking lot in an effort to ease the congestion. We thank students, staff, and parents for their patience as we continuously seek to refine processes in order to accomplish better safety practices.

Good attendance is a high priority and important goal for ACHS. We want students present and engaged in their path to success. We appreciate the continued communication parents and guardians have had with the school when students need to be absent. Working together as a team is the best way to achieve a goal.

Please note the upcoming dates and mark your calendars.

Thank you for being part of the RAIDER TEAM— being committed to excellence!

Senior News - Class of 2013

There are currently 136 seniors. 45 seniors have applied to 4 year colleges and/or universities, totaling 97 processed applications. 39 students have reported that they have been offered admission.

The Herff-Jones representative will be in the high school cafeteria during all 3 lunches to distribute graduation orders (cap/gown/announcements) on March 26,2013. Seniors and their parents are encouraged to attend the Super Saturday Financial Aid workshop at CVCC in Lynchburg on February 2, 2013 from 10:00am-noon. Counselors will be there to assist families in filing their FAFSA (Free Application for Federal Student Aid) form and lunch will be served. Parents and students will need to bring their 2012 Federal Income Tax Return or their W-2 form(s). Parents and students should register for their FAFSA PIN number at http://www.fafsa.ed.gov and bring the number to the workshop so they can submit their FAFSA. By—Robyn Whorley

FFA National Convention

In late October, 23 FFA members from Appomattox County High School and Appomattox Middle School attended the 85th National FFA Convention and Expo in Indianapolis, Indiana to receive awards for both chapters. Members were recognized for their work in providing opportunities for student, chapter, and community development and meeting National FFA guidelines for quality standards. The National FFA Convention is the largest national youth gathering in the world, with over 55,000 students registered. ACHS students listened to former Olympic figure skater Scott Hamilton's inspirational story of reaching success and overcoming obstacles. National FFA Officers shared retiring addresses with the crowd. In addition, FFA members participated in the first National FFA Rally to Fight Hunger. In less than 20 hours, FFA members packaged over one million dry meals to assist with hunger relief both domestically and internationally. Lastly, students were able to tour Chip Ganassi's Indy Car shop, Ingredion, Inc.'s corn starch processing plant, or the Hoosier Horse Park. Students enjoyed the trip and look forward to attending again. The trip would not have been possible without the extensive moral and financial support of many individuals, businesses and organizations.

ACHS Prom and After Prom

NEWS FLASH!

The 2013 Prom will be at Tresca on the 8th in Lynchburg—a grand place. The "After Prom" Event will be hosted at the AMF Bowling Center in Lynchburg immediately after the prom. Tickets will be sold this spring.

Prom Contracts:

In an effort to make our prom an elegant and dignified affair to be enjoyed by all, we implemented a dress code and contract to outline specific expectations. Contracts are available at this time. Students will need to have these signed prior to purchasing tickets. There are specific details for both male and female attire. Please do not hesitate to contact ACHS administration if you have any questions.

WE NEED YOU, PARENTS!

After Prom Committee

The 2013 After Prom Committee is seeking volunteers to help with planning the May 2013 event. Any student, faculty, or parent of students in grades 9-12 are welcome to join the team. If you have any further questions, please contact the ACHS Main Office to put your name on the list! We appreciate you!!

After-Prom Committee Fundraiser:

Join us at Pino's on Monday, February 4th from 4:00—8:00 p.m. for dinner. Pino's will donate a percent of profits to support the after prom event—please join us!!

If your plan is for one year, plant rice; if your plan is for 10 years, plant trees; if your plan is for 100 years, educate children."

National Young Leaders Conference

Appomattox High School Junior, Shelby Voorhees, has been selected by the National Young Leaders Conference to attend the High School Presidential Inaugural Conference which will be held in Washington, D.C. in conjunction with the formal Inauguration of the President and Vice President of the United States in January. This is the third Young Leader's Conference that Shelby has been selected for since her first nomination in 7th grade. Shelby was nominated for the state program by her 6th grade English teacher because of her leadership and academic talents. While in 8th grade, Shelby traveled to Alexandria, Virginia to meet with other youth from around the state to learn about all aspects of leadership and state government. From there, she was selected to go to the National Young Leadership Conference in 9th grade and traveled to Washington, D.C. where she joined other teens from around the country to tour the capital and meet with Congress on issues important to our young people. As an alumni of the Congressional Young Leadership Conference, Shelby has been invited to participate in the Presidential Inaugural Conference which only happens every four years. Shelby is very excited to have this opportunity and is looking forward to seeing old friends and to hearing Keynote Speaker Condoleeza Rice.

Mrs. Felicia Pickrel and Shelby Voorhees attended a STEM conference at VMI in November. While attending the conference, they had the opportunity to visit with an ACHS 2009 graduate, Shawn Riley, who is in his 4th year at VMI with the United States Air Force.

The Roaring Raiders

During the 2012 fall marching band season, The Roaring Raiders, through hard-work and many practice hours, had much success while performing at Bragg Stadium, and around the Commonwealth of Virginia. This year, the marching Raiders grew from 24 playing members and 3 color guard members in 2011, to 55 playing members and 10 color guard members in 2012. The marching band traveled to 4 band competitions this season including, Brookville, Franklin County, Bluestone, and Lee Davis High Schools. The band received numerous awards in captions including music, marching, general effect, drum major, percussion, and color guard. Our 2012 drum major Maliki Fleshman received the highest score of the day in the drum major caption at the Brookville High School Competition.

A major accomplishment for select members of the marching band was the participation in the football half time show on November 10th at the University of Virginia with the Marching Virginians. The students who participated were, Alex Brown, Whitney Wood, Thomas Shaver, Gabriela Fano, Nicholas Microutsicos, Shelby Voorhees, Daniel Watson, Karleigh Moore, and Tommy Lam.

One interesting fact that many may not realize about marching band is what time of year the season begins. The marching season starts well before the school year, and the talented marching students willingly give up two weeks of summer to come to band camp. During these short two weeks, students come together in the beautiful August afternoons to learn *and* memorize the music and marching for the show. The students have the unique opportunity to work with professional musicians and directors that have extensive knowledge of marching band. This year, we had professional staff that attends or has attended Longwood University, Liberty University, James Madison University, Elon University, and Gettysburg College.

New Café Guidelines

Attention:
Revised Appomattox County Cafeteria
Guidelines Regarding Charging for Lunch
Effective January 22, 2013

When a student does not have money on his or her account and needs to charge lunch, resulting in a negative balance, he/she will be given a note to bring home to the parent/guardian as a reminder that funds are needed for the student's account.

The Food Services Coordinator will make a weekly Global Connect call to parents/guardians of students with negative balances.

The Food Service Coordinator will send a "Balance Due" letter when a negative balance reaches $10.00.

The Food Service Coordinator will send a letter when the negative balance reaches $15.00. At this point, students will NO LONGER be allowed to charge lunch or additional purchases until the account is settled. The student's participation in elective/social and non-academic school activities may be restricted until the balance is paid. These might include parties, dances, proms, field trips and/or other.

This letter will also serve as a "30-Day" notice regarding further collection proceedings that can occur.

If charges are not paid, follow-up will be made with a mailed "15-Day" notice and then a "Final" notice at the end of the 30 days.

Once "Final Notice" letters are sent, payment is due within (5) days or collection proceedings may begin.

MySchoolBucks® is your online payment portal; giving you a quick and easy way to manage and add funds to your student's meal account. You can also review recent cafeteria purchases along with seeing the current balance, plus receive low balance alerts... all for FREE! AND you can add money to your student's cafeteria account using Visa, MasterCard, Discover Card, or debit cards for a low fee of $2.50 per transaction.

Civil War Day

On Friday, October 19th, students from Mr. Luke Cunningham's Virginia and U.S. History classes and Mr. Joseph Servis' Advanced Placement U.S. History class participated in the first Civil War Day. Civil War Day was organized by the ACHS Social Studies Department, with the help of the Virginia State Park System, the National Park Service, and the Museum of the Confederacy, to help students gain appreciation of Civil War history and gain perspective on the impact the war had on Appomattox and Central Virginia. At the National Park, or "Surrender Grounds", Ranger Ernie Price and Park Service Historian explained the history behind Lee's surrender and toured the students through the McLean House. At the Museum of the Confederacy museum guides Jim Godburn and Jimmy Lipscomb gave "third person" historical interpretive programs to the students and explained what the living and fighting conditions of Civil War soldiers would have been like. In the spring, the ACHS Social Studies Department hopes to repeat Civil War Day for the student enrolled in Virginia and U.S. History that semester. Additionally, as part of the national Civil War Sesquicentennial program, the ACHS hopes to expand Civil War Day into Civil War Week and invite other area high schools to participate in the same series of programs hosted by ACHS and the two museums. ACHS Scholastic Bowl Team Advances to Regionals

The ACHS Scholastic Bowl Team was the runner-up in the Dogwood District for the 2012-2013 season behind first place Gretna High School. The team will be advancing to the Regional Tournament which will be held at Rappahannock High School on February 2, 2013. The team is lead by its captain, Senior Lucy Reed, who is one of the dominant participants in the district. The team's success comes from its well rounded members who, in addition to participating in Scholastic Bowl, are also active in band, theater, chorus, 4-H, athletics, and numerous other extracurricular activities at ACHS and in the community.

FCCLA MAKES A DIFFERENCE WITH OPERATION CARE

The Appomattox County High School Family, Career, Community Leaders (FCCLA) of America have been extremely busy this Fall. Students have been working on Operation CARE. CARE stands for Cancer, Aging, Relief, and Economy.

Cancer has touched the lives of most of our members. This year the members sold pink ribbons and raised $128.91 for Susan G. Komen for the Cure. They organized a card writing campaign in our school, for Nathan Norman, a young boy in Rustburg who has a terminal brain tumor, to make his Christmas a little better. And lastly, they collected pull tabs for another young boy in Appomattox to help defray the cost of his treatment.

Members also wanted to touch all residents of our community and decided to reach out to our seniors at the nursing home across the street from the school. The groups spent weeks making Christmas trees from magazines and raised money to purchase each patient a lap blanket, a puzzle book, a pen, and a pack of tissues. Just before Winter break, the group took the gifts to the nursing home and spent time visiting with the seniors and passing out the small tokens. Smiles were large on the faces of both the seniors and the students.

As part of their Relief efforts, the FCCLA Students collected donations for Hurricane Isaac victims for Gleaning for the World. They also raised $110.89 for the American Red Cross for Hurricane Sandy victims by collecting spare change from homerooms.

With the economy in such trouble and many families struggling, the FCCLA takes the lead to collect funds and purchase winter coats, hats, gloves, and a book for those children at the primary school whose families cannot afford one. We helped keep twenty-two children warm this year.

Throughout Operation Care, the students of FCCLA have learned about leadership, budgeting, volunteerism, organization, and most of all compassion.

CERTIFICATE of RECOGNITION

By virtue of the authority vested by the Constitution in the Governor of the Commonwealth of Virginia there is hereby officially recognized:

CAREER AND TECHNICAL EDUCATION MONTH

WHEREAS, profound economic and technological changes in our society are rapidly reflected in the structure and nature of work, thereby placing new and additional responsibilities on our educational system; and

WHEREAS, career and technical education provides students with a career pathway for postsecondary education and workplace readiness and is the foundation of a strong, well-educated workforce which fosters productivity in business and industry and contributes to Virginia's leadership in the international marketplace; and

WHEREAS, career and technical education gives students experience in practical, meaningful applications of academic search skills such as reading, writing, and mathematics, thus improving the quality of their education, motivating high achievement for all students, and giving all students leadership opportunities in their chosen careers and in their communities; and

WHEREAS, career and technical education offers individuals lifelong opportunities to learn new skills that provide them with career choices, expanded earning potential, and job satisfaction; and

WHEREAS, the ever-increasing cooperative efforts between career and technical educators, career and technical education administrators, and business and industry representatives stimulate the growth and vitality of our Commonwealth's economy and prepare students for careers in high demand, high wage, and highly technical skilled areas in a global economy; and

NOW, THEREFORE, I, Robert F. McDonnell, do hereby recognize February 2013 as **CAREER AND TECHNICAL EDUCATION MONTH** in our **COMMONWEALTH OF VIRGINIA,** and I call this observance to the attention of all our citizens.

COMMUNITY USE OF SCHOOL FACILITIES

The School Board may permit use of school property under its control when such use will not impair the efficiency of the school. The superintendent may develop guidelines regulating such use of school property.

Instructional programs and student activities sponsored or approved by the school receive highest priority for use of school buildings. School-related groups, such as parent-teacher groups and any special tutoring activities, are a second priority. The third priority is use of facilities by others having their principal location within Appomattox County, including youth groups, employee organizations, cultural or charitable civic groups, religious organizations and governmental agencies of Appomattox County.

The superintendent or his/her designee shall have authority to grant permission for the use of facilities within the limits of the policies of this School Board. No use of facilities shall be permitted without completion by the applicant of the School Facility License Agreement. The applicant shall be bound by all provisions of the Agreement. Fees for the use of facilities shall be in accordance with the Agreement.

No use of facilities shall be permitted except by reputable and established clubs, societies or organizations that reasonably can be held responsible for the payment of charges, compensation for damages to property and for use of the property in conformity with regulations on the application. All organized sporting teams must sign the Agreement for use of school fields.

Nonprofit organizations may be required to submit proof of their status.

In no case shall school property be leased to individuals, although individuals may be required to sign the Agreement as guarantors.

The Board reserves the right to reject any applicant in its sole discretion, with or without cause, for any reason not prohibited by law including, without limitation, the following considerations: (a) impact or effect on students, school programs, activities or events, (b) impact or effect on other activities or groups, (c) burden on school facilities or staff, (d) possible increase in liability risk to the school, staff or board, (e) any difficulty in scheduling facility use, (f) any difficulty in accommodating the needs of particular group or activity, (g) risk of damage to the facility, (h) availability of or inconvenience to staff, and (i) cost of utilities and services.

SCHOOL FACILITY LICENSE AGREEMENT

The Appomattox County School Board gives the "User", permission to use a portion of Appomattox County Public Schools as specifically outlined in the user application. The Board shall retain possession of the premises at all times. This is a revocable license and User's presence on the premises is subject to the following terms and conditions:

General

Appomattox County Public Schools welcomes the use of the school facilities by the community for purposes directly related to the educational, civic, cultural, recreational and social life of the community. The school division recognizes that the primary purpose of school facilities is to implement the school division's instructional, extracurricular, and school-sponsored programs and that other usage shall not interfere with these programs.

Permission to use facilities shall be allowed at the discretion of the school division and will be given with the understanding that the User assumes full financial responsibility and liability for actions of attendees, care of equipment, and protection of school property.

Programs and activities of Users must be lawful and must conform to all of the policies of the School Board. Permission will not be denied due to content or views expressed by the organization.

Who May Use the Facilities

Established organizations within the county, (parent/teacher organizations, booster groups, governmental and quasi-governmental public service bodies, religious, business/industrial organizations) serving the residents of the county, may apply to use school facilities provided the use is for an educational, civic, cultural, recreational, social or other legitimate purpose of the organization. ~~In addition, outside organizations may apply to use school facilities, provided they meet all the requirements for such use.~~

1. FACILITY

1.1: The Facility includes the corridors around the School that are necessary to accommodate patrons of User as well as restroom conveniences customarily open to the public.

1.2: The Board, through its school principal, employees, custodial staff and other designated representatives (hereinafter collectively referred to as the "Principal"), may enter any portion of the building for any purpose at any time.

1.3: The entire building remains under the control of the Principal at all times. He or she shall retain possession of the keys to the building during the term of this permit and may keep entrances and exits locked, unlocked at the sole discretion of the Principal, subject to fire safety ordinances.

1.4: A representative of User acceptable to the Appomattox County School Board shall remain in the building for the entire term of this permit.

1.5: The Board, through its officers and agents, including law enforcement officers and/or the Principal, may remove any objectionable person or persons from the building. The determination of whether a person is objectionable shall be in the sole discretion of the Principal or other Board Designated Personnel. User waives any and all claims for damages arising out of the exercise of this authority by the Board, its agents or employees.

1.6: This license is automatically revoked if User brings or allows to be brought onto the School Board Property tobacco, alcohol, fireworks, pyrotechnics, weapons or any substance or item controlled by law.

2. USE OF THE FACILITY

User is to use the Facility for the purpose specifically outlined in the User application (hereinafter referred to as the "Program") and for no other purpose without the written consent of the Board. User shall be permitted to use only the areas of School Board Property specifically outlined in the User application.

3. TERM OF PERMIT

User may use the Facility for the hours and days specifically outlined in the user application subject to the hereinafter described conditions (the "Term"). User may also use the School for 1 (ONE) hour before and after the event times for the purpose of putting in equipment, preparing the building for use, removing equipment and restoring the building to its original condition. However, this Agreement shall at all times be subject to cancellation by the Board if it determines, in its sole discretion, that insufficient funding, space or resources are available for continuing the Agreement. The Board reserves the right to cancel and terminate this Agreement, in whole or in part, without penalty, whenever it determines such a termination is in the best interests of the Board upon notice to User. Upon such termination or cancellation, User shall immediately cease use of the School. Such cancellation or termination shall not affect or impair the right of the Board to pursue any remedies available under this Agreement for breach of the covenants contained herein.

4. USER'S EMPLOYEES

User shall hire and pay the salaries of all employees required in connection with the Program. However, the Board reserves the right to give direction to all employees hired and paid by User at all times. User will pay the cost of any additional services provided over and above those usually required at the School. User agrees not to hire Board employees to perform User's work in connection with the program.

5. CONCESSIONS

User is strictly prohibited from selling or serving beverages, food, souvenirs or other merchandise on the premises without the express prior written consent of the Board. User shall not permit the use of alcoholic beverages or tobacco at the School at any time.

6. RECORDS

User shall submit to the Principal an itemized and detailed account of all pertinent information requested by the Principal and shall keep financial records acceptable to the Principal. User agrees that the Principal may examine the records at any time.

7. DAMAGE TO SCHOOL

7.1: User may not cause or permit nails or other objects to be driven into the building including, but not limited to, furnishings, fixtures and equipment. User may not affix any objects to the exterior or interior of the building. User may not cause or permit any changes in any part of the building, furnishings, fixtures or equipment nor will User do or allow anything to be done which would damage or change the finish or appearance of the building or its furnishings, fixtures or equipment.

7.2: User is liable for the cost of repairing damage which may be done to the building including, but not limited to, its furnishings, fixtures or equipment, by an act of User or User's agents, employees, invitees, patrons or others present due to activities of User.

7.3: The Principal shall determine the amount of the damages and the reasonable cost to repair the damages. User shall pay this amount within 14 days of the conclusion of the Term under this Agreement or within 14 days of request by the Board, whichever shall first occur.

7.4: User may not bring or permit anyone to bring in to the School anything that increases the risk of fire or the rate of insurance.

8. HOLD HARMLESS

8.1: User holds the Board harmless from all claims for injury to or the death of any person and for damage to or the loss of any property arising out of or attributed directly or indirectly, in whole or in part, to the operations or omissions of User. User indemnifies the Board for all damage to property belonging to the Board or others and for all injuries to or the deaths of any person resulting in whole or in part from any act or omission of User.

8.2: The Board is not responsible for User's property while it is in the School. The Board is not liable for the acts or omissions of any protective services engaged by the Principal for User.

8.3: If the School is destroyed or damaged by casualty rendering the fulfillment of this permit impossible, this permit is automatically terminated. User agrees that the Board is not responsible for or liable to User for any loss resulting from casualty or lack of heat, water, lights, air conditioning or other utility or other event or casualty of any kind or nature.

9. INSURANCE

9.1: User shall provide the Board at least 10 days prior to the commencement of this permit two copies of certificates of insurance representing that a comprehensive public liability insurance policy for bodily injury or death in the minimum amount of $100,000.00 for injury to one person, $1,000,000.00 for one accident and property damage insurance worth $50,000.00 is currently in effect covering the program with a company licensed to do business in Virginia. This certificate must indicate that the Appomattox County School Board, and it's agents as additional insureds on the policy.

9.2: In the event an insurance policy is not provided at least 10 days prior to the commencement of this permit, User shall forfeit any right to the use of the School as set forth in this Agreement.

100,000 injury 1 person
or = 1,000,000 whole

10. ADVERTISING

User may not publish, post or exhibit, or allow to be published, posted or exhibited, advertisements mentioning or referring to the Board or the School without the written consent of the Principal. User must take down and remove advertisements objected to by the Principal.

11. COMPLIANCE WITH LAWS

User shall comply with all laws of the United States and the Commonwealth of Virginia, and all requirements of the police and fire departments or other municipal or County authorities in the jurisdiction in which the School is located and shall obtain and pay for all necessary permits and licenses. User certifies, by execution of this Agreement, that it has an open membership and it does not, and will not, discriminate on the basis of race or sex.

12. LOST OR LEFT BEHIND ARTICLES

The Board may remove from the premises and discard personal property left behind by User or User's patrons. The Board may, in its discretion, store such property in the Board's name or, at the Board's option, in the name of User. User shall pay the established rate per day as payment for moving the effects out of the building and for storage.

13. MISCELLANEOUS

13.1: This writing represents the total agreement between the Board and User. No oral modifications have been made. This license may only be modified by a writing signed by both the Board and User.

13.2: If any part of this permit is ruled by any court to be void for any reason, it will be severed and the rest of the contract will continue in force as if the invalid part had never been a part of this permit.

13.3: User shall not bring or permit a person to bring an animal into the building without the written consent of the Principal.

13.4: User may not place or put up decorations without the consent of the Principal.

13.5: The Board has the right to require User to remove from the premises anything placed in the School, in the sole discretion of the Principal, at any time.

13.6: User may not obstruct the halls, ramps, entrances or lobby of the School. User may not permit any chairs or movable seats to be or remain in the passageways and will keep the passageways clear at all times.

13.7: User may not admit more persons or a larger number of persons than the seating capacity of the Facility will accommodate, whichever is less, and User may not allow a greater number of persons to congregate in any place in the School than can safely or freely move about in that area.

13.8: User agrees not to assign a right under this permit to a person, entity or group without the written consent of the Board.

13.9: User agrees to pay all attorney's fees incurred by the Board due to the failure of User to comply with all terms of this permit.

13.10: User agrees that no illegal, indecent, lewd, obscene, immoral or racially inflammatory program, in the sole opinion of the Principal, will be presented. User must remove or rewrite the offensive portions. The Board may, in the sole discretion of the Principal, terminate this license where User presents or attempts to present a program which is offensive for one or more of the reasons aforesaid.

13.11: Any dispute arising under this Agreement shall be governed by the laws of the Commonwealth of Virginia. Venue for any litigation resulting from this agreement shall be proper only in Appomattox County General District Court or Appomattox County Circuit Court.

14. GUARANTY PROVISION

The undersigned officers and agents of User execute this Agreement in their individual capacity, in consideration of the covenants contained herein, to guarantee to the Board payment of any sums owed to it by User pursuant to this Agreement. Such individuals agree to be held personally liable to the Board for any such sums.

15. CLASSIFICATION OF USERS

To ensure the care and preservation of school facilities and equipment and to ensure fairness and consistency in the implementation of School Board Policy governing use of facilities, the following categories have been established.

These categories are to determine priority for facility use and a schedule fee has been provided for approved Users when space and facilities are available.

Approval of all applications will be based upon the following criteria: benefits to the school division and the community; educational contribution; potential wear and tear on school facilities; appropriateness of the activity; and relationship of the activity to the stated mission of the school division.

The use of school facilities for K-12 school instructional and extracurricular programs, meeting of students, teachers, parent-teacher organizations or other organizations directly affiliated with the schools will have precedence over all other requests.

Of the four categories, **CATEGORY 1** will be given the highest priority and **CATEGORY 4** the lowest priority. However, every effort will be made to accommodate all requests. Generally, those who are in **CATEGORY 1** will only be charged for after-hours use of school division personnel.

a. **CATEGORY 1**: Appomattox County Schools Use (Rental Rate-No charge; After-hours direct costs may be assessed.)

Appomattox County Public Schools-sponsored educational or interscholastic activities limited to student and school related functions.

b. **CATEGORY 2:** Educational Support Groups/Government Agency Programs/Community Programs (Rental Rate-No charge plus expenses related to the event.)

Educational Support Groups: Could include but are not limited to partner groups providing educational or support services for the schools (including fund raising activities).

Government Agencies/Community Programs providing student or citizen enrichment and support. Government Agency Programs could include but are not limited to: the Department of Parks and Recreation and their partner programs, government meetings, and government polling sites.

c. **CATEGORY 3:** Non-Profit Groups (Rental Rate-50 percent discount plus expenses related to the event.)

Non-Profit Groups: Defined as governmental agencies, church groups, or organized groups that provide civic, educational, religious or cultural activities. Groups may need to show proof of non-profit status.

(Examples could include but are not limited to: civic organizations, community theatre, scout troops, little league (not partnered with Department of Parks and Recreation), and churches.

d. **CATEGORY 4:** Private Citizen Use/For Profit Groups/Commercial Users (Full Rental Rate-No discount plus expenses related to the event.)

Private Citizen Use/For-Profit Groups/Commercial Users: Defined as groups, other than those identified in Categories 1, 2, and 3, interested in using school facilities for a particular use such as recreational, educational, and cultural activities. All groups must comply with all rules and regulations contained in this policy.

16. PAYMENT OF COSTS

User shall pay the following costs in advance, a minimum of 72 hours prior to commencement of the Program, which cost amounts shall be established in the sole discretion of the Board:

APPOMATTOX COUNTY SCHOOL BOARD

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, February 14, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

Mr. Torrence requested to add LAUREL School Report to the agenda as a Superintendent's Report item. As there were no objections to this request, it was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as amended. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

LAUREL School Report

Mr. Torrence shared information from a recent LAUREL School Board Meeting. He stated they are investigating the possibility of starting a special program for autistic students at an approximate total cost of $138,000.00. This cost would be shared by all of the school divisions having students enrolled at LAUREL. He requested the Board keep this in mind as the 2013-2014 budget is being developed.

Possible Retirement Incentive Plan

Mr. Bruce McMillan, Director of Human Resources and Staff Development, stated in light of preliminary dismal budget news, the administrative staff has been exploring cost-savings measures that could be taken without imposing a negative impact on our instructional program. He shared the following information as he presented a possible Voluntary Retirement Incentive Plan to the Board:

1. Employees eligible for the plan must qualify for full retirement by September 1, 2013.
2. Full retirement was defined as age 50 with 30 years of Virginia Retirement System (VRS) service or age 65 with 5 years of VRS service.
3. Currently, 22 employees meet the qualifications for full retirement (16 professional staff and 6 classified staff).
4. The optional program would be offered one-time-only.
5. A one-time payment of 20% of the qualifying retiree's base salary would be paid to the individual.
6. The average payment for professional employees would be approximately $11,000.00.
7. Should the employee not be replaced the first year, savings would amount to $60,500.00 ($71,500.00 = salary/benefits - $11,000.00 = incentive payment) and $71,500.00 each subsequent year.
8. Should the employee be replaced, the first year savings would be approximately $11,000.00 and then approximately $22,000.00 each of the following years.
9. The downside of the plan would be the potential loss of our most experienced teachers and in many cases, our best teachers.

Dr. Grasty noted, during the past few years, a number of teachers have inquired about the possibility of a retirement incentive plan within the school division. The same request also came from the Teacher Advisory Committee.

Following discussion, it was the consensus of the Board to place this item on the February 28, 2013 School Board Agenda as an action item.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #10792, #10645, and #10233.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a unanimous voice vote of approval from the Board.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

Membership Report as of January 31, 2013

The superintendent provided the January 31, 2013 Membership Report which indicated the total funded ADM was 2,191 students. This compares with a budgeted ADM of 2,180 for the 2012-2013 school year. (See Attachment # 12)

VSBA and NSBA Activities

The following VSBA activities were discussed:

The VSBA Southern Regional Forum will be held March 13, 2013 at Lunenburg Middle School. The registration fee is $25.00 and the deadline for registration is March 6, 2013. Mr. Smith and Dr. Grasty are registered to attend. Mr. Waddell is also registered but will not be able to attend. Mrs. Martin and Rev. Williams also indicated they plan to attend the meeting.

A VSBA Hot Topic Conference - "Understanding Student Outcomes of Virginia's College and Career Readiness Initiative" will be held in Wytheville on March 20, 2013. The registration fee is $130.00 and March 11, 2013 is the deadline for registration.

The Annual VSBA Insurance Services Membership Meeting will be held March 21, 2013 in Charlottesville. Board Members were provided a Management Proxy concerning the election of VSBA Insurance Board Members.

A VSBA Hot Topic Conference will be held in Charlottesville on April 29, 2013 regarding the New Superintendent Evaluation. The registration fee is $130.00 and the deadline for registration is April 12, 2013. Dr. Grasty is registered to attend and Mr. Waddell stated he would also like to be registered for this meeting.

School Showcase

Appomattox Elementary School was featured during School Showcase. Mrs. Karen Cyrus, principal, stated this is the tenth year they have been in their new building which inspired this year's theme of Celebrating the Decades of Success at Appomattox Elementary School. Mrs. Cyrus stated they are very proud of their building as well as the learning that is taking place inside the building. With these thoughts in mind, Mrs. Cyrus was pleased to share a video with the Board entitled "How We Celebrate Learning at AES".

Information from the Director of Business and Operations

Mr. Stephen O. Edwards, Director of Business and Operations, reviewed the following:

1. ACHS Master Plan – Mr. Blair Smith, with Dominion Seven Architects, presented possible scenarios for the renovation of Appomattox County High School. (See Attachment # 13) Mr. Smith stated the renovation would be an expensive undertaking and recommended the project be completed in phases. He also suggested a work session be held to delve into his recommendations in greater detail.

2. PPEA Financial Audit Report – Mr. Bill Gillespie, PPEA Project Manager, provided a Preliminary Project Cost Reconciliation for the Appomattox Primary School Renovations and Additions Project. This report was the result of Mr. Gillespie's audit of the contractor's records which indicated $343,082.08 will be returned to the school division. (See Attachment # 14) Mr. Gillespie recommended the PPEA Committee consider spending $7,450.00 of the returned funds to complete a sanitary sewer replacement project near the 1991 addition entrance to the primary school. (See Attachment # 15) Dr. Grasty requested Mr. Edwards plan a meeting of the PPEA Committee during the next three to four weeks to consider Mr. Gillespie's recommendation concerning the sewer replacement as well as prioritize the use of the remaining Appomattox Primary School PPEA funds that will be returned to the school division.

3. 2014 Budget – Mr. Edwards referred to the FY 2014 Budget Proposal that Dr. Grasty had referenced during her presentation. (See Attachment # 16) He stated this was preliminary information as we are awaiting final 2013-2014 funding figures from the state.

Mrs. Martin requested the amount of the budget shortfall at this point. Mr. Edwards indicated the current shortfall is $838,000.00, assuming the county provides the same funding for 2013-2014 as they are providing in the current budget.

Mrs. Martin also inquired about the Student Accident Insurance that was listed as a need based addition to the budget. Mr. Edwards noted frequent inquiries are received from parents asking if the school system provides coverage for their child who was hurt on the playground, fell in the hallway, tripped on the sidewalk, etc. He stated the quote of $10,925.000 was provided by VSBA at a cost of $5.00 per student.

Mr. Smith asked if leasing school buses might more feasible than purchasing. Mr. Edwards stated he had investigated this possibility and found leasing would be more costly. (See Attachment # 17)

Rev. Williams referenced the presentation by Mr. Blair Smith earlier during the meeting concerning renovating the high school. Rev. Williams emphasized Dominion Seven had been retained to merely develop a Capital Improvement Plan for the high school for the Board's consideration. He noted Mr. Smith's presentation gave the impression this was a definite plan; however, the Board had not taken action to move forward with the much needed renovations.

Health Insurance Quarterly Report

Mr. Edwards presented the Health Insurance Quarterly Report provided by Willis, our Health Insurance Consultant, for the quarter ending December 2012. The report indicated a 33.8 percent projected renewal increase based on claims experience only. (See Attachment # 18) Willis did not recommend placing our health insurance out for bids at this time due to our current high claims. Mr. Edwards indicated Willis has been requested to review the report with Piedmont Community Health Plan to determine how the projected increase can be reduced.

Discussion of Out of Division Tuition Charge for 2013-2014

The superintendent provided a summary of the recent history of out-of-county tuition charges in our school division:

- At the March 24, 2011 School Board Meeting, the Board unanimously voted to change the out-of-county tuition rate for the 2011-2012 school year to $750.00. The exception was students who would be juniors or seniors in 2011-2012. These students continued to pay $500.00.

- At the April 14, 2011 School Board Meeting, the Board addressed a request from the Appomattox County Board of Supervisors to reconsider the 2011-2012 out-of-county tuition rate. They suggested increasing the rate for incoming new students to $1,800.00 which would cover the locality costs. It was the consensus of the Board to postpone a decision regarding the request for an additional increase to out-of-county tuition rates for 2011-2012 until a later date.

- At the June 16, 2011 School Board Meeting, the Board unanimously voted to take no further action concerning the reconsideration of out-of-county tuition rates for 2011-2012 and leave the previously approved amount at $750.00 per student except the currently approved out-of-county tuition

students who would be juniors or seniors in 2011-2012 were charged $500.00.

Dr. Grasty requested guidance from the Board concerning the out-of-county tuition rate that should be charged for the 2013-2014 school year. She provided a handout which indicated the out-of-county tuition charges for the nine surrounding school divisions. (See Attachment # 19) Four of the divisions charged $250.00 less than Appomattox County and five divisions charged more, ranging from an additional $750.00 to $2,890.00.

Following discussion, it was the consensus of the Board not to increase the out-of-county tuition charge for the 2013-2014 school year.

Budget Work Session and Input from Board Members

The superintendent requested input from the Board concerning the 2013-2014 School Budget.

Mr. Waddell stated the Board must develop a budget based on the needs of the school division. Mrs. Martin and Mr. Smith were in agreement.

Rev. Williams referred to Mr. Wingfield's request for a full-time Athletic Director for the 2013-2014 school year. He stated it would be good to accommodate this request but difficult to accomplish with the reduced funds we receive each year.

Mr. Waddell noted it will be difficult to make additional cuts, but it is something that will probably need to be handled.

Following discussion, it was the consensus of the Board to submit a budget to the county based on the needs of the school division.

XLR8 STEM Academy Presentation

The superintendent presented information concerning the XLR8 STEM Academy that will be available to our students for the first time next school year. The program will be located on the Central Virginia Community College (CVCC) Campus in Lynchburg and focus on career and technical education with emphasis on engineering, mechatronics, and biomedical science. Our division will be allotted one slot at a cost of $5,000.00 per student. Students in the program will attend CVCC part of the day and Appomattox County High School part of the day, similar to the schedule followed by Governor's School students. (See Attachments # 20, # 21, and # 22)

AYS Letter Received from County Administrator

Dr. Grasty provided the Board with a letter from the Appomattox County Administrator concerning Appomattox Youth Sports (AYS). (See Attachment # 23) The superintendent stated this request was listed as an action item later during this meeting.

Discussion of Policy KG-R Community Use of School Facilities

The superintendent shared information with the Board concerning possible revisions to the division's current Policy KG-R Community Use of School Facilities.

Mr. Smith noted the policy should be revised with no charges made to school groups.

Rev. Williams stated it is the job of the Board to use the money allotted to the school division for educational purposes. He shared his continued concern that the school division is paying for the cost of utilities incurred from outside organizations using our school facilities. Rev. Williams requested a line be added to the budget to cover these costs.

Following discussion, it was the consensus of the Board to:

- Remove the sentence in the policy that allows groups outside the county to apply to use school facilities,
- Make no charges to school groups.
- Charge outside organizations for custodial overtime.

Dr. Grasty noted these revisions would be processed and the revised policy would be presented at the March 28, 2013 School Board Meeting for approval of the first reading.

ACHS Spring Sports Schedule

The Board was provided copies of the Appomattox County High School Spring Sports Schedule for 2013. (See Attachment # 24)

Tornado Drill Preparedness

Mr. Michael Jones, School Psychologist, reported statewide tornado drills will be conducted in Virginia on Tuesday, March 12, 2013 at 9:45 a.m. He stated the primary, elementary, and high schools would follow this schedule, but due to

SOL testing conflicts, the middle school would conduct the drill on Monday, March 11, 2013 at the same time.

ACTION ITEMS

Consideration of Approval of Voluntary Retirement Incentive Plan

It was moved by Rev. Williams and seconded by Mrs. Martin to approve the Voluntary Retirement Incentive Plan for Appomattox County Public Schools for eligible employees who will qualify for full retirement by September 1, 2013 for a one-time payment of 20% of the eligible employee's base salary as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 25)

Consideration of Appointment of Board Member to Serve on XLR8 STEM Academy Board

It was moved by Rev. Williams and seconded by Mr. Smith to appoint Wyatt Torrence to serve as a Board Member on the XLR8 STEM Academy Board for a two year term beginning March 1, 2013. By unanimous voice vote, the motion was approved.

Consideration of Request to Waive Facility Use Fee

It was moved by Rev. Williams and seconded by Mrs. Martin to approve the request from the Appomattox Lions Club to waive the $50.00 facility use fee for use of the Appomattox County High School Auditorium on March 16, 2013. By unanimous voice vote, the motion was approved. It was noted this would be a fund raising activity to benefit Habitat for Humanity.

Consideration of Approval of Letter and Forthcoming Board of Supervisors Resolution Regarding AYS

It was moved by Mrs. Martin and seconded by Mr. Torrence to consider Appomattox Youth Sports (AYS) a county agency per the letter of February 9, 2013 from the Appomattox County Administrator and contingent upon approval of

the AYS Resolution by the Appomattox County Board of Supervisors on March 4, 2013, as recommended by the superintendent. Mrs. Martin, Mr. Smith, Mr. Torrence, and Mr. Waddell voted in favor of the motion. Rev. Williams abstained. By majority vote, the motion was approved.

Consideration of Approval of Preliminary 2013-2014 School Budget

It was moved by Mr. Smith and seconded by Rev. Williams to approve a preliminary 2013-2014 school division budget in the amount of $21,799,319.80 with a request from the locality for $5,731,481.00 pending Governor McDonnell and the General Assembly final budget approval. By unanimous voice vote, the motion was approved. (See Attachment # 26)

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

Principal's/AssistantPrincipal's Message…

Happy Spring! At least we hope to see some spring-like weather soon. While I'm sure your children love the snow, it can be very difficult to maintain continuity in learning when they miss a day here and a day there. They often forget and/or struggle to get back into the daily routine even after a short absence. Thanks so much for helping us by working on sight words, reading with your child, flashing math facts, and all of the other things you do at home to ensure your child is academically successful here at school. Our teachers do an amazing job, but we can accomplish so much more when we all work together.
Having said that, it is a crucial time for students who may be struggling to make required benchmarks to be promoted to the next grade. As we finish out this year, we love that our students are able to enjoy the warmer weather, both during recess and in the evenings at home. Thank you for helping them stay on track for the rest of the school year by checking homework and making sure they get a good night's sleep. We will continue to work with all students to meet benchmarks for promotion and preparation for the next grade. Please confer with your child's teacher in regards to academic or other concerns as we finish up the 2012-2013 year.

As always, if we may be of assistance to you, please contact us:

Employee of the Month:

February: Jason Bowyer – Assistant Principal

- **Mr. Bowyer is the APS Assistant Principal and the Administrator for the Appomattox Alternative Education Center**

APS Library News:

The BOOK FAIR was a winner!! We exceeded our goal and will be able to order many new books for our library. To everyone who supported our Book Fair by making purchases, and to all the special volunteers who assisted, we give a huge "*THANK YOU!*"

Summer School:

APS is offering a half-day summer remedial program during the month of July. The summer school program will offer concentrated reading instruction in a small group setting to invited students. Transportation to central pick-up/drop-off points within the county will be provided. Parents may wish to reserve July if their child is experiencing difficulty in reading and/or at risk of repeating the present grade. Letters will go out in a few weeks for students who are invited to summer school.

Kindergarten Orientation:

Our yearly kindergarten orientation meeting for students entering 2013-14 kindergarten is almost here. It will be May 21, 2013 @ 7:00 p.m. If you have an incoming kindergartner, we welcome you to come in and listen to our newest information. Please let any first time kindergarten parents in the district know about this meeting.

Reminders and Helpful Tips:

- If you have given us a new phone number, it is updated in Powerschool daily. However, it may take up to a month for the update to be reflected in Global Connect as that is a monthly update.
- If you are dropping off students in the morning, please do not do so until after 8:00 a.m. Supervision is not provided until that time.

- We are unable to take bus/transportation changes over the phone. We are unable to "hold" students until you arrive.
- Car riders must be picked up by 3:10.
- When writing a bus note, please include the child's first/last name, old bus, new bus, 911 address of destination, name of person at address, and a phone number where that person can be reached if necessary.

Bright Beginnings:

Applications for Bright Beginnings (open to students who turn 4 years old by September 30, 2013, and who qualify) will be available soon depending on the budget. Admission/acceptance is based on a number of factors including things such as: income, age, risk factors or predictors of future school success. When available, applications can be obtained from any ACPS school.

PTO News:

The APS Parent-Teacher Organization would like to thank everyone who participated in the spring fundraiser. We raised approximately $7,500, and

parents will be notified when the fundraiser items can be picked up. We are also excited to announce that the PTO has recently ordered new playground equipment! Thank you for your support with this endeavor. We are positive the students will enjoy this new equipment.

2013-2014 Placement:

As one year ends, planning for a new year has already begun. Preliminary class placement decisions will be made early in the summer. If you have information about your child that you feel we need to consider as decisions are made, please contact Mrs. Mullins via email or phone message. Please keep in mind that we do not take specific teacher requests, and students in first and second grades are placed according to reading level.

Homework Tips

Parents have a strong influence on their child's success in school. By supporting and praising your child's academic efforts and creating an atmosphere at home that encourages learning and doing homework, you can help your child do well in school. Children have a wide range of approaches to doing homework. The following hints can be adapted to your child's homework style and pace.

- Respect your child's need to "recharge" him after school, before starting homework. Some children want to have a snack, whereas others prefer to draw, do something physically active, play with a friend, read, listen to music, or watch a videotape.
- Establish a regular time and place to begin homework.
- Make family activities that precede or follow homework — such as playing a game, cooking, or making crafts — a regular part of the homework routine. Shared activities assure the child that she will have time with parents, making it less likely that she will seek their attention while she is doing her homework.
- During homework time, make sure siblings are not engaged in distracting activities (e.g., playing computer or video games, watching television).
- Recognize that an occasional break from steady concentration on homework helps some children stay on task.
- Be available to interpret assignments and questions, explain the meaning of unfamiliar words, review spelling or multiplication tables, or otherwise assist your child with his homework.
- Discuss topics for "show and tell," and preview talks that your child is preparing. If your child asks you for ideas for a presentation or project, try to build on her interests. Support her ideas even if she decides not to accept your suggestions.
- Parents' approaches to doing their own "homework" can serve as positive examples for their child. For example, do your own work reports, reading, bill paying or letter writing while your child is doing his homework. This will demonstrate to your child the importance of responsibly completing work, while allowing him to enjoy your presence and turn to you with questions about his assignments if necessary.
- Help your child develop good organizational skills, such as keeping an assignment book and placing completed homework in a book bag ready to be taken to school each day.
- Comment on the schoolwork your child brings home, posting it on the refrigerator door, proudly telling other people about your child's accomplishments, and praising your child for her effort and success.

Dear Parents and supporters of APS,

This year we welcome back our traditional Field Day! Due to construction last year, we had to have an "in-house" Field Day, much reduced from our normal Field Days of the past! In returning to the norm, however, I now need to solicit your help. **On May 17, 2013, APS will hold Field Day**. There are 26 games that I have planned to set up for our students to play, but they each require someone to explain the game as well as to say, "On your mark, get set, go!" What I have done in the past is to schedule 3 parents to "share" one game. If all 3 parents show up, each parent works a 45 minute segment and the rest of the time is yours to spend with your child. That being said, who wants to sign up and help us? Field Day is truly a community effort and it is so much fun to watch all of the children enjoying themselves! If you would like to be a part of our Field Day this year, please fill out the form below and send it back to me as soon as possible. I will be sending home a game assignment, an explanation of how to play that particular game, the time you will need to report for your game and a name tag for you to wear. This information should be coming to you around the first of May. Please consider coming and helping. It's one of the best days of the year!

Sincerely,
Kathy Dickerson
P.E. Teacher/Field Day Coordinator

Yes, I am interested in helping on Field Day on Friday, May 17, 2013! By signing this form, I am consenting to show up and work a game for a brief period of time on that day!

52 School Divisions From Across Virginia Featured in the 17th Annual VSBA "Showcases for Success" Directory

The Virginia School Boards Association (VSBA) has released its 17th annual *VSBA Showcases for Success* directory, highlighting successful K-12 programs in Virginia's public schools. From school safety and community outreach, to classroom programs and after-school clubs, a wide range of programs are included. This year's theme was the VSBA's new tagline, "Leadership – Advocacy – Support". As shown in the directory, the emphasis on leadership, advocacy, and support is found at every level of the educational process.

"In addition to highlighting some of the best practices taking place in Virginia's schools, the Showcases for Success directory can serve as a starting point to develop similar programs in other school divisions," said Barbara J. Coyle, VSBA executive director.

The directory is available on the VSBA web site at www.vsba.org/showcases. A total of 111 programs from the following 52 school divisions are included.

SHOWCASES FOR SUCCESS

As a means of encouraging awareness and recognition of public schools, the Virginia School Boards Association invited Virginia's school divisions to recommend programs that would serve as "Showcases for Success" in public education. This year, VSBA has created an online database of these successful programs and will feature them on the VSBA website for the entire year. In addition, this directory of programs will be shared with journalists, school board chairmen, superintendents, legislators, and top state officials.

The theme of this year's "Showcases for Success" is the VSBA's tagline, "Leadership – Advocacy – Support". These three words not only represent the work of the VSBA as an organization, but also the work each school board and each school board member does in their local communities. As shown in the "Showcases for Success," the emphasis on leadership, advocacy, and support is found at every level of the educational process. This special edition newsletter features just a few of the many impressive programs taking place in our schools every day throughout the Commonwealth.

Readers are encouraged to visit the directory of programs, which is now available on the VSBA web site. We also would like to encourage an exchange of ideas and initiatives. The directory highlights division-wide programs, as well as those at elementary, middle, and high school levels. From school safety and community outreach, to classroom programs and after-school clubs, the quality and range of initiatives is vast and remarkable. Use the "Showcases for Success" initiatives as a starting point to develop similar programs in your school division. With an open exchange of ideas and implementation of best practices, together we can work toward our ultimate goal of graduation and success for all students.

Middle School History Club 38th Parallel Project

The Caroline Middle School History Club, in its first year of existence, is working to honor Korean War veterans in our community and our state. The 38th Parallel, which divides North and South Korea, runs directly in front of Caroline High School. The Korean War was fought between 1950 and 1953 and over 100,000 Americans lost their lives. The goal of the CMS History Club is to place a Virginia Historical Marker on the parallel in honor of these veterans. The students in the club have taken an active leadership role in the project by making presentations to the Caroline County School Board and Board of Supervisors. They are actively fundraising to obtain the $2000 needed for the marker. The Korean War is taught as part of US History 7th grade curriculum, and this project will provide a community connection to a foreign event.

Build-a-House

Build-a-House connects Chesterfield Technical Center students eager to learn a trade with adults who need a home. Through this program, students studying carpentry, electrical, plumbing, HVAC, advanced CAD, Cisco networking and landscaping build a home for adults with intellectual disabilities on surplus land donated by the Chesterfield County Board of Supervisors. Chesterfield Alternatives Inc. pays for construction materials and runs the group home after residents move in. Two homes have been built since 2007, and a third is under way.

Build-a-House gives students hands-on experience and real-world knowledge of safety rules, building regulations, and current standards, such as green technology. Students also develop skills in leadership and a willingness to help their community. The Build-a-House model of taking unused, county-owned land to train students and create a comfortable home for people with disabilities is a winning experience for everyone. Harvard University selected Build-a-House for a 2012 Bright Ideas award.

Classroom Emergency Kits at Narrows Elementary Middle School

Seventh grade students were given the task of creating a community service project relating to the civics standard of being an effective citizen. Students decided to create a *Classroom Emergency Kit*. Students divided into committees: 1) Oversee/manage the project; 2) Publication: to create fliers, inform by word of mouth, and display the progress of the project for the school to view; and 3) Organization of supplies.

Signs were made and posted, morning announcements were given, fliers were sent home requesting donations, and boxes were created to collect supplies. The response from the school community was overwhelming, and kits were created and distributed to each classroom. The kits were designed to be used in any type of emergency at the school, and the students decided to include these items: latex free rubber gloves, band aids, medical tape, gauze, hand sanitizer, travel size tissues, scissors, flash lights and batteries, bottled water, crackers, and art supplies.

Westside Debaters

Denzel Washington would be proud! Westside Elementary School in Roanoke is one of the few elementary schools in the country to have a debate team. It is called the Westside Debaters. In the spring of 2012, these Westside students were invited to perform at Wiley College in Texas, a historically black college that was the setting of *The Great Debaters,* a 2007 movie starring Denzel Washington. They left Wiley with an honorary title: Junior Great Debaters. The Westside Debaters have been invited back for the spring of 2013.

The Westside Debaters are good examples of leadership and improvements in learning. Four years ago, Westside Elementary was struggling to meet state and federal benchmarks. Today, the school is fully accredited and has met all federal guidelines. The program has been so successful, debate teams have launched at several other Roanoke City elementary schools.

Connecting All Adolescents to Middle School

At Smart's Mill Middle School we have a fundamental belief that adolescent students must be connected to school in order to maximize their achievement. Like schools all across the nation, there are always a handful of students who struggle to connect, which has a negative influence on the climate in the building. To address this group of at-risk students, the *Maverick Adventure Team* was created for boys and *Journey at Middle* for girls. These gender-specific groups meet on a weekly basis and include adult mentors, service projects, and incentive-based field trips. As the students grow each quarter, they earn the opportunity to participate in unique experiences that have included ropes courses, canoeing, rock climbing, and visits to multiple local museums. Because of these two programs, the entire culture of the school is impacted. Students want to attend school, adults are viewed as advocates, and there is a renewed sense of academic efficacy.

Division-Wide Safety Program

In an effort to raise the level of awareness of student safety, Washington County Schools launched an intensive safety campaign as schools opened this fall. Students, parents and staff were introduced to the program through a media campaign, including billboards, school banners, classroom posters, t-shirts and wristbands with the slogan of "Say What You See, Tell What You Know", and a safety mascot of Billy the Bulldog. In addition to a division tip line, a "text-a-tip" feature was added to promote an easy, convenient and anonymous means of reporting any type of safety issue. The purpose of this initiative is to engage all stakeholders in our effort of making our schools as safe as possible for students and staff. The program involves safety committees at the division level and at each building level. Local and state law enforcement agencies are an integral part of this emphasis on school safety.

Guys Read Program

The Guys Read program creates an opportunity for Lafayette High School staff to advocate reading among the male student population. Statistics and anecdotal evidence show that males are often unmotivated to read. Therefore, the mission of this non-profit program is to help males become self-motivated, lifelong readers. Lafayette piloted this program and partnered with the Williamsburg Regional Library to supply books and resource materials to aid in discussions. An English teacher facilitates four group discussions per book so students can share what they learned and enjoyed about each book. To culminate their learning experience, the group also takes a theme-related field trip. During a trip to Baeplex Family Martial Arts, the group learned moves associated with the physical training from Chris Bradford's book, *Young Samurai: The Way of the Warrior.* This community of male readers is steadily increasing and Lafayette now has a reading group for every grade level.

Finding and Nurturing Young Scholars

Young Scholars is one facet of Fairfax County Public Schools' approach to closing the achievement gap that exists between white and underrepresented minority students. A major goal of the model is to identify children with advanced academic potential from diverse cultural and linguistic backgrounds at an early age, and to provide them with an educational setting that will nurture their potential and prepare them for challenging course work in upper elementary, middle school, high school, and beyond. Young Scholars are students who are not likely to be considered for gifted programs using traditional methods of identification, and who, without that opportunity, are less likely to pursue advanced levels of learning on their own. Historically, these students have lacked access to advanced academic services, advocates for their high potential, and affirmation of their strengths, interests, and/or abilities.

Once identified, Young Scholars are clustered with teachers who are trained to differentiate curriculum and instruction in order to strengthen basic skills and develop their ability to think, reason, and problem-solve on advanced levels. Summer school, after school sessions, and field trips are all used to provide Young Scholars enriched, challenging learning experiences with intellectual peers from similar backgrounds. Teachers design curriculum and instruction that allow students to question, explore, and investigate content and ideas in engaging activities that strengthen basic skills and develop higher level thinking. The long-range goal is to increase the likelihood that the young scholars will become lifelong learners as they develop their talents and discover the myriad opportunities and possibilities that the future holds.

This comprehensive district-wide approach was highlighted in the National Association for Gifted Children publication, *Unlocking Emergent Talent: Supporting High Achievement of Low-Income, High-Ability Students.*

Lunch Buddy Program

Every day, educators touch the minds and hearts of many impressionable children. They not only provide academic services, but emotional support as well. The Lunch Buddy Program at Appomattox Primary School provides special attention to needy students to aid in their emotional and social development. That positive attention brings out positive behavior and better academic performance, which not only benefits that particular student, but also his/her teacher and classmates as well.

Each month, there are special Lunch Buddy Days on which the Lunch Buddies come to visit their assigned child to eat lunch, tutor that child, and be a special friend. They are community leaders, retired teachers, a School Board member, senior citizens, government employees, grandparents, etc., who have a desire to make a difference in the life of a child. Our local School Board also gives its support to this program. In addition to verbal support and funds, the Chairman of the School Board is currently a Lunch Buddy—and has been one for years.

Parent Education Outreach

The Parent Education Outreach program is designed to share information and resources to support families, students, and professionals. The program offers a series of different workshops regarding social and emotional development for students, and a community resource fair to connect families with other support services. The workshops are planned by HCPS professionals based on the needs and interests of families. During the 2012-2013 school year, Harrisonburg City Public Schools presented a total of 8 different events.

- It is OK to Say No: Finding New Ways to Set Positive Limits for Your Child
- How to Help Your Student Survive and Thrive in High School
- Community Resource Fair: Hosting More than 20 Community Agencies
- May I Have Your Attention Please? Strategies for Improving Attention and Focus in Your Child
- Promoting Social and Emotional Development: Skills for Success in School and Life
- Academic and Career Planning for Middle School Students
- How to Help Children Regulate Their Emotions and Behavior *(repeated session)*

To assist in targeting multiple communities, the events were held at different schools. These workshops were presented by HCPS mental health professionals (i.e., school counselors, school psychologists, and school social workers) and attendance was open to the community at no charge. Childcare, light refreshments, and interpreting services were provided, and each event was videotaped and accessible from our main webpage, along with workshop handouts.

Summer STEM Program

To provide opportunities for all students to receive high-quality enrichment programming over the summer, Mathews County Public Schools offered a summer STEM (Science, Technology, Engineering, and Math) program free of charge to students in elementary and middle school through the generous support of local donors. Program costs, transportation, and food services were fully funded by grants, thus facilitating the participation of students who are typically underrepresented in enrichment programs.

The summer STEM program used research-based curriculum from Invent Now delivered by Mathews County Public Schools teachers, with the assistance of Chesapeake Bay Governor's School students serving as leadership interns. Additionally, the program was able to offer summer employment and supplemental income to teachers, bus drivers, cafeteria workers, and high school students. Students benefitted from the engaging, hands-on learning experiences, and teachers benefitted from opportunities to collaborate and teach creatively. Everyone benefitted from the generous support of our local donors and the community partnerships that were formed via the development of this program. We will hold our third STEM summer program in 2013.

FMS Leadership Program

The Fluvanna Middle School Leadership Program focuses on building leadership skills, making good decisions, and citizenship. The students are expected to set short-term and long-term goals, learn strategies to assure academic success, and strengthen their focus on citizenship. We invite speakers from our community to lead discussions about career paths, decision-making skills, and the value of getting a good education. Students are encouraged to ask questions and to engage in the conversation with our guests. As we come to the close of the school year, the students who have participated in the Leadership Program reach out to younger students, encouraging them to make good choices. This component of our program promotes public speaking and leadership skills that will help them for many years to come.

* 2010-11	176
* 2011-12	172
* 2012-13	172

* This has resulted in an 8.5% decrease in teaching staff.

* Except for one year of RIFs, we have achieved this through attrition. There is now little room for attrition without cutting entire programs and non-core course offerings.

*TOTAL EMPLOYEE REDUCTIONS

*2007-08	383
*2008-09	381
*2009-10	374
*2010-11	364
*2011-12	362
*2012-13	354

* Total staff has decreased by 7.5% since 2007-08

* 282, or 80%, of our 354 employees are Appomattox County residents

* Sharing of teachers between schools
* Courses offered every other year
* Elimination of Career & Technical Ed programs
* Reduction and elimination of remedial math and reading classes
* Larger class sizes
* Fewer elective offerings at ACHS
* Fewer bus routes – more students on buses
* Fewer special education teachers for collaborative classes

* Reducing staff

Efforts to reduce costs

- Fuel Co-Op Partnership
- Tech Books
- Paperless Purchase Orders and Leave System
- Preferred Vendor Purchasing
- 8 Passenger Van Use
- Energy Management System
- Rebuilding pumps for heating and cooling systems
- Recycling copper – APS
- Recycling paper
- Fiber from Tech Center to ACHS and AMS to Bus Shop
- Speech Language Therapist hired rather than contracted out
- Networked Copiers

*FY 2014 Budget Challenges

* FY 13 Local Contribution	$4,838,558
* FY 14 Local Budget Request	$5,731,480
* Expected FY 14 Local Contribution	$4,838,558
* Difference	**($)892,922**

* **What does less than requested funding mean for our budget?**

* **Fewer dollars per student**

*What's been cut?

* We have eliminated all capital improvement projects. -$360,000
* Lease buses instead of purchase = higher cost -$75,000
* If we can purchase in FY 13, savings = -$225,000
* No return of stipends, teaching/coaching supplements, tuition reimbursements for continuing ed. -$32,000
* Student Accident Insurance -$10,925

*Cuts with Unfilled Retirements/Attrition

* 1 Less Phys. Ed Teacher
* Auto Mechanics Program
* 1 Fewer Pre-K Class (1 Teacher, 1 Aide)

* Potential Cuts to Match County Employee 3% Raise

* Additional Teaching Positions
* Administrative and/or Aide Positions
* Reduce Employee Health Insurance

*Budget Considerations

* Budgeted Average Daily Membership (ADM) for 2012-13 is currently 2180

* Budgeted ADM for 2013-14 is 2185

* We expect a higher ADM for FY 14 -
  * Same $$ + additional students = less per student

  Plus,

  Rising health insurance premiums

  2% employee raise

  We have to offset the loss of Jobs Bill Funds

  = ($341,000)

  The realities of the long expected funding cliff!

* Why $4,838,558 (the same amount we got this year) is not adequate to fund the coming year and maintain all current programs and offerings

Minutes of
Appomattox County School Board
Budget Work Session and Interim Meeting

The Appomattox County School Board met on Thursday, March 14, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty. Mr. Bobby K. Waddell, Chairman, was not in attendance due to a medical appointment.

CALL TO ORDER

Mr. Smith, Vice-Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mrs. Martin and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

BUDGET WORK SESSION

Budget Update and Work Session

Mr. Stephen O. Edwards, Director of Business and Operations, provided an updated budget report to the Board. (See Attachment # 1)

Dr. Grasty reported the official budget request from the School Board was submitted to the Appomattox County Board of Supervisors and the County Administrator on March 1, 2013.

The superintendent stated Mr. Torrence and Mr. Edwards attended a Board of Supervisors Budget Work Session on March 13, 2013. Mr. Edwards stated their meeting was rather brief and he emphasized to the Supervisors the School Budget for 2013-2014 was very preliminary. The only question asked of Mr. Edwards and Mr. Torrence was from Mr. Craft concerning possible school safety issues coming from the federal level.

Dr. Grasty indicated notices had been issued to employees who are eligible for the Early Retirement Incentive Program recently approved by the School Board. Responses are required prior to the March 28, 2013 Board

Meeting. She also noted the General Assembly will reconvene for the veto session on April 3, 2013 and final state budget information is anticipated following this session.

The superintendent requested input from the Board concerning the 2013-2014 School Budget. Mr. Smith noted it appeared the House and Senate Budgets were similar and reiterated his desire to keep employees whole, if at all possible. Mrs. Martin stated it would be difficult to make adjustments to the budget until the final state figures are received.

CLOSED SESSION

Adjourn to Closed Session

Mr. Torrence moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #10500, #10840, and #10394.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended and student #50841.

Rev. Williams seconded the motion made by Mr. Torrence. This was followed by a unanimous voice vote of approval from the Board.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Torrence and seconded by Mrs. Martin to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The vice-chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Torrence made this motion which was seconded by Mrs. Martin, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 2)

APPROVAL OF PERSONNEL MATTERS:

It was moved by Mr. Torrence and seconded by Rev. Williams to approve the personnel report as presented and as recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. Personnel were approved as follow:

Home Bound 2012-2013:

Gwen Rigney

APPROVAL OF STUDENT MATTERS:

Approval of Student Number 50841

It was moved by Mr. Torrence and seconded by Rev. Williams to place Student Number 50841 at the Appomattox Alternative Education Center for the remainder of the 2012-2013 school year. The student must return to meet with the School Board in June 2013 to determine placement for the 2013-2014 school year. By unanimous voice vote, the motion was approved.

NEXT MEETINGS

The next Regular Monthly Business Meeting of the Appomattox County School Board is scheduled on Thursday, March 28, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia. The next Interim Meeting will be conducted Thursday, April 11, 2013 at 5:00 p.m. at the same location.

ADJOURNMENT

There being no further business, Mr. Torrence moved the meeting be adjourned with a second from Rev. Williams. By unanimous voice vote, the motion was approved.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

Membership Report as of February 28, 2013

The superintendent provided the February 28, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,188 students. This compares with a budgeted ADM of 2,180 for the 2012-2013 school year. (See Attachment # 7)

VSBA and NSBA Activities

The following VSBA activities were discussed:

The VSBA Southern Regional Forum was held March 13, 2013 at Lunenburg Middle School. Mrs. Martin, Mr. Smith, Rev. Williams, and Dr. Grasty attended. Mr. Smith noted it was a good program and Rev. Williams stated the

entertainment provided by Lunenburg County Public Schools faculty and students was marvelous.

A VSBA Hot Topic Conference will be held in Charlottesville on April 29, 2013 regarding the New Superintendent Evaluation. The registration fee is $130.00 and the deadline for registration is April 12, 2013. Mr. Waddell and Dr. Grasty are registered to attend.

The VSBA Policy Services Workshop will be held in Charlottesville on May 23, 2013. The registration fee is $100.00 and the deadline for registration is May 10, 2013. A School Board Meeting is scheduled for May 23, 2013 which creates a conflict for the superintendent to attend the Policy Workshop as is customary. Dr. Grasty noted Mrs. Elizabeth Ewing, VSBA Attorney, will mail the conference information to the superintendent on May 24th.

The VSBA Law Conference will be held June 7, 2013 in Charlottesville with special education as the focus of the meeting. The registration fee is $165.00 and the deadline for registering is May 17, 2013. Mrs. Haught and Dr. Grasty are registered to attend.

School Showcase

Appomattox Middle School was featured during School Showcase. Mr. Todd Reichert, principal, was pleased to introduce the following students who presented “A Day in the Life of the Middle School”: Danielle Alexander, Nathan Kuegler, Nicholas Servis, and Nathan Simpson. The students also provided a brief history of Appomattox Middle School and shared their interview results from students and staff. Board Members were invited to participate in AMS Trivia as well as apply their artistic talents by creating adaptations of the school mascot.

Information from the Director of Business and Operations

Mr. Stephen O. Edwards, Director of Business and Operations, reviewed the following:

1. ACHS Master Plan Follow-Up – The ACHS Master Plan was discussed during a recent Board Chairs Meeting and representatives from the Appomattox County Board of Supervisors indicated they would like to be included in any work sessions. It was the consensus of the School Board to schedule a Work Session with the Board of Supervisors and Mr. Blair Smith during May 2013. The superintendent stated she would schedule the meeting.

2. Report on PPEA Committee and Final Report on FF&E (Furniture, Fixtures, and Equipment) Account for APS – Mr. Edwards stated Mr. Bill Gillespie, PPEA Project Manager, had provided the construction savings figure of $373,747.47. He noted this is not the final account balance as expenditures such as bonds must be deducted from the $373,747.47. He presented a PPEA Financial Summary as of March 27, 2013 (See Attachment # 8) Mr. Edwards also reported J. E. Jamerson and Sons have issued a refund check to the school division in the amount of $21,806.50. He noted the unspent revenues amount to be approximately $206,000.00 which will go back to the county with $6,900.00 being deducted from this amount to cover the cost of the additional sewerline work that is needed at the primary school. A formal written request has been sent to the Board of Supervisors asking that the unspent balance from the PPEA Project be used for school division capital improvement needs.

3. Fuel Co-op Update – To date, a savings of $35,312.30 has been realized by utilizing a fuel co-op during the 2012-2013 school year. (See Attachment # 9) Mr. Edwards indicated he would like to continue participating in the co-op program during 2013-2014.

4. Property and Casualty Insurance Review – Rate increases are projected for Property and Casualty and Workers Compensation insurance coverage for 2013-2014. (See Attachment # 10)

5. 2013-2014 Budget Update – The Superintendent and Director of Business and Operations met with Mrs. Aileen Ferguson, County Administrator, on March 22, 2013 to discuss the 2013-2014 School Budget. Internally, the Leadership Team has been exploring budget adjustments. Mr. Edwards noted the impact of the Division Retirement Incentive Plan will be determined once the responses from all eligible employees are received. Final state funding will not be known until after the General Assembly reconvenes on April 3, 2013. Final locality funding should be available following the May 6, 2013 meeting of the Appomattox County Board of Supervisors.

Mr. Smith requested exploring possible dual enrollment cost savings as an alternative to reducing K-12 programs at the high school. The superintendent stated cost options concerning the dual enrollment program will be explored and presented at the April 25, 2013 School Board Meeting.

6. Requests for Proposals for Architectural Engineering – Requests for proposals for architectural engineering consulting services on a term contract basis were issued in early March for projects less than $50,000.00. Proposals have been received from the following companies and reviewed by the Director of

Business and Operations and Mr. Wyatt Torrence: Dominion Seven, Dewberry, OWPR, LLPS, Hurt and Proffit, and Dunbar, Milby, Williams, Pittman and Vaughan. Mr. Edwards noted our school division has prior experience with all of the firms except OWPR. He recommended letters of agreement be issued to all of the companies except OWPR because of their Blacksburg location and the travel expenses that would be incurred. It was the consensus of the Board to accept the recommendation from Mr. Edwards.

Update on Fall 2012 SOL Scores

Mrs. Annette Bennett, Director of Curriculum and Instruction, provided a preliminary report of the 2012 Fall SOL Testing results. (See Attachment # 11) She stated the report was based upon her calculations as she has not received this information from the Virginia Department of Education (VDOE). Mrs. Bennett noted she was especially pleased with the Reading scores and shared strategies that are being implemented to address Math scores. She noted VDOE changes the tests every six years and test scores generally decrease when new tests are administered. Mrs. Bennett stated math teachers are being shifted to determine the best instructional fit and a new Math course, Algebra Data Analysis, will be added to the curriculum between Geometry and Algebra II.

Report on 2012-2013 Swim Team

Mr. Brad Harper, Appomattox County High School Assistant Principal and Athletic Director, was pleased to inform the Board of the successful first year of the Swim Team as he provided the statistical and financial reports. (See Attachments # 12 and # 13) The superintendent stated this annual report to the Board was a requirement of the Memorandum of Agreement between Appomattox County Schools and The Friends of the Appomattox Swim Team. She also noted the Swim Team is funded by private donations and no expenses are incurred by the school division.

Rev. Williams applauded the program and the success of our athletes and inquired if costs were being passed along to parents that would prohibit less wealthy students from participating. Mr. Harper stated he did not feel this was the case but he would investigate.

Sprigging of Bermuda Grass at Bragg Stadium

Mr. Harper reported to the Board last spring about the possibility of using Bermuda Grass on the field at Bragg Stadium at Appomattox County High School and provided an updated report. (See Attachment # 14) He stated a mixture of Bermuda Grass and rye would provide a more durable and safer playing surface for the many athletic programs that utilize the field. Preliminary estimates

indicated the possible costs ranged from $8,000.00 to $13,000.00 but there would be no cost to the school division as the Spout Spring Ruritan Club has agreed to pay $7,000.00 and the Appomattox County High School Athletic Boosters Club has agreed to fund the balance. Mr. Harper indicated a special mower is required for this type of surface and is owned by RSG Landscaping Company which is the company that maintains our fields.

Mr. Waddell asked when this project would need to be completed. Mr. Harper stated soccer season ends May 19, 2013 and any post season games would be completed by June 1, 2013. Field renovations would need to begin by the middle of June in order to have the field playable by August 1.

Mr. Edwards noted the timing is critical and indicated the project should start as soon as possible to have the field ready for fall sports. He also recommended the proposals include a performance bond which would add approximately an additional two percent charge to the total costs.

Following discussion, it was the consensus of the Board that Mr. Harper should secure bids for the Board's consideration at a future meeting. Mr. Waddell stated RFPs (Request for Proposals) would need to be issued.

PowerSchool Maintenance Report

Mrs. Laura Evans, Student Information Specialist and Grants Coordinator, provided a PowerSchool Maintenance Report. (See Attachment # 15)

Discussion of April 25, 2013 Tour of School Facilities

The superintendent stated the Board is scheduled to tour school facilities on Thursday, April 25, 2013 and requested guidance from Board Members regarding the particular programs they would like to observe. Board Members requested the following: ACHS Swim Team Presentation, ACHS Tennis Courts and Track, and Media Centers/Librarians. They also requested the following be invited to accompany them on the tour: Appomattox County Board of Supervisors, Appomattox Town Council, Senators, Delegates, and Governor McDonnell.

Date of Board Self-Evaluation

Board Members agreed to conduct their Self-Evaluation at the June 20, 2013 Regular Business Meeting.

Spring is Finally Here!

We are in the final stretch for this last 4th quarter. As always, good attendance and good behavior is the expectation as we expect great academic excellence from all of our students.

Seniors are definitely in the final hours as the excitement grows for that June 3rd walk at graduation.

There are many events, from spring sports, to music presentations, to Senior Class day that ACHS will be hosting. As always, keep tuned to our website as the daily announcements are posted.

Good attendance is a high priority and important goal for ACHS. We want students present and engaged in their path to success. We appreciate the continued communication parents and guardians have had with the school when students need to be absent. Working together as a team is the best way to achieve a goal.

Please note the upcoming dates and mark your calendars.

Thank you for being part of the RAIDER TEAM— being committed to excellence!

Important Upcoming Dates:

May 4 - SAT @ ACHS
May 6 - 10 - Staff Appreciation Week
May 14 – FFA Banquet

The Reality Store—A Great Experience!

Financial illiteracy is a major issue facing youth. Statistics show that students lack knowledge of basic financial management. Reality Store is a financial simulation which gives students a glimpse of the future in a fun and exciting way. During a preliminary meeting, the students were informed that they are age 25 and head of the household. Students calculate their monthly salary from the career they selected and deducted taxes. Then, based on: their income, spouse situation, and number of children, they make spending decisions for their household. Booths are set-up around the room to represent spending categories- the same ones their parents have: taxes, housing, food, furniture, child care, clothing, transportation, insurance, medical/dental, utilities, credit card, communications, contributions/ charity, entertainment, credit union, supplemental income, and "chance". The students record expenditures at each booth using a brochure. The idea is to have money left over at the end of the month. Some students did, others had to take a second job to make ends meet. There were 25 volunteers manning the booths, many were employees of Virginia Cooperative Extension, who with Walmart sponsored the program. There were also volunteers from Central Virginia Credit Union, BB&T, Radio Shack, Farm Bureau Insurance, Holiday Lake 4-H Center, as well as other local residents. Lunch for the volunteers was prepared by the high school culinary arts students. Most of the seniors, and quite a few sophomores got to participate. Many found out that being on your own was not as easy as they thought.

ACPS Café Guidelines

Attention:
Revised Appomattox County Cafeteria
Guidelines Regarding Charging for Lunch
Effective January 22, 2013

When a student does not have money on his or her account and needs to charge lunch, resulting in a negative balance, he/she will be given a note to bring home to the parent/guardian as a reminder that funds are needed for the student's account.

The Food Services Coordinator will make a weekly Global Connect call to parents/guardians of students with negative balances.

The Food Service Coordinator will send a "Balance Due" letter when a negative balance reaches $10.00.

The Food Service Coordinator will send a letter when the negative balance reaches $15.00. At this point, students will NO LONGER be allowed to charge lunch or additional purchases until the account is settled. The student's participation in elective/social and non-academic school activities may be restricted until the balance is paid. These might include parties, dances, proms, field trips and/or other.

This letter will also serve as a "30-Day" notice regarding further collection proceedings that can occur.

If charges are not paid, follow-up will be made with a mailed "15-Day" notice and then a "Final" notice at the end of the 30 days.

Once "Final Notice" letters are sent, payment is due within (5) days or collection proceedings may begin.

MySchoolBucks® is your online payment portal; giving you a quick and easy way to manage and add funds to your student's meal account. You can also review recent cafeteria purchases along with seeing the current balance, plus receive low balance alerts... all for FREE! AND you can add money to your student's cafeteria account using Visa, MasterCard, Discover Card, or debit cards for a low fee of $2.50 per transaction.

English Class Requirement:

For all Pre-AP, AP, Advanced English Classes—all students are expected to complete a summer reading assignment. This assignment involves reading a book or several books, taking the assigned AR test (prior to the start of school), and to also complete a project. All assignments are given to students in June and they have all summer to complete. These assignments are part of the 1st quarter grade for each semester class. No matter when your class is scheduled, all assignments are due in August. Please see your school counselor if there are any questions concerning your assigned English class for next school year.

PINTEREST—“Pinteresante”

Señora Walker’s Spanish IV students were given the assignment of creating a bulletin board likened to the “boards” on the latest trend in living a creative lifestyle—PINTEREST. The students chose the topics that were most “INTERESANTE” for them in the Spanish speaking world. They provided colorful images and captions about their picture in both English and Spanish. Topics of interest ranged from fashion to profound quotes/proverbs to music to crazy facts and world records! By Señora Ashley Walker

Love letters for Valentines Day—“Cartas de AMOR”—Señora Walker’s Spanish III/IV students were given boxes of the “Sweethearts Conversational Candies” in Spanish and were asked to incorporate the most recent grammatical concepts and create a LOVE LETTER using the sayings as part of their letter. Some even enjoyed eating a few while drafting their letters!

Swipe Attendance Process:

Great job on this process! All students, including CVCC students, are expected to Swipe upon entry and exit of CVCC or ACHS each morning and prior to 3:15. We thank you for your diligence!

Dress Code Reminders:

Students need to be dressed appropriately for school each day. Holes, baggy pants, and cleavage are the main concerns. Please read the policy and know what is expected!!!

ACHS SCIENCE DEPARTMENT GOES DIGITAL

In a journey that began in September, the ACHS Science Department has rolled out iPads in all classrooms. In September teachers began comparing printed textbooks and digital textbooks. Teachers discovered that there are many free digital books and flex-books available that are easy to access. The decision was made that the department would go all-digital in late October. Science teachers were issued iPads to begin learning how to use them as well as what resources are available for students. Teachers then began to explore various apps that were available for the different subjects being taught. Teachers and administrators worked with the IT division learning relevant features and what apps were going to be installed on the student iPads. Mrs. Susie Fisher held many short lessons on iPad use during Wednesday's "Cup of Technology".

Students were introduced to the iPads in March. Teachers and Susie Fisher led lessons that introduced the iPad and its features to students in science classes. Students have instant access to iBooks that contain flex-books or bookmarked pages that link to digital textbooks. Students also have access to the Internet as lessons are being conducted. Students are using iPads to look up information during warm-up activities as well as using programs to answer questions in class. Teachers have instant feedback on student understanding during lessons. Several animation apps have been loaded on the iPads for students to use to further engage students in exploring various concepts. In the photograph below, all students had iPads and were using Story Creator to answer questions after a lesson. In the picture on the next page, a student is playing Cell Defender in which a student has to defend a cell against invading particles while learning cell organelles. A warm-up activity included using flash cards to review vocabulary for the content being studied. Students have been helping each other learn how to use the iPads as well as teaching teachers about uses for the iPad. Students have been excited and really enjoy having these tools in our classrooms.

Earth Science Students Caught Spreading Toilet Paper in the Halls of ACHS

During the 2012 – 2013 academic year, some ACHS sciences classes have taken the Inquiry Approach method to explore concepts in Earth Science, Chemistry, and Physics. Students are presented with a concept to explore using a hands-on approach and invited to investigate and explain their results. Students created a scaled map of our solar system using toilet paper. Each square of the paper represents over 18 billion miles. Students discovered that it takes 150 sheets of paper to correctly represent planets in our solar system. By Mrs. Vickie Davis

Appomattox Middle School FEBRUARY 2013 Black History Month

I AM THE ONE!

Mrs. Cooter, 8th and 9th grade school counselor, along with the support of all 8th grade core teachers, recently completed a career unit with the 8th grade students. As a part of that program a 5-year career plan at the high school was tentatively mapped. Students not only selected classes for 9th grade but were introduced to all of the courses offered at ACHS and compiled in the Student Course Directory, 2013-14. Each student also received some materials provided for them under the College Access Challenge Grant sponsored by the U.S. Department of Education.

The I-AM-THE-ONE program promotes the theme: Yes, you are the one – you're the person in charge of your own future. And if your future includes college, you'll want to start preparing as soon as possible! The website: i-am-the-one.com helps you do that. By using the links students and parents or guardians can learn about financial aid opportunities, find out what you have to do in high school to prepare for college, and explore the many career and education options that are available to you.

Middle Years

Working Together for School Success

Short Stops

Take five

Spending just five minutes a day talking to your tween can help you stay connected. After work or before bedtime, try starting a conversation by sharing information about your own day. Then, pause and wait quietly for a moment—your child is likely to share something about hers.

Staying in school

Habits that lead to dropping out of high school often begin in the middle grades, which means parents can help by stepping in early. If your youngster skips classes, is failing math or English, or often gets in trouble, talk to his school counselor. Working together to come up with a plan can help make sure your child graduates.

Illustrated notes

Your middle schooler has probably heard the phrase "A picture is worth a thousand words." It's good advice that she can apply to note-taking. Suggest that she occasionally draw sketches while her teacher talks. She can include more detail in a shorter amount of time, and seeing a drawing may help her remember the information more easily.

Worth quoting

"Never mistake motion for action."
Ernest Hemingway

Just for fun

Q: What breaks when you talk?

A: Silence!

Working in a group

From slide shows to skits, group projects are often a big part of middle school. Doing assignments with classmates can teach your tween about teamwork and prepare him to work with colleagues when he grows up. Share these tips.

Build on ideas. The best ideas are often those that people come up with together. Explain to your child that when his group is choosing a topic or format for a project, it's good to suggest as many ideas as possible. One person might take part of a classmate's idea and tweak it or add to it. For instance, they can't interview world leaders, but they may be able to talk to a local historian who is an expert on their subject.

Use talents. Group members should consider each other's strengths and interests when dividing up the work. Your middle schooler can ask them to discuss what they're good at and what they like to do. For instance, a student newspaper reporter could interview someone, while a child who loves art might create graphics for a slide show.

Stay "professional." Tweens tend to have drama in their social lives. Group meetings will be more productive—and the project will probably turn out better—if they avoid discussing outside conflicts. If a work-related problem crops up (say, one member isn't pulling his weight), they can address it professionally by using a sentence that starts with "I." *Example:* "I feel like some people are doing more than others. Let's review our jobs."

Family time with tweens

With a little creativity, you can find winter activities that your middle grader will enjoy doing with you. Build family bonds with these suggestions:

- Have an indoor "cookout." Ask your child to put together a playlist of beach music and come up with a menu of traditional summer foods (hot dogs, macaroni salad). She could also plan an activity such as a beanbag-toss tournament or hula-hoop contest.
- Take a hike. Let your youngster select a park or trail that she finds interesting. It might have historical significance or be in a wildlife preservation area, for example. Pack thermoses of hot chocolate, and have her play tour guide. She can tell you why she chose that spot and point out landmarks or animals as you hike.

Respectful relationship

Your child is polite and respectful one minute, and rude and sarcastic the next. While it's natural for her to test your limits, she still needs to treat you with respect. Try the following strategies.

Be consistent

Respond the same way each time your tween is disrespectful. If she talks back, you might ask her to start over or to go to her room until she can be nice. If she snaps at you in a store, you could have her wait for you somewhere safe (like the checkout) or just end the trip early and go home.

Say ouch

It's okay to let your youngster know you're human. You might say, "It hurts my feelings when you mutter under your breath" or "It makes me angry when you interrupt me." Being aware of how disrespectful behavior affects you may encourage her to think twice.

Give alternatives

Instead of telling your child what *not* to say, explain what she *should* say. Also, remind her that her tone matters just as much as—if not more than—her words. For instance, "Thanks, I heard about that" sounds nicer than "Duh!" And "I understand that's important to you" is better than "Whatever."

Where in the world?

A good grasp of geography is about more than just being able to locate places on a map. It can also make your middle grader more aware of the world around him and help him understand events. Here are two ideas.

1. Hang up a world map, and have family members find places they hear or read about. They can write facts on sticky notes and put them on the correct locations on the map. For example, if your tween sees a documentary about the *Titanic,* he might locate the spots on the map where it sailed from, where it sank, and where it was headed.

2. Explore Google Maps. Your child can zoom in on your house, his favorite team's stadium, and even the Great Wall of China. Encourage him to learn more about the places he looks at. He could look up the weather for each location, find out its population, and see what time zone it's in.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Q&A Recognizing depression

Q *Lately, my son has been avoiding hanging out with friends, and he doesn't seem to have much energy. Could he be depressed?*

A Children can indeed suffer from depression. While it's common for a child this age to get upset over issues like an argument with a friend or not making the tennis team, he should be able to move on within a few days. If he stays upset for a couple of weeks or longer, something deeper may be going on.

Pay attention to symptoms like being quieter or more irritable than usual, a lack of energy, a loss of interest in favorite activities, big changes in sleeping or eating habits, and complaints of headaches or stomachaches.

If your son doesn't seem like himself, trust your instincts, and have him checked. Talk to his pediatrician or school psychologist. They can determine whether your youngster is depressed and discuss ways to help him.

Activity Corner Word-smart activities

To communicate well, your tween needs a good vocabulary. These activities can increase the number of words she knows.

Word chain

Choose two words whose meanings have little or nothing in common *(lemon, calculator)*. Write one at the top of a piece of paper and the other at the bottom. The goal is to make a word chain that connects the two words by a succession of related words in between. For example, you might come up with: lemon, lime, tree, paper, pencil, calculator. *Idea:* Have players explain their reasoning for each word they choose. (Keep a dictionary and thesaurus handy for reference.)

Vocabulary bookmarks

When your middle grader comes across a new word while reading, suggest that she write it on a homemade bookmark. She can add the word and its definition to a strip of paper or an index card—and then start a new bookmark as she fills each one. Seeing the words every time she uses the bookmark will help her remember them.

Guidance News

The Virginia Department of Forestry, in cooperation with natural resource conservation agencies and organizations, has proudly administered Holiday Lake Forestry Camp for more than 60 years. This unique camping experience has introduced young Virginians to the challenges, special skills and knowledge needed for managing the forest resources we use and enjoy every day.

Dates: June 17-22, 2013

Where: Holiday Lake 4H Center in Appomattox

Cost: $75 due if selected

Eligibility: Must be 13 -16 years of age

Contact Person: Ellen Powell, 434-220-9083, Email:

ellen.powell@dof.virginia.gov

Holiday Lake Forestry Camp is ideal for students:

- to explore and experience activities in forestry and wildlife related careers
- who participate in forestry and wildlife judging teams, Envirothon competitions, or ecology clubs
- to experience hands on learning about natural resources conservation.

Have questions? Get answers from our information sheet.

Create awareness about the camp - print out and post the 2013 Forestry Camp flier!! (PDF, 1 pp., 1MB, January 2013).

Ferrum College Summer Enrichment Camp

Ferrum College is again offering students currently in grades 6 and 7 an opportunity to experience campus life while engaging in a variety of fun-filled activities and challenging projects.

Ferrum College's Summer Enrichment classes involve active participation with a variety of daily projects and group activities. A fee of $680.00 includes room and board, supplies for classes, and a Ferrum Summer Enrichment Camp shirt.

For more information and a printable application, parents and students should see Mr. James or visit www.ferrum.edu/fcsec.

From the Desk of Mrs. Dolly Cooter

Mrs. Cooter has completed a week-long career and scheduling conference with all 8th grade students. As a part of the guidance career unit covered in Ms. Taylor's and Mrs. Thomson's Civics & Economics classes, each student has planned his or her choice of subjects for the 9th grade academic year. In the career unit, Mrs. Cooter discussed with your child the graduation requirements and his or her career plans in preparation for making more informed class choices at the high school.

Additionally, Mrs. Cooter has conducted an individual career conference with every 8th grade student. In addition to the topics stated above, students reviewed future educational plans, the sequencing of courses at the high school level, SOL verified credits, and both the advanced and standard diploma types.

Parents are encouraged to contact the AMS Guidance office to set up a personal meeting to address any questions or concerns you may have. Appointment slips were sent home with each child. You may also call or email Mrs. Cooter should you need additional information. She may be reached at 352-8257 ext.4209 or at dwcooter@appomattox.k12.va.us

2013 AgDiscovery Summer Enrichment Program

Attention Students and Parents:

AgDiscovery is a FREE, two-week summer enrichment program for students (ages 14-17) that desire a hands-on experiential learning opportunity focused on agriculture and related sciences. There are several universities hosting AgDiscovery on their campuses, and I have included some info about Virginia State University's program below. Feel free to disseminate the information to your respective networks. **The application deadline is March 23, 2013.**

For more information about AgDiscovery (including info about other AgDiscovery programs, and the application process), please visit: http://www.aphis.usda.gov/agdiscovery. Also, for information concerning opportunities for students (such as internships), please visit http://www.aphis.usda.gov/audience/students.shtml.

VIRGINIA STATE UNIVERSITY
JUNE 16–29, 2013
Students gain hands-on experience in the disciplines of veterinary science and food safety by working with small ruminants and farmed fish, observing on-farm processing, and learning field and laboratory research techniques. Field trips and guest speakers provide exposure to agricultural production and research, as well as a variety of related professions. Students will reside in a university dormitory. This program is facilitated by the Virginia State University (VSU) School of Agriculture, with collaboration from USDA partners and industry representatives.

* For the second year in a row, The Appomattox County High School Concert Band received a superior rating at the 2013 District III Concert Band Assessment. On Saturday, our students traveled to Goochland High School to participate in this event. This assessment is the band students standard exam to see how well our students rank state wide in performance.

We received the top rating of the day, **SUPERIOR**.

Out of 40 bands who participated this weekend, only 5 received this rating.

Please congratulate our students as we continue to celebrate the **March Music in our Schools Month**.

AMS Spelling BEE

Congratulations go to 8th Grader, **Adrianna Novilla,** for winning the 2013 Appomattox Middle School Spelling Bee! Our 1st Runner up is 7th Grader, **Brooke Rieger**. She grappled with Adrianna in a grueling ten round battle, spelling with gusto!

Anti-Bullying Assembly

Students from Dr. Phil Gapinski's Longwood University's Health and Fitness Class directed AMS students on how to react and deal with peer bullying.

ART

Middle School Art students experimented with portraiture. Each grade level worked on creating self-portraits using different art media. Sixth grade worked with watercolor. Seventh grade got their hands dirty with oil pastels, and eighth grade created graphic portraits using pen. Students were excited with their finished pieces and many were impressed with the likeness of themselves they were able to create.

I enjoy doing projects that allow me to express myself. When creating my self-portrait I chose to use pencil because it looks more realistic. – Devin

I enjoy art because it lets me express myself in different ways. Out of all the subjects, art is my favorite. – Morgan

I like art because it is fun drawing different things each day. It is also cool because I like drawing and completing projects. Art is my favorite subject because I can show my expressions through my drawings. – Cameron

I love art. One of our projects in art class was to make a self-portrait. It was really fun. One of the reasons I like art is because you get to do stuff you've never done before. – Holly

"Minute to Win It"

Students in Mrs. Harper and Wingfield's 8th grade physical science classes played "Minute to Win It" as a reward activity the day before Christmas break. Students played a variety of Christmas themed games, each demonstrating a specific physical science concept.

AMS Chorus to perform at Pamplin Depot Dance

The Appomattox Middle School Chorus performed alongside Farm Use String Band at the Old Time Dance at the Pamplin Depot, as part of Music In Our Schools Month.

The dance was held at the Pamplin Depot on Saturday, March 2 from 6:30 -8:30pm and it was free and opened to the public.

The band asked for donations of canned food to be donated to our area's hungry.

March has been officially designated by the National Association for Music Education for the observance of Music In Our Schools Month, the time of year when music education becomes the focus of schools across the nation. MIOSM began as a single statewide celebration in 1973, and has grown over the decades to encompass a day, then a week, and then in 1985 to become a month long celebration of school music. The purpose of Music In Our Schools Month is to raise awareness of the importance of music education for all children – and to remind the public that school is where all children should have access to music. Music In Our Schools Month is an opportunity for music teachers to bring their music programs to the attention of the school and the community and to display the benefits school music brings to students of all ages.

Celebrating!

February is Black History Month

Tuskegee Airmen (1941-1946)
The school at Tuskegee founded by Booker T. Washington had a well-respected aeronautical engineering program. Because of the Institute's flight program, the U.S. military selected Tuskegee Institute as a place to train African-American pilots for the war effort. Aviators came to Tuskegee, Alabama, to hone their flying skills. Their rigorous training at Moton Field and Tuskegee Army Air Field molded over 1,000 pilots into one of the most highly respected U.S. fighter groups of World War II.

George Washington Carver (circa 1864-1943)
Hired in 1896 by Booker T. Washington to teach agriculture at Tuskegee, Carver spent over 40 years on the Tuskegee campus. An inspired teacher, Carver taught many generations of Tuskegee students. He was committed to increasing African-American farmers' economic independence. Tuskegee Institute became synonymous with Carver and his innovative research on Southern crops and farming methods.

February 25, 1870: The first black U.S. senator, Hiram R. Revels (1822-1901), took his oath of office.

1881—Spelman College, the first college for black women in the U.S., is founded by Sophia B. Packard and Harriet E. Giles.

1869—Howard University's law school becomes the country's first black law school.

1870—Hiram Revels of Mississippi is elected the country's first African-American senator. During Reconstruction, sixteen blacks served in Congress and about 600 served in states legislatures.

INVENTIONS

The mailbox, used for dropping letters was invented by Philip B. Downing. This invention was patented on 27th October, 1891.

Henry Blair is believed to be the second African American to receive a patent. He invented a corn seed planter in 1834 and a cotton planter in 1836. Because he could not read or write, Blair signed his patent with an "X."

6th Grade News

US History- 6th grade

6th grade students recently finished their unit on the Revolutionary Movement. As the colonies became more independent, they started to realize they didn't need the leadership of King George III and began to fight for their freedom. The colonies had many reasons to seek independence from Great Britain. In our studies of the Revolution, students analyzed reasons the colonists were dissatisfied with the King. Students created human timelines outlining key battles and events that occurred during the Revolutionary War. Students also researched the contributions of key individuals within the Revolutionary Movement such as: Thomas Jefferson, George Washington, Phillis Wheatley, and Lord Cornwallis. Students ended this unit with a computer project where they created Victory Posters, Trading Cards, and Public Notices and Timelines detailing all of the Virginia Standards of Learning from the Revolutionary Movement.

Hoops for Heart

Starting at the end of March, AMS is going to participate in Hoops for Heart to support the American Heart Association. Any student that raises $40 or more will be allowed to participate in a "fun day" during one of their classes. We are excited to help with such a great cause. If there are any parents or guardians who would like to help with activity day, please call Mrs. Torrence at 434-352-8257 ext. 4273 or email TMTorrence@appomattox.k12.va.us. Thank you and lets raise some money for healthy hearts!

Reindeer Games

On Tuesday, December 18, eighth grade science classes participated in the first annual "Reindeer Games". Students in Mrs. Wingfield's and Mrs. Harper's classes competed against each other in variety of holiday themed contests. The contests also demonstrated scientific principles of physics and motion. The competition continued on Thursday, January 10 as students competed in a "Review Round-up". Classes competed in a relay race and "hot potato" games in which they answered questions related to Unit 6 to prepare for a quiz.

Mrs. Jackson's English classes have just finished reading "Bronx Masquerade." Students met 19 characters, including some who had problems just like the ones they are experiencing as teens. A requirement of this unit is for them to make a collage of their "vision" (what they see themselves doing in the future and how they are going to get there). They are also being asked to write a poem and do a poetic recitation. All of this is a precursor to our Spring Poetry Slam!

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, April 11, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty. Mrs. Amy M. Martin was not in attendance due to illness.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Review of April 25, 2013 Draft School Tour Schedule

Board Members were provided with a draft Schedule of the April 25, 2013 Tour of School Facilities. (See Attachment # 1) No revisions to the schedule were requested.

2014 Dr. King Celebration Planning Committee Board Representative

The Chairman shared a letter he received from the Carver-Price Legacy Museum requesting a member of the Appomattox County School Board serve on the 2014 Dr. Martin Luther King, Jr. Celebration Planning Committee. (See Attachment # 2) Mr. Waddell stated he would call the group and inquire as to the number of meetings involved and if the number was feasible, he would be glad to serve on the committee if none of the other Board Members could serve.

ACTION ITEM

Consideration of Approval of Policy Revision

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the revision to Policy GCPA-R – Reduction in Staff Work Force as presented and

recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 3)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. - Why $4,838,558 is Not Adequate to Fund the Coming Year and Maintain All Current Programs and Offerings
- Thank You

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from members of both boards. Their response follows:

1. Mr. Carter requested information concerning the budget cut of $10,925.00 for student accident Insurance.

   Dr. Grasty stated this was additional coverage that would have been paid by the school division for all of our students and was requested by parents who do not have insurance. Mr. Waddell noted the volunteer student insurance program that has been available for a number of years will still be provided with parents paying the premiums.

2. Mr. Carter referred to the Governor's 2% salary increase and asked the cost involved to give school employees a 3% raise.

Dr. Grasty stated it would cost an additional $160,000.00 to provide school employees an additional 1% salary increase.

3. Mr. Craft shared his concern regarding the large number of cars picking up children at the primary and elementary schools each afternoon. He stated this is causing traffic to backup and the buses are only half filled.

   Mr. Edwards noted each group of buses begins at a different school. If you are seeing a bus at the primary or elementary school only half filled, it is probably because the bus has not gone to all four schools.

   Dr. Grasty stated traffic jams exist at each school and are difficult to understand due to the high price of gasoline.

4. Mr. Smith noted the Governor's 2% salary increase for school employees requires the state to pay $132,305.00 and the county to pay $55,229.00. He pointed out level funding from the county does not provide the additionally required $55,229.00. He also noted, should school employees be granted a 3% salary increase another $160,000.00 would be required.

5. Mr. Waddell thanked everyone for coming and encouraged Members of the Board of Supervisors to contact School Board Members or Central Office Staff at any time they may have questions or concerns.

ACTION

No action was taken at this meeting.

ADJOURNMENT

There being no further business, it was moved by Rev. Williams and seconded by Mr. Smith to adjourn the meeting. A unanimous voice vote of approval was received.

SUPERINTENDENT'S REPORT

Membership Report as of March 31, 2013

The superintendent provided the March 31, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,192 students. This compares with a budgeted ADM of 2,180 for the 2012-2013 school year. (See Attachment # 11)

VSBA and NSBA Activities

The following VSBA activities were discussed:

A VSBA Hot Topic Conference will be held in Charlottesville on April 29, 2013 regarding the New Superintendent Evaluation. The registration fee is $130.00. Mr. Waddell and Dr. Grasty will be attending.

The VSBA Policy Services Workshop will be held in Charlottesville on May 23, 2013. The registration fee is $100.00 and the deadline for registration is May 10, 2013. A School Board Meeting is scheduled for May 23, 2013 which creates a conflict for the superintendent to attend the Policy Workshop as is customary. Dr. Grasty noted Mrs. Elizabeth Ewing, VSBA Attorney, will mail the conference information to the superintendent on May 24th.

The VSBA Law Conference will be held June 7, 2013 in Charlottesville with special education as the focus of the meeting. The registration fee is $165.00 and the deadline for registering is May 17, 2013. Mr. Waddell, Mrs. Haught, and Dr. Grasty are registered to attend.

The 28th Annual VSBA Conference on Education (formerly the Governor's Conference on Education) will be held July 23, 2013 at the Richmond Marriott. The registration fee is $170.00 and the deadline is July 8, 2013.

Comments Following School Facilities Tour Held Earlier in the Day

Rev. Williams stated he was pleased so many members of the Board of Supervisors participated in the tour. They were able to see firsthand the repairs that are needed to the high school tennis courts and track. They also learned we are mandated to administer SOL tests by computers and how costly it is to maintain our technology.

Mr. Waddell referenced the very positive teaching demonstrated in our classrooms and Dr. Grasty mentioned the delicious USDA lunch that was enjoyed in the high school cafeteria.

Mr. Smith was also pleased that town and county officials could participate in the tour. He complimented the talented students in the High School Band and Mr. Bryan Allgood, Band Director, for the program they provided. Mr. Smith was also impressed with the level of study exhibited in the Honors Chemistry Class and the students' ease with IPads.

School Showcase

Appomattox County High School (ACHS) was featured during School Showcase. Mr. Poldi Moreno, Assistant Principal, introduced Mrs. Susan Hamlett, Special Education Teacher. She stated her students focus on academics as well as functional skills to assist them in securing a job after graduation. Mrs. Hamlett introduced the following students who shared what they like about being a student at ACHS: Robert Stewart, Irving (B. J.) Holman, and Chantay Bailey-Iwuji. Mr. Moreno concluded the ACHS Showcase by sharing a video entitled "The Day in the Life of a Student with Disabilities".

Information from the Director of Business and Operations

Mr. Stephen O. Edwards, Director of Business and Operations, reviewed the following:

1. ACHS Master Plan Follow-Up – A work session concerning the ACHS Master Plan will be conducted Thursday, May 9, 2013 at 4:00 p.m. in the School Administration Building. He requested Board Members notify him of particular items or questions they wanted addressed during this meeting.

2. 2013-2014 Budget Update – Mr. Edwards indicated he did not have an update to the upcoming budget at this time as final figures from the Appomattox County Board of Supervisors will not be known until after their May 6, 2013 meeting. He also indicated final figures from the Virginia Department of Education have not been received.

Rev. Williams asked if the Supervisors plan to supply the state required 1% match of the 2% salary increase initiated by the Governor. Mr. Edwards stated no further word has been received from the Supervisors concerning this requirement. It was Mr. Edwards understanding the Supervisors intend to provide some type of financial assistance with the needed improvements to the high school track and tennis courts. Rev. Williams noted should the School Board be required to find the 1% he felt we should not comply and inform the press.

3. Fuel Co-op for 2013-2014 – Participation in the Fuel Co-op has been worthwhile during the current school year. The Board will be requested to

approve continuing our participation in 2013-2014 as an action item later during the meeting.

4. Capital Project Updates – Proposals have been released for the following potential capital projects: carpet at the elementary school, lockers at the middle school, sprigging of the high school athletic field, tennis courts at the high school, and track at the high school. The track project is moving slower than the other capital projects as four possible products are available. A committee will be developed to evaluate these products and provide their recommendation at a later date.

Flu Vaccine Report from Central Virginia Health District

The superintendent distributed a letter from Dr. Kerry Gateley, Head of the Central Virginia Health District, concerning flu vaccinations administered to students during the past three years in Central Virginia which included the counties of Amherst, Appomattox, Bedford, and Campbell, and the City of Lynchburg. (See Attachment # 12)

Dual Enrollment Costs Update

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, provided the following information concerning dual enrollment costs:

- Division Contribution to Dual Enrollment (See Attachment # 13)
- Options (See Attachment # 14)
- Courses Required or Extensions (See Attachment # 15)

Following discussion, it was the consensus of the Board to move to the following option provided by Mrs. Bennett: Provide assistance for those off campus courses that are counting toward a high school advanced diploma and/or courses that extend our curriculum offerings. This option will pay for the courses listed in Attachment # 15 and save the school division approximately $32,000.00 annually.

Bring Your Own Device (BYOD) Progress Report

Mr. Brette A. Arbogast, Director of Technology and CTE, reported the Bring Your Own Device (BYOD) Program is going well in our school division. He stated approximately 50 students are currently registered to use the school system's wireless network to operate the electronic devices they bring from home. Mr. Arbogast noted the more students bring their own devices to school, the greater the reduction in the division technology costs. Currently students register to participate in the BYOD Program on a 30 day basis. We anticipate moving to an

annual registration next year. Mr. Arbogast indicated staff members are encouraging student participation in the program.

Update on Mentor Teacher Program

Mr. Bruce R. McMillan, Director of Human Resources and Staff Development, reported we continue to comply with the state requirement that all new teachers are assigned experienced teachers to serve as their mentors. Mr. McMillan noted he met with new teachers last January and asked what could be done to help them and the overwhelming response was they need additional time. Last year we provided a three credit hour course for new teachers which was taught in our school division. The feedback indicated the class proved moderately helpful but took too much time. Based upon this information, we did not offer a class for new teachers this year and we are attempting to remove burdens from our employees.

Employee Recognition Banquet

Mr. McMillan reported the Annual Employee Recognition Banquet will be held Tuesday, May 28, 2013 at 6:00 p.m. at the Appomattox Community Center. Board Members were invited and will receive invitations.

superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 51)

Consideration of Approval to Enter into Cooperative Fuel Bid Process for 2013-2014

It was moved by Mr. Smith and seconded by Mr. Torrence to approve participating in the cooperative fuel bid process with other Region VIII school divisions and authorize Stephen O. Edwards, Director of Business and Operations, and/or Mathew D. Lair, Transportation Supervisor, to enter into contract on behalf of Appomattox County School Board for diesel, unleaded gasoline, fuel oil, and propane at a fixed price to be determined for the period July 1, 2013 through June 30, 2014. By unanimous voice vote, the motion was approved.

Consideration of Request to Waive Facility Use Fees

It was moved by Mr. Smith and seconded by Mrs. Martin to deny the request from the Appomattox County Relay for Life Team to waive any related facility use fees for the June 7, 2013 Relay for Life Event at Appomattox County High School. Rev. Williams stated he had informed members of the Relay for Life Committee that he would address the Board as an advocate on their behalf and request the $50.00 field use fee be waived. He requested the motion be amended to waive the $50.00 field use fee, but did not receive a second. The Board proceeded to vote on the original motion. Mrs. Martin, Mr. Smith, Mr. Torrence, and Mr. Waddell voted in favor of the motion. Rev. Williams voted against the motion. By majority voice vote, the motion was approved.

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

Superintendent's Message

Dear Staff,

Here we are with the last Division Digest of the 2012-13 school year! The time has flown by quickly with so much instruction and learning occurring daily. SOL testing commences next week and continues for several weeks. Our Professional Learning Communities, our schools, are entering the last five weeks of the academic year.

Our final funding and budgeting is still in the works for next year as the county approves their budget May 6. We anticipate the need to continue reducing expenditures in 2013-14 as we have done over the last five years. Each year we have been hanging on to the prospect of improved state funding and it has continued to stall. I know that this has been discouraging to employees.

We appreciate the funding from the locality for the current year with the 2% raise for employees and the recent APS renovation. We also are thankful for the county funding School Resource Officers in each school next year.

We continue to have capital needs that we must address in order to maintain the facilities we have. ACHS, built in 1974, is in need of a major renovation. Our School Board will be having a work session with the Board of Supervisors May 9 to discuss this need.

I, along with our School Board, have asked for a 2% raise for employees for next year in our requested budget. With last year's 2% raise for employees, the changes in VRS and the federal tax changes in January, I realize that the result in net pay is less. I, like you, am hopeful that the economy and funding for education at the state level will rebound and increase in the future. I, like you, am unable to project a timeframe for that rebound, but I will maintain my hope for our students and staff.

I count myself very fortunate to be able to walk through our schools weekly and watch our dedicated employees working so hard to teach and take care of our students and our facilities. I see excited children who are being taught by skilled teachers who care deeply for them. I see engaging lessons being taught with differentiation occurring in order to meet the needs of diverse learning styles. I see support staff that transport and feed our students. I see staff keeping our facilities clean and working in offices to keep things running smoothly behind the scenes. Our team of employees in ACPS is tremendous and I thank you for being a part of that team. Together, we make it possible for our students to move from at-risk to at-promise.

Education is the promise of crafting a better life for our students and their children. We are also reinforcing the freedoms on which our great country was founded. As James A. Garfield said,

"Next in importance to freedom and justice is education, without which neither freedom nor justice can be permanently maintained."

Sincerely,

Dorinda G. Grasty, Ed. D.
Division Superintendent

Cafeteria Corner

Niki Kempton, Food Services Coordinator

All Appomattox County Public Schools now accept online meal payments! **MySchoolBucks.com** allows parents to view their child's cafeteria balance, monitor their purchases, and add money to their cafeteria account. Visit **MySchool-Bucks.com** for more information!

Appomattox Primary School began serving an alternate entrée daily when school resumed after Spring Break. Students can choose the entrée item on the menu or a grilled cheese sandwich. Currently, APS does not participate in the Offer Versus Serve Program and all meals are required to be served with all five meal components – protein, grain, vegetable, fruit, and milk. This process will not change. If a student opts for a grilled cheese sandwich, they will still be served the vegetable, fruit, and milk choice for that day. APS hopes this change will increase participation and give children with certain food aversions an additional option.

National School Nutrition Employee Week is celebrated this year from May 6-10, 2013. Appomattox County Public Schools nutrition professionals have a lot on their plate preparing healthy food, adhering to strict nutrition standards, navigating student food allergies, and offering service with a smile. School nutrition employees must balance many roles and follow numerous federal, state, and local regulations to ensure safe and healthy meals are available in schools. School meals also meet limits on calories, sodium and unhealthy fats. The importance and nutritional value of school meals are well documented. For many children, school lunch is the most important and nutrient-rich meal of their day. So, have you hugged your lunch lady lately??

Appomattox County Public Schools Recycling Program!

Students will be traveling through the school to collect paper from the recycling bins in each classroom, office and lounge. We accept mixed paper, which is every kind of paper - except for corrugated cardboard - including magazines, flat cardboard, poster board, white paper, colored paper, etc.

Please inform students that paper products ONLY are allowed in the gray bins.

Business

Steve Edwards, Director of Business and Operations

Questions! That is the word for today. As of this writing, it seems as though we have more questions than answers related to the FY 14 budget. What will be the final number coming out of Richmond? How will the local Board of Supervisors choose to fund the school's request? How will we meet the mounting capital cost needs of the division? How will we offset the loss of the Jobs Bill Funding that has run out? What will the final numbers be for health insurance premiums?

What I can answer is the Leadership Team is working hard to find any and all cost saving measures possible to answer these questions with minimal affect to programs or personnel. I had hoped to have final revenue numbers from the General Assembly, but as yet do not. We have approached our insurance provider to give us a variety of proposals that might mitigate premium increases. Should that not prove fruitful, we may look to go out for alternate proposals from competing providers. It is also currently planned to provide all staff with a 2% pay increase. However, we also have a strong indication that our initial request from the County will not be met.

An example of a cost savings measure that has paid dividends this year was our decision to enter into a fuel co-op purchase agreement with nearby school divisions. Thus far for FY 13, it has saved the division over $40,000. The networked copiers, while an inconvenience in many cases, have also saved the division substantial money. If you have other suggestions, we'd love to hear them.

Staff Development Continues in ACPS

Plans to Implement Project Based Learning/21st Century Learning Skills

For several years, various teachers in our division have been reading about, talking about, and preparing to use instructional strategies to promote 21st Century Learning Skills. The terms communication, collaboration, critical thinking, creativity and global awareness are often used to summarize the skills our students will need to be successful citizens in an ever-changing world of work and post-secondary education.

ACPS plans to pilot this way of teaching in several classrooms next year. In each of our four schools, a team of teachers has volunteered to be trained in Project Based Learning. The goal of this pilot is to create classroom environments in which students will learn through research, inquiry, and the exploration of authentic "real world" projects. These projects will require students to use the skills of collaboration, communication, critical thinking, creativity, and global awareness at the same time they are learning required content skills.

During the week of February 25th, nine teachers and three administrators from Appomattox spent the better part of four days learning about Project Based Learning in a training offered by Region 8. As a first step of training, participants were able to work with teachers from 12 different school divisions, some of whom are already using Project Based Learning. Plans are underway to create a multi-year plan in our division to support staff in using this method of teaching in the majority of our classrooms.

For more information about 21st Century Learning Skills and Project Based Learning, you can visit

If you are a teacher and you would like to participate in this pilot program, please contact your school principal.

Annual *Curriculum Summit* Planned June 10 and 11

Each year, teachers come together for a Curriculum Summit during which important decisions are made about instructional pacing, formative assessments and teaching resources for each of the four core content areas. If you can participate in this year's summit, please let your principal know. All teachers will be asked to give valuable input to their content representative this year so that our annual summit can produce the best results possible. Thank you in advance to all our participants.

Remedial and Special Education
Beth Haught, Director

April was **Autism Awareness** Month. You may have seen activities taking place in your schools highlighting Autism Awareness. Appomattox County Schools currently has 21 students who are identified with Autism Spectrum Disorders. (ASD)

The Autism and Developmental Disabilities Monitoring (ADDM) Network has been tracking children with ASD for over a decade. This data, announced in March of 2012, shows an increase of 78% since their first report in 2007. Some of that increase is due to the way children are identified, diagnosed and served in their local communities, but exactly how much is due to these factors is unknown.

The largest increases over time were among Hispanic children (110%) and black children (91%). It is suspected that some of this increase is due to greater awareness and better identification among these groups. However, this finding explains only part of the increase over time, as more children are being identified in all groups.

More children are being diagnosed at earlier ages, a growing number of them by age three. Still, MOST children are not diagnosed until after they reach age 4, even though early identification and intervention can help a child access services and learn new skills. One in 88 children (1.1%) are diagnosed with ASD. It is five times more common among boys than girls. Sixty-two percent of children identified with ASD did not have an intellectual disability.

Although there are still many unanswered questions about what causes ASD and how to provide appropriate supports and services, the data tell us one thing with certainty---there are more and more children and families that require these supports and services. The emotional and financial toll on families and communities is staggering—but the outcomes of appropriate services and supports can be most impressive. Studies show that early diagnosis and intervention lead to significantly improved outcomes.

Recognition Banquet - The 2013 Employee Retirement and Recognition Banquet will be held Tuesday, May 28th at the Appomattox Community Center. We will be sending out invitations in the next few days.

Contracts for 2013 – 2014 – We expect contracts will be coming out near the end of May.

2013 License Renewals – If your license expires in June of this year (2013), and you haven't met with your principal yet to go over your renewal form, you should plan to do so no later than May 15th, if possible.

If your license expires next year (June 2014), please begin thinking about how you have or will earn the 180 points to renew. For those of you thinking about taking a college class this summer, a 3 credit-hour college class counts as 90 recertification points. If you have a Masters Degree, you can take nearly any college class.

If you do not have a Masters Degree, you should take a college class in your area of endorsement. You could also take a technology class or a class that will help you be a better teacher. If you are not sure if a class meets the requirement, feel free to email me.

Teachers / Staff Use Caution on Social Media Sites

In today's technological age teachers and staff have turned to social media for instant communication.

The Technology Department wishes to remind teachers of the possible problems that can result from using social media. Teachers do so much for the youth in our community. They not only teach our students but are also mentors as well as leaders in our community. Twenty years ago, teachers would discuss topics in halls and faculty lounges which rarely became public knowledge. I visited all faculty lounges last year and explained that when something is in print, it is subject to perception. Let me take a moment and provide this example.

Teacher "A" taught Math and was having difficulty explaining a certain problem to the students. She consulted with peers and was very concerned about using different tactics to teaching. After a day of creating a new lesson, Teacher "A" was about to enter her third period class to try this new lesson out. The teacher commented on her social media page. "Well it's third period and I'm going in to try and teach this topic to these kids. I doubt they will get it but here goes."

This post went viral in the community. The background knowledge was that in that class she had a few discipline problems in the past. A parent of one of these children took the post as a negative remark toward her child. This turned into a complaint by the parent stating that she doesn't like to teach and does not believe my child can learn. "It's not my child's fault that she can't teach."

As you can see, every social post can easily have different perceptions if all the information is not provided. I strongly encourage you to think twice about posting information about your school or your students on any social media web site. The most innocent statements can be perceived as negative. This situation caused a teacher and administration to have to defend the teacher's good intentions.

Social media is considered a public forum. Even if you try to limit to only friends or family, these posts can be copied and redistributed to others.

In 2010 the NEA (National Education Association) published a document explaining situations where teachers became liable with social media posts. Here is the link http://www.nea.org/home/38324.htm - Please review the article.

A couple of points I wish to point out and I'll quote from the article.

First Amendment 101

"Without going into the gory details, teacher free speech rights are fairly limited: their speech is protected only if they speak out as citizens on "matters of public concern" and their speech doesn't disrupt the school."

Here is another example where social media caused a teacher to defend his job:

Post - "Hey Brooke you looked very good today. Hope you have a good day."

This post was placed on a message board for a 17 year old student.

The background information is as follows but I'm sure with the information provided, you can already see many perception problems that could arise. The teacher was a family friend with the child's mother who was going through a divorce. The child went to the teacher that morning to discuss what a few students had said on the bus about what she was wearing. She was very upset and wanted to go home and change. The teacher explained that her dress met the school dress code and was not inappropriate. He was very supportive of the student and didn't want her to be upset for the whole day.

The father of the child was copied on the post from a mutual friend and complained to the administration, "Why is a teacher concerned about how my daughter looks? This is inappropriate and I have concerns that something is going on."

As you can see, a simply harmless post is always open for interpretation.

Again, the Technology Department wishes to remind you to think twice before posting anything on a social media web site.

Transportation

Matt Lair, Supervisor

Here are some interesting facts that we often take for granted as our students and children are transported to and from school every day:

The True Cost of Cutting School Bus Service

In a recent survey among members of the American Association of School Administrators, 29.2 percent of respondents said they cut bus transportation routes and availability last year, while more than 37 percent are considering similar cuts for next year. Although more school administrators are reducing or eliminating bus service in order to balance budgets, exactly how those cuts would affect their community deserves a closer look. Studies indicate removing bus service could have a significant toll on students, families, and communities in terms of attendance, traffic, pollution, and convenience.

For many students, the school bus is the only available method of transportation to and from school. Students without access to a school bus have a much harder time getting to school on time every day.

School buses improve traffic conditions. When you consider each school bus takes about 36 cars off the road, the effect they have on congestion becomes very clear. Multiply 36 cars by an average of 9,600 school buses per state and that's a lot of extra traffic added to the morning commute. And for those who are calculating the carbon footprint effect, that's a C02 emissions equivalent of 32,473 trips between Los Angeles and New York on a Boeing 747 per state per year.

School buses are much safer than passenger vehicles. Students are about 50 times more likely to arrive at school alive if they take the bus than if they drive themselves or ride with friends—more than 20 times safer than if they ride with a parent or other adult. Simply put, school buses are built to reduce rider fatalities and injuries in a crash. So for most parents, the budget dollars saved by cutting school bus service are done so at the expense of their children's safety—obviously not a sacrifice that any parent should have to make.

Find out more about what you don't know about school bus ridership. Visit **schoolbusfacts.com** for more information and resources.

On March 21, members from the local Farm Bureau visited first grade classes to talk about agriculture. They read stories, planted strawberry plants, and made strawberry shortcake with the classes. They also provided each team of teachers with teaching materials and books to share with their classes.

At APS, the students were pleasantly surprised with a new playground after Spring Break. The PTO donated the equipment and the students at APS are definitely enjoying it!

Appomattox Elementary School SCA
Helps Students Give the Gift of Reading!

During the week of April 15-19, students at Appomattox Elementary School donated gently used or new books to support "Spot" and "Dot," our school division's mobile libraries. AES students collected over 2,500 books for this cause. Pictured are our SCA officers Anne Armstrong, Matt Napier, Ellie Peterson, and Hannah Marcum. In past years, Spot and Dot have traveled the county four days a week during the school year and in the summer. The Appomattox Literacy Intervention Program has funded Spot and Dot with donations from grants, individuals, and the Spout Spring Ruritan Club. At the current time, Spot and Dot are "tied on their leashes," but plans are underway to get them back roaming the roads as soon as possible to bring books to the homes of children and adults in Appomattox County.

Appomattox Middle School received a 2012 Lowe's Toolbox Grant to complete ground improvement projects. The school received a $2,000 grant to install a paver walkway on the Church Street side of the school, mulch and install junipers along the Confederate Avenue sidewalk, and install annuals and perennials in school beds and under trees around the campus. On Saturday, April 20, school employees and Appomattox Middle FFA Members completed two of the projects. The volunteers added junipers along the Confederate Avenue sidewalk and installed rose bushes, dwarf butterfly bushes, and annuals in the front bed of the school. The grant was written by Appomattox Middle School Agricultural Instructor, Mrs. Duncan with assistance from the school principal Mr. Reichert. A special thank you to the following individuals who helped on April 20: Matt Ellis, Josh Ellis, Jimmy Brightwell, QuaDarius Baker, Carmen Harper, Nate Harper, Michael Sullivan, Elizabeth Duncan, and Todd Reichert.

Accelerated Reader (AR) sponsored "Read the Most from Coast to Coast" on Friday, March 1. Students entered a competition between classes at each grade level. All Seventh Grade English classes participated to see who could take the most AR tests on March 1. The classes taking the most tests at each grade level were rewarded with a soda. Sixth grade took a total of 262 tests; 7th and 8th grades tied with 374 tests each. Adding to the total, Mrs. East's class took 24 tests advancing the number of AR tests taken to 1,034! We salute the Appomattox Middle School students for their exemplary achievement.

As part of the eighth grade Technology Systems Program, students study the social significance of bridges and how important they are to society. Students explored the engineering aspect of a bridge, concentrating on the stresses and loads that a bridge will undergo during its life time. With this knowledge, the students then designed and constructed their own bridge. Completing the course the students found the weight to load ratio of the bridge, by weighing the bridge and loading it to failure.

Brianna and Alexia's bridge held a total weight of 106 pounds with a weight to load ratio of 171:1.

Field Trip to Longwood University

Forty eighth grade students from Appomattox Middle School visited Longwood University on Tuesday, April 16. The excited group was greeted by Mr. Sawyer who led the group into a small auditorium and shared information about the aspects most important to students preparing to attend college. His presentation showcased the small class size and the importance of students preparing NOW for their college experience and not waiting until their junior and senior years, explaining that often students don't do well as freshman and think everything can be turned around later. Unfortunately, that is not always the case. Our students were glad to gain this insight that very few actually receive before they begin high school.

AMS just finished a fundraiser to support healthy hearts through the American Heart Association. Students were encouraged to raise as much as they could with a rewards activity offered for the ones who raised $30 or more. On the rewards activity day, 30 students were able to participate! There were competitive games, a bouncy house, snacks and prizes given. Thanks to all those who raised over $1300 to support healthy hearts.

AMS hosted a Family Fun and Info Night on April 23rd. This free family focused evening started with *Minute to Win It* type games in the gym with competition between grade levels and parents and teachers. Later, the courtyard was the scene for a hotdog/hamburger cookout, student artwork and informational displays hosted by the Boy Scouts, Youth League, Soccer , 4-H, and Holiday Lake State Park. The evening wrapped up with door prizes and smiling parents, students, and staff.

ACHS News

Pictured L to R: Mr. Bill Burke, Caleb Edwards, and Mr. James "Buck" Owen

Appomattox County High School and the American Legion are proud to announce that Stephen Caleb Edwards has been selected to attend the **Junior Law Cadet Program.** The program provides first-hand experiences and insight into law enforcement agencies. Since 1990, The American Legion and the Virginia State Police have teamed up to provide the youth of Virginia with an opportunity to experience firsthand what it takes to become a law enforcement officer. The American Legion Junior Law Cadet Program offers a fast paced week of orientation to law enforcement training and insight to the criminal justice system.

The American Legion Junior Law Cadet Program is an intensive five-day session in which young men and women are exposed to almost every facet of law enforcement. During the instruction at the academy, the students will receive orientation to criminal investigation, patrol techniques, accident investigation, firearms safety, use of radar and VASCAR, and marksmanship. The cadets will also learn about the history of policing, the drug problems facing all Virginians today, and the State Police recruitment process.

Girls State

Appomattox County High School is proud to announce that Jessica Lynn Brady and Nicole Lashaw Cabell have been chosen to be the 2013 Girls State delegates. Sarah Anna Lawson and Alexandra "Grae" Tweedy have been chosen as alternates.

Since 1946, the American Legion Auxiliary, in cooperation with many civic clubs and school groups, has sponsored the Virginia Girls State. The executive, legislative, and judicial branches function to govern the cities, and the municipal governments regulate the activities of the citizens during this brief period. The physical boundaries of this "state within a state" are the limits of the Longwood University campus, but there are no limits to its usefulness in promoting real-life citizenship in Virginia.

Boys State

Appomattox County High School is proud to announce that The American Legion of Virginia has selected Drew Thomas Elliott, Donald Chase Simpson and Jacob Stanley Slagle as the ACHS 2013 delegates for Boys State.

The 71st session of Virginia Boys State will be held at Radford University from June 6-22, 2013. American Legion Boys State is among the most respected educational programs of government instruction for high school students. Each participant becomes a part of the operation of his local, county and state government. At Virginia Boys State, participants are exposed to the rights, privileges, duties, and responsibilities of a franchised citizen. The training is objective and practical with city, county and state governments operated by the students elected to the various offices. Activities include legislative sessions, court proceedings, law enforcement presentations, assemblies, bands, chorus and recreational programs.

During the 2012 – 2013 academic year, some ACHS sciences classes have taken the Inquiry Approach method to explore concepts in Earth Science, Chemistry, and Physics. Students are presented with a concept to explore using a hands-on approach and invited to investigate and explain their results.

ACHS Physics Students Exploring Newton's Laws

Conceptual physics can be very difficult for students to understand and evaluate. Here, physics students are exploring the physical laws of our universe by testing Newton's Laws of inertia using a basic magic trick.

The concepts of free-falling, gravity, force, and impulse are an interrelated complex concept. ACHS physics students were asked to take all of their newly acquired knowledge and apply it to design and create an apparatus that would prevent a raw egg from breaking. Students dropped their "Egg Drop Device" from a height of 20 feet.

There are many opportunities available that will meet the advertising needs of your business while supporting the Raider Athletic Program.

The month of March was recognized as National Athletic Training Month and the administration of ACHS would like to recognize Mr. Mike Shetley. "Doc", as he is known by most students and staff, is the Certified Athletic Trainer for ACHS. He works extremely hard protecting and providing treatment of athletic injuries for the student-athletes of ACHS. Mike has worked diligently to implement many programs for our student-athletes, including our concussion education and emergency action plans. We are very fortunate to have a person of Mr. Shetley's qualifications looking after our student-athletes. From the administration, coaching staff, and student athletes of ACHS, thank you "Doc."

Teacher and Staff Appreciation Week: May 6 - 10

Teaching is a profession like no other. Many careers require dedication, hard work, a skills set, charisma and intelligence. However teaching also requires more unique qualities; the ability to strike the delicate balance between discipline and freedom; to encourage individuals whilst considering what is best for the group but most of all it requires a genuine desire and willingness to care for others. It goes without saying that knowledge and learning is vital to enable us to live our lives. Thank you to all of our teachers for your dedication and hard work for our students. Thank you also to all of our employees and staff who care for our students in your daily job in ACPS.

If I Could Teach You, Teacher

If I could teach you, teacher,
I'd teach you how much more
you have accomplished
than you think you have.
I'd show you the seeds
you planted years ago
that are now coming into bloom.
I'd reveal to you the young minds
that have expanded under your care,
the hearts that are serving others
because they had you as a role model.
If I could teach you, teacher,
I'd show you the positive effect
you have had on me and my life.
Your homework is
to know your value to the world,
to acknowledge it, to believe it.
Thank you, teacher.

"It's a Whole New World at APS!"

May/June 2013

Principal's Message…

We have had a great year! It is so hard to believe that our year is simply weeks from being over. As we spend these last days helping students reach benchmarks, it is crucial that we maintain fidelity to our goal of student success. While it would be easy to check out and chalk it up to spring fever, we cannot afford to waste one minute of precious learning time. Please work at home to ensure that homework is completed each night, and that your child gets plenty of rest. There will surely be some exciting, fun, learning opportunities as we finish the year, but again, we must forge ahead if students are to be prepared for the next grade level. Let us take this final moment to thank parents for their support of APS, as we cannot do this alone.

As this year comes to an end, we look ahead to the new school year (2013-2014). Our summer will be busily spent preparing for a whole new group of kindergarteners, newly crowned first and second grade students, and to faculty and staff eagerly awaiting what the new year may hold in store.

All of us at APS wish you and your family a happy and safe summer filled with the wonder and excitement of discovery, and maybe a little rest as well!!!

Thanks so much,
Heather Mullins
Principal
Jason Bowyer
Assistant Principal

As always, if we may be of assistance to you, please contact us:

Employee of the Month:

Congratulations to Jason Bowyer for being employee(s) of the month for the month of March and David Detwiler for the month of April. We thank you for your dedication to students and service at APS.

Teacher/Staff Appreciation:

We will be recognizing and honoring our staff the week of May 6. It is National Teacher Appreciation Week, so we have elected to celebrate that with all of our committed staff. All of our staff work extremely hard, often without thanks or commensurate pay, so please let them know how much you appreciate that.

Summer School:

APS is offering a half-day summer remedial program during the month of July. It will be held at APS this year, as will the AES summer school program.
The summer school program will offer concentrated reading instruction in a small group setting to invited students. Transportation to central pick-up/drop-off points within the county will be provided. Parents may wish to reserve July if their child is experiencing difficulty in reading and/or at risk of repeating the present grade. Please return permission for invited students if you have not already done so.

The APS Summer School Coordinator is Brandy Wells. She will facilitate the APS program and will be the contact person once the program begins in July. She may be reached via e-mail or voicemail.

Reminders and Helpful Tips:

- **Notes need to be sent for transportation changes.**
- **Students expected on the car rider loop should have a note on file that indicates car rider. Children may also be signed out in the office as walkers and/or pick-ups.**
- **Parents wanting to meet with a teacher should set up an appointment.**
- **Students who forget items at school may not be able to return to the classroom to retrieve items after school.**

May/June/July/August 2013 Calendar…

End-of-Year Reading Event

The APS end-of-the-year reading days are scheduled for May 28th through May 30th. Our theme this year is, "Pop Open a Good Book." Students will get a reading bag with books for summer reading, as well as a summer reading calendar for June, July and August. Kindergarten calendars will be red, first grade calendars will be white, and second grade calendars will be blue. Have your child read each day, or read to your child each day this summer, fill out your child's summer reading calendar, and turn these calendars in to our designated "Spot" boxes at Kroger and Walmart. One child from each grade level will win a $100 gift card in a drawing next school year.

Flat Stanley Adventures in 2nd Grade

We read the book, Flat Stanley. Flat Stanley was a regular boy until a bulletin board fell on him and flattened him. Since he's been flat, he has found that he can be very helpful. He went under the door when his mom got locked out of the house. His parents even folded him up and put him in an envelope and sent him to visit his relatives in California.

Our 2nd graders at Appomattox Primary School in Appomattox, Virginia, will be learning about Famous Americans, so our teachers thought it would be a great idea to send Flat Stanley on an adventure to learn about other famous Americans. Each class picked two famous Americans. Some of the famous Americans picked were Helen Keller, Betsy Ross, The Robertsons of Duck Dynasty, Dr. Seuss, Oprah Winfrey, Derek Jeter, Harriet Tubman, George Washington Carver and Dave Thomas. Each class also sent a Flat Stanley to the White House.

"Three Nanny Goats Gruff"

APS kindergarten students have been learning a little "opera" to perform for you at the next PTO meeting to be held on Monday, May 6, 2013, at 7:00 p.m. The title of our program is, "Three Nanny Goats Gruff," by Carol Kaplan. It is a twist on the standard fairy tale, "Three Billy Goats Gruff." Students are quite excited to be learning the music and musical terms such as "overture", "recitative" and "finale." They are having a great time acting out their songs! Students participating in this program should wear a white jersey/shirt and dark pants (preferably black, but dark blue jeans are fine). Performers should also wear flat-soled shoes, as heels, boots, or flip-flops may prove to be a safety hazard when performing. Students participating will need to arrive at APS by 6:30 p.m. and enter via the main office door to meet in the all-purpose room (gym). Please join us on May 6th to enjoy our opera performance!

ACPS Student Dress Code

Students in the Appomattox County Public Schools are expected to dress in a manner that is supportive of a positive learning environment free of distractions and disruptions. There is a direct correlation between student dress and student behavior. Student attire and grooming should promote a positive, safe, and healthy environment.

The School Board recognizes that although individual students have a right to free expression, that right must be balanced with the Board's responsibility to provide a safe, secure and orderly educational environment for all students.

The purpose of this dress code is to assure that consistency and interpretation is implemented county-wide, thus providing equitable treatment for all students. Apparel that disrupts educational activities and processes of the school will result in the removal of the student from the regular school environment until acceptable apparel can be secured for the student.

The administration will be the final judge about whether a student's clothing is appropriate for school or whether it will create an environmental climate that is distracting to learning. Principals, faculty and staff members will enforce the dress code.

The principal may waive the dress code or specific sections for school spirit days and other special occasions.

REQUIREMENTS FOR STUDENT DRESS

• Tops must cover the shoulders, midriff, chest, cleavage, back, sides, and all undergarments including bra straps at all times. No shirts, sweaters, sweatshirts or top may be longer than the bottom of the buttocks when the student is standing. Tops which hang below the bottom of the buttocks must be tucked in.

• Tank-style and halter style tops, tank-style shirts, and muscle shirts shall be worn either over or under a shirt with sleeves.

• Shorts, skirts, divided skirts, dresses and skorts are permitted. For students in grades 6-12, they must reach the top of the knee or longer when the student is standing. The top of a slit in a skirt, dress or other lower garment must be no higher than the top of the knee when standing. For students in grades pre-k through 5, they must reach mid-thigh or fingertip length, whichever is longer, when standing.

• All trousers, pants or shorts must totally cover undergarments, including boxer shorts. They are to be worn at the student's natural waist at all times. Sagging or baggy pants or shorts are not permitted. No holes or tears are permitted above the knee in trousers, pants or shorts.

• Clothing and shoes must be properly buttoned, zipped, tied, or fastened at all times.

• All clothing, jewelry or tattoos shall be free of the following: offensive pictures or logos depicting nudity, references to violence, profanity, vulgarity, alcohol, illegal drugs, tobacco products, gangs, race, sexual preferences, and derogatory statements about physical, emotional, or intellectual abilities.

ACPS Student Dress Code (continued)

• See through, athletic, or mesh fabric clothing may only be worn over clothing meeting requirements. School-issued uniforms may be worn during physical education classes.

• Form fitting clothing or skin tight clothing such as leotards, leggings, Spandex, Lycra, and biker type clothing (including sport bras) may only be worn if covered by an outer garment that meets the requirements of the dress code.

• Safe and appropriate footwear must be worn. Inappropriate footwear includes, but is not limited to, bedroom slippers, cleats, shoes with rollers or wheels, and footwear with metal heel plates. Appropriate athletic shoes are to be worn for physical education class and recess.

• Clothing or footwear traditionally designed as sleepwear shall not be worn.

• Hats, caps, bandanas, sweatbands, do-rags, curlers, hoods, or other similar head coverings shall not be worn to class or within the school buildings, except for medical or religious reasons. Picks or combs in hair are not permitted. Students may use a hat or head-band for physical education classes with the approval of the teacher. Hats, caps and hoods may be worn while riding the school bus. (Items may be confiscated.)

• Belts must be buckled and suspenders worn on the shoulders and fastened at the waist. Heavy chains, spiked necklaces, spiked bracelets, spiked belts or belts with protrusions, and oversized jewelry or accessories that pose a safety concern for the student or others are not permitted.

• Sunglasses and gloves may be worn only outside except for those students with valid medical documentation.

• Lettering across the buttocks of a garment is not permitted.

• Trench or duster type coats are not permitted.

- Due to the different physical designs of schools, the principal will have discretion as to the wearing of coats, jackets and other outdoor wear during the school day.

4-H Horsemanship Day Camp

4-H Horsemanship Day Camp. This is for beginning riders with little or no experience. Participants will travel to a local horse farm to learn rules, safety procedures, tack/equipment, grooming, and techniques for safe, western, horseback riding. (Limit 10 , ages 10 and up). Participants must wear jeans and sturdy boots with a heel, like cowboy boots – (NO tennis shoes, open-toe shoes, or slouch boots allowed). Helmets and transportation to the farm will be provided.

June 24 – 28, from 9:00am to 1:00pm. Cost for this day camp is $25.

4-H Summer Camp will be held August 5th – August 9th , 2013. This weeklong program is open to county youth ages 9 – 13. The cost for camp is $165, which includes, all meals, supplies, classes, lodging, transportation, and activities. Call the Extension Office 352-8244, for more information. The camp brochure may be found on our Facebook page: Virginia Cooperative Extension – Appomattox County.

Middle Years

Working Together for School Success

Short Stops

Create a poem

Encourage your child to experiment with language by writing a family poem. Together, make up a title about something your family loves *(Tasty Tortilla Soup)*. Then, write your last name down the side of a piece of paper, and take turns writing a line of the poem that begins with each letter. Let your tween read your poem aloud when you're done.

Keep passwords private

Middle graders sometimes share phone and computer passwords with friends. Explain to your child that people who access her accounts can read personal messages or even send emails or post items in her name. If friends ask, she could simply say, "I don't tell anyone my password." If she has shared passwords already, tell her to change them.

DID YOU KNOW? Research shows that most tweens would like to talk more with their parents about schoolwork. Ask your child to share what he's learning in his classes. Be specific: "What kind of math problems did you do today?" or "Tell me about the science experiment you did in lab today."

Worth quoting

"I am always doing that which I cannot do, in order that I may learn how to do it." *Pablo Picasso*

Just for fun

Q: What do Catherine the Great and Kermit the Frog have in common?

A: The same middle name!

Discipline for tweens

When your middle grader was younger, you may have put her in time-out when she broke a rule. Now that she's older, discipline might not seem as clear-cut. Consider these tips for encouraging good behavior as she grows.

Get her input. Taking your tween's opinion into account will make her more likely to follow rules. Work together to put rules in writing, and compromise where you can to show that you recognize her increasing maturity and independence. For example, you might agree that she can wear lip gloss but not lipstick. Let her know you won't budge on some rules, like meeting her curfew and not drinking alcohol.

Put her in charge. Tell your middle grader that she's responsible for finding ways to stick to the rules. Say one rule is that you need to know where she is at all times. If her plans change, she must tell you or get a message to you *and* make sure you received it—otherwise, she needs to stay put. Or if she tends to forget the rule about picking up after herself, she could post clean-up checklists around the house.

Keep it logical. When you need to discipline your tween, choose a consequence that makes sense and is directly related to the rule she broke. If she sneaks on more makeup, maybe she can't wear lip gloss for a certain period of time. Or perhaps she can't go out with friends because she has to stay home to clean up.

Prepared for standardized tests

Does your middle schooler have state tests coming up? Review these strategies before testing begins:

- Knowing how to approach different kinds of questions will help him score higher. For instance, on multiple-choice sections, he could cover up the answers while he reads the question. If the answer he thought of is listed and the other options don't make more sense, he can be pretty confident he's right.
- Have your child find out whether he'll lose points for wrong answers. If not, it's best to guess. Also, if scrap paper is allowed, he can use it to work out problems and to keep his place on the answer sheet.

I knew that!

Each time we learn something new, our brains automatically try to relate it to what we already know. That means the more we learn, the easier it is to learn! Try these ideas to help your tween collect "background knowledge" that he can access when he encounters new information.

Read

Reading a wide variety of fiction and nonfiction is a sure ticket to building a large knowledge base. Make sure your middle schooler has a library card—and visits the library often.

As he reads books set in different lands or time periods, he will learn facts about geography and history. Science fiction can teach about outer space, while biographies give him information on specific people and accomplishments. Ask him to tell you about things he's studying in school that relate to a book he has read.

Travel

If you take a vacation or visit out-of-town relatives, encourage your tween to notice his new surroundings. Is the land flat or hilly in South Carolina? What do the trees look like in Northern California?

Whether you're away or at home, take time to see local attractions. Going to museums, historical sites, or nature centers will give him all kinds of background knowledge. Your child can even take a "trip" without leaving home. Suggest a virtual field trip to a volcano *(vulcan.wr.usgs.gov/Volcanoes)*, for example, or have him search for videos that take him inside an atom or a cell.

Teach tolerance

Your child probably comes into contact with people from different cultures regularly. Here are ways you can teach her about tolerance:

- **Lead the way.** Your middle grader learns how to treat others by watching you. If she sees you showing respect for people who are different from you, she probably will, too.
- **Appreciate diversity.** Tell your tween to imagine how boring dinner would be if everything tasted the same. Similarly, you can say, the world would be far less interesting if everyone looked alike or believed the same things.
- **Talk about feelings.** If your child puts people down because of how they speak or act, ask her how she'd feel if someone insulted her language or clothing. Discuss your family's culture and why it's important to you. Then, have her compare her feelings to the way she imagines others feel about their traditions and customs.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Q&A Friendships: A revolving door

Q *My daughter seems to have a different "best friend" every week. Is this normal?*

A Friendships can change frequently in middle school. It's normal for kids to outgrow relationships and to sometimes feel closer to one friend than to another.

You might let your daughter know that no matter who her "best" friend is, she can still remain friends with many people. Mention the various social circles in your own life, such as your book club friends and your work buddies.

Also, remind your child to treat everyone kindly, including classmates she may have grown apart from. Remaining friendly will leave the door open for them to spend more time together in the future.

Parent to Parent Bringing up grades

My son Tyler has always done pretty well in school. So when he started bringing home papers and quizzes with low grades, I knew something was wrong.

I asked him what was going on, and he admitted that he didn't have enough time to study and do all of his work. After we looked at his schedule, I told him he needed to drop one activity. He was disappointed, but he decided that he would take a break from the student events committee and use the time for homework instead.

Also, we agreed that if the extra time working on his own doesn't help, he can ask his teachers about study groups that he could join.

We both feel better now that he has a plan—and hopefully, his grades will soon be on their way back up.

Centra's summer Medical Careers Camp at Virginia Baptist Hospital provides a week of mentored experience for 24 middle school students (rising seventh and eighth graders) interested in exploring the exciting world of Healthcare Careers. Students have an opportunity to explore the various facets of Healthcare and the connection with math and science skills and knowledge. Over the course of a week they will do hands on activities developed by various departments both from Virginia Baptist Hospital and Lynchburg General Hospital. They may include:

Cardiology

Emergency Medicine

First Aid / CPR

Infection Control

IV Therapy

Marketing

Medical Laboratory and Pathology

Nursing Skills

Nutrition Services

"Still achieving,

still pursuing,

leaving to labor

and to wait."

Henry Wadsworth Longfellow

Ninth grade is an important year in a student's college-preparation journey.

9th Grade Checklists To Do:

Take challenging classes in core academic subjects. Most colleges require four years of English, at least three years of social studies (history, civics, geography, economics, etc.), three years of mathematics, and three years of science, and many require two years of a foreign language. Round out your course load with classes in computer science and the arts.

Work with one of your parents to estimate your financial aid using *FAFSA4caster* and be sure to save for college.

Get involved in school- or community-based activities that interest you or let you explore career interests.

Consider working, volunteering, and/or participating in academic enrichment programs, summer workshops, and camps with specialty focuses such as music, arts, or science. Remember—it's quality (not quantity) that counts.

Ask your guidance counselor or teachers what Advanced Placement courses are available, whether you are eligible, and how to enroll in them.

Use the U.S. Department of Labor's site: www.mynextmove.org to research your career options.

Start a list of your awards, honors, paid and volunteer work, and extracurricular activities. Update it throughout high school.

Parents To Do:

Talk to your child about college plans.

Keep an eye on your child's study habits and grades—stay involved.

Encourage your child to take Advanced Placement or other challenging classes.

Accolades! Accolades! ... and more Accolades!

An expression of approval; praise. A special acknowledgment; an award. A ceremonial embrace, as of greeting or salutation.

- Special recognition to D. Alexander who placed 3rd for her vocal talents at the Lions Club Bland Music Scholarship competition at Liberty University.
- Congratulations to A. DePalmer who placed 2nd for her vocal talents at the Lions Club Bland Music Scholarship competition at Liberty University.
- Mrs. Catherine East would like to thank A. Magruder for her kindness. She gave Mrs. East and all of her students Easter presents. She is very thoughtful.
- The AMS Tech Team, N. Servis, N. Simpson, N. Kuegler, and D. Alexander, designed a website to share with the Appomattox County School Board on March 28th. The website highlighted a day in the life of a middle schooler. Using the website, the team also shared some of the school's history with those who attended the meeting.
- T. Haskins carries Mrs. Rosenow's tote bags everyday and never complains. Mrs. Rosenow's tote bags are awfully heavy.
- A very special thank you to Mr. Brian Hofmann for his compassion and being considerate toward his co-workers on the 7th grade hall and to Mrs. Pannell.
- T. Haskins has been reading to C. Clark who is on crutches so that he won't get behind in his assignments.

- Congratulations to Janet Jackson! She is the Employee of the Month for March 2013. Thank you for your dedication and devotion to the staff and students @ AMS.
- D. Henderson assisted a parent with a task (4/17/2013) after their child became ill and had to go to the nurse's station.
- K. Kidd and T. Haskins found money and turned it in to the office. Thank you for being truthful and sincere!

Appomattox Middle School students raise $1,240.50 through St. Jude Math-A-Thon® to help kids battling cancer

Appomattox, VA – Students at Appomattox Middle School recently participated in the St. Jude Children's Research Hospital® Math -A-Thon program and raised $1,240.50 to help kids battling cancer and other deadly diseases.

"We are so proud of our students for embracing Math-A-Thon and raising critical funds for St. Jude," said Ann Swanberg, coordinator of the event. "Every dollar raised with help support the St. Jude mission of finding cures and saving children in communities worldwide."

Since its inception more than 30 years ago, Math-A-Thon has become one of America's largest education-based fundraisers. More than 10,000 schools across the country participate in the program every year. Math-A-Thon is also one of the most successful fundraising campaigns for St. Jude, having raised nearly $400 million since its inception.

Math-A-Thon allows students to build and practice essential math skills while they raise funds for kids battling cancer at St. Jude. The program works in the following way: Teachers serve as volunteer coordinators for Math-A-Thon at their school. Participating students solve math problems in a printed or online Funbook. Students ask family and friends for donations in support of their participation in the Math-A-Thon. All donations are sent to St. Jude, where no child is ever turned away because of the family's inability to pay.

St. Jude has teamed up with Scholastic Inc. to make Math-A-Thon a more valuable resource for teachers as they prepare students for standardized testing. The print and online versions of Math-A-Thon Funbooks contain colorful activities developed by Scholastic. The activities support National Standards and are aligned to the National Council of Teachers of Mathematics (NCTM) focal points for each grade level from K–8. The online version of the Funbook allows students to complete grade-specific activities like those offered in the print version but in an engaging game format that tracks points for the student.

For more information on how to host your own Math-A-Thon event, call 1-800-FUNBOOK

7th Grade SOL Prep

As we move through the last nine weeks of school, teachers and students are gearing up for the SOL tests in May. Our 7th grade team has planned a whole host of activities to review all the material students learned this year. Students will be putting together "foldable" study guides, playing review games with the ActiveExpressions and CPS remotes, creating and playing board games, and using online practice resources to prepare for the upcoming tests. Please remember, attendance is always important and is especially necessary during the next few weeks to make sure students are entirely ready for the SOL tests. Encourage your student to attend, both physically and mentally, in order to receive the maximum benefit of this review time!

Getting Ready for SOL testing – 6th grade

Parents,

Please look for the following materials to be sent home with your child in preparation for SOL testing in May. Many of these assignments ask for parents/guardians to participate in the review of tested material with students. If you have any questions, please contact individual teachers.

Math – Mrs. Servis and Ms. Donghia

Students will receive a review packet on Monday, April 29th. This packet will have daily assignments through the week of Math testing, May 20 – 23, 2013. Each day requires that students review the material with a parent/guardian and obtain their signature. This will count as a daily homework grade. If students lose their packets, they may use the link on each teacher's website to print out another copy.

Language Arts – Mrs. Maxwell and Ms. Thompson

Students will receive a SOL review sheet on Monday which is due Friday. The review sheet is color coded and has a passage from the SOL, along with specific directions on what to do each night.

Social Studies – Mrs. Richardson and Mrs. Armstrong

History classes have been sending home weekly SOL review packets for the past few weeks. Each packet is worth a quiz grade and study guides are attached.

Students may also visit www.solpass.org to review all history units taught this year.

Science – Mr. Kane and Mrs. Simpkins

Although students will not take a science SOL in sixth grade, they will be doing experiments in class using different science equipment to help them prepare for the SOL to come in eighth grade.

Minutes of
Appomattox County School Board
ACHS Master Plan Work Session With
Appomattox County Board of Supervisors
And
Interim School Board Meeting

The Appomattox County School Board met on Thursday, May 9, 2013 at 4:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia. This was an ACHS (Appomattox County High School) Master Plan Work Session with the members of the Appomattox County School Board and Appomattox County Board of Supervisors. Present were School Board Members: Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, and Division Superintendent Dr. Dorinda G. Grasty. Rev. J. Wesley Williams was absent during the ACHS Master Plan Work Session due to a previously scheduled meeting. Also present were Supervisors: Mr. Samuel E. Carter, Mr. William H. Craft, Mr. Jerry N. Small, Mr. Gary W. Tanner, and County Administrator Mrs. Aileen T. Ferguson. Mr. Ronald C. Spiggle did not attend.

CALL TO ORDER, PLEDGE OF ALLEGIANCE, AND MOMENT OF SILENCE

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and thanked the members of the Appomattox County Board of Supervisors for the opportunity to discuss the ACHS Master Plan. The Chairman also led in the Pledge of Allegiance and a Moment of Silence.

ACHS MASTER PLAN WORK SESSION WITH APPOMATTOX COUNTY BOARD OF SUPERVISORS

Mr. Blair Smith, with Dominion Seven Architects, provided a Power Point Presentation concerning the Appomattox County High School Master Plan which included the following information: (See Attachment # 1)

  - Timeframe for reaching a final solution that can be designed and constructed.
- What are the next steps?
  - Site Survey
  - Detailed Study
  - Financing
  - Other Capital Needs

Comments Following the ACHS Master Plan Work Session

Following the presentation, Mr. Blair Smith called for questions and comments from members of both boards. Their response follows:

1. Mr. Tanner thanked Mr. Blair Smith for the excellent presentation and noted we do not want this project dragging out like the primary school project and keeping our students in modular classrooms for the next thirty to forty years.

2. Mr. Carter stated repairs are needed to the sidewalks and asked if it would be a waste of money to make those repairs now. Mr. Stephen O. Edwards, Director of Business and Operations, stated he had been working with Mr. Earl Dickerson, with Hurt and Proffitt, to evaluate areas at the high school, including the sidewalks, and provide cost estimates to determine which projects could be accomplished before the end of the current fiscal year. Mr. Edwards noted they have determined the repairs to the track and tennis courts should be completed prior to sidewalk repairs as they present more pressing safety concerns.

3. Mr. Greg Smith indicated we need to begin investigating the high school project and determine a start time.

4. Mr. Craft noted the importance of determining a plan to finance the project.

5. Mr. Torrence stressed the need to begin the project now and noted our current electrical problems were created by value engineering because this approach was cheaper at the time the school was built.

6. Mr. Blair Smith encouraged the group to visit other schools and to utilize the knowledge gained by Lynchburg City Schools concerning the renovation/building project for Heritage High School.

7. Mr. Carter emphasized the need to address the five areas noted as deficiency categories: safety concerns, building code violations, infrastructure, program needs, and information technology.

8. Mr. Small shared his concerns about placing a new building around the existing old building as the old structure has no insulation. He stated constructing a new building is perhaps the direction that should be taken.

9. Mrs. Ferguson asked what would be done with the existing building if a completely new school is built. There were no responses to her question.

10. Mr. Blair Smith advised the group to consider the impact on the community if the high school is placed on a different site.

11. Mr. Small asked the monthly electrical costs for the high school and Mr. Greg Smith indicated approximately $10,000.00. Mr. Small also asked the monthly heating cost and no one had this figure readily available.

12. Mr. Greg Smith suggested a committee be formed, such as the recent Appomattox Primary School PPEA Committee, consisting of members of both Boards and Mr. Timmy Garrett, Maintenance Supervisor for the school system. Dr. Grasty noted the committee could also seek public input.

13. Mr. Tanner was in favor of forming a Joint Committee that should include citizens within the community and emphasized the need to address the safety issues of the building.

RECESS

Following the ACHS Master Plan Work Session, the Mr. Waddell called for a brief recess.

RECONVENE FOR INTERIM SCHOOL BOARD MEEETING

The Chairman reconvened the meeting. Rev. J. Wesley Williams arrived at this point in the meeting.

CONSIDERATION OF AGENDA

Mr. Smith requested to amend the agenda by adding "Discussion of Forming an ACHS Master Plan Committee" under the Superintendent's Report. It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as amended. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

2013-2014 Budget Update

Dr. Grasty presented a letter received from Mrs. Aileen Ferguson, County Administrator, which indicated county approval of the following for 2013-2014: (See Attachment # 2)

- $ 4,838,560.00 = Local Funds
- $19,821,700.00 = Total School Budget
- $ 1,084,699.00 = School Food Budget
- $ 125,000.00 = Unused Funds from the Primary School PPEA Project to be Used to Resurface the Track and Repair the Tennis Courts at the High School

Mr. Edwards noted the 2013-2014 budget approvals received from the county were based on the March 1, 2013 letter we sent them and does not reflect the General Assembly changes after March 1, 2013. He stated further adjustments will need to be made perhaps through a supplemental appropriation as the School Food Budget should be $1,094,000.00 rather than $1,084,000.00.

Mr. Greg Smith asked the name of the company that initially completed the high school track. No one knew the name of the company, although Mr. Edwards thought it was completed in 1994 and resurfaced in 2000. Mrs. Martin noted the resurfacing was probably completed a little later than 2000.

Discussion of Forming an ACHS Master Plan Committee

It was the consensus of the Board that Mr. Waddell and Mr. Torrence should serve as the School Board Representatives on the ACHS Master Plan Committee. The Board requested the superintendent send a letter to the Appomattox County Board of Supervisors requesting two of their members serve on this committee with Mr. Waddell and Mr. Torrence. Dr. Grasty stated once we receive the names of the committee members from the Board of Supervisors we will set a date for the first meeting.

ACTION ITEM

Consideration of Adoption of 2013-2014 School Budget

It was moved by Mr. Smith and seconded by Mr. Torrence to adopt the 2013-2014 School Budget in the amount of $19,821,700.00 and School Food Budget in the amount of $1,084,699.00 pending final 2013-2014 budget figures from the Virginia Department of Education based on final Senate calculations in addition to the $125,000.00 in remaining funds from the Appomattox Primary School PPEA Project to resurface the track and repair the tennis courts at the high school. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #233, #357, #346, #1515, #337, #122, and #93.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended and specifically students #50426 and #419.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a unanimous voice vote of approval from the Board.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 3)

APPROVAL OF PERSONNEL MATTERS

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as amended and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 4)

APPROVAL OF STUDENT MATTERS

Student Number 50426

It was moved by Mr. Smith and seconded by Mr. Torrence to allow Student Number 50426 be readmitted to Appomattox Middle School effective May 10, 2013 and be home schooled for the remainder of the 2012-2013 school year. The student will be allowed to attend Appomattox County High School for the 2013-2014 school year with the understanding the student will complete the current curriculum and provide documentation of completion. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Membership Report as of April 30, 2013

The superintendent provided the April 30, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,191 students. This compares with a budgeted ADM of 2,180 for the 2012-2013 school year. (See Attachment # 10)

VSBA and NSBA Activities

The following VSBA activities were discussed:

A VSBA Hot Topic Conference was held in Charlottesville on April 29, 2013 regarding the New Superintendent Evaluation. Mr. Waddell and Dr. Grasty attended. Dr. Grasty noted the meeting was lengthy but proved to be very helpful as the new superintendent evaluation will become effective in 2014-2015 and will be tied to the seven components of the recently mandated new evaluations for teachers and principals. Mr. Waddell stated the change in the superintendent evaluation will create the need to process additional paperwork.

The VSBA Law Conference will be held June 7, 2013 in Charlottesville with special education as the focus of the meeting. The registration fee is $165.00 and the deadline for registering has been extended to June 1, 2013. Mr. Waddell, Mrs. Haught, and Dr. Grasty are scheduled to attend.

The 28th Annual VSBA Conference on Education (formerly the Governor's Conference on Education) will be held July 23, 2013 at the Richmond Marriott. The registration fee is $170.00 and the deadline is July 8, 2013.

Information from the Director of Business and Operations

Dr. Grasty provided the following report for the Director of Business and Operations:

1. Review of Final 2013-2014 Budget Documents – Dr. Grasty reviewed the 2013-2014 budget documents which indicated the total revenue was $20,872,574.10 and expenditures $20,843,776.40. (See Attachment # 11) She stated the budget contained a 2% raise for all employees and the following reductions: 1 physical education teacher, ½ auto mechanics teacher (which eliminates this program at the high school), 1 high school teaching position, 1 middle school teaching position, and 1 central office administrator. Additional cuts that may occur include: 1 of the 3 four year old classes at the primary school which includes 1 teacher and 1 instructional assistant, and 1 or 2 additional instructional assistants. She stated the following may need to be added to the budget: 2 special education instructional assistants due to increased class loads for next year and 1 special education bus aide with the possibility of a second special education bus aide. Dr. Grasty noted the following items were returned to the budget: 1 science teacher at the high school and ½ art position at the high school.

2. Update on Capital Projects at AES, AMS, and ACHS – a) AES and ACHS Carpet - Bids were received from Piedmont Floors and Michael's Carpet World. The low bid of $28,701.50 was received from Michael's Carpet World and includes the elementary school first floor library, all office areas and common's area landings as well at Room 310 at the high school. b) AMS Lockers - Bids were received from J. H. Pence Company and Virginia School Equipment. The

low bid was submitted by Virginia School Equipment for $16,580.00. c) ACHS Field Sprigging – Two bids have been received and submitted to the Sprigging Committee at the high school which is headed by Mr. Brad Harper, Athletic Director and Assistant Principal. The low bid of $24,409.00 was submitted by RSG Landscaping and Lawn Care. By letter, the Spout Spring Ruritan Club has pledged $7,000.00 toward the project and through verbal conversations with the ACHS Athletic Booster Club President, Mark Franklin, this group has allocated $8.000.00. Mr. Harper has indicated there will be no cost to the school division and the committee will be able to get the project priced within the range of the available funds. The next committee meeting will be May 24, 2013. Mr. Smith requested Rev. Williams' suggestion at a previous meeting be followed and a written statement be requested from RSG Landscaping indicating the length of time the field should have no use. Mrs. Martin suggested both of the organizations funding this project should receive a letter of appreciation from the Board. Mr. Waddell suggested they also be recognized at a football game. d) ACHS Track Resurfacing – A pre-bid conference was conducted May 21, 2013 and bids are due June 7, 2013. e) ACHS Tennis Courts – The pre-bid conference was conducted May 22, 2013 and bids are due June 4, 2013. Mr. Edwards anticipates the track project to cost approximately $85,000.00 which would leave $40,000.00 from the $125,000.00 allocated by the Appomattox County Board of Supervisors for the tennis courts. He suggests allowing the use of $50,000.00 from the Capital Improvement Fund to cover the additional costs.

3. Review of Renewal of General Liability and Worker's Compensation Insurance Package – McNeary Insurance Strategy and Solutions has recommended leaving our Worker's Compensation Coverage with SIS and all other Property and Casualty Coverage with VSBA pending a letter received from David Smith with VSBA regarding potential assessment.

4. Health Insurance Update for 2013-2014 – Piedmont Community Health Plan (PCHP) has submitted a renewal premium increase of 4.78%; therefore, it is recommended to renew our health insurance coverage with PCHP for the plan year October 1, 2013 through September 30, 2014 at the rates provided. (See Attachment # 12) In order to keep employees whole, the superintendent recommended the monthly employer contribution be increased from $419.47 to $449.03.

Report from the Gifted Advisory Committee

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, presented the report from the Gifted Advisory Committee. (See Attachment # 13)

Recommendations from the Special Education, Remedial, and Title I Advisory Committee

Mr. Michael Jones, School Psychologist, reviewed the recommendations from the Special Education, Remedial, and Title I Advisory Committee. (See Attachment # 14)

Recommendations from the Career and Technical Education General Advisory Council

Mr. Brette A. Arbogast, Director of Technology and CTE, presented the recommendations from the Career and Technical Education General Advisory Council. (See Attachment # 15)

MOU Sharing Technology Resources Between Appomattox County and Appomattox County Public Schools

Mr. Arbogast reviewed the Memorandum of Understanding (MOU) for the Sharing of Technology Resources between Appomattox County and Appomattox County Public Schools. (See Attachment # 16)

IPAD Teacher Agreement

Mr. Arbogast presented the iPAD Teacher Agreement that has been developed for use in our school division. Mr. Smith suggested the document be adjusted slightly to remove the word teacher in the section designated Liability in the Event of Damage. He also suggested the document be titled iPAD User Agreement which would apply to all users. It was the consensus of the Board to implement Mr. Smith's suggestions.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

Membership Reports as of May 31, 2013 and June 5, 2013

The superintendent provided the May 31, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,181 students. She also provided the June 5, 2013 Membership Report with the total funded

ADM of 2,180 students. These figures compared with a budgeted ADM of 2,180 for the 2012-2013 school year. (See Attachments # 12 and # 13)

VSBA and NSBA Activities

The following VSBA activities were discussed:

The VSBA Law Conference was held June 7, 2013 in Charlottesville with special education as the focus of the meeting. Mrs. Haught and Dr. Grasty attended and provided Board Members with several handouts from the meeting. (See Attachments #14, # 15, and # 16)

The 28th Annual VSBA Conference on Education will be held July 23, 2013 at the Richmond Marriott. The registration fee is $170.00 and the deadline to register is July 8, 2013.

The VSBA Legislative Advocacy Conference will be held September 30, 2013 in Charlottesville. This is a new conference that will address upcoming issues for the legislative season and give a head start on lobbying legislators on important issues in education. Registration information will be available in early July.

The 2013 VSBA Annual Convention will be held in Williamsburg, November 20 – 22, 2013. Conference registration information will be forthcoming.

The Board received information concerning the selection of a voting delegate and an alternate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the 2013 VSBA Annual Convention in November. The selection must be submitted to VSBA by August 1, 2013.

Business Report

Dr. Grasty provided the following report for the Director of Business and Operations:

1. Capital Projects Update –

   ACHS Track – Dr. Grasty stated the track resurfacing project at the high school had been awarded to Precision Sports Surfaces for a total base bid amount of $81,987.00. (See Attachment # 17)

ACHS Tennis Courts – Dr. Grasty reported three bids were received as follow:

Templeton Paving	=	$144,500.00
Concrete Foundations	=	$241,940.00
Adams Construction	=	$148,600.00

The superintendent requested guidance from the Board as all three bids were much higher than expected. She shared her concerns with spending a large amount on the tennis courts at this time as we are in the beginning stages of an ACHS Master Plan for future high school renovations. She stated Mr. Timmy Garrett, Maintenance Supervisor, is currently experimenting with possible coatings to patch the courts which would be in the price range of $5,000.00 and only be a short term fix. Board Members discussed the ongoing drainage problem at the current tennis courts, placing the tennis courts in another location, and perhaps a joint venture with the county. It was the consensus of the Board not to pursue the bids, direct Mr. Garrett to proceed with temporary repairs, and discuss at the August 7, 2013 Board Chairs Meeting. The Board directed the superintendent to send a letter to the Appomattox County Board of Supervisors and County Administrator to make them aware of the status of the tennis court repairs.

2. Sprigging of Bragg Stadium at ACHS Follow-Up – Board Members were provided a revised quote from RSG Landscaping and Lawn Care, Inc. to sprig the high school football field at a total cost of $14,850.00. (See Attachment # 18) A letter from the same company addressing restrictions for use of the football field following completion of the sprigging was also distributed. (See Attachment # 19) Mr. Smith suggested a notice be published in the *Times Virginian* to inform the public of the required restrictions. Dr. Grasty stated she would place a notice in the local newspaper.

3. Agreement with McNeary Consulting for 2013-2014 – The superintendent recommended continuing the agreement with McNeary Consulting for the 2013-2014 school year

Health Insurance Update

Mr. Bruce R. McMillan, Director of Human Resources and Staff Development, provided an update concerning health insurance as follow: (See Attachment # 20)

- Medical Insurance - Renewal with Piedmont Community Health Plan indicated a 4.8% premium increase.
- Dental Insurance - Renewal with Delta Dental revealed a 9.5% premium increase with no increase to the deductibles.
- Vision Insurance – Current rates are guaranteed until October 1, 2014.
- Affordable Care Act (ACA) – This is being implemented gradually with major changes scheduled to occur January 1, 2014 that will impact our October 1, 2014 renewal.

Preliminary SOL Testing Results

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, provided preliminary, unofficial SOL test results which reflected an implementation dip in reading, writing, and science. (See Attachment # 21)

Appomattox Adult Learning Center Year End Report for 2012-2013

Board Members were provided the Appomattox Adult Learning Center End-of-Year Report for 2012-2013 which was prepared by Mrs. Gayle Williams, Teacher. (See Attachment # 22)

Appomattox Alternative Education Center Year End Report for 2012-2013

The Appomattox Alternative Education Center 2012-2013 End-Of-Year Report was presented to the Board as prepared by Mr. Jason Bowyer, AAEC Administrator. (See Attachment # 23)

Discussion of AAEC Dress Code for 2013-2014

The superintendent reported in canvassing alternative schools in the region, the majority require a dress code with the items purchased by the students. A rationale and suggested simple dress code, prepared by Mr. Bowyer, was distributed and should increase a sense of respect and self-worth in our AAEC students. Dr. Grasty noted Mr. Bowyer has also reported cell phones are the source of a great deal of distraction and discipline issues. Therefore, AAEC students will be required to place their cell phones in a locked container upon arrival and may retrieve their phones upon departure. (See Attachments # 24, # 25, and # 26)

Discussion of Mileage Rate for 2013-2014

Dr. Grasty stated our school division has used the state mileage reimbursement rate for a number of years which is currently .555¢. She also provided the mileage reimbursement rates for nearby school divisions as follow:

1. Lynchburg City = .505¢
2. Amherst County = .505¢
3. Amelia County = .55¢
4. Buckingham County = .46¢
5. Greensville = .50¢
6. Bedford County = .405¢
7. Prince Edward County = .35¢
8. Campbell County = .555¢ (state rate)
9. Halifax County = .43¢
10. Charlotte County = .40¢

The superintendent requested guidance from the Board regarding a possible reduction in our mileage reimbursement rate for 2013-2014. Rev. Williams, Mrs. Martin, and Mr. Waddell were in favor of not reducing the mileage reimbursement rate for next year.

Discussion of Revised Policy JEB – Entrance Age/Admission of Persons Not of School Age

Dr. Grasty noted Policy JEB – Entrance Age/Admission of Persons Not of School Age was included in the revised policies received from VSBA for Board approval of the first reading during the action items at this meeting. She stated it is up to each Board across Virginia to decide whether or not to consider children younger than age 5, by September 30, can attend school. Currently, we allow admission upon passing readiness tests and charge a full year of out of division tuition ($750.00) as we have not been receiving ADM funding for these students.

Amherst and Campbell Counties do not allow early admission while Bedford and Prince Edward Counties do allow early admission but do not charge tuition.

Dr. Grasty reported, at her request, Mrs. Laura Evans, Student Information Specialist and Grants Coordinator, contacted the Department of Education concerning the possibility of receiving any portion of the ADM for these students. She was told she could attach a readiness flag to these students when processing the March 30th ADM report that would allow us to receive state ADM funding.

The superintendent asked the Board to consider allowing early kindergarten admission of county students and charging them a per diem rate until they reach their fifth birthday. She noted the Board could also decide not to allow students to apply for early admission or allow them to apply and not charge them a tuition fee.

Following discussion, it was the consensus of the Board to leave the policy as provided by VSBA and not charge early admission kindergarten students who were Appomattox County residents.

Mrs. Martin asked if we had tracked the success rate of students who have been admitted to kindergarten early. Dr. Grasty stated she was not aware of the collection of this data.

Tentative Graduation Date and Location for Next Year

The superintendent stated tentatively, Monday, June 2, 2014 has been selected for graduation ceremonies for Appomattox County High School with the last day of school actually being Friday, June 6, 2014. Mrs. Martha Eagle, Principal of Appomattox County High School, had noted Monday graduations work well for them and the seniors will have completed all requirements prior to Monday, June 2nd. Mrs. Eagle had also requested the Board consider continuing to conduct graduation at the Vines Center at Liberty University. Dr. Grasty stated, with the Board's permission, Liberty University would be contacted to secure a price and contract for review and approval at the August 22, 2013 School Board Meeting. There was no opposition from the Board to secure 2014 graduation information from Liberty University.

Recommendations from the School Health and Wellness Education Advisory Committee

Ms. Niki Kempton, Food Services Coordinator, presented the School Health and Wellness Education Advisory Committee Recommendations. (See Attachment # 27)

Discussion of Student Lunch Prices for 2013-2014

Ms. Kempton provided the rationale for increasing student lunch prices and shared current and upcoming lunch prices for neighboring school divisions. She recommended student lunch prices for 2013-2014 be increased by ten cents at all locations. This would result in student lunch prices being $1.60 at the primary and elementary schools and $1.85 at the middle and high schools. (See Attachment # 28)

Discussion of Dress Code for Food Services Staff

Ms. Kempton stated food services employees are expected to dress in a manner that is respectful and supportive of a positive learning environment and safe work place as she reviewed the Appomattox County Public Schools Food Services Staff Dress Guidelines. (See Attachment # 29) She noted during a

recent safety inspection by our Worker's Compensation Insurance Company, it was recommended that we require slip resistant shoes for all food service staff. Ms. Kempton proposed the Board consider a one-time purchase for the current twenty-seven (27) food service staff members at a cap of $45.00 per employee, using food service funds. It was noted this would be considered as an action item later during the meeting.

Review of VPSA Grant Reimbursement

Mr. Brette A. Arbogast, Director of Technology and CTE, reported the VPSA Grant reimbursement application had been processed and provided the Board with a report of the actual fund expenditures and items purchased. (See Attachment # 30)

Update on Technology Plan

Mr. Arbogast stated the Virginia Department of Education requires an updated Technology Plan every five years and noted it is his practice to update the plan annually. He provided the Board with a copy of the latest revisions to the Technology Plan for Appomattox County Public Schools. (See Attachment # 31)

Present were Board Members, Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Proposed Changes to Town of Appomattox Zoning Ordinance

Dr. Grasty presented the Board with a letter from the Town of Appomattox concerning an upcoming change to the Town Zoning Ordinance. (See Attachment # 1**)** The property identified in the letter (Tax Map Identification Number 64 (A) 157) is Appomattox Elementary School. A public hearing will be held Thursday, July 11, 2013 at 5:00 p.m. at the Board of Supervisors Meeting Room at CVCC concerning the ordinance changes.

Business Report

Mr. Bruce R. McMillan, Director of Human Resources and Staff Development, reported:

1. Required Local Effort, Required Local Match, and Maintenance of Effort have been met.
2. Upon payment of all expenditures to date, a balance of $335,562.56 remained which was handled as follows:

a. $125,000.00 was transferred to the School Textbook Fund bringing the balance in that account to $201,335.75.
b. $175,000.00 was transferred to the Capital Improvement Fund which brought the balance in that account to $206,359.87.
c. Following these transfers an unspent balance remained in the amount of $35,562.56 which will revert to the County of Appomattox as unspent funds for the school division at the end of the 2012-2013 fiscal year. Mr. McMillan stated it is anticipated a few more bills may arrive which will change this amount. A letter will be submitted to the county in August requesting a supplemental appropriation for 2013-2014 in the amount of the final unspent balance. Additional revenues are also anticipated with the majority of these funds being federal grant reimbursements.

SUPERINTENDENT'S REPORT

School Resource Officers Report

Sheriff Barry Letterman provided an update concerning the School Resource Officers (SRO) for the 2013-2014 school year. He was pleased to report this will be the first year each school will have an SRO. He expressed his appreciation to the Appomattox County Board of Supervisors for providing additional funding in his budget to make these positions possible. Sheriff Letterman reported the following SRO assignments for the upcoming school year:

Terry Eagle	-	SRO Supervisor – Appomattox Middle School and Appomattox Alternative Education Center
Jonathan Garrett	-	Appomattox County High School
Karen Nipper	-	Appomattox Elementary School
Joni Organ	-	Appomattox Primary School

He stated these individuals are Certified School Resource Officers who will maintain a positive, pro-active presence in the schools as they keep students and staff safe.

The superintendent and Board Members thanked Sheriff Letterman for his hard work in making sure an SRO will be in each school.

Dr. Grasty stated a Memorandum of Understanding is in place concerning the SRO Program and meetings have been scheduled during the school year with school administrators and SROs. She also noted the principals are excited to have SROs and many positive comments have been received from parents.

VSBA and NSBA Activities

The following VSBA activities were discussed:

The VSBA Legislative Advocacy Conference will be held September 30, 2013 in Charlottesville. Registration information will be forthcoming from VSBA. Dr. Grasty noted she would not be able to attend the conference as she has a superintendent's meeting already scheduled on this date.

The 2013 VSBA Annual Convention will be held in Williamsburg, November 20 – 22, 2013. Conference registration information will be provided by VSBA at a later date.

Business Update

Dr. Grasty provided the following information:

1. ACHS Tennis Courts Update – Mr. Timmy Garrett, Maintenance Supervisor, and staff from his department have patched the cracks in the tennis courts using self-leveling construction grout. This was accomplished by using forty (40) bags of grout at a cost of $4.00 per bag. Mr. Garrett is in the process of securing estimates for painting the tennis courts to determine if it is more cost effective to hire a company or utilize his staff. The superintendent stated it is our goal to make the courts usable for another year.

2. Resurfacing ACHS Track – The old track surface has been removed and the resurfacing will take place during the next week if weather conditions are favorable.

3. Sprigging of ACHS Football Field – The sprigging has been completed and fertilizer has been applied to the field. The brown areas should begin to decrease as the grass becomes greener.

4. Audit of School Activity Funds – Board Members were provided with a letter from Brown Edwards and Company concerning the upcoming audit of the School Activity Funds at each of our schools.

Back to School Update

Dr. Grasty presented the following back to school schedule that had been planned for staff prior to the beginning of the school year:

1. Monday, July 29, 2013 - 11 Month Teachers Report

2. August 6 - 9, 2013 - New Teachers Report

3. August 12 - 16, 2013 - New and Returning 10 Month Teachers Report (Teachers will be in their respective schools each day)

4. Wednesday, August 14, 2013 - Convocation Picnic for All Staff at ACHS - 11:30 a.m. to 1:00 p.m.

5. Thursday, August 15, 2013 - Registration/Fee Day (9:00 a.m. - 11:00 a.m. = ACPS Employee Registration; 11:00 a.m. - 6:00 p.m. = Registration for the Public)

6. August 19, 2013 - First Day of School for Students

Dr. Grasty invited Board Members to attend the Convocation Picnic for all staff members on August 14, 2013 at the high school. Mr. Smith requested SROs also be invited and the superintendent stated she would follow-through with this request.

Review of 2012-2018 Comprehensive Plan

The superintendent provided a detailed review of the 2012-2016 Comprehensive Plan. (See Attachments # 8 and # 9)

Discussion of ACHS 2014 Graduation

Dr. Grasty noted at the June 20, 2013 School Board Meeting, Mrs. Martha Eagle, Principal of Appomattox County High School, requested the Board's consideration of conducting graduation on June 2, 2014 at The Vines Center at Liberty University. The Board was provided a copy of the Facilities Use Agreement from Liberty University for their review and consideration. It was noted the cost of $4,400.00 was the same price Liberty charged for the past three years. The agreement was also identical to the previous three years with the exception of dates. Dr. Grasty stated this would be included as an action item at the August 22, 2013 School Board Meeting, unless the Board directed otherwise. Board Members did not direct otherwise.

Discussion of Possible Partnership with the University of Phoenix

The superintendent presented information from the University of Phoenix regarding a partnership with Appomattox County Public Schools which was at no cost to the school division. She stated School Board approval of the document would allow our employees to receive a 10% discount on their University of Phoenix courses. The only requirement made of our school division would be the

communication of the discount to staff twice each year. This could be accomplished through emails or publications in the Division Digest. Dr. Grasty recommended approval and noted this was an action item later during the meeting.

"Brain Commander: Creating a Dynasty of Learners"

Can you imagine a more worthy journey that the one upon which our students are currently embarking? The exciting part of the learning adventure is that none of us knows where it will eventually take our students, and we are all eager with anticipation! However, we have vision, and our purpose is to prepare them for whatever their future destinations might be. Every important mission or expedition has to have a post of central command. At the AES "Brain Commander" post, we are creating a dynasty of learners, and it is our desire that each student develop the leadership qualities, thinking skills, and character traits that are necessary for the 21st Century and beyond. We value high expectations for our learners, because the dynasty we desire to create from our school family is one that will maintain a strong positive influence in the generations to come. We thank you for being part of the family of support for the students of Appomattox Elementary School! The children voted for our school theme; they are the ones desiring to represent themselves as dynamic learners. We KNOW they represent the finest ***group of students to be found any day, anywhere, anytime! As they say on a popular television show, "That's a fact, Jack!"***

THE RAIDER REPORT

Visitors' Passes

Parents or other individuals who are in the building for conferences or other school business are expected to report to the office to obtain a pass.

BUS NOTES

Written permission is necessary regarding bus changes,

walker's bell or pick-ups. We cannot take changes over the phone. Information that needs to be on notes are: the student's full name, the teacher's name, the desired bus number, the full name of the person's house where your child will be getting off the bus, and the 911 address. Also, include your phone number in case the school or bus driver has any questions regarding your arrangements.

Please be sure your child knows what to do in case school closes early due to inclement weather, early dismissal or other circumstances.

Student Planner Contains Student/Parent Handbook!

The A.E.S. PTO will be providing students with a homework planner that also has the A.E.S. Student-Parent Handbook in the front. This will be great for remembering homework assignments and important events!

Phone Numbers

If you would like a time reserved or a time to meet with the principal, teacher, guidance counselor or nurse, you are encouraged to call for an appointment.

Important Traffic Reminders

Traffic in front of the school is going smoothly. Thank you for your help and attention to the routines we have established. Safety is our #1 priority! Here are a few important reminders:

- Students cannot be dropped off until 8:00a.m. Supervision of students begins at 8:00a.m.
- After dropping off or picking up a student, be careful when pulling out at the stop sign.
- Please don't rush! Allow the car in front of you to pull out, and then follow. Don't pull around.

If you are visiting the office or a classroom, please park in the lot, not at the curb where we load and unload students. We have 15 minute parking areas for your convenience.

Your attention to these matters will help us continue to provide a safe environment!

Attendance Notes

Regular attendance is necessary and important to the development of individuals who are successful in school and in all areas of responsibility. There is a close correlation between school attendance and attendance on the job after leaving school. It is a joint responsibility of the school and parents to require regular attendance. School attendance will be monitored daily so that students are given opportunity to be successful. Make school attendance a priority in your home this year! In addition to regular daily attendance, please refrain from picking students up early (except for emergencies). It is important that students hear announcements, receive information before going home, and have closure to the school day with their teacher. We appreciate your help in these areas!

Student Safety is a Priority for Parents and Staff

All requests for release of students must come directly from the office, by office personnel, written note, or the intercom. The office will deliver items sometime during the day.

Most of the policies and rules employed by schools are designed specifically to protect your children. For example, all school employees are required to undergo thorough background checks, as well as wear ID badges. Visitors must check-in with the office before they're allowed on campus.

Health policies are yet another way in which schools protect your children. When new students enroll, schools require proof of immunization to reduce the risk of contagious disease entering the school, such as mumps, measles, and whooping cough. To prevent the spread of infection, most schools recommend that children suffering fevers in excess of 100 degrees be kept at home until their temperatures have returned to normal for a period of 24 hours. School nurses are often asked to administer appropriate medication with parental permission and physician instructions.

Occasionally, schools may require a statement from the attending physician prior to a sick or injured child's return to the classroom. Knowing what activities an injured or ill child should or should not participate in is key to the child's recovery.

Whatever the health or safety issue, remember that educators take their responsibility for your child very seriously.

Please be aware that the school division dress code for students has been revised. Information about what is and is not acceptable was placed in the registration envelope.

Principal's Welcome Back Message

AMS is excited to open our doors to start the 2013-14 school year. As we begin the year on August 19th, we look forward to the opportunity to work with the children and see them learn and grow. Please know that the AMS team takes very seriously, the task of educating the community's children, your children, and our children. It is a task that requires the coordinated efforts of teachers as well as parents and caretakers, so we ask that parents and guardians take an active role in the education process. Be a part of your child's education, get involved with the school, and communicate with teachers. Show our students that there is nothing more important than education because education is the ticket to a brighter future for everyone. I wish you all a great start to the year and continued success throughout.

The First Public School

Where was the first public school? In what state was the school established? The Boston Latin School is a public exam school founded on April 23, 1635 in Boston, Massachusetts. It is both the first public school and oldest existing school in the United States. Its curriculum follows that of the 18th century Latin-school movement, which holds the classics to be the basis of an educated mind. Four years of Latin are mandatory for all pupils who enter 7th grade, three years for those who enter 9th.

Middle Years

Working Together for School Success

Short Stops

A new language

If your middle grader is studying a foreign language, consider learning it along with her. Watch foreign films together, listen to language CDs in the car, and ask her to teach you greetings and other vocabulary. She'll enjoy having conversations with you, and she'll probably pick up the language faster.

Texting manners

Good texting habits can help your tween get along with friends and develop communication skills. Have him reread texts to make sure they sound polite, don't contain autocorrect errors, and are being sent to the right person. *Note:* Remind your child to put his phone away and not text in school.

Handling nerves

Your youngster may feel anxious about new teachers and classes. If so, reassure her that it's normal—and that she's not alone. As she adjusts, suggest ways to cope with her feelings. She might get more exercise, write in a journal, or talk to you or another trusted adult.

Worth quoting

"Little by little, one walks far."
Peruvian proverb

Just for fun

Teacher: Where was the Declaration of Independence signed?

Student: At the bottom!

Strategies for success

With a simple plan to get off on the right foot, your middle grader can have a great year. Share these ideas for making this year one he can be proud of.

Give your all. What is your child looking forward to learning this year? Maybe he will study an interesting period in history or do more science experiments. Have him name ways he can learn more and do well. For instance, he might promise himself that he'll review notes every day, start long-term assignments right away, or earn extra credit when it's available. He could write down these commitments where he'll see them—inside his binder or on sticky notes by his desk at home.

Find resources. To navigate middle school, your tween needs to know where he can get information and support. Let him bookmark school and class websites on your family's laptop and add teachers' email addresses to his contacts. He might also explore ways to get extra help, like joining an after-school study group or making an appointment with a teacher or counselor.

Stay on top of grades. Tell your child he should pay attention to how grades are determined. You could explain that homework, tests, and projects may count for different percentages in each class. He can check his grades online or make his own spreadsheet for tracking them.

Be there!

Being in school all day, every day, helps your child get the most out of middle school. Encourage good attendance with these ideas:

- Point out that there is no substitute for being in class. Your youngster needs to be present to hear teachers explain concepts, to participate in group projects and class discussions, and to ask questions.
- Schedule doctor, dentist, and orthodontist appointments for before or after school hours whenever possible. If you can't, try to arrange them during lunch or study hall.
- It will be easier for your child to get up on time for school if she's had at least nine hours of sleep. Set a reasonable bedtime, and make sure she puts away electronic devices so she isn't tempted to stay awake to play with them.

Setting high expectations

Your middle grader wants to know you care about her and believe in her abilities. Having high expectations can show her that you do. Here's how to set expectations that work.

Talk about it

Be clear about what your expectations are. If you expect your child to take certain classes (say, algebra in eighth grade) or to behave well in class, communicate those points to her. Then, weave your expectations into regular conversations. ("Good job on your math test—doing well this year will mean you'll be recommended for algebra next year.")

Stay realistic

Make sure what you expect is realistic so your tween can achieve it without becoming discouraged. If she's in a spelling bee, you might expect her to study her words and try to make it through as many rounds as possible, but avoid pressuring her to win first place.

Celebrate accomplishments

Your middle schooler needs to see herself as capable of meeting expectations. Watch for opportunities to point out times that she reached high. For instance, you might say, "You got frustrated learning the songs for your strings concert, but you kept practicing. Look how much you've improved!"

Q&A Right-fit activities

Q *My son wishes he could be more involved at school, but he hasn't discovered his "niche." How can he find a group to participate in?*

A Extracurricular activities help your child explore interests, socialize, and feel like part of a group.

Tell your son to listen carefully to morning announcements about activities like intramurals, yearbook, and academic teams. Together, look over information that comes home, or check the school website for an activity list.

If he has a favorite subject, he could ask his teacher if there is a club for it, such as a French club or a history club. Your tween might also talk to friends to see what they're doing. At this age, being with friends provides a major incentive for joining an activity.

Questions to ask after school

When you hear "parent involvement," you may think of volunteering in school. But talking to your tween about school counts as parent involvement, too! Here are 10 questions to ask your child—you could choose one or two each day.

1. What's the most interesting thing you learned today?
2. What was the best part of your day?
3. What was on your math quiz?
4. Who did you sit with at lunch?
5. What book are you reading in English?
6. What made you laugh today?
7. What have you done so far for your science project?
8. What are you learning about in history this month?
9. Is this school year what you expected so far? Why or why not?
10. What was your least favorite part of the day, and what would you change about it?

Tip: Encourage your middle grader to ask questions about your day, too.

Parent to Parent What I believe in

Now that my daughter, Molly, is in middle school, I know it's even more important for her to be able to stand up for herself and her beliefs. But first, she has to be sure what her own values are. I remembered an exercise she did in elementary school during a "Say no to drugs" program and thought it might work at this age.

I asked her to write a letter to herself about what's important to her—and I told her I would write one to myself, too. To help her get started, I mentioned things I would include, such as making time for our family and being a team player at work.

Molly came up with her own ideas. For instance, she wrote that she values being a loyal friend and wants to stay healthy so she can play lacrosse.

When she finished her letter, she put it in her desk to reread from time to time. I'm hoping it will help remind her of what's important to her when she faces challenges this year.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Appomattox Primary School

"One Year, One Team, One Goal: Team APS"

August/September 2013

Principal's Message ...

Welcome to Appomattox Primary School! We are so excited to begin a new year on August 19, 2013.

The faculty and staff at APS will make every effort to provide the opportunity for students to achieve academic and emotional success this year. A safe, positive learning environment is a priority. We take the responsibility of educating students very seriously, and we willingly accept the individual needs and differences among students. We are not perfect, nor do we claim to be, so we hope you too appreciate our individual qualities. We are, however, working to achieve the same goal: student growth and achievement. We will need your verbal support, your physical assistance, your communication, and your cooperation. There may be times that we are unable to give you what you want, but we will do what needs to be done in the best interest of all students. It is during those times, when we will need your trust and understanding the most.

Let us thank you in advance for entrusting us with your child. While here, each student belongs to all of us. We will treat your child as if he/she is truly our own, and we will communicate, discipline, and love him/her in that way. You may expect us to work hard, to have your child work hard, and to have to work hard at home. We are glad you are joining our team as we begin another school year.

Please feel free to contact me if assistance beyond the teacher is needed this year.

Sincerely, Heather Mullins
Principal

***I am available to speak with and meet with parents as needed and schedules permit. Appointments are preferred, but they are not required. I keep my own calendars and may be out of the office when you stop by or call. Office personnel are able to relay information, but they**

are not able to schedule an appointment for you. If you'd like to schedule an appointment, please leave a message indicating a phone number where you may be reached, what you may wish to discuss and dates/times you may be available. I will get back to you just as soon as I am able to do so. I want to give your concerns the time and attention appropriate, and I don't want other commitments to interfere with that.

In the Know at APS…

- Division calendar – This contains division events and general information about Appomattox County Public Schools.
- Code of Conduct and Acceptable Computer System Use Policy handbook provides information about expected student behavior on campus, buses, and while using school technology.
- The handbook is packed full of information to help you be in the know about information more specific to Appomattox Primary School. There are many changes this year. Please read very carefully.
- Your child's teacher can provide information about classroom expectations, homework, field trips, class schedules, and other classroom details.
- Office staff can assist you with general procedures, receive paperwork/bus notes, and call for students to be dismissed to you.
- Cafeteria Manager: Provides information about school lunch program; student lunch account manager.
- Principal; Instructional leadership; school operations; supervision; student safety/discipline issues; all other issues not addressable by the above.

Building Instruction…

School Day: 8:25-3:00

Instructional time is precious, and we try diligently not to interrupt it. Please encourage your child(ren) to double-check to be sure he/she has all homework assignments, bus notes, lunch/snack and books prior to leaving for school. Not only will this reduce the need to interrupt the instructional process, but it will encourage your child(ren) to develop responsibility.

In addition, please note the following:

- Students may arrive no earlier than 8:00 each day. There is no student supervision prior to 8:00.
- Parents who transport their children from school on two or more occasions per week, can greatly assist us by sending in a permanent car rider note and picking up students between 3:00-3:10 p.m. in the car rider loop off of Armstrong Lane.
- A car rider note indicates you will p/u your child in the loop in front of the building (enter visitor parking lot/car rider loop off of Armstrong Lane).

- A walker note indicates you will park in the 15 minute parking, walk into the main office between 3:00-3:10, sign your child out, wait for your child to join you in the office, and then walk your child out of the building.
- We are unable to take bus/transportation changes over the phone. Bus bells begin dismissing at 3:07. We are unable to "hold" students until you arrive. If you've not sent a change in writing, your child will be transported based on the last note we have on file and/or his/her regular bus. We ask that you send in changes via the student or fax (352-8074) us a note by 12:00. If you choose to fax a note, please follow up with a phone call to ensure our receipt of the fax. We cannot guarantee receipt of changes if after 12:00 and/or not followed up with a phone call.

*When writing a bus note, please include the child's first/last name, old bus, new bus, 911 address of destination, name of person at address, and a phone number where that person can be reached if necessary.

Notes are Needed for...

Written communication provides a clear understanding for everyone. If e-mail is your preferred method of communication, please be cognizant that teachers are unable to check their e-mail during active instructional times. They are encouraged to check it in the morning, planning time, lunch, and at the end of their work day if possible. Therefore, if a change to your child's schedule, bus, etc., needs to be communicated it is necessary that a note be written and sent with the student or faxed to the school office (see above).

Please help us by writing notes for the following situations:

- ✓ When bus dismissal changes are necessary.
- ✓ When your child returns to school after being absent.
- ✓ When an early dismissal is expected.
- ✓ When there are special custody or health concerns.
- ✓ When there is a change in address, phone numbers, or emergency contacts.
- ✓ When a conference is requested (please allow a couple of days turn-around time for teachers). They may not be able to respond immediately.
- ✓ When clarification of an assignment, program, or policy is needed.
- ✓ When a child is being released to someone other than a custodial parent/guardian.

Safety and Security of Our Students...

We are vulnerable to random acts of violence, and it is understandable that we are concerned about students' personal safety. When visiting, picking up your child, or dropping your child off for school, you must use the front entrance

Safety Continued...

(new front facing Armstrong Lane) and report to the office to check-in and receive your visitor's badge.

If walking a student to his/her classroom in the morning, you will not need a visitor's pass between 8:00-8:15. You may enter the front door without entering the office, and you may proceed with your student to the classroom. After 8:15, direct access will not be possible. You must enter the building through the office and check in as a visitor before proceeding to your child's classroom. It is expected that you will exit no later than the tardy bell at 8:25. You will need to check out in the office.

If your student arrives after the tardy bell, you will not be permitted to walk them to their class as instruction will have already begun in classrooms.

If planning to eat lunch with a student, please be prepared to present your ID if asked. Please inform grandparents or other individuals who may wish to eat with your child that they should be prepared to do the same.

If you pick your child up for an early dismissal or as a walker, you will not be permitted to enter the building beyond the office unless the teacher is expecting you, and an appointment can be verified. Teachers are still involved in instruction and/or preparing for the next day. You will need to remain in the office, and your child will be called to meet you in the office.

<u>All</u> doors remain locked during the school day except for the main entrance. At some point this year, we will be having a buzz in system installed (there is already one at AES). You will need to be granted access by a member of the faculty/staff in the office. A camera will record your presence, and you will need to await the buzz/click of the door unlocking for you. Upon entering, you will immediately enter the office. It is to your left when you come in the front door. There is no access beyond that point without first checking in with the office.

Parents/Visitors may not enter the building at any time through any other entrance. This includes entrances/exits that adjoin the bus circle, even if doors are open for am/pm bus riders. Doors that open onto the bus circle are used in the morning/afternoon to monitor bus riders.

The Headstart entrance is located off of the small parking lot that adjoins Ferguson Street. Parents visiting Headstart will need to park in the Headstart parking lot and enter their facility/program there. You will not be permitted to access Headstart any other way. While connected to the APS facility, it is a separate program that operates within the physical facility. You will be unable to enter APS from Headstart.

***<u>Please Note: Our students and staff have been instructed NOT to open doors for anyone. For the safety and security of students and staff, please do not knock on locked doors and ask to be let in.</u>**

Spot The Out of This World Reader...

Again this year, our instructional readers will have the opportunity to participate in the Accelerated Reader program (AR). This program is a technology-based literacy system designed to encourage the reading of good literature.

All participants must select an AR book of their choosing. After reading the book, the student is required to take a computerized test. Points are assigned for each test passed, based on the length and reading level of the book. Students accumulate points throughout the school year.

At designated increments, the students receive or become eligible for prizes to encourage continued participation.

Classroom teachers determine when students have access to testing and the level the program is promoted within that class. Different teachers have different policies and procedures for how AR is used/facilitated.

Student Recognition...

Students love to be recognized. In order to give a diverse student population multiple opportunities to be in the spotlight, APS, in addition to classroom rewards teachers may have, has several programs to recognize students for social and academic accomplishments. Student of the Week, academic achievement awards, accelerated reader, and birthday announcements are just a few of the ways students may be the top "Spot".

APS Cafeteria Account System...

The computerized cafeteria system provides parents the option of establishing an account whereby daily lunch costs can be deducted. Parents may choose to place money in their child's account weekly, monthly, or yearly. If you wish to have more information, please call Mrs. Jo Harris, Cafeteria Manager, at 352-7476.

Breakfast Program...

The breakfast program will begin Monday, August 26. Breakfast, like the lunch program, is offered on a full, reduced, or free price basis. Students who participate in the Free and Reduced Lunch Program are also eligible for the breakfast program.

Guidance...

Family Life:

The state of Virginia has developed Family Life Education Standards of Learning for grades K-12. Most of the standards for grades K-2 have been integrated into the social studies and/or science curricula in areas such as citizenship. Another program that covers some of the standards is Al's Pals. If you would like to review these Standards of Learning, please let the office know, and we will set a time for you to review these.

You, as the parent, have the right to opt your child out of this program. If you, as a parent, choose to have your child opted out, please let the principal know in writing.

Counseling Services:

Please contact the guidance counselor, Stephanie Allen, if you have concerns about your child. She conducts guidance lessons, but she will also talk with students who might be experiencing difficulty at school.

Bullying Prevention:

Bullying comes in many forms – bullies may exclude, tease, or physically hurt others. Help keep your youngster from being a target by building his self-esteem and encouraging him to make friends.

Help him practice how to respond if he is bullied. Since a bully feels more powerful when his target is upset, it's often best not to react.

Talking to a bully isn't a good idea, but talking to an adult is. If your child tells you about bullying, consult with his teacher or the guidance counselor.

Crisis Management...

Appomattox Primary School has a Crisis Management Plan in place. The students and staff regularly practice fire, tornado, lockdown, and evacuation drills. School is one of the safest places during most crises or natural disasters because students are prepared.

In the event of a crisis or natural disaster, students and staff will remain at school until it is determined that the danger has passed. Please do not phone the school as our limited phone lines must remain open for emergency communication.

Parents have the right to sign their child out in the school office. Please be aware that without written permission from the parent, only a parent or those individuals listed by the parent as emergency contacts will be allowed to remove the child from the school. No phone requests will be accepted.

Confidentiality...

We are required to protect student information and confidentiality. If someone calls in, we are not permitted to give information out over the phone.
Please do not ask about other students, as we are not able to share that information with anyone other than the parent or legal guardian.

Other...

Parents/Visitors may park in the visitor lot in the front of the school off of Armstrong Lane. In addition, parents walking a student in to school or walking a student out for early dismissal or walker, may park in one of the 15 minute parking spaces located in the faculty/staff lot adjoining Ferguson Street. These spaces are designated with signage. No other parking spaces in that lot should be used by visitors/parents.
Parents may not be in the bus circle for any reason.

Parking will be monitored closely for the safety of our students, this includes video monitoring. Failure to adhere to these guidelines can result in a parking ticket being issued as your license number will be turned over to the Sherrif's department for further action.

Headstart parking is available adjoining Ferguson Street in the small lot across from Robinson's Funeral Home. Please park in a designated spot only. Do not double- park, park in the grass, or in an area not designated as a parking lane.
****Please be cautious while driving in/through any APS lot as there may be small children accompanying parents to and from vehicles.**

Appomattox High School Agriculture Teacher Recognized for Innovative Teaching Idea

LEXINGTON, Ky. – Edward McCann, agricultural educator at Appomattox High School in Appomattox, Va., has been selected as the 2013 Virginia winner of the Ideas Unlimited award, given by the National Association of Agricultural Educators.

The Ideas Unlimited award is designed to give NAAE members an opportunity to exchange useful and innovative teaching ideas. Ideas are judged on their originality, practicality, adaptability to instruction, and instructional value.

After being selected as state winner, McCann competed against Ideas Unlimited Award winners from surrounding states for the opportunity to be named the 2013 NAAE Ideas Unlimited Award winner for Region VI. Regional winners will receive a stipend to attend the 2013 NAAE convention. The NAAE Ideas Unlimited Award program is sponsored by Delmar Cengage Learning.

NAAE is the professional organization in the United States for agricultural educators. It provides its' nearly 8,000 members with professional networking and development opportunities, professional liability coverage, and extensive awards and recognition programs. The mission of NAAE is "professionals providing agricultural education for the global community through visionary leadership, advocacy and service." The NAAE headquarters are in Lexington, Ky.

Leadership and a Culture for Learning: Closing the Gaps Between What Sounds Good & What Gets Done

Organizational culture is an intangible, but very real—and powerful—phenomenon. A school district's true culture is revealed by the behavior of the people working in that district. Creating cultures that reinforce and support behavior essential to learning (student achievement) is one of the most important things district leaders are called on to do. Using plenty of humor and drawing from his corporate and military leadership experiences, as well as from his work with NSBA and multiple state school boards associations, Jim will offer fresh insights on the relationship between leadership behavior, district culture and student achievement with his keynote presentation.

Raised Expectations with No Excuses

In this session, Jeff May will highlight how raised expectations, discipline and "no excuses" led his Westside Elementary School (Roanoke) debate team all the way to Marshall, Texas to debate before the World-Renown Great Debaters of Wiley College. Jeff will explain how incentive programs like step and debate not only improve academics, behavior and attendance, but also how they affect real change within the lives of the children who participate.

Disruptive Demographics: Implications for K-12 Education in Virginia

Six disruptive demographic trends of the first decade of the new millennium—the South rises again, the browning of America, marrying out is "in," the silver tsunami is about to hit, the end of men?, and cooling water from grandma's well...and grandpa's too—will dramatically transform all of this nation's social and political institutions. Using data from Census 2010 and other sources, Dr. Johnson will describe these trends and assess the specific implications and challenges they pose for the Virginia public education system.

VSBA Early Bird Sessions

Wednesday, November 20, 2013

9:30 a.m.—Noon

Mastering the Media Interview

This training is a must have for all school board members, administrators, and any other division staffers who may find themselves "on the record" with a reporter. Learn about the differences between print/radio/TV media interviews, definite "do's and don'ts," message development considerations, and specific interview strategies. We will practice essential techniques for participants to use when being interviewed about positive news stories, as well as more challenging ones such as state test results and unexpected crisis situations. All participants will receive a laminated desk card that reminds them of what to do when a reporter calls and how to prepare for an interview.

Improving College Readiness Through Dual Enrollment

During this session, Laura Holian from REL Appalachia will lead a discussion of dual credit courses (AP, IB, and dual enrollment) as a strategy for improving college readiness. Participants will receive information about prevalence of and enrollment in dual credit programs. Facilitators will lead discussions about strategies for implementing programs, lessons learned, and overcoming challenges to expanding dual credit programs.

NOVEMBER IS "VSBA TAKE YOUR LEGISLATOR TO SCHOOL" MONTH

In an effort to promote a closer relationship between public education and the Virginia State Legislature, the Virginia School Boards Association, in conjunction with the Governor, urges each school division in the state to invite at least one of their state legislators to visit their schools during the month of November.

There are many benefits from participating in ***VSBA Take Your Legislator to School Month***, including developing closer relationships between school divisions, local communities and our elected officials, and creating opportunities for productive dialogue so that educational and political leaders can work together to ensure that we provide the best possible education for our students.

INDEX

Page 2 – Quick Tips

Page 3 – Sample Invitation

Page 4 – Sample Media Alert

Page 5 – VSBA Proclamation

Page 6 – Governor's Proclamation

Page 7 – Example "In Action"

In addition, when legislators visit your schools as part of ***VSBA Take Your Legislator to School Month***, local students will have the opportunity to interact with elected officials and learn about the important roles and responsibilities of Virginia General Assembly members. Almost like a field trip that is coming to your school, a visit by your local legislator creates many different "teachable moments".

What Types of Activities Can We Implement?

There are many different types of activities that your division and local legislators can implement, including speaking to civics classes about current "hot topics", reading to younger students, participating in a mock election, discussing the Virginia legislative process, etc. The precise format for each visit should be negotiated between the division or school and the legislator, but we recommend it include a tour of school facilities conducted by a board member or other division officials. Use this opportunity to raise awareness of division successes, showcase a particular program that a legislator helped fund, or highlight division needs that have gone unmet.

Promote & Celebrate Your Visit

- ❑ After you have issued your invitation and planned the visit, distribute a media alert (sample enclosed) and invite the media to cover the visit.
- ❑ Take pictures and include a story about the visit in your division newsletter and on the division web site.
- ❑ Have participating students send thank you letters to the visiting legislator.
- ❑ Notify the VSBA of your activities. We may attend your event, promote it in our newsletter or on our web site, and/or include a news story in the VSBA Daily News.

We hope you will take advantage of this opportunity to strengthen the already solid bond between public education and the Virginia General Assembly. These activities cannot help but aid VSBA as it lobbies on your behalf on education issues. Thank you for all that you do as a leader, advocate, and supporter of pubic education.

QUICK TIPS & SUGGESTIONS

- ❑ Discuss what your divisions or school would like to get out of a visit by a state legislator and phrase your invitation accordingly.
- ❑ Consider activities involving one or two classes, rather than the entire student body.
- ❑ Thank the legislator for his or her past support for public education.
- ❑ Help the legislator decide what activities and topics would be appropriate for what age groups. Legislators may have received some suggestions from the clerks, but school staff might help them plan others.
- ❑ Be sensitive to the fact that every school and division has at least two representatives in the legislature, a senator and delegate, and perhaps more.
- ❑ Invite all of your legislators. While some may not respond to your invitation, others might feel slighted at not receiving one.
- ❑ Obtain the lawmaker's biography from his or her office or web site for use in introductions and news releases.
- ❑ Be alert to promising opportunities for photos. Sometimes that alone will be sufficient to attract newspaper or TV media coverage.
- ❑ Apprise the VSBA of your activities, past and planned, to help us promote this event this year and in future years.
- ❑ ***VSBA Take Your Legislator to School Month*** should be just one part of ongoing year-round communication that takes place between your division and Virginia elected officials.

SAMPLE INVITATION LETTER

Dear Delegate/Senator _____:

On behalf of the school board of _____, we would like to invite you to visit our schools as part of ***VSBA Take Your Legislator to School Month***, which is being observed in November.

Coordinated by the Virginia School Boards Association (VSBA) and the Governor, the goal of ***VSBA Take Your Legislator to School Month*** is to build a stronger relationship between schools and legislators. The event gives legislators an opportunity to observe what is going on in Virginia schools, and provides Virginia's young people the opportunity to meet and interact with an elected official.

There are many exciting and innovative things happening each day in _____ schools, and several members of our school board would like to give you a tour of our school facilities. Our teachers are implementing new, research-based instructional strategies, and our students are using a variety of new technology methods such as _____. In addition, you are welcome to speak to our government classes, read to our elementary students, or just walk the buildings with our principals to learn about public education in our division. We are open to your ideas on how to make this time with your young constituents most productive.

We plan to invite the local media to attend your visit, which we think communicates the high degree of interest that state and local leaders have in public education.

If your schedule permits you to accept this invitation, please contact us at _____ with some dates and times and we can discuss the details of your visit.

We look forward to hearing from you.

Cordially,

_____

A Few Tips

- Distribute the media alert via email or fax anywhere from a few days to a few weeks prior to the event, depending on the deadline of the media outlet, how quickly you have the necessary information, and how fast the opportunity has come up.
- Take photos at the legislator's visit and send a press release to your local media after the event (let them know that photos are available). That way, even if they couldn't attend they can still cover the story.
- Use the photos and press release as content for a division newsletter or web site article.

VSBA TAKE YOUR LEGISLATOR TO SCHOOL MONTH "IN ACTION"

In 2012, Campbell County Public Schools had the opportunity to host Senator Frank Ruff, Delegate Kathy Byron, and Senator Steve Newman at several schools in the division. Each legislator gave students an overview of the Virginia legislative process and shared their views on national, state, and local issues. They also stressed the importance of being an active participant in the democratic process.

Mr. Don Austin

Appomattox, Virginia 24522

Dear Mr. Austin:

Appomattox County Public Schools respectfully requests a traffic study to be conducted on Ferguson Street in Appomattox in front of Appomattox Primary School and at the juncture of Armstrong Lane. We are having a traffic back-up at two specific times of the day during school days as parents try to enter and exit Armstrong Lane from Ferguson Street: 7:45 – 8:45 a.m. and 2:45 – 3:45 p.m.

From our observations, it seems that the back-up is created by parents leaving Armstrong Lane. If the traffic was required to turn right during the two busy times noted above, the congestion could be lessened.

On August 21, 2013 we phoned the VDOT Call Center to request such a study and were given the reference number of 2132989.

We would appreciate your assistance with a study and recommendations for improvement.

Please let us know what we need to do to help with the study. We would be happy to meet with you at your convenience about this request.

Sincerely,

Dorinda G. Grasty, Ed. D.

Summer School 2013

Appomattox Primary School:

Enrollment = 80
Number of Teachers = 9
Number of Aides = 2

The primary focus for APS is reading (phonics, phonemic awareness, comprehension, and fluency). Teachers are encouraged to incorporate some math, if possible. Some teachers use weekly themes that also include some science and social studies activities, but this is left to the individual teacher's discretion and is not a requirement. Pre- and post-testing is done only to determine reading levels.

Appomattox Elementary School:

Enrollment = 65
Number of Teachers = 7
Number of Aides = 1

Focus at AES is on both reading and math. Students receive one period of direct reading instruction each day, one period of direct math instruction each day, and a computer lab period which is used for additional practice for both math and reading skills.

Appomattox Middle School:

Enrollment = 64
Number of Teachers = 7

Courses offered for middle school students include Math, Language Arts, Science, and Social Studies. A team approach was utilized this year with each group of students spending one block in math/science and one block in English/reading/social studies which proved to be quite successful.

Appomattox County High School:

Enrollment = 59
Number of Teachers = 7

Project Graduation remediation was offered to students who passed courses but failed the SOL test in Algebra, Geometry, English 11 (Reading and Writing), Earth Science, World History I, and World History II.

Not included in Project Graduation were students who failed courses but passed the SOL tests. These students were assigned coursework in the computer lab on APEX for credit recovery for courses including English 11, Biology, Chemistry, and VA & US History.

Outcomes:

APS -- 83% of students maintained skills or showed improvement

AES -- 90% of students met or exceeded benchmarks

AMS -- 88% of students met or exceeded benchmarks

ACHS--

Alg I	13/15	87%
Earth Sc	7/8	88%
Geometry	6/6	100%
Writing	2/10	20%
Wld Hist. I	1/1	100%
Wld Hist. II	3/6	50%

46 total SOL tests taken

32/46 SOL tests passed

69% overall pass rate

APEX: 10 students completed at least one APEX course

Also, there were students who completed multiple APEX courses or completed APEX courses in addition to passing an SOL test.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, August 8, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, and Division Superintendent Dr. Dorinda G. Grasty. Rev. J. Wesley Williams was not in attendance due to previously scheduled vacation plans.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Distribution of 2013-2014 Calendar/Directory and Code of Student Conduct, Parental Notifications, and Acceptable Computer System Use Policy

Board Members were provided with copies of the 2013-2014 Calendar/Directory and the 2013-2014 Code of Student Conduct, Parental Notifications, and Acceptable Computer System Use Policy. (See Attachments # 1 and # 2)

Update on Tennis Courts and Track

Dr. Grasty stated Mr. Timmy Garrett, Maintenance Supervisor, and his staff have patched the cracks in the tennis courts at the high school. The next step will be putting a top coat of gritty paint over the cracks. Mr. Garrett secured prices from a company in Richmond that does this type of work. They offered him a verbal quote of $14,000.00 to put a coat of paint on all of our tennis courts and $7,000.00 to $8,000.00 to paint one of the tennis courts. Dr. Grasty stated this still appeared to be too costly; therefore, Mr. Garrett requested the company provide a price for mixing the paint and his staff would apply the coating to the patched areas. The estimated cost was stated to be $500.00 to $800.00. It was the consensus of the Board to proceed with this option as it appeared to be the

most viable solution. It was noted this process is a short term fix which will hopefully allow the tennis courts to be used for another school year.

The superintendent reported the old rubbery surface on the high school track has been removed. The company is scheduled to return on August 12, 2013 and apply the new surface. In the meantime, it has come to our attention that the long jump does not meet current Virginia High School League (VHSL) regulations and is two feet short in width on each side. Mr. Garrett requested a price, from the company making the track repairs, to bring the long jump up to current VHSL standards. Dr. Grasty noted she hopes to have this information to share with the Board at the August 22, 2013 meeting.

ACHS FFA Funds Request for National FFA Convention

The superintendent provided the Board with a letter from Mr. Ed McCann, Agriculture Teacher and FFA Advisor at Appomattox County High School, requesting School Board consideration of providing financial support for 28 students to attend the National FFA Convention in October 2013. (See Attachment # 3) She stated Mr. McCann will be providing a brief presentation about the trip and answering any questions from Board Members at the August 22, 2013 Board Meeting.

Dr. Grasty noted last year the Board approved paying $3,600.00 toward the student expenses for 24 high school FFA members to attend the National FFA Convention in October 2012. This was based on a contribution of $150.00 per student.

Mr. Smith and Mrs. Martin were in agreement that paying the total amount of Mr. McCann's request of $14,700.00 ($525.00 per student) was not possible. Mr. Smith proposed the Board consider contributing $200.00 per student for 24 of the FFA members and $525.00 for each of the 4 FFA members who won at the state level and will be competing at the national level in the Veterinary Science Career Development Event. Mr. Smith stated this would be a total contribution of $6,900.00.

The Board will discuss this topic again at the August 22, 2013 meeting and take action.

Discussion of AYS Request to Use ACHS Field for Football and Cheerfest

Dr. Grasty shared a request from Mr. Ray Perkins for AYS (Appomattox Youth Sports) to use the Appomattox County High School field for three football games (October 5, 2013, October 19, 2013, and November 2, 2013) and to host a

Cheerfest (November 3, 2013). The use of the ACHS Football Concession Stand was also requested. (See Attachment # 4)

The superintendent also provided the outstanding bill sent to AYS for gym usage at Appomattox Elementary School, Appomattox Middle School, and Appomattox County High School for Winter Basketball from November 10, 2012 through March 2, 2013. The invoice provided was dated June 12, 2013 - Final Notice which was the fourth request submitted to AYS for payment. (See Attachment # 5)

The superintendent requested guidance from the Board regarding this request. Following a lengthy discussion, it was the consensus of the Board to add this request to the action items as this meeting.

ACTION ITEM

Consideration of Approval of Requests for Early Kindergarten Enrollment for 2013-2014

It was moved by Mr. Smith and seconded by Mrs. Martin to approve the requests for early kindergarten enrollment for 2013-2014 based on testing results as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachments # 6 and # 7)

Consideration of Requests for Admission as Out-of-County Tuition Students for 2013-2014

It was moved by Mrs. Martin and seconded by Mr. Torrence to approve admission of out-of-county tuition students for the 2013-2014 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 8)

Consideration of AYS Request to Use ACHS Field for Football and Cheerfest and the Use of Concessions

It was moved by Mr. Smith and seconded by Mrs. Martin to approve the request from Mr. Ray Perkins for AYS (Appomattox County Youth Sports) to use the high school field for three football games (October 5, 2013, October 19, 2013, and November 2, 2013) and to host a Cheerfest (November 3, 2013) as well as use of the ACHS Football Concession Stand contingent upon payment of the previous outstanding AYS bill of $3,828.00 by September 25, 2013. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a unanimous voice vote of approval from the Board.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded

by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 9)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and as recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 10)

NEXT MEETINGS

The Appomattox County School Board will meet Thursday, August 22, 2013 at 5:00 p.m. to conduct the Regular Monthly Business Meeting. The next Interim Meeting will be held Thursday, September 12, 2013 at 5:00 p.m. Both meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. By unanimous voice vote, the motion was approved.

Representatives: Mark Franklin and Mary Watson

Spout Spring Ruritan Club
Representatives: Bobby Layne and Sara Henderson

On behalf of the School Board, the chairman presented certifications of special recognition to the organizations listed above.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

ACHS FFA Funds Request for National FFA Convention

Mrs. Bethanne Metts, Agriculture Teacher and FFA Advisor at Appomattox County High School, addressed the Board concerning the National FFA Convention that will be held in Louisville, Kentucky October 27, 2013 through November 2, 2013. (See Attachment # 9) Mrs. Metts stated 28 students and 6 adults will be attending from Appomattox and requested financial support from the School Board for the 28 FFA Members.

Membership Report

The superintendent provided the enrollment report for the first four days of school for the 2013-2014 school year which indicated a daily increase. Dr. Grasty noted the current total of 2,247 included Preschool (10) and Bright Beginnings (31) students who are not counted in our total funded Average Daily Membership (ADM) figure. The budgeted ADM for the 2013-2014 school year is 2,185. (See Attachment # 10)

VSBA and NSBA Activities

The following VSBA activities were discussed:

The VSBA Legislative Advocacy Conference will be held September 30, 2013 in Charlottesville. The registration deadline is September 16, 2013 and the fee is $185.00.

The 2013 VSBA Annual Convention will be held in Williamsburg, November 20 – 22, 2013. The registration fee is $250.00 and the deadline is November 8, 2013. Mr. Waddell, Rev. Williams, and Dr. Grasty will be attending the convention.

November has been designated as "VSBA Take Your Legislator to School" Month.

Business Update

Dr. Grasty and Mr. McMillan provided the following information:

1. ACHS Track Update – Dr. Grasty reported Precision Sports Surfaces, Inc. had removed the worn out surface on the track and are scheduled to return Tuesday, September 3, 2013. It will take four days to place the new surface on the track which must cure at least 24 hours before the lines can be painted.

The Board was provided with a bid from Precision Sports Surfaces, Inc., totaling approximately $27,000.00, to renovate the long jump runway at the high school to meet Virginia High School League requirements. (See Attachment # 11) Due to the high cost of this bid, it was the consensus of the Board that the superintendent should seek additional bids for their review.

2. ACHS Tennis Courts Update – Dr. Grasty noted Mr. Timmy Garrett had ordered the paint that will be used to cover the patched areas of the tennis courts. Our maintenance staff will apply the paint as soon as it is delivered. The

superintendent emphasized this is a temporary repair that will hopefully allow use of the tennis courts for another year.

3. Request to VDOT for APS and AES Traffic Study – Dr. Grasty shared a letter she had written to the Virginia Department of Transportation (VDOT) requesting a traffic study at Appomattox Primary School. (See Attachment # 12) This request was made to assess the heavy traffic flow as students are being dropped off in the morning and picked up in the afternoon. She stated upon receipt of her letter, Mr. Don Austin with VDOT, called and asked if we also wanted to study the traffic patterns at Appomattox Elementary School since they had not had an opportunity to complete the request made last fall. The superintendent stated she requested Mr. Austin to conduct a traffic study at both the primary and elementary schools.

4. New Hybrid Retirement Plan from VRS and the Associated Required Disability Plan – Mr. Bruce R. McMillan, Director of Finance and Human Resources, reported a new hybrid retirement plan from the Virginia Retirement System will combine the features of a defined benefit plan and a defined contribution plan. The plan will apply to most members hired on or after January 1, 2014 and current employees who elect to opt into the plan during a special election window. (See Attachment # 13) A related component, also discussed by Mr. McMillan, was the Virginia Local Disability Program for political subdivision and school division employees who will be covered under the VRS Hybrid Retirement Plan effective January 1, 2014. (See Attachment # 14) Our school division can opt out of the Virginia Local Disability Plan, but doing so will require that we provide a substitute plan. Mr. McMillan stated he will research the Hybrid Retirement Plan and the associated Disability Plan further and return to the Board with his recommendations. He also noted these new plans will reduce benefits to employees as well as reduce costs to the state. The Board will need to take action by November 1, 2013.

SOL Score Report Regarding Accreditation and Federal Annual Measurable Objectives (FAMOs) Update

Mrs. Annette Bennett, Director of Curriculum and Instruction, presented a SOL Score Report that compared our scores to the state averages. (See Attachment # 15) She was very pleased to report all four schools in Appomattox County have received the Full State Accreditation Status from the Virginia Department of Education. Appomattox Primary and Appomattox Elementary School have also earned full Federal Accreditation under No Child Left Behind (NCLB). Appomattox Middle School has one area for improvement: Reading for Students with Disabilities. Appomattox County High School has two areas for improvement: Federal Graduation Index for Black Students and Economically

Disadvantaged Students. It was noted significant improvement was made at the high school this year in the Federal Graduation Rate for all students.

Summer School Report 2013

Mrs. Elizabeth Haught, Director of Remedial and Special Education, reported Summer School 2013 was a success and participation increased at the primary and middle schools from last year. The 2013 Summer School Report indicated 268 students were served by 30 teachers and 2 instructional assistants. At the primary school, 83% of the students maintained skills or showed improvement. Ninety percent of the elementary school students met or exceeded benchmarks while 88% of the middle school students met or exceeded benchmarks. At the high school, 46 SOL tests were taken with 32 tests passed. Ten students completed at least one APEX course. (See Attachment # 16)

Technology Update

Mr. Brette Arbogast, Director of Technology and CTE, presented a detailed report concerning the many technology improvements that had taken place in our school system during the summer. (See Attachment # 17)

ACHS Master Plan Committee Update

Mr. Torrence reported on the ACHS Master Plan Committee which held the first meeting on August 7, 2013. The following were in attendance: Mr. Ronnie Spiggle, Mr. Gary Tanner, Mrs. Martha Eagle, Mr. Timmy Garrett, Mr. Bobby Waddell, Dr. Dorinda Grasty, and Mr. Wyatt Torrence. The committee discussed the pros and cons of building new versus renovating. Mr. Spiggle and Mr. Tanner leaned toward renovating as this would alleviate the dilemma of what to do with another empty building. Renovation would also take into consideration the large amount of money that had been spent over the years to improve the high school athletic fields. The two members of the Appomattox County Board of Supervisors were split in their thoughts as the committee discussed utilizing a PPEA or following the more traditional route. The committee plans to visit nearby schools to view both new and renovated projects. Mr. Torrence emphasized the Board of Supervisors realize our needs at the high school, especially the aging electrical system. They are not ready to immediately jump into a high school construction project and prefer to follow a slow progression. The next meeting is planned for October 9, 2013. At that time, the committee will be looking to expand with the inclusion of parents and community leaders.

2013-2014 Teacher and Parent Advisory Committees

Dr. Grasty provided listings of the Teacher Advisory Committee (TAC) and Parent Advisory Committee (PAC) members for 2013-2014. (See Attachments # 18 and # 19) She noted committee members were selected by building principals.

Discussion of September 26, 2013 Tour of School Facilities

The superintendent requested guidance from the Board concerning the September 26, 2013 Tour of School Facilities. Following discussion, it was the consensus of the Board to:

- Continue visiting all four schools in the fall and spring.
- Focus on needs in the fall and accolades in the spring.
- Extend the length of the tours by beginning at 9:00 a.m.
- Invite elected officials to accompany the School Board each fall.

September 2013

Principal's Message...

September is here... We normally don't do a separate September newsletter, but there are several important items included as reminders and/or helpful information. Thank you for taking the time and attention to read it carefully. We are a team, and it is deeply appreciated the role you all play in your child's education.

Communication is key... Please contact your child's teacher if you have questions or concerns about the classroom. Please contact the bus driver or bus shop about bus concerns. Please feel free to contact me if I can be of assistance in any way.

Thanks so much,

Heather Mullins
Voicemail: 352-5766, Extension 24
E-mail:hsmullins@appomattox.k12.va.us

***Email is the most effective way to reach me, but you are welcome to call and leave a message and/or speak to me directly. I do ask that if I am not available that you leave a complete message including the reason you are calling, your child's name, and any other information that may help me assist you upon return call. Please allow time for me to research and/or respond, as I may be unable to return calls immediately and/or until after school due to day to day operations with students and staff.**

***I am available to speak with and meet with parents as needed and schedules permit. Appointments are preferred, but they are not required. I keep my own calendars and may be out of the office when you stop by or call. Office personnel are able to relay information, but they are not able to schedule an appointment for you. If you'd like to schedule an appointment, please leave a message indicating a phone number where you may be reached, what you may wish to discuss and dates/times you may be available. I will get back to you just as soon as I am able to do so. I want to give your concerns the time and attention appropriate, and I don't want other commitments to interfere with that.**

Attendance Information.

We are so excited that your child is at Appomattox Primary School. Below you will find helpful attendance information:

- **"Compulsory school attendance is required by the Code of Virginia 22.1-254. The Code states that every parent or guardian having control or charge of any student five to 18 years old shall be responsible for such student's regular punctual attendance at school. School attendance is the responsibility of the students and their parent(s) or guardian."**

- **At APS, attendance is documented daily. If a student is absent, a phone call is made home to the parent. If contact information has changed, please submit a letter in writing with the updated information to the main office.**

- **Students who are absent should provide a proof and a reason for the absence on the day the student returns to school. This should be a statement from the parent or guardian, health care provider, or court official. Students will be allowed to make up work from an excused absence.**

- **When a student has 3 unexcused tardies or unexcused early dismissals or a combination of the two, one absence is documented.**

- **Any questions regarding Appomattox Primary School's attendance policy should be directed to the main office.**

School Counselor's Corner….

Welcome to the 2013-14 school year! My name is Mrs. Allen and I am the new School Counselor at Appomattox Primary School. I am thrilled to spend my days working with your children!

I will be visiting your child's classroom throughout the school year, providing lessons on Character Education and Identifying Feelings. Throughout the year, I will also be providing groups on Study Skills, Grief, Divorce, New Siblings, and many more. Parent permission will be required for any groups provided for your child.

I welcome questions about our School Counseling program and look forward to working with you and your child! If you should need to contact me, you can call 352-0831.

BOX TOP NEWS

It's the most wonderful time of the year. No, it's not Christmas. It's Box Tops time and you can help APS by cutting out and saving Box Tops off of the items you purchase. Our school gets 10 cents for every Box Top. Even though it's a little amount, it adds up quickly! A letter will be coming home to explain the Box Top program and your first collection sheet will be on the back. Also, we are always looking for parent volunteers to help us with the program, so if you are interested in helping out please contact Rebecca Allen. Her email is rdallen@appomattox.k12.va.us and the phone number at the school is 352-5766 ext. 4465. Thank you for helping our school.

FAMILY FUN NIGHT....

Appomattox Primary School will be offering an eight-week Family Fun Night series this fall. The events will take place weekly on Thursday nights from 5-:00-7:30 p.m., beginning September 26th. Families who sign up to participate will enjoy family oriented fun and games while making friends, communicating and having a great time at APS. Each family in attendance will be eligible for the weekly drawing. Gifts will be awarded to the families that successfully complete the eight-week series. For more information, contact Ms. St. John , 2nd grade teacher, at 352-5766.

FALL FUND-RAISER.....

The Fall Fund Raiser for PTO ends on Wednesday, September 18th. Please bring money and orders to the APS multipurpose room on September 18th from 3:30-6:00. All checks can be made out to APS PTO, and there is no sales tax on the fund-raiser items. You can order on-line at www.minkco.com and the school's number is 133573200. Thank you for your support!

Attention: AM/PM Car Traffic…

In an effort to ensure a safer, more efficient drop-off/pick-up in the car rider loop, we are asking that you pay close attention to the direction of the staff on duty in regards to pulling up/leaving and/or loading and unloading students. In addition, we respectfully ask that when you exit from Armstrong Lane that you **turn right only** onto Ferguson Street between 8:00-8:45 and again between 3:00-3:45. The delays and extended wait times are mainly due to a back-up when people are exiting. This also creates a safety hazard for buses and other Ferguson Street traffic as folks are crossing in front of them.

PM traffic back-ups are unfortunately somewhat unavoidable due to the large volume of pickups. The bell rings at 3, but by that time there are already cars out on Ferguson Street. Please feel free to wait a few minutes after 3 before you head to APS. After the first week or so, we usually have all traffic in and out by about 3:10. No system is perfect, but we have found that ours works fairly well given the volume of cars, number of students, age of our students, and a few days of practice.

We so appreciate your patience and understanding as many of you are new to the process, and it does get smoother. As we get to know the students and the vehicles it will go even quicker. The students quickly learn the routine, as right now it is new for them too.

Thank you again for your understanding and cooperation as we work to ensure safety first, then quick and efficient drop-offs/pick-ups.

Thanks again,

Heather Mullins

About Our Newsletter…

This monthly newsletter is devoted to topics for students and their parents to use to promote health, safety, and fitness. We hope you enjoy.

Back To School!

Here are some simple tips you can follow to stay germ free and active going back to school this year:

- Be sure to wash your hands with soap or hand sanitizer after using the bathroom, coughing, or sneezing to prevent the spread of germs
- Remember to eat breakfast, lunch, and dinner. Don't forget a few healthy snacks in between!
- Don't share water bottles or drinks.
- Make sure you are getting enough sleep.
- Get some fresh air and exercise every day.
- If people are starting to get sick try to stay away from crowded places if you can.

Getting Active This School Year!

Being active is a very important part of staying healthy and fit in school. You spend most of your day sitting in your classes but here are some tips so getting active in school.

- Join your School's after school program
- Look into the teams your school may offer!
- Get friends together to play tag before or after school

Take advantage of

Recess

Staying active during the school day is important.

- Have some of your classmates join you in jumping rope. It will get your heart racing and it's a fun way to make new friends!
- Tag is a great game for everyone and you can play it anywhere.
- Get a big game of capture the flag started, maybe the teachers will even join in.
- Drink plenty of water!
- Remember being more active will help you stay healthy.

Pack a Healthy Lunch!

The way to health starts in the kitchen, and the best way to stay energized and feeling good throughout the day is by packing a healthy lunch.

- Instead of white bread for your sandwich choose a whole grain bread
- Instead of packing a pudding, pack a yogurt
- Instead of chips, pack celery sticks with peanut butter.
- Instead of soda pack milk or water

Nutrition ideas for parents:

What can I do to limit foods and beverages with added sugars?

Be aware of sources of added sugars. Sodas, fruit drinks, cakes, pies, cookies, dairy desserts, and candy are the major sources of added sugars for children and adolescents 2 to 18 years old. For younger children, sugar-sweetened beverages and cold cereals are the top sources. Offer foods that have little or no added sugars. Here are some food substitutions to choose for children 2 years and older:

Instead of:	Choose:
Flavored milk	Unflavored fat-free or low-fat milk (1% fat or less)
Sweetened yogurt	Fat-free or low-fat plain yogurt topped with fruit
Ice cream or frozen yogurt	Frozen fruits that don't contain added sugars, or frozen 100% fruit bars
Sweetened breakfast cereals	Cereals with little or no added sugars, whole-grain cereals, or oatmeal with fruit
Cookies	Whole-grain crackers, graham crackers, or plain animal crackers
Canned fruit in syrup, or sweetened applesauce	Fruit canned in water or 100% fruit juice; unsweetened applesauce
Doughnuts, pies, or cakes for desserts	Fruits (fresh, frozen, or canned in water or 100% juice), fruit salads, or baked fruits (like baked apples or pears)
Jam or jelly	100% fruit spread
Soda, fruit-flavored drinks, fruit cocktails, or fruit punch	Water, fat-free or low-fat milk, or 100% juice (no more than one ½-cup serving, once per day)

Leadership and a Culture for Learning: Closing the Gaps Between What Sounds Good & What Gets Done

Organizational culture is an intangible, but very real—and powerful—phenomenon. A school district's true culture is revealed by the behavior of the people working in that district. Creating cultures that reinforce and support behavior essential to learning (student achievement) is one of the most important things district leaders are called on to do. Using plenty of humor and drawing from his corporate and military leadership experiences, as well as from his work with NSBA and multiple state school boards associations, Jim will offer fresh insights on the relationship between leadership behavior, district culture and student achievement with his keynote presentation.

Disruptive Demographics: Implications for K-12 Education in Virginia

Six disruptive demographic trends of the first decade of the new millennium—the South rises again, the browning of America, marrying out is "in," the silver tsunami is about to hit, the end of men?, and cooling water from grandma's well...and grandpa's too—will dramatically transform all of this nation's social and political institutions. Using data from Census 2010 and other sources, Dr. Johnson will describe these trends and assess the specific implications and challenges they pose for the Virginia public education system.

VSBA Early Bird Sessions

Wednesday, November 20, 2013

9:30 a.m.—Noon

Mastering the Media Interview

This training is a must have for all school board members, administrators, and any other division staffers who may find themselves "on the record" with a reporter. Learn about the differences between print/radio/TV media interviews, definite "do's and don'ts," message development considerations, and specific interview strategies. We will practice essential techniques for participants to use when being interviewed about positive news stories, as well as more challenging ones such as state test results and unexpected crisis situations. All participants will receive a laminated desk card that reminds them of what to do when a reporter calls and how to prepare for an interview.

Improving College Readiness Through Dual Enrollment

During this session, Laura Holian from REL Appalachia will lead a discussion of dual credit courses (AP, IB, and dual enrollment) as a strategy for improving college readiness. Participants will receive information about prevalence of and enrollment in dual credit programs. Facilitators will lead discussions about strategies for implementing programs, lessons learned, and overcoming challenges to expanding dual credit programs.

NOVEMBER IS "VSBA TAKE YOUR LEGISLATOR TO SCHOOL" MONTH

In an effort to promote a closer relationship between public education and the Virginia State Legislature, the Virginia School Boards Association, in conjunction with the Governor, urges each school division in the state to invite at least one of their state legislators to visit their schools during the month of November.

There are many benefits from participating in ***VSBA Take Your Legislator to School Month***, including developing closer relationships between school divisions, local communities and our elected officials, and creating opportunities for productive dialogue so that educational and political leaders can work together to ensure that we provide the best possible education for our students.

Page 7 – Example "In Action"

In addition, when legislators visit your schools as part of ***VSBA Take Your Legislator to School Month***, local students will have the opportunity to interact with elected officials and learn about the important roles and responsibilities of Virginia General Assembly members. Almost like a field trip that is coming to your school, a visit by your local legislator creates many different "teachable moments".

What Types of Activities Can We Implement?

There are many different types of activities that your division and local legislators can implement, including speaking to civics classes about current "hot topics", reading to younger students, participating in a mock election, discussing the Virginia legislative process, etc. The precise format for each visit should be negotiated between the division or school and the legislator, but we recommend it include a tour of school facilities conducted by a board member or other division officials. Use this opportunity to raise awareness of division successes, showcase a particular program that a legislator helped fund, or highlight division needs that have gone unmet.

Promote & Celebrate Your Visit

- ❑ After you have issued your invitation and planned the visit, distribute a media alert (sample enclosed) and invite the media to cover the visit.
- ❑ Take pictures and include a story about the visit in your division newsletter and on the division web site.
- ❑ Have participating students send thank you letters to the visiting legislator.
- ❑ Notify the VSBA of your activities. We may attend your event, promote it in our newsletter or on our web site, and/or include a news story in the VSBA Daily News.

We hope you will take advantage of this opportunity to strengthen the already solid bond between public education and the Virginia General Assembly. These activities cannot help but aid VSBA as it lobbies on your behalf on education issues. Thank you for all that you do as a leader, advocate, and supporter of pubic education.

QUICK TIPS & SUGGESTIONS

- ❑ Discuss what your divisions or school would like to get out of a visit by a state legislator and phrase your invitation accordingly.
- ❑ Consider activities involving one or two classes, rather than the entire student body.
- ❑ Thank the legislator for his or her past support for public education.
- ❑ Help the legislator decide what activities and topics would be appropriate for what age groups. Legislators may have received some suggestions from the clerks, but school staff might help them plan others.
- ❑ Be sensitive to the fact that every school and division has at least two representatives in the legislature, a senator and delegate, and perhaps more.
- ❑ Invite all of your legislators. While some may not respond to your invitation, others might feel slighted at not receiving one.
- ❑ Obtain the lawmaker's biography from his or her office or web site for use in introductions and news releases.
- ❑ Be alert to promising opportunities for photos. Sometimes that alone will be sufficient to attract newspaper or TV media coverage.
- ❑ Apprise the VSBA of your activities, past and planned, to help us promote this event this year and in future years.
- ❑ ***VSBA Take Your Legislator to School Month*** should be just one part of ongoing year-round communication that takes place between your division and Virginia elected officials.

SAMPLE INVITATION LETTER

Dear Delegate/Senator _____:

On behalf of the school board of _____, we would like to invite you to visit our schools as part of ***VSBA Take Your Legislator to School Month***, which is being observed in November.

Coordinated by the Virginia School Boards Association (VSBA) and the Governor, the goal of ***VSBA Take Your Legislator to School Month*** is to build a stronger relationship between schools and legislators. The event gives legislators an opportunity to observe what is going on in Virginia schools, and provides Virginia's young people the opportunity to meet and interact with an elected official.

There are many exciting and innovative things happening each day in _____ schools, and several members of our school board would like to give you a tour of our school facilities. Our teachers are implementing new, research-based instructional strategies, and our students are using a variety of new technology methods such as _____. In addition, you are welcome to speak to our government classes, read to our elementary students, or just walk the buildings with our principals to learn about public education in our division. We are open to your ideas on how to make this time with your young constituents most productive.

We plan to invite the local media to attend your visit, which we think communicates the high degree of interest that state and local leaders have in public education.

If your schedule permits you to accept this invitation, please contact us at _____ with some dates and times and we can discuss the details of your visit.

We look forward to hearing from you.

Cordially,

A Few Tips

- Distribute the media alert via email or fax anywhere from a few days to a few weeks prior to the event, depending on the deadline of the media outlet, how quickly you have the necessary information, and how fast the opportunity has come up.
- Take photos at the legislator's visit and send a press release to your local media after the event (let them know that photos are available). That way, even if they couldn't attend they can still cover the story.
- Use the photos and press release as content for a division newsletter or web site article.

VSBA TAKE YOUR LEGISLATOR TO SCHOOL MONTH "IN ACTION"

In 2012, Campbell County Public Schools had the opportunity to host Senator Frank Ruff, Delegate Kathy Byron, and Senator Steve Newman at several schools in the division. Each legislator gave students an overview of the Virginia legislative process and shared their views on national, state, and local issues. They also stressed the importance of being an active participant in the democratic process.

Dear Dr. Grasty:

I am pleased to inform you that Governor Bob McDonnell has awarded Appomattox County Public Schools a total of $59,730.00 from the 2013-14 School Security Equipment Grant Program authorized by the 2013 General Assembly and recommended by the Governor's Taskforce on School and Campus Safety. The grant award number assigned to this award is 13001-006. These funds are approved for the purchase and installation of the school security equipment requested on the applications for the approved schools shown below:

Alternative Ed Center
Appomattox County Elementary
Appomattox County High
Appomattox County Middle
Appomattox County Primary

Reimbursements from the state grant will be made only for qualified and approved items purchased on or after September 3, 2013. The equipment must be purchased within six months of the September 3, 2013, date, or by March 3, 2014. A local match of 25 percent of the state grant award is required. The local match should also be spent by the March 3, 2014, deadline.

The state grants will be disbursed on a cost reimbursement basis only. Reimbursement payments will be issued to the division within 30 days of the grant account administrator receiving notification from the Department of Education of approved reimbursements. As this grant is funded with proceeds from notes issued by

the Virginia Public School Authority, adherence to program requirements will be strictly enforced. The period of the award is September 3, 2013, through June 30, 2014, and the state funds must be requested for reimbursement during this period.

Attached for your use is the Request for Reimbursement form. This form can also be found at http://www.doe.virginia.gov/support/facility_construction/security_equipment_grants/index.shtml. Supporting payment documentation (invoices, receipts, etc.) must accompany your Request for Reimbursement. The completed reimbursement request should be sent to the Department of Education, Support Services, P. O. Box 2120, Richmond, VA 23218.

If you have any questions concerning the reimbursement process, please contact the Support Services office by e-mail to ViJay.Ramnarain@doe.virginia.gov, Hunter.Barnes@doe.virginia.gov, or June.Eanes@doe.virginia.gov or call (804) 225-2035 or (804) 225-2037.

Resolution Concerning Opportunity Educational Institution (OEI)

WHEREAS, in its 2013 session, the General Assembly enacted legislation, which was subsequently approved by the Governor, creating the Opportunity Educational Institution (OEI) and the Opportunity Educational Institution Board; and

WHEREAS, the legislation mandates that the OEI Board take over the supervision and operation of any local public schools that have been denied accreditation and authorizes the OEI Board to take over any local public school that has been accredited with warning for three consecutive years; and

WHEREAS, it is the firm conviction of the Appomattox County School Board that this legislation violates the Constitution of Virginia in that it usurps the role of local school boards in supervising and managing the public schools of the Commonwealth; now;

THEREFORE BE IT RESOLVED, the Appomattox County School Board hereby supports the lawsuit brought forth by the Virginia School Boards Association and Norfolk City School Board to declare the OEI legislation unconstitutional and to enjoin the OEI Board from taking any action to implement the legislation.

Resolution Concerning High Stakes, Standardized Testing of Virginia Public School Students

WHEREAS, the over reliance on standardized, high stakes testing as the only assessment of learning that really matters in the state and federal accountability systems is strangling our public schools and undermining any chance that educators have to transform a traditional system of schooling into a broad range of learning experiences that better prepares our students to live successfully and be competitive on a global stage; and

WHEREAS, there is little research upon which to base the state's assumption that by taking and passing thirty-four criterion-referenced tests between grades three and eleven, Virginia's students will be better prepared to succeed in their careers and college; and

WHEREAS, we believe our student's future prosperity relies on a high-quality education system that prepares students for college and careers, and without such a system Virginia's economic competitiveness and ability to attract new business will falter; and

WHEREAS, there is little research verifying Virginia's method of applying criterion-referenced test results as valid and reliable measurements of authentic growth in student achievement; and

WHEREAS, there is little research verifying Virginia's method of measuring student growth as a valid and reliable indicator of teacher, principal, and superintendent performance; and

WHEREAS, the system that Virginia employs for high-stakes education accountability at both the state and federal level is based on the state's method of configuring criterion-referenced standardized tests, growth measures, and performance indicators, all of which lack any solid research foundation; and

WHEREAS, the real work of designing more engaging student learning experiences requires changes in the culture and structure of the systems in which teachers and students work; and

WHEREAS, what occurs in our classrooms every day should be student-centered and result in students learning at a deep and meaningful level, as opposed to the superficial level of learning that results from the current over-emphasis on that which can be easily tested by standardized tests; and

WHEREAS, We believe that a balanced system of assessments that provide a more comprehensive analysis of student learning and growth is far better in defining achievement than using snapshots of student performance on criterion-referenced tests (see VASS Blueprint, October 2011); and

WHEREAS, Our vision is for all students to be engaged in more meaningful learning activities that cultivate their unique individual talents, to provide options for students that are designed to respect how they learn best, and to embrace the concept that students can be both consumers and creators of knowledge; and

WHEREAS, only by developing new capacities and conditions in divisions and schools, and the communities in which they are embedded, will we ensure that all learning spaces foster and celebrate innovation, creativity, problem solving, collaboration, communication and critical thinking; and

WHEREAS, these are the very skills that business leaders desire in a rising workforce and the very attitudes that are essential to the survival of our democracy; and

WHEREAS, imposing relentless test preparation and boring memorization of facts to enhance test performance is doing little more than stealing the love of learning from our students and assuring that we fall short of our goals; and

WHEREAS, we do not oppose accountability in public schools and point with pride to the stellar performance of our students, but believe that the system of the past will not prepare our students to lead in the future and

neither will the standardized tests that so dominate their instructional time and block our ability to make progress toward a world-class education system of student-centered schools and future-ready students.

THEREFORE BE IT RESOLVED, that the Appomattox County School Board calls on the Virginia General Assembly to re-examine Virginia public school assessments and the system of accountability for which they form the basis and to improve the current accountability system so that it encompasses balanced assessments, reflects greater validity, uses more cost efficient sampling techniques and other external evaluation arrangements, allows for expedited test retakes, and more accurately reflects what students know, appreciate and can do in terms of the rigorous standards essential to their success, enhances the role of teachers as designers, guides to instruction and leaders, and nurtures the sense of inquiry and love of learning in all students.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, September 12, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Membership Information

Dr. Grasty provided a membership report as of September 10, 2013 which indicated the total funded ADM was 2,247 students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 1)

Review of Tentative Schedule for September 26th Tour of School Facilities

The superintendent distributed a draft schedule of the September 26, 2013 Tour of School Facilities and requested input from the Board. (See Attachment # 2) There were no requests from the Board for adjustments to the schedule. Mrs. Martin stated she would join the group at the primary school at 12:30 p.m. Mr. Smith stated he is scheduled for mandatory training on September 26th and would not be able to participate in the tour.

2013 School Flumist Campaign

Dr. Grasty reported our school division will participate with Central Virginia Health District again this year to provide Flumist Clinics for our students as well as Flu Injection Clinics for staff. She stated the dates have not been finalized and will be shared with the Board as soon as they are available.

ACTION ITEM

Consideration of Approval of Request from Historic Appomattox Railroad Festival

It was moved by Mrs. Martin and seconded by Mr. Smith to approve the request from the Historic Appomattox Railroad Festival Chair to use the parking lot at Appomattox County High School on Saturday, October 12, 2013 for the fireworks display; the parking lot and conference room of the School Board Office on Saturday, October 12, 2013 and Sunday, October 13, 2013; and Appomattox Elementary School grounds on Saturday, October 12, 2013 as the starting point for the parade as presented and recommended by the superintendent. The Historic Appomattox Railroad Festival Chair understands their organization will be responsible for the clean-up of all school property after the event. By unanimous voice vote, the motion was approved.

Consideration of Approval of VDOE Compliance with Standards of Quality and Other Miscellaneous Reporting Requirements Verification Report

It was moved by Mr. Smith and seconded by Rev. Williams to approve the Compliance with the Standards of Quality and Other Miscellaneous Reporting Requirements Verification Report as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 3)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #25 and #10770.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically students #52759, #1314-01, and #1314-02.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a unanimous voice vote of approval from the Board.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 4)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Mrs. Martin to approve the personnel report as presented and as recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 5)

Approval of Student Number 52759

It was moved by Mr. Smith and seconded by Mrs. Martin to allow Student Number 52759 to return to school on September 30, 2013 with the understanding the elementary school administration has the authority to check the student's

backpack randomly for the remainder of the school year. By unanimous voice vote, the motion was approved.

Approval of Student Number 1314-01

It was moved by Mr. Smith and seconded by Mr. Torrence to release Student Number 1314-01 from compulsory attendance effective September 13, 2013 to pursue a GED. By unanimous voice vote, the motion was approved.

Approval of Student Number 1314-02

It was moved by Mr. Smith and seconded by Mr. Torrence to release Student Number 1314-02 from compulsory attendance effective September 13, 2013 to pursue a GED. By unanimous voice vote, the motion was approved.

NEXT MEETINGS

The Appomattox County School Board will meet Thursday, September 26, 2013 at 3:30 p.m. to conduct the Regular Monthly Business Meeting. Mr. Smith stated he would be arriving late because of the mandatory training session he must attend that day. The next Interim Meeting will be held Thursday, October 10, 2013 at 5:00 p.m. Both meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty shared the following communication items with the Board:

1. Appomattox County High School students Hanna Harris and Catherine Baldwin will have their artwork included in the juried show, *Emerging Artists: Featured Works from the LCVA's 2012 & 2013 Youth Art Month Highlights Exhibitions* to be held in the Art Gallery in Bedford Hall at Longwood University on September 28, 2013. Board Members were invited to attend a reception honoring the show participants from 2:00 - 4:00 p.m. on September 28th. (See Attachment # 11)

2. Letters have been received from the National Association of Agricultural Educators (NAAE) expressing gratitude for allowing Mr. Ed McCann, Mrs. Elizabeth Duncan, and Mrs. Bethanne Metts to attend the NAAE Summer Conference. (See Attachments # 12, # 13, and # 14)

3. On September 24, 2013, twenty teachers from our primary, elementary, and middle schools were recognized through the Walmart Teacher Reward Program and received $50.00 gift certificates to purchase school supplies for their classrooms. The Walmart Teacher Reward Program recognizes the dedication, commitment and professional work of teachers in educating students in the community. Walmart hosted a reception at the School Administration Building to recognize these teachers and provided refreshments. Dr. Grasty and Mr. Waddell expressed their appreciation to Walmart.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier in the Day

Dr. Grasty requested comments from the Board regarding the tour of all four schools held earlier in the day. (See Attachment # 15).

Mrs. Martin stated she was unable to attend the tours of the elementary and middle schools but thoroughly enjoyed the delightful primary school student tour guides and the wonderful excursion they provided. She also enjoyed seeing the work that had been accomplished on the high school track and football field and was pleased that the Foreign Language Department was included in the tour.

Mr. Torrence noted it was good to have more time to visit in each school which prevented everyone from feeling rushed.

Rev. Williams was also in favor of the day's tour schedule that allowed a longer visit in each school. He was impressed with the resourcefulness of our teachers and amazed at the Spanish Classroom at the high school. He noted Mr. Ed McCann's agriculture students are fine young people and never cease to amaze with their knowledge of skills.

Mr. Waddell agreed with the comments from the other Board Members and commended the Technology Department for placing 756 IPads in our schools for use by students and staff.

Dr. Grasty was in agreement that it was a good day and noted the group enjoyed their USDA lunch at the middle school.

Membership Report

The superintendent provided the August 31, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,221 students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 16)

VSBA and NSBA Activities

The following VSBA activities were discussed:

The 2013 VSBA Annual Convention will be held in Williamsburg, November 20 – 22, 2013. The registration fee is $250.00 and the deadline is November 8, 2013. Mr. Waddell, Rev. Williams, and Dr. Grasty are registered to attend.

November has been designated as “VSBA Take Your Legislator to School” Month.

Business Update

Dr. Grasty provided the following information:

1. ACHS Track Update and Long Jump Runway Bids – Dr. Grasty reported Precision Sports Surfaces, Inc., the company hired to resurface the track, had applied the required layers of rubber and adhesive. The lines will be painted by a subcontractor as soon as possible. Mr. Phillip Jamerson has organized a group of workers and businesses to donate supplies and labor for the installation of a new, renovated long jump. Our Maintenance Department will be assisting with backfilling and drainage work as well as reseeding the grass.

ACPS Annual Report 2012-2013

The superintendent distributed copies of the “Appomattox County Public Schools Annual Report 2012-2013” to Board Members. (See Attachment # 17)

Appomattox County Public Schools Accreditation State and Federal Status

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, reported on the state and federal accreditation status of our schools. The primary and elementary schools have earned full state accreditation but did not meet one of the Federal Annual Measurable Objectives; therefore, a School Improvement Plan is required. The middle school met all of the Federal Annual Measurable Objectives but did not receive state accreditation; therefore, a School Improvement Plan is required. The high school earned full state accreditation but did not meet the Federal Graduation Index. The high school will use the Virginia Early Warning System (VEWS) to identify students at risk of dropping out or not graduating on time with a Standard or Advanced Studies Diploma to develop and implement a School Improvement Plan. (See Attachments # 18 and # 19)

Class Size Reports From Each School

Mrs. Bennett provided a thorough review of the 2013-2014 Class Size Reports from each of our schools. (See Attachments # 20, # 21, # 22, and # 23)

Update of Flu Clinics

Mrs. Elizabeth R. Haught, Director of Remedial and Special Education stated Flumist Clinics for students will be held in our schools as follow:

1.) APS	-	October 8, 2013	-	9:00 a.m.
2.) AES	-	October 9, 2013	-	9:00 a.m.
3.) AMS	-	October 8, 2013	-	1:00 p.m.
4.) ACHS	-	October 22, 2013	-	2:00 p.m.

Mrs. Haught also noted a Staff Flu Clinic will be conducted on October 21, 2013, which is a Teacher Workday, from 2:30 p.m. to 4:30 p.m. at the School Administration Building.

School Security Equipment Grant Program Award of $59,730.00

Mr. D. Michael Jones, our School Psychologist who also works with school crisis, was pleased to report Appomattox County Public Schools recently received a School Security Equipment Grant in the amount of $59,730.00 which requires a twenty-five percent local match. (See Attachment # 24) This program was authorized by the 2013 Virginia General Assembly and recommended by the Governor's Taskforce on School and Campus Safety. The state grant funds will be used to purchase surveillance cameras and looper tubes as well as install phone panic buttons and an access control system.

Annual Review of Crisis Management Plans

Mr. Jones reported the annual review of the Crisis Management Plans for the school division has been completed. He also noted he was in the process of securing updated Memorandums of Agreement from the four agencies in our county that are designated as evacuation sites in case of an emergency.

Discussion of Resolution Concerning Opportunity Educational Institution

Dr. Grasty stated the Virginia School Boards Association (VSBA) furnished the Opportunity Educational Institution Resolution and requested School Boards consider adoption. Mr. Waddell noted in an email from Mrs. Gina Patterson, VSBA Deputy Executive Director, dated September 17, 2013, forty-two school divisions had adopted the resolution. Mr. Smith voiced his support of the document. The superintendent noted the Board would be requested to consider adoption of the resolution as an action item.

Discussion of Resolution Concerning High Stakes, Standardized Testing of Virginia Public School Students

Dr. Grasty reported the Virginia Association of School Superintendents provided the Resolution Concerning High Stakes, Standardized Testing of Virginia Public School Students. She noted the Board would be requested to consider adoption of the resolution as an action item.

Joint Meeting with Appomattox County Board of Supervisors

Dr. Grasty noted a Joint Board Meeting of the Appomattox County School Board and Appomattox County Board of Supervisors is scheduled to be held Tuesday, October 29, 2013 at 5:00 p.m. in the School Administration Building. She stated she will present the "State of the Schools Report" which is normally shared with both boards at this meeting and requested input from the Board concerning additional agenda items. Mr. Smith directed the superintendent to present the type of information she has provided in the past. Mr. Waddell requested financial information be presented and Mrs. Martin suggested a list of needs be included.

ACTION ITEMS

Consideration of Adoption of Resolution for the School Board to Reimburse Itself for the Purchase of Certain Technology Equipment from the Proceeds of Technology Grants

It was moved by Mrs. Martin and seconded by Mr. Smith to adopt the resolution for the School Board to reimburse itself for the purchase of certain technology equipment from the proceeds of technology grants as presented and recommended by the superintendent. Principal's Message...

Happy October...

It is hard to believe we are already into October. Our students and staff are hard at work each day. It is amazing to see what your wonderful children have already learned this year. However, there is still much to do and learn!

I encourage you to stay involved through regular communication with teachers, to read all papers that come home, and to ask questions when they arise. Your child's teacher is a professional with a wealth of knowledge and experience with multiple students. We sometimes underestimate the expertise and education of today's educators. They are our biggest asset in helping students learn and grow into productive citizens.

Thank you in advance for all you do to for your children and their education.

Please feel free to contact me if I can be of assistance:

Heather Mullins
Voicemail: 352-5766
E-mail:hsmullins@appomattox.k12.va.us

Communication ...

Please know that it is our goal for communication to be open and efficient. E-mail is usually the easiest, quickest form of communication for the Principal and Teachers... due to instruction, meetings, etc. If you call and leave a message, please allow 24-48 hours for someone to get back with you.

If you need to make a bus change, please send it in writing by noon on the impacted date if at all possible. It is difficult to make last minute changes.

Internet Safety: Computer Ethics:

The first nine weeks our Internet Safety topic is Computer Ethics. Students are learning that computers are objects, and the computers they use at school are the property of the school. They are learning that they need to take care of and use the computers properly and appropriately. In doing so, they are learning to use computer technology ethically.

Reminders... Bus Loop: Please note the signs located at the corner of Ferguson Street and the bus loop at the front of APS. Car traffic is not permitted at all in the bus loop at any time.

Reminders continued.....

Faculty and Staff Parking Lot: Although the visitor lot is located in the front of the main entrance off of Armstrong Lane, you are welcome to park in empty spots in this lot between 8:15-3:15 daily. Please observe a 15 minute limit, however.

Car Rider: A car rider is a student whose parent will drive through the p.m. pickup. The student will be outside waiting in the line-up. The parent drives through, and the student is loaded into the vehicle. If you wish your child to be a car rider permanently or on one day, please indicate this on a written note (if you haven't already done so or on the day in question).

Walker: A walker is a student whose parent parks, comes into the office, signs the child out, and the child is then called to meet the parent to walk out.

***In an effort to make afternoon pick-up as convenient as possible, car riders, who are already waiting for you to drive around, may be signed out after 3:00. If you choose to do this, you will sign your student out with Mrs. Petty in the car rider line. Please do not pull/call your student from the line until he/she has been signed out, and someone on duty has called him/her.**

School Counselor's Corner.....

What is a BucketFiller?
Interesting question....You can put a lot of "things" in a bucket. Some examples from students include money, toys, sand, water, and my personal favorite, seashells! Did you know that you can put good feelings in a bucket? When you fill someone's bucket you fill their bucket with good feelings and good thoughts. What are ways you can fill someone's bucket? Kid's perspectives are awesome! Some examples that they gave were...

- **Holding the door for someone**
- **Smiling at others**
- **Thanking our bus drivers and cafeteria workers**
- **Listening to our teachers**

Guidance continued…….

- Inviting a new student to play on the playground
- Picking up our trash in the cafeteria

As parents, it is also our job to fill our children's buckets. What are ways we can fill our children's buckets? How about spending extra time with them? Time is something that doesn't cost anything. Something else that is free is a smile. What does your face say when your child comes into the room? Do you stress out, thinking about all of the homework that needs to get done or do you just smile because they are there? Kids will always remember how you made them feel and what you put in their bucket!

Superintendent's Message

Dear Staff,

Greetings to you on this beautiful October day! We have moved from hot summer humidity to cool fall evenings. Soon the days will turn cold and we may yearn for the warmth again. The Farmer's Almanac predicts that November, December, and March will be much colder than average. It calls for January to be wetter than normal; let's see if that moisture is frozen or liquid.

The Division Digest is published every other month for staff. This issue of the Division Digest is chock-full of student success and learning. You will also find important news and information about curriculum, human resources, transportation, sports, and much more.

I trust that the first eight weeks of school have been great ones for you in ACPS. I know that you have already seen academic gains and progress in your students. I have the pleasure of walking about our schools each week observing the hard work of our employees as you go about your job.

As we continue to provide our students with the necessary survival tools to thrive in their future, honing critical thinking and problem solving skills will be crucial. Our students must be able to access and analyze information, as well as communicate effectively in oral and written formats. Our task of inspiring initiative and igniting curiosity is a task worth the effort for our young people.

You have probably seen much in the media lately about school rankings and school accreditation across the state. Schools and school divisions are assessed at both the state and federal levels on student achievement. Regarding state and federal accreditation for ACPS, the primary and elementary schools have earned full state accreditation; they did not meet one of the 29 Federal Annual Measurable Objectives (FAMOs); therefore, a School Improvement Plan is required. AMS met all of the 29 Federal Annual Measurable Objectives (FAMOs) but did not receive full state accreditation and is accredited by the state with warning; hence, a School Improvement Plan is required. ACHS earned full state accreditation but did not meet the Federal Graduation Index requirement; therefore, ACHS must identify students at risk of dropping out or not graduating on time and implement a School Improvement Plan.

Thank you for teaching and taking care of our students. Thank you for the pride you take in your job in ACPS and for inspiring our students to realize their dreams.

"Once children learn how to learn, nothing is going to narrow their mind. The essence of teaching is to make learning contagious, to have one idea spark another."-- Marva Collins

More than 32 million children eat school lunch every day across the USA. To celebrate the healthy lunch choices in Appomattox, schools will observe National School Lunch Week: October 14-18, 2013.

The federally-funded National School Lunch Program (NSLP) provides nutritionally balanced, healthy meals to students every day. The program, which has been serving the nation's children for over 60 years, requires school meals to meet federal nutrition standards by:

- Ensuring students are offered both fruits and vegetables every day of the week;
- Substantially increasing offerings of whole grain-rich foods;
- Offering only fat-free or low fat milk varieties;
- Limiting calories based on the age of children being served; and
- Reducing amounts of saturated fat and sodium and eliminating trans fats.

Please visit the nutrition services link under support services on the division website for more information!

Appomattox County Public Schools Recycling Program!

Thank you to Ms. Ferguson, Ms. East, Ms. Hamlette and their students for all of their hard work with our Recycling Program!

We are having an issue at some locations with garbage in the gray collecting bins. Please know and inform students that paper products ONLY are allowed in the gray bins.

Public Comment Invited on 2014-2015 School Budget

The Appomattox County School Board will hold a public comment session on Thursday, November 14, 2013 at 5:00 PM in the Board of Supervisors Meeting Room at the Appomattox CVCC Satellite which is located at the Carver-Price Educational Complex at 136 Carver Lane, in Appomattox. The purpose of the session will be to solicit comments from the public prior to development of the 2014-2015 school budget.

Individuals and organizations with suggestions for the 2014-2015 school budget are encouraged to speak at the meeting. It is not necessary for speakers to request placement on the agenda for this portion of the School Board meeting.

This initial meeting will allow the School Board to hear suggestions prior to development of the school budget. The budget development time line calls for the School Board to hold a public hearing on the School Board Budget at its February 2014 meeting. The specific date for that meeting will be set when the Board adopts its 2014 calendar in January.

For further information, contact the superintendent at 434-352-8251.

Read Aloud to a Child Week

Senate Joint Resolution 409 (2001) designates the fourth week in October as **"Read Aloud to a Child Week."** In recognition of this, the Department of Education, in collaboration with Read To Them, a Virginia nonprofit family literacy organization, encourages all parents, teachers, and caregivers to join in celebrating Read Aloud to a Child Week, October 20-26, 2013.

The Read To Them website can be accessed at http://www.readtothem.org. On this website, you can find pledge sheets, teacher/parent letters, and tips for celebrating Read Aloud to a Child Week.

ACPS Teachers Team Up to Tackle Math

K-12 Math teachers in our division have been meeting each Wednesday in afternoon workshops to learn new strategies for math instruction in our division. Topics of importance are the Mathematical Process Goals of Communication, Connections, Mathematical Reasoning, Representations and Problem Solving, Cooperative Learning, Assessment, Data, Vocabulary, and Virginia Department of Education Resources. Our goal is to provide teachers with the tools they need to offer conceptual based math instruction. The teachers and presenters have been working together in groups that span all grade levels and math levels. The 5 workshops started September 8th and ran through October 2nd. Thank you to all teachers and presenters involved in this initiative.

ACCESS Team News

The ACCESS (**A**ppomattox **C**ounty **C**urriculum **E**nhances **S**tudent **S**uccess) Team is off to a great start this year. We are working in all schools to teach students the 21st Century skills of communication, collaboration, connection, and global awareness through project based classroom experiences. Since last January, a divisionwide team of about 40 teachers and administrators have been training and preparing for this year's pilot launch. ACCESS classrooms are open to all for visitation and observation and these teachers can answer questions related to this initiative. The ACCESS Team meets once a month as a K-12 group to discuss relevant topics, share resources, and assist one another in project planning and revisions. If you are interested in joining the ACCESS Team, talk to a principal, ACCESS teacher, or the Director of Curriculum and Instruction at the division central office.

Remedial and Special Education

Beth Haught, Director

New Special Education Staff

You may see some new faces in the halls of APS, AMS, and ACHS. Brooke Boardwine is the new pre-school special education teacher at APS. Alejandra Moreno, Autumn Thompson, and Jill Lawson have joined the APS special education staff as teacher assistants. In addition, Sharon Petty has moved into a pre-school sped class as a teacher assistant. Zachary Guca is now part of the AMS special education team. Renee Hounsell has graduated from AMS and has joined the ACHS special education staff. Please join me in welcoming these folks to their new homes!

Annual Title 1 / Special Education Parent Meeting

Parents will be invited to attend the Annual Title 1/ Special Education Meeting which will be held at AES this year on Monday, October 28 at 7:00 p.m. Special Education and Title 1 staff from AES and APS will present information about their programs with take-home materials being provided for parents following a brief question and answer period. All parents of children receiving special education or Title 1 reading services are encouraged to attend this event.

Spotlight on Summer School

Over 260 students attended summer school in July. Eighty-seven percent of all students at APS, AES, and AMS maintained or improved their skills. Forty-six SOL tests were taken with 100% pass rates in both World History I and Geometry. Ten students successfully completed at least one APEX course. Congratulations to all of these students and the teachers who helped them achieve these milestones!

Technology

Brette Arbogast, Director of Technology

Appomattox County Public Schools students are receiving the same benefits as students in larger, higher funded areas receive. Appomattox County Public Schools currently have over 750 Ipads distributed throughout the division. We have recently added to our fleet of Ipads by delivering carts to the following locations: one cart for each grade level at APS, two carts to third grade, two carts to fifth grade, and a cart to every science teacher in 6th - 12th grades. Finally, two carts were delivered to the Appomattox County Classroom Make Over (ACCMO) Contest winners, one to AMS and one to AES.

These additional deployments have forced the Technology Department to take a keen look at management software and how these devices will be tracked and secured. The best solution discovered so far is a Cisco cloud based technology called

Meraki. In time, the Technology Department hopes to train teachers with this new software to allow them the opportunity to manage their own devices, including app management.

The Technology Department has been planning these types of implementations for the past three years. This planning has provided a network backbone that will be sufficient to handle the added load. Currently, the network is fine**,** but as we venture out to more cloud based solutions, we will need to examine how much we are willing to spend on high speed Internet. Our current infrastructure can handle a true one to one student device initiative, but the biggest concern we face is whether our current Internet Service Provider's connection can handle it.

We do not feel that a true one to one initiative is far off, but the main focus is not how many devices can be deployed, but how effective those devices will be.

Transportation
Matt Lair, Supervisor

The following information gives some very interesting facts about school bus usage in the United States. If you are interested in having this information in poster form, let us know at the Transportation Department and we will be glad to send you the link.

Fact: School buses are the safest mode of transportation for getting children back and forth to school.
The following information about student fatalities is an annual average during normal school travel hours:

58% traveling with other teen drivers
23% traveling by adult drivers
18% not specified
1% traveling by school bus (realizing of course that this is still too many for our industry)

Students are about 50 times more likely to arrive at school alive if they take the bus than if they drive themselves or ride with friends. But, did you know that our children are much safer riding the bus than being driven by their parents?

Fact: School buses are designed to be safer than a passenger vehicle in avoiding crashes and preventing injury.

Large school buses are heavier and distribute crash forces differently than do passenger cars and light trucks. Because of these differences, the crash forces experienced by occupants of buses are much less than that experienced by occupants of passenger cars, light trucks or vans.

Today's school buses are built with safety in mind. They are tougher, cleaner, and more diligently maintained than ever. School bus drivers are required to receive special security and medical training, and undergo regular drug and alcohol testing to provide a safe ride for our students.

Fact: School buses keep an annual estimated 17.3 million cars off roads surrounding schools each morning. School buses keep cars off the road, decreasing both traffic congestion and fuel emissions**.**

Every school bus equals 36 cars. For a national savings of:

2.3 billion gallons of fuel

6.0 billion dollars

44.6 billion pounds of CO2

Maintenance
Timmy Garrett, Supervisor

Maintenance Department
Top 25 Summer Accomplishments for 2013

1) Preventive Maintenance on HVAC units in schools – 1-cooling tower, 39-rooftop units, 60-through the wall units, 2-chillers, 40-watersource heat pumps, 7-boilers

2) AES - Repaired walls and painted at the Clinic, Guidance lobby, classrooms E-109, E-209, E-210, M-209, kitchen serving lines and touched up hallways

3) AMS-Painted at AMS - Repaired walls and painted boys and girls locker-room, 8th grade hallway, 109 classroom

4) ACHS -Painted at the ACHS classrooms 314, 216, 114, 302, 301, 305, 309, kitchen, Agriculture locker-room, Cafeteria wall

5) ACHS -Painted at the Field House bathroom and concessions

6) ACHS – Repaired and painted mobile decks and steps

7) ACHS -Repaired and repainted Old Tennis Courts

8) Painted the Exterior of the Maintenance Shop building

9) Painted the Exterior of the ALT ED building

10) APS, AES, AMS, ACHS, Preventive Maintenance on Kitchen equipment: walk-in coolers, freezers, steamers, ice makers dishwashers, and repaired garbage disposals

24) Installed additional Wi-Fi and network cabling

25) Relocated 5 computer labs at ACHS

Capital Projects:

You may have noticed our track at ACHS getting a facelift. The very worn and pitted rubber layer was removed from the asphalt. Next, four layers of rubber and adhesive were applied. The last step of the process was to paint lines so it will be ready for track events. The project was delayed longer than we anticipated due to many days of rain over the summer.

Our maintenance crews repaired and repainted our upper tennis courts in order for them to be used another year. The large cracks had made playing difficult.

The Appomattox County Athletic Boosters and the Spout Spring Ruritans donated funds to have the playing field at Bragg Stadium sprigged with Bermuda grass this summer. This grass is designed to be more durable and sustain more wear. We appreciate the donation from both of these groups for our student athletes and this facility.

An ACHS Master Plan Committee has been formed to begin discussing how to proceed with renovating the building. One master plan has been reviewed as an example of the renovation possibilities. The committee will be visiting other renovated and new high schools.

County CTE Advisory Council State Runner-Up

The Career and Technical Education Advisory Council for Appomattox County Public Schools was recently recognized as top Secondary Advisory Committee in Region 8 at the commonwealth's annual DOE Creating Excellence Awards Program ceremony in Richmond. Appomattox was also declared the state runner-up. The Creating Excellence Awards Program is a partnership between the Virginia Department of Education (VDOE), the Virginia Career Education Foundation (VCEF) and the Virginia Community College System (VCCS). The advisory council was recognized for its progressive industry credentialing strategy, student recognition program and its implementation of a wiki-based website for CTE teachers and advisory committee members. The County Advisory Council is under the leadership of agriculture teacher, Ed McCann and Division CTE Director, Brette Arbogast. Nominations for community member seats are currently being sought for the 2013-2014 school year. Interested parties should contact Division CTE Director, Brette Arbogast.

CTE Advisory Council Chair, Ed McCann, Division CTE Director, Brette Arbogast and School Board Chair, Bobby Waddell, accept the State Runner-Up Secondary Advisory CTE Committee Award for the DOE Creating Excellence Award Program from Dr. Pat Wright, Superintendent of Public Instruction for the Virginia Department of Education.

Appomattox County Education Foundation Scholarship Program

The Appomattox County Education Foundation, Inc. was established in 1998 by local officials and business individuals in the community for the sole purpose of providing college scholarships to deserving graduates of Appomattox County High School. During the past 8 years, 123 scholarships totaling $60,100.00 have been awarded to ACHS graduates. Employees of Appomattox County Public Schools have generously contributed to this scholarship fund through payroll deduction since the foundation was established. Payroll deduction can be processed at a minimum monthly contribution of $1.00 and forms are available by contacting Mitzi Letterman at mbletterman@appomattox.k12.va.us If you are interested in contributing to this scholarship fund for ACPS students, you may set this up with Mrs. Letterman.

Pictured below, are members of the School Board and visitors from the School Board Office who toured APS on September 26th. Student tour guides led the visitors throughout APS. The tour guides were Bella Hamilton, Landon Hamlett, Destyni Almond, Julie Goodman, Myah Kelso, Kyle Davis, Gray Peterson, Morgan Romack, and Nadia Caskey.

Students in Mrs. Royal's second grade class are pictured with their projects that were produced as an introduction to a communities unit. They did a "show what you know" project, organized by learning styles – auditory, visual, and kinesthetic. Students showcased the definition of community, what you would find in a community, and/or what happens in a community.

Amy McConville and Ketisha Donnigan had a Project Based Learning (PBL) showcase for their student's animal projects. Each student had to research about animals, then create and write about their animal. Approximately forty parents, grandparents, and friends attended the showcase for the two classes.

A Day in the Life...

As a Principal, you never know what will come across your desk. When Teacher Assistant, Jennifer Campbell, heard meowing at her car in the APS parking lot...she just couldn't let the sounds go unanswered. After lying on her back and shimmying under her car, she reached up to extract this kitten from her vehicle's underbelly. Knowing she couldn't leave the calico kitten to fend for herself along busy Ferguson Street, she did what any APS staff member would do...she came to the rescue and quickly took the kitten to the main office. Even the furriest little ones are looked after under the watchful eye of APS staffers!

AES NEWS

AES Resource Officer DARES To Be Involved

AES fifth graders geared up on October 7, 2013, with Drug Abuse Resistance Education (DARE) lessons taught by Sgt. Eagle and assisted by our new School Resource Officer, Deputy Nipper. Deputy Nipper is in training to take over lessons, currently serving 9 fifth grade classes, once per week for ten weeks during the fall semester. Students are encouraged to wear their new DARE shirts each week on the day their class receives lessons. DARE is designed to empower students to respect others and choose to lead lives free from violence, substance abuse, and other dangerous behaviors. During each lesson, students are actively involved in teamwork, interactive activities, essay writing, and group discussions about how to make positive choices, avoid peer pressure, and set personal goals for a future free from drug and alcohol abuse.

Welcome to the Jungle!

At the beginning of the year, Mrs. Ferguson's class began a thrilling unit on the rainforest during their time in the library with Mrs. Williams and Mrs. Moore. They began by reading several books about the remarkable things found in the rainforest. Books included *The Great Kapok Tree*, *Clara and the Armadillo*, *Where the Forest Meets the Sea*, and *Don't Smile at a Monkey*. They created together their own tree on the library wall after reading about the kapok tree, and as the weeks have gone by, they continue to add animals and vines. They have learned about the different levels of the rainforest and which animals live in each level. They compare and study the animals that live there, but not here in Appomattox. Technology has been a part of their journey, as they downloaded a book from www.rainforestalliance.com and they made a PowerPoint visit down the Amazon River, where they met different animals and learned how each is unique to the Amazon rainforest. They are currently becoming authors by creating their own books about the rainforest. This has been, and continues to be, an amazing journey with an equally amazing group of students!

AMS News

The school year has begun, and AMS has hit the ground running. The students and faculty have begun the journey of the 2013-14 school year with a focus on "**Learn Together; Work Hard; Believe**,"…our theme for the year. Educating our children requires all of these pieces to blend together as we provide our students with the tools they need to be successful in any endeavor, so as they **learn together**, they **believe** they can do whatever they want through **hard work.**

AMS, continued

Thursday, September 12, Ms. Maxwell's class, in conjunction with a Project Based Learning (PBL) activity, skyped with author Julie Berry. Students are currently studying character and plot development and are reading Ms. Berry's book "Splurch Academy for Disruptive Boys: The Rat Brain Fiasco." They asked Ms. Berry questions about how she comes up with characters and how she develops stories. Ms. Berry talked about her process for writing and gave students advice about creating characters and practicing to become better writers.

Below…For the PTO, September 17th was an evening of games, food and fun. The Encore teachers spearheaded activities for parents, teachers, and students. Mr. Sullivan had an interactive game for the parents to do along with his car competition. Mrs. Evans drew a football mural on the side of the school and took pictures of the parents and students posing in front of it with a uniform and football in hand. She also had a competition of who could build the tallest paper tower in a given amount of time. Mrs. Torrence led her infamous physical activity games. Included in the games were the 3-legged race, bean bag toss, Frisbee toss, locomotor relay, shuttle run, wheelbarrow race, and balloon toss. Many parent/child teams participated and awards were given out, followed by a hotdog/hamburger supper.

IPads for Science Classes: This year, IPads have been made available in all AMS science classes. Students will explore new ways to learn Science as they use the IPads to connect with infinite resources outside the walls of the classroom.

Pictured above is the classroom makeover award winning classroom. Teachers submitted plans for an "ideal" classroom, and two were selected in the division. The classroom provides space for students to engage and interact both with each other, content, and 21st Century learning skills. The classroom is now equipped with tables instead of desks, has IPads for students to check out, a TV that has an adapter for the IPad which can project student work, and a wall painted with whiteboard paint.

Mr. Sullivan and Ms. Duncan have been hard at work putting the final touches on the Lowe's Grant as they install pavers to complete a walkway connecting the sidewalk to the parking lot in the front of the building. Once completed, students who walk or are dropped off out front will have an easier, more convenient path to the school.

ACHS News

Co-Curricular Clubs at ACHS are an important part of the Career and Technical Education (CTE) Programs. The staff sponsor these clubs and students get involved by being a member, supporting the activities, and participating in the many competitions.

YOVASO or "Youth of Virginia Speak Out about Traffic Safety" puts on Seasonal Campaigns **promoting safe driving**. This season the Campaign is "Save Your Tail Gate" and it promotes wearing your seat belt. Patricia Garrett, Libbie Williams, Savannah Stalker and other Senior Class Members have helped promote this campaign through Football Tail Gate parties with students and families. This campaign goes through October 11th and the top winner gets a party for the whole school, media coverage of a plaque presentation to the Principal, and a banner recognizing the school.

ACHS FFA Officers attended the Southside Area Chapter Officer Leadership Conference: (Left to Right): Adam Fleshman, Cody Sams, Cory Hodges, CJ Paulette, Garrett Woody, Oralia De La Cruz, Sidney Braswell, and Tyler Archer

Future Business Leaders of America and DECA hosted an ice-cream social in September to recruit and let students know what activities will happen during the 2013-2014 year. Activities include the following: Project ASK (a program giving support for children with cancer), monthly meetings, and Operation Christmas Child (giving gifts to children from APS).

Sports
Chris Dodge, Athletic Director

The fall sports season is well under way for the ACHS Raiders. The Varsity Football Team is currently 4-2, with a 56-12 win over William Campbell this past Friday. Our next home game will be on October 18 against Gretna, which is also ACHS Homecoming. The JV Football Team is currently unbeaten with a record of 6-0. Keep up the good work!

The Varsity Volleyball Team is currently 5-5, and is coming off a win against Nelson County High School last week. The girls will be away on October 8 against Chatham and October 10 against Altavista. The girls will be at home again on Tuesday October 15 against William Campbell.

The Cross Country Team has over 30 runners this year and both the boys and girls teams are representing Appomattox County well. They will be having a home meet on October 16 at the Appomattox County Community Park on Police Tower Road. Come out and see them run.

The Competition Cheer Team has been to two Invitational Competitions. They traveled this past weekend to Powhatan High School for the Spirit Invitational. They will be hosting the Conference 37 Cheer Competition on October 26.

The Golf Team has had another successful regular season. They just competed and won the first Conference 37 Golf Tournament. Coach Marshall was named Coach of the Year, and Bruce Shober was named Golfer of the Year. The team traveled

Sports, continued

to Fincastle Country Club in Bluefield, Virginia, to compete in the Region 2A West Tournament on Thursday, October 3. They finished in a tie for third as a team. Chase Mayberry qualified for the state tournament.

The winter sports season is just around the corner. Practice for winter sports can begin on Monday, November 11. This is a reminder to winter and spring sports athletes that you MUST have a completed VHSL physical form turned in before you can start practice. This includes out of season practices.

The "Dead Period" at the beginning of winter sports is from November 11-20th. All other sports besides winter sports cannot practice/condition/have any communication from coaches during this period.

School Security Equipment Grant Awarded

ACPS has been awarded a Virginia Department of Education School Security Equipment Grant in the amount of $59,730.00 which will be used to improve security at each of our schools and at the Appomattox Alternative Education Center. There is 25% local county funding match. The state grant funds will be used to purchase surveillance cameras, as well as install phone panic buttons and an access control system.

Flumist Clinics

Clinics will be held in our schools as follow:

1) APS - October 8, 2013 - 9:00 a.m.
2) AES - October 9, 2013 - 9:00 a.m.
3) AMS - October 8, 2013 - 1:00 p.m.
4) ACHS - October 22, 2013 - 2:00 p.m.
5) Staff Flu Clinic - October 21, 2013 - 2:30 p.m.– 4:30 p.m.

Influenza Vaccine

What You Need to Know

Flu vaccine is recommended every year.

1. Why get vaccinated?

Influenza ("flu") is a contagious disease that spreads around the United States every winter, usually between October and May.

Flu is caused by the influenza virus, and can be spread by coughing, sneezing, and close contact.

Flu vaccine is the best protection we have from flu and its complications. Flu vaccine also helps prevent spreading flu from person to person.

2. Live, attenuated flu vaccine—LAIV, Nasal Spray

There are two types of influenza vaccine: You are getting a live, attenuated influenza vaccine (called LAIV), which is sprayed into the nose. "Atenuated" means weakened. A different vaccine, the "flu shot," is an inactivated vaccine. It is given by injection with a needle. Flu vaccine is recommended every year. It takes about 2 weeks for protection to develop after the vaccination, and protection lasts several months to a year.

3. Some people <u>should not</u> get this vaccine:

* If you have any severe (life-threatening) allergies
* If you have ever had Guillain-Barre' Syndrome (a severe paralyzing illness, also called GBS)
* If you have received any other vaccines in the past 4 weeks

Middle Years

Working Together for School Success

Short Stops

A good start

Pleasant good-byes can set the tone for the day. Get in the habit of saying, "Have a terrific day!" before going off to school and work. Or give your child a high five or a hug on the way out the door. Leaving on an upbeat note will help both of you feel good about the day ahead.

Break time

Tween schedules can get busy quickly. Try leaving space between events so your youngster has time at home. That way, she'll be rested for school and more connected with family. You might let her go to a Saturday night sleepover but say no to outings earlier in the day, for example.

Win or lose

Encourage your middle grader to show good sportsmanship in victory and defeat. He can respect opposing teams by avoiding "showboating" after winning. He should also shake hands with opposing players, no matter the score. This behavior shows maturity and helps him be a well-respected player.

Worth quoting

"How we spend our days is, of course, how we spend our lives."
Annie Dillard

Just for fun

Q: What can you use to fix a torn pizza?

A: Tomato paste!

Put to the test

No matter what classes your middle grader takes, she can count on one thing: tests. Knowing how to approach quizzes and exams can boost her confidence and help her do better. Share these 8 test-day tips with your child.

1. Eat a healthy breakfast. Proteins and carbohydrates help you focus and give you energy, so include foods like yogurt and fruit or peanut butter on toast.

2. Take your seat a few minutes early. Then you won't feel rushed when the exam begins.

3. Pay close attention to directions. You may need to answer only one essay question out of three, for instance.

4. Plan your time. Consider dividing the minutes available and the number of questions in half so you know where you should be by the halfway point.

5. Scan each section before starting. Tackle easier sections first so you feel a sense of accomplishment.

6. In the margins, jot down formulas, math facts, important dates, or other devices to jog your memory.

7. If you get stuck, skip the question, and go back to it later. If you still don't know the answer, take an educated guess rather than leaving it blank.

8. Review your work. Be sure you answered all questions and that your answers are legible or marked clearly. *Tip:* Stick with your first answer unless you're sure it's wrong—first instincts are often correct.

Tween-friendly ways to be involved

Volunteering at your child's school makes you a partner in his education—when he sees that you care, he'll care more, too. Here are ways you can help:

- Send in supplies for art club meetings.
- Pass out flyers for the band fund-raiser.
- Bake cookies for the school play's cast party.
- Be a timekeeper at a cross country or track and field meet.
- Chaperone a school dance.

Tip: If your middle grader is uncomfortable seeing you at his activities, volunteer for others. Or work behind the scenes—you could be on a parent committee that meets while he's not even at school.

Keeping the peace

Help your tween feel secure, and strengthen your relationship with him, by keeping things as peaceful as possible at home. Consider these ideas.

Decide "big" or "little." Your middle grader may annoy you by wearing mismatched clothes to school or joking when you want him to be serious. But pointing out everything you don't like can make him defensive and angry. Figure out what matters most in the long run, such as whether he does his best in school and is trustworthy. Then, try to keep the rest in perspective. Knowing what's really important will help you pick your battles and get along better.

Listen to the "small stuff." When your child sees pictures on Facebook of a party he wasn't invited to or finds out that the girl he likes has a crush on someone else, it may not seem crucial to you. But remember that social relationships are all-important at this age. If you listen and show sympathy for his feelings, he'll be more likely to keep telling you things. And by having a safe place to vent, he might be able to get over disappointments more quickly.

Homework habits

Do you ever wonder why your child has homework? Two reasons (at least): It cements the ideas she learned in school, and it lets teachers see her progress. Encourage strategies like these to help your middle grader get the most out of her homework.

Set up a space

Make sure she has a place to work with good lighting, a comfortable seat, and no distractions like TV or noisy siblings. She should stock supplies in a drawer or box so she can find them quickly.

Manage the time

Help your tween schedule her homework time—but ultimately it is her job to manage it. She should set aside a specific time each day (1–2 hours) and build in a break or two to keep her mind sharp.

Note: Make it clear that homework comes first. When she finishes, she can enjoy her hobbies or use the computer for fun.

Q&A Bully-proof your child

Q *I've heard bullying peaks in middle school. How can I make sure my daughter isn't a target?*

A There is no way to guarantee a child will never be bullied. But there are things you can do to help.

Since bullies are less likely to pick on someone who has friends, encourage her to get to know other students. Suggest that she join a club, and have her invite classmates over. Not only is there safety in numbers, but having friends will build her self-esteem, which in turn can discourage bullies from targeting her.

Also, talk to your daughter about bullying. Tell her that if she is bullied or sees someone else being bullied, she should seek help immediately from an adult, whether it's you, a teacher, an administrator, or a coach. Let her know that she's not expected to handle this problem alone.

Parent to Parent More nonfiction reading

My son, Kevin, reads mostly fiction, but his language arts teacher said the class will read lots of nonfiction this year. The reason, she said, is to prepare students for high school, college, and careers, where "informational text" is important.

The teacher suggested a few ways to help at home. First, she said, we could leave the newspaper out and mention articles about topics that affect him. For example, I pointed out stories on road construction where he rides his bike and festivals we might attend.

Also, the teacher said to encourage our kids to read nonfiction books about things they're interested in. The next time I went to the library, I brought home books about car racing and a biography of one of Kevin's favorite drivers. I was happy to see him reading one rather than watching TV the other night!

He even asked to go to the library to get a book about another driver. And when we were there, he picked up a few other books about speed records and breaking the sound barrier.

The Prudential Spirit of Community Awards recognize young volunteers in grades 5-12. Students must complete an application online at http://spirit.prudential.com or www.nassp.org/spirit by November 5, 2013. The awards range from $1000.00 at the state level and $5000.00 at the national level.

Please see Mrs. Cooter if you have questions.

Mrs. Cooter has met with all 6th, 7th, and 8th grade students to discuss grade level transition, study skills, the importance of good attendance, high school expectations, and the Appomattox County Schools promotion policy. As a reminder, the policy is on page 11 of the Student Planner and states: "Middle School students are required to pass five (5) subjects, including the four core subject areas (Language Arts, Math, Science, and Social Studies), in order to earn promotion to the next grade. SOL scores are taken into account when analyzing whether a student should be retained."

Please review the "Six Steps to Smarter Studying" with your child. It was featured in Kids Health and I hope you will find it beneficial. Additionally, please feel free to contact me should you have questions or concerns. I may be reached at 352-8257, extension 4209 or at dwcooter@appomattox.k12.va.us.

Six Steps to Smarter Studying

How did you learn how to ride a bike? Someone probably gave you a few lessons and then you practiced a lot. You can learn how to study in much the same way. No one is born knowing how to study. You need to learn a few study skills and then practice them.

Why work on your study skills? It will make it easier for you to learn and do well in class, especially as you move up to middle school and high school.

Here are six steps to smarter studying:

* Pay attention in class.
* Take good notes.
* Plan ahead for tests and projects.
* Break it down. (If you have a bunch of stuff to learn, break it into smaller chunks.)
* Ask for help if you get stuck.
* Get a good night's sleep!

1. Pay Attention: Good Studying Starts in Class

Here's a riddle for you: Did you know that before you even begin studying, you've already started? Huh? Here's what we mean. When you pay attention in class and take good notes, you are starting the process of learning and studying.

Do you have trouble paying attention in class? Are you sitting next to a loud person? Is it hard to see the board? Make sure you're sitting in a good seat that lets you pay attention. Tell your teacher or parents about any problems that are preventing you from paying attention and taking good notes.

2. Good Notes = Easier Studying

Not sure how to take notes? Start by writing down facts that your teacher mentions or writes on the board during class. Try your best to use good handwriting so you can read your notes later. It's also a good idea to keep your notes, quizzes, and papers organized by subject.

Get a Good Spot

You'll study best if you do it in the same spot each time. Choose a place that's well lit and free from distractions like the TV and other kids in the family. You should be comfortable, but not too comfortable. You can't study if you're asleep!

3. Plan Ahead and You'll Be Glad You Did

Waiting until Thursday night to study for Friday's test will make for a homework night that's no fun! It also makes it hard to do your best. We're all guilty of putting things off sometimes. One of the best ways to make sure that doesn't happen is to plan ahead.

Ask for a cool calendar (something you like and can keep by your desk or study area) and write down your test and assignment due dates. You can then plan how much to do after school each day, and how much time to spend on each topic. Are lessons or extracurricular activities making it hard to find time to study? Ask your mom or dad how to make a schedule of what to do when.

4. Break It Up!

When there's a lot to study, it can help to break things into chunks. Let's say you have a test on 20 spelling words. Instead of thinking about all of the words at once, try breaking them down into five-word chunks and working on one or two different chunks each night.

Don't worry if you can't remember something on the first try. That's where practice comes in. The more days you spend reviewing something, the more likely it is to stick in your brain. There are also tricks called mnemonic (say: new-**mah**-nik) devices that can help you remember stuff. When you're trying to memorize a list of things, make up a phrase that uses the first letter of each. For example, are you trying to learn the eight planets and their order from the sun? Think: **M**y **V**ery **E**xcellent **M**other **J**ust **S**erved **U**s **N**achos to remember Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune. Your teacher can give you ideas, too.

Another way to break it up is to study regularly instead of just the night before. You can always review your notes and read over the chapters you're working on. Or, if you're studying math or science, do some practice problems.

How much studying should you do each night? Your teacher can help you figure it out. Most brains can only pay attention for about 45 minutes. So if you've been working for a while and find it hard to pay attention, try taking a break for some water or a walk around the house. Just fight the temptation to turn on the TV or stop working!

5. Lose the Confusion — Ask for Help

You can't study effectively if you don't understand the material. Be sure to ask your teacher for help if you're confused about something. You can check yourself by reading through your notes. Does it all make sense? If not, ask your teacher to go over it with you. If you're at home when the confusion occurs, your mom or dad might be able to help.

6. Sleep Tight!

So the test is tomorrow and you've followed your study plan — but suddenly you can't remember anything, not even 2+2! Don't panic. Your brain needs time to digest all the information you've given it. Try to get a good night's sleep and you'll be surprised by what comes back to you in the morning.

Picture Day

Picture Day is Monday, November 4th. More information will be on your child's order form (flyer) which will be sent home near the end of October. Visit Lifetouch.com for clothing suggestions, online payment details, and more.

Afterschool with Mrs. Daily:

Life Science students are invited to stay afterschool on Tuesdays and/or Thursdays (3:30 to 4:15 p.m.). During this time, students will review science concepts through interactive websites, games, videos, and "quizzes". This practice can be helpful to students who earnestly interact and endeavor to master science concepts. Interested students can ask Mrs. Daily for a letter with an attached permission form. Students who stay after school must have a permission note from a guardian and will watch for the guardian's vehicle from inside the school. Please pick up students in the front (teacher) parking lot by 4:15 p.m.

Pumpkins

Pumpkins, like other squash, are native to North America. They typically have a thick, orange or yellow shell, creased from the stem to the bottom, containing seeds and pulp. Pumpkins are widely grown for commercial use, and are used both in food and recreation. Pumpkin pie, for instance, is a traditional part of Thanksgiving means in the United States. Pumpkins are frequently carved for decorations around Halloween in the form of a jack o'lantern.

Pumpkins are one of the most popular crops in the United States. 1.5 billion pounds of pumpkins are produced each year. The top pumpkin-producing states include Illinois, Indiana, Ohio, Pennsylvania and California.

8th Grade Raider Plus students recently went on a scavenger hunt around the school. Students used Ipads to scan QR codes. The QR codes gave the students the locations of metric questions. Once the questions were answered students scanned the next QR code to move ahead. Have your child explain the metric ladder below and then try the problems together. When you are done use the QR code to check your answers.

What is Sudoku?

Sudoku is a logic-based, combinational number-placement puzzle. The objective is to fill a 9x9 grid with digits so that each column, each row, and each of the nine 3x3 grids that compose the grid (also called “boxes”, “regions”, or “sub-squares”) contains all the digits from 1 to 9. For example, the same single integer may not appear twice in the same 9x9 playing board or column or in any of the nin 3x3 subregions of the 9x9 playing board.

Principal's News

October promises to be a colorful, crisp introduction to autumn, if our recent cool mornings and evenings are any indication. Along with it come many opportunities for learning at Appomattox Elementary School. Our first nine weeks will draw to an end. Now is the time to touch base with your child's teacher so that you can work as a team to help your child meet his/her learning goals for the year. You have been, and will continue, receiving information about your child's progress, reading and word study levels, math performance, and writing skills. You will hear terms such as increased rigor, multi-step problem solving, and higher level thinking. Know with confidence that our teachers are crafting lessons for your children that are true to the high expectations for students all over the state. Our partnership together is what will make the difference in their success.

5th Grade News

Fifth Grade is off to a great start!
Our school year is off to a great start! It is great to see our friends again. We are learning many new and interesting things. Our new teachers have been awesome too. They make math, science, and language arts really fun. You can feel at home in this school. Students and teachers are always trying to fill our buckets by saying and doing nice things for us. These are some of the reasons why this school year is going to be great.

Compass Math Lab News

Congratulation to all classes at AES! We are off to a great start this year. We are in the process of implementing a new math program called i-ready. The students will be getting assignments in that program as soon as we finish diagnostic testing. I appreciate their great efforts and cooperation and attention to detail.

Please continue to practice all facts at home. You can use flash cards or web sites like multiplication.com, fun4thebrain.com, and sheppard software. The faster the students are with their facts, the less time they will struggle with homework and classwork. Multiplication, division, and fractions will be so much easier for them if they already grasp math facts.

Library News

Book Fair Comes Early!

AES will welcome a Scholastic Book Fair into the library November 18-22. We look forward to involving many parent volunteers in the operation of book fair, and to seeing other parents and grandparents coming into library to shop with students. Students will visit book fair during their regular library (resource) time during the week. Funds for purchasing books may be sent in cash or check (made out to AES). We do not accept credit cards for purchasing. If you would like to volunteer as a book fair helper, please see me at PTO October 8 (I will be in the library with a sign-up sheet) or send a note to me by your student. I will send third grade parents a special reminder about volunteering closer to the date of our fair. We could not operate book fair without parents' help, and so we thank you for your cooperation.

Music News

Hello, my name is Sarah Letterman and I will be teaching your child music this year. I have lived in Appomattox for going on 10 years now. I have greatly enjoyed being a part of this community. My son is in the 2nd grade at Appomattox Primary School and my daughter attends a daycare here in town.

I have had a great year so far working with all of the students here at AES and look forward to teaching them as much as I can about music. The 3rd graders have been learning about the 4 instrument families and their sounds, 4th graders are learning about various composers ranging from Igor Stravinsky to Phillip Phillips from American Idol, and the 5th graders are learning to read music and will be learning how to play different songs on their recorders.

Please encourage your child to tell you something they have learned in music each week, and if your child is learning to play the recorder he/she should be practicing!

Please feel free to email me here at school if you have any questions! I look forward to continue working with your child!

Physical Education News

We have started our Fitnessgram testing in P.E. classes. Students are assessed in the following areas of health-related fitness: cardiovascular fitness, muscle strength, muscular endurance, and flexibility. Scores are evaluated against objective criterion-based standards, called Healthy Fitness Zone® standards, that indicate the level of fitness necessary for health.

Fitnessgram is based on the H.E.L.P. philosophy. This philosophy teaches the value and benefits of lifelong physical activity as well as the idea that physical activity can and should be fun, making students more likely to become and remain physically active throughout their lives:

Health is for
Everyone, it's for a
Lifetime, and it should be
Personal!

Help Your Child Succeed in School: **Build the Habit of Good Attendance Early**

School success goes hand in hand with good attendance!

DID YOU KNOW?

- Starting in kindergarten, too many absences can cause children to fall behind in school.
- Missing 10 percent (or about 18 days) can make it harder to learn to read.
- Students can still fall behind if they miss just a day or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Good attendance will help children do well in high school, college, and at work.

WHAT YOU CAN DO

- Set a regular bed time and morning routine.
- Lay out clothes and pack backpacks the night before.
- Find out what day school starts and make sure your child has the required shots.
- Introduce your child to her teachers and classmates before school starts to help her transition.
- Don't let your child stay home unless she is truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Avoid medical appointments and extended trips when school is in session.

When Do Absences Become a Problem?

CHRONIC ABSENCE
18 or more days

WARNING SIGNS
10 to 17 days

GOOD ATTENDANCE
9 or fewer absences

Note: These numbers assume a 180-day school year.

Dear Parent or Guardian:

A school-based dental preventive services program is being offered to **pre-K to fifth graders** in your child's school. **The program is intended for children who do not have a family dentist. If your child has a family dentist, ask them about preventive dental services for your child.** If your child does not have a regular source of dental care, please read this letter and consider allowing your child to participate in this program to improve his or her dental health.

Through this dental program, dental sealants and fluoride varnish are available to your child at the school. Dental sealants are plastic coatings that are painted on the tops of permanent back teeth. Fluoride varnish is a fluoride treatment painted on all surfaces of all teeth. Both dental sealants and fluoride varnish have been proven to be very effective in preventing cavities.

With your consent, a licensed dental hygienist from the Virginia Department of Health will look at your child's teeth with a mirror and dental explorer to determine if sealants are needed. No x-rays will be taken. If dental sealants are needed, the tops of the teeth that will be sealed are cleaned and the plastic coating is painted on the teeth. Fluoride varnish will be applied to all teeth. We know it is important to you to have all dental work done in a safe manner. For each visit, disposable dental instruments will be used and the dental hygienist will wear a new pair of gloves and a facemask. A report will be sent home to you indicating the preventive services provided by the hygienist, as well as the status of any other dental treatment that your child may need. A referral list of dentists accepting new patients will also be provided as it is important to have a regular source of dental care for your child. Each child participating in the program will receive a battery operated toothbrush and important information regarding daily dental care.

Your child will not participate in this program unless you fill out and sign both the program consent form and the CHS-1A consent form completely. Additionally, any child who has Medicaid coverage should return the form labeled "*For Students with Medicaid*" included in this package. If you have any questions about the dental program, please contact Sharon Logue with the Dental Health Program, Virginia Department of Health at (804) 864-7778, or you can email her at sharon.logue@vdh.virginia.gov.

Sincerely,

VIRGINIA DEPARTMENT OF HEALTH
Patient Application and Consent for Health Care

Patient Name:_____ **Date of Birth:**_____ **ID#**_____

PATIENT CONSENT FOR GENERAL PRIMARY CARE

I hereby authorize the Physicians, Nurses, Nurse Practitioners, and other medical care providers of the Virginia Department of Health (VDH) to examine and/or treat me and/or my dependent, as named above.

NOTICE OF DEEMED CONSENT FOR HIV, HEPATITIS B OR C TESTING

VDH is required by § 32.1-45.1 of the Code of Virginia (1950), as amended, to give you the following notice:

1. If any VDH health care professional, worker or employee should be directly exposed to your blood or body fluids in a way that may transmit disease, your blood will be tested for infection with human immunodeficiency virus (HIV), as well as for Hepatitis B and C. A physician or other health care provider will tell you the result of the test. Under Va. Code § 32.1-45.1(A), you are deemed to have consented to the release of the test results to the person exposed.
2. If you should be directly exposed to blood or body fluids of a VDH health care professional, worker or employee in a way that may transmit disease, that person's blood will be tested for infection with human immunodeficiency virus (HIV), as well as for Hepatitis B and C. A physician or other health care provider will tell you and that person the result of the test.

HIV TESTING

If HIV testing is performed, you will be told ahead of time, be given information about the test, and allowed to decline testing. All results will remain confidential except as allowed by law.

PAYMENT FOR SERVICES

Some services are free, but we charge for many of them. You will be responsible for paying for those services. We have a sliding fee scale, based on your family income and family size, that may lower the charges. You will be liable for any charges not paid by third party payers according to this sliding scale. The percentage you pay will remain the same until your income or family size changes. Some services are charged on a flat fee basis, regardless of income or family size (everyone pays the same price). It is possible that our charges may change. We will try to discuss those changes with you. Your information is being entered into a statewide database that can be accessed from any local health department in the state. Based on the information you have provided, you are responsible for paying **0** % of the charges. If there is a charge for services and you do not pay at the time of visit, we will establish a payment plan for the amount due.

RECEIPT OF THE NOTICE OF PRIVACY PRACTICES

I acknowledge that I have received the Notice of Privacy Practices from the Virginia Department of Health.

RECORD KEEPING

I understand that medical records will be retained for six years after the date of the last visit, then destroyed in a manner that assures confidentiality throughout the process and in its results. In the case of a minor, the record will be retained six years after the last visit or until the client reaches the age of majority, or until emancipation, and at a minimum six years after the last medical encounter, then destroyed in a manner that assures confidentiality throughout the process and in its results. I authorize VDH to release records necessary to support the application for payment by Medicare, Medicaid, and other health care benefits. I request the third party payer to pay any authorized benefits to VDH on my behalf.

I understand that this consent will remain in effect as long as my dependent or I receive care from VDH or until I withdraw it.

I certify that the information I have provided is a true and complete statement according to my best knowledge and belief, and that a full explanation of services and charges has been given to me. I understand that if I give false information, withhold information, or fail to report changes promptly, I will be breaking the law and can be prosecuted and/or have services discontinued.

NOTICE OF PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed, and how you can get access to this information.

This notice tells you all about the law that lets us use or disclose your health information. It tells you about your rights to see and change your health records. This has nothing to do with your being able to get the health care you need. It is only about the health records we keep. If you have any questions about what this paper says, please call the HIPAA Privacy Officer at the Virginia Department of Health at 804-864-7661.

The Virginia Department of Health must keep your protected health information private. It is the law and it is your right. The law lets us share your records with other health care givers and with other agencies in special cases. This paper tells you what those special cases are, whom we may share your health records with, what your rights are and how you can make a complaint if you think your rights have not been protected.

The Virginia Department of Health must provide you with a notice of our privacy practices and provide you with a revised notice if changes take place. Every time you receive services from the health department staff, we will write in your record what your problem is and what we did to take care of you. This is known as "protected health information". Protected health information covers your past, present or future physical or mental health, related health care services and other information that may identify you.

The following pages explain how we can use your health information and when we can share it with others. Sometimes, for example, we may have to share information with other doctors so you can get the care and medicine you need. We may have to share the information with an insurance company so payment for your care can be made.

1. WHEN WE CAN USE AND SHARE YOUR HEALTH RECORDS

- **To Treat You**
  When we take care of you we will need to look at your health information. And we may need to share your health information with other health workers who take care of you. For example, if you have sugar in your blood (diabetes), your doctor may have to let the nutritionist know that so you can get information about the right food to eat.

- **To Pay for Your Care**
  We may have to share your health information so we can collect payment for your care from an insurance company or Medicaid/Medicare.

- **To Make Sure You Receive Good Care**
  We may look at your health information to see if your treatment was good and if the staff took good care of you. We may share your records with other health workers so they can learn and become better at their jobs. For example, we may share your health information with other department of health employees for clinic service notices.

- **To Obey the Law**
  We may use or share your health records if it is required by law. We will not use or share health information for any other reasons than what the law says.

- **In Emergencies**
  We will use or share your health information if you need emergency treatment.

- **To Protect the Public's Health**
  We will share your health information if it is needed to help stop the spread of a disease or prevent injury and disability.

- **For Health Oversight**
  We may share your health information with a government agency that has the duty to review government benefit programs, civil rights laws or health care providers.

- **To Prevent Abuse or Neglect**
  We may share your health information with agencies that have the legal right to get reports of abuse or neglect. We may share your record if we believe that you have been the victim of abuse, neglect or domestic violence. We will follow the federal or state law that applies to your case.

- **To Report Harmful Events or Products**
  We may share your health information with a person or company required by the U.S. Food and Drug Administration to report defects or problems with products, any harmful events; to track products, to recall products, or to repair or replace products.

- **For Legal Proceedings**
  We may share your health information with officers of the court if we have a court order or other legal order to do so.

- **To Enforce the Laws**
  We may share your information if there are reasons to enforce the laws. These reasons may include: (1) to identify and locate someone; (2) to treat victims of a crime; and (3) suspicion that criminal conduct has caused a death.

- **To Aid the Work of Coroners, Funeral Directors and Organ Donation**
  We may share your health information with a coroner or medical examiner so they can identify your body, find out why you died or perform other duties allowed by law. We may share the health information with funeral directors to know of an infectious disease. We may use or share the records in cases where you may want to donate your organs, eyes or tissue.

- **For Research**
  We may share your health information with researchers, but only after a review board has read a research proposal and has made sure that your health information is protected.

- **In Case of Criminal Activity**
  If a serious threat to the health or safety of a person or the public is likely to happen soon, we may share your health information if we believe that it will help prevent or lessen the threat.

- **For Military Activity and National Security**
  In some cases, we may use or share health information of people who are in the armed forces if military commanders think it necessary, or to help the Department of Veterans Affairs see if you are eligible for benefits. We may share your health information with a foreign military command if you are a member of that country's armed forces. We may share your health information with federal workers who protect national security, including the safety of the President and others.

Superintendent's Memo #253-13

COMMONWEALTH of VIRGINIA
Department of Education

September 20, 2013

TO: Division Superintendents

FROM: Patricia I. Wright, Superintendent of Public Instruction

SUBJECT: 2013-2014 Title VI, Part B, Subpart 2, Rural and Low-Income School Program Allocations under Provisions of the *Elementary and Secondary Education Act of 1965* (ESEA)

Attached are the 2013-2014 Title VI, Part B, Subpart 2, Rural and Low-Income School Program federal allocations for school divisions that qualify (Attachment A). Due to federal sequestration, ESEA program allocations to Virginia for the 2013-2014 school year have been reduced as compared to the previous year, which has resulted in reductions to allocations for many divisions. The total amount of the Title VI, Part B, Subpart 2, federal allocation is available through the reimbursement process as of July 1, 2013. The terms of the grant award for these funds are found in Attachment B.

ESEA specifies the following eligibility criteria for Title VI, Part B, Subpart 2, funds: 1) 20 percent or more of the children ages 5-17 served by the division are from families with incomes below the poverty line; and 2) all public schools in the division have a locale code of 6, 7, or 8. Locale codes are assigned to schools according to U.S. Census data used by the National Education Data Resource Center. The definitions are listed below.

> **Locale code "6"** – A school is located in a place that is outside of a Metropolitan Statistical Area (MSA) and has a population of at least 2,500 persons but fewer than 25,000 persons.
> **Locale code "7"** – A school is located in a place that is outside of an MSA and has a population of fewer than 2,500 persons.
> **Locale code "8"** – A school is located in a place that is inside an MSA and has a population of fewer than 2,500 persons.

Based upon these criteria, the following school divisions are eligible for 2013-2014 Rural and Low-Income School Program funds:

	Galax City	Nottoway County
Accomack County	Grayson County	Page County
Appomattox County	Greensville County	Patrick County
Brunswick County	Halifax County	Prince Edward County

Buchanan County
Buckingham County
Buena Vista City
Carroll County
Charlotte County
Colonial Beach, Town of
Covington City
Cumberland County
Dickenson County
Essex County
Franklin City
Henry County
Lancaster County
Lee County
Lunenburg County
Martinsville City
Mecklenburg County
Middlesex County
Northampton County
Northumberland County
Norton City
Richmond County
Russell County
Smyth County
Staunton City
Sussex County
Tazewell County
Waynesboro City
Westmoreland County
Wise County
Wythe County

The 2013-2014 grant funds are allocated to the eligible divisions above on a prorated basis using Average Daily Attendance (ADA).

If the school division has already received programmatic approval for Title VI, Part B, Subpart 2, for the 2013-2014 consolidated or individual application, it will need to amend the application to reflect the current allocation as identified in the attachment. If the school division has not submitted a Title VI, Part B, Subpart 2, application, it will need to submit an individual application to receive reimbursement for these funds.

Please direct all Title VI, Part B, Subpart 2, questions to Gabie Frazier, Title I specialist, at Gabie.Frazier@doe.virginia.gov or (804) 225-2907.

Virginia Department of Education
Office of Program Administration and Accountability

Elementary and Secondary Education Act of 1965
Title VI, Part B, Subpart 2, Rural and Low-Income School Program
Terms of Grant Award
Date: September 20, 2013

Authorized by: Virginia Department of Education (VDOE)

Recipient and Grant Award Amount: The recipients and grant award amounts for Title VI, Part B, Subpart 2, are specified in Superintendent's Memorandum #253-13, dated September 20, 2013.

Grant Authority: This grant is authorized under the *Elementary and Secondary Education Act of 1965* (ESEA), as amended by the *No Child Left Behind Act of 2001* (NCLB), Title VI, Part B, Subpart 2, Rural and Low-Income School Program.

Fund Source:	Federal
Grant Award Number:	S358B130046
Project:	434810000, Title VI, Part B, Subpart 2, Rural and Low-Income School Program
Grant Award Type:	Federal Fiscal Year 2013
Catalog of Federal Domestic Assistance (CFDA):	84.358

Award Period: Regulatory provisions for projects funded under Title VI, Part B, Subpart 2, allow for the expenditure of funds for a 27-month period from July 1, 2013 – September 30, 2015.

Terms and Conditions: Grant recipients of Title VI, Part B, Subpart 2, Rural and Low-Income School Program, are subject to the provisions outlined in ESEA and NCLB; subject to applicable sections of Title 34 of the Code of Federal Regulations (CFR) in the Education Department General Administrative Regulations (EDGAR), Parts 77, 79, 80, 81, 82, 85, 97, 98, and 99; and are subject to an audit in compliance with the Office of Management and Budget (OMB) Circular A-133.

Additional Information: Reimbursements may be processed once funds are distributed from object code 0000 to the other object codes in OMEGA. To distribute amounts from Object Code 0000, the OMEGA budget originator needs to submit a budget transfer request by selecting "Change my object code budget:" from the "I want to…" list. NOTE: If the application was uploaded after July 1, 2013, the adjusted beginning obligation date is listed within "I want to…select a funding source." Funds will not be available for reimbursement until the transfer has been approved by all required reviewer levels and the transfer has the status "Transfer Completed." For assistance with OMEGA, please call (804) 371-0993.

- ANNUAL MEASURABLE OBJECTIVES (AMO) ARE SET FOR PARTICIPATION AND PERFORMANCE IN READING AND MATH AND FOR GRADUATION RATE . THERE ARE A TOTAL OF 27 AMOS.
- AMOS VARY ACCORDING TO SUBGROUPS (GAP GROUPS).
- SCHOOLS MUST MEET OR EXCEED THE AMO FOR ALL STUDENTS AND FOR GAP GROUPS.
- SCHOOLS MUST ALSO SHOW PROGRESS (SCORE MUST BE WITHIN 5% OF PREVIOUS YEAR). MHE (MEET HIGHER EXPECTATIONS)
- CURRENT SCORES AND/OR 3 YEAR AVERAGE IS CONSIDERED.

FEDERAL ANNUAL MEASURABLE OBJECTIVES (FAMO)

- A REDUCTION IN FAILURE RATE BY AT LEAST 10 PERCENT MAY ALSO QUALIFY FOR MEETING AMO (R10).

- 4 YEAR FEDERAL GRADUATION INDEX (FGI) MUST BE 80% OR HIGHER FOR ALL SUBGROUPS. THIS ONLY CONSIDERS STANDARD AND ADVANCED DIPLOMAS.

ACHS Begins a Great Year!

With three new school counselors, two new administrators, three new support staff, and three new teachers, ACHS is off to a great start.

Our staff and students work hard every day in both academics and after-school events. We should all be very proud of the many accomplishments!!

We welcome our new staff to ACHS this year! We welcome parents to communicate with all our staff if there are any questions or concerns.

Our students are reminded every day by our staff and by the many posters—Be Punctual, Be Prepared, Be Respectful, and Be of Good Character.

Our New Staff For the 2013-2014 School Year.

There is nothing more inspiring than to see our students achieving and working hard each day, despite some challenges—they do well because of their character. They shine and show true Raider Spirit!

We look forward to the rest of the year as our students make us proud each and every day!!

Senior News - Class of 2014

There are currently 172 seniors. Eleven seniors have already been offered admission to a college or university and 36 applications have been processed so far. Lynchburg College hosted a on-site application opportunity for our students on October 29th. ACHS had FIVE seniors accepted by an admissions counselor and received a decision "on the spot."

If you have not submitted an email address to Mrs. Hall then you are missing out on valuable scholarship information and announcements of opportunities available to seniors. Please remind your student to turn that information in ASAP. A financial aid workshop for seniors and their parents will be held in the high school library on December 12th at 6:00. College-bound seniors and their parents are encouraged to attend. The Herff-Jones representative will be here on November 12th and 13th to talk to seniors about their graduation orders (cap/gown/announcements).

2013-2014 Senior Officers: Christy Nash, Patricia Garrett, Amber Gilliam, Kaylynn Lewis, Chelsea Dews, and Kayla Garrett.

ACHS is Fully State Accredited!! Go Raiders!

Hispanic Heritage Month Celebration

The Spanish Teachers and Students celebrated in many ways. Flag shirts were created by students. The Pulseras Project was a huge hit as ACHS raised over $2000.00 for Nicaraguan Artisans. Mayan Crafts and Muñecas que quitan las penas de Guatemala (worry dolls) were made by students. The dolls are supposed to take your worries away. Studying and understanding the Hispanic Culture is an important part of the Spanish Curriculum.

Success doesn't come to you, you go to it.

Spirit Week - Character Day

ACHS Prom and After Prom

Prom Contracts

In an effort to make our prom an elegant and dignified affair to be enjoyed by all, we have implemented a dress code and contract to outline specific expectations. Contracts are available at this time upon request. Students will receive these in the spring to be signed prior to purchasing tickets. There are specific details for both male and female attire. Please do not hesitate to contact ACHS administration if you have any questions.

WE NEED YOU, PARENTS!

After Prom Committee

The 2014 After Prom Committee is seeking volunteers to help with planning the May 2014 event. Any student, faculty, or parent of students in grades 9-12 are welcome to join the team. The first committee meeting will be on Tuesday, Nov. 19 . If you have any further questions, please contact the ACHS Main Office to put your name on the list! We appreciate you!!

"There are no secrets to success. It is the result of preparation, hard work, and learning from failure."

Former Secretary of State, Colin Powell

Prom will be at the Terrace View by the James in Downtown Lynchburg on Saturday, May 24. Price = $45 per person

FFA Forestry Stands Up To Competition

Teams from Appomattox, Amherst, Bedford, and Campbell County schools were eligible to compete in the HUB Federation Forestry contest. The event was held in Bedford County and included events that are designed to test student's knowledge about the forestry industry. Participants were required to identify over 50 forestry tools and 50 Virginia trees, estimate tree volume and value, and navigate using a hand compass. The Appomattox FFA Forestry Team placed 3rd in the HUB FFA Federation Forestry Judging Career Development Event. ACHS team A members were CJ Paulette, Sidney Braswell, Adam Fleshman, and Cory Hodges. Paulette was the 5th high individual in the entire contest. Hodges was 7th high individual, Braswell was 19th high individual and Fleshman was recognized as the 20th high individual, respectively. The teams also competed at the State Fair Junior Forester's contest and placed 12th in the State. The ACHS team B member were Andrea Hodges and Michael Prue. Prue was the 8th high individual and Hodges was 12th high individual in the event. AMS team member Chris Wilkerson was 7th high individual in the contest. The teams were coached by Bethanne Metts. The forestry teams would like to extend a special thanks to Mr. Rick Butler and Mr. Matt Hall of the Virginia Department of Forestry for their assistance during contest preparation.

Parent Pick-Up and Drop-Off:

Thank you for your patience and for being safety minded as you move through the parking lot in the morning and evening. Please have consideration for others behind you and pull into a parking spot if you will take longer than a moment to drop off.

Specifically in the afternoons, please do not block the entrance to the parking lot. If traffic is not moving, please pull up or park in a parking spot. We thank you for your attention to this matter as we try to efficiently move traffic along.

Foreign Exchange Students Attend ACHS

Yasmin Rodrigues - Brazil
Danillo Beserra- Brazil
Pedro Andrade- Brazil
Paul Heinisch- Germany

We are thrilled to have four foreign exchange students attending ACHS this fall. Three of the students from Brazil will stay the entire year and Paul will only be here until January. The students and staff enjoy getting to know the students and learning more about their homeland and culture.

Government Field Trip to the University of Virginia's Center for Politics' Constitution Day Event

The event took place from 10-12 inside Cabell Hall. The event's focus changes every year, and this year, the focus was the Bill of Rights. Mayah Dunham and Mary McRae were chosen as two of twelve students that were able to ask questions of Alexander Hamilton and Patrick Henry, the special guests of the day. After the lecture and discussion, the students had a picnic lunch on the backside of the lawn adjacent to "The Corner." Finally, Miss Tyree walked the students around grounds, showing them the Lawn, the dining areas, and First Year residence options. The students had a great day and were able to learn in a more real way about the arguments of the Federalists and Anti-Federalists during the ratification debates on the Constitution!

ACHS STUDENTS ROAR WITH KATY PERRY

On September 11th Good Morning America and Katy Perry announced a contest that could bring Katy Perry to the winner's school. On September 18, members of the Student Council Association and the Senior Class met together to plan the potential submission of Appomattox County High School. September 25-27 a group of students, led by Aaron Austin, Austin Vaughan, Megan Walton, Amber Gilliam, and Brittany Parker, among others, filmed an Anti-Bullying video to Katy Perry's newest single, "Roar." On September 30th, the video was submitted. The winners of the contest was announced on October 11th. Win or lose, the students of ACHS came together in a short period of time to film a video that shares an important message for all students; step up so others don't get stepped on!

After-School Activity Supervision:
Students need to be with a teacher, coach or sponsor for all after-school activities . Students should not be in the halls, locker rooms, or classrooms without adult supervision.

Character cannot be developed in ease and quiet. Only through experience of trial and suffering can the soul be strengthened, ambition inspired, and success achieved.

7 FLU-FIGHTING FOODS

The flu season is about to begin, and you know what that means—get a flu shot and do what you can to stay healthy. Drugmakers expect to produce nearly 140 million doses of vaccine this year, according to the Centers for Disease Control and Prevention, and officials warn that it's important for older adults to get their shot as soon as possible to give the vaccine time to take effect. To help cut down on illness, it's important that family members and those who work around people 65 and older get vaccinated. And don't forget to boost your body's immune system with these natural flu-fighting foods.

BLACK-EYED PEAS These nutritious legumes are rich in zinc, a trace mineral that keeps your immune system in working order. Pinto beans, peanuts, roasted pumpkin seeds and wheat germ are other good choices.

CARROTS They're rich in beta-carotene, which your body uses to ward off respiratory infections. Other good sources are dark green vegetables, sweet potatoes, pumpkin and winter squash.

TEA Green, black and oolong tea, all contain naturally occurring compounds that reduce the risk of flu, including quercetin, a powerful antioxidant, and L-theanine, an amino acid found naturally only in tea. Decaffeinated teas also contain the amino acid, but herbal teas do not.

YOGURT Probiotics, the beneficial bacteria found in yogurt and other fermented foods, strengthen the immune system. Not a fan of yogurt? Try cottage cheese, kimchi (a fermented Korean dish made of seasoned vegetables) or sauerkraut instead.

TOMATOES Vitamin C-rich tomatoes help fight colds and flu by boosting the body's natural defense system in the same way their citrusy relatives do. One medium tomato provides 40 perfect of your daily vitamin C, so have a glass of tomato juice at lunch.

MUSHROOMS These nutritional powerhouses heighten the body's resistance to viral infections by increasing the activity of natural killer cells, a vital part of the immune system. They are also rich in selenium; low levels of this element have been linked with an increased risk of developing more severe flu.

ALMONDS These popular nuts are a rich source of the antioxidant vitamin E, which helps your body ward off viral infections.

Middle Years

Working Together for School Success

Short Stops

Sharpen your memory

Regular exercise and a good night's sleep are great memory boosters. That's because physical activity pumps oxygen to your middle schooler's brain, and her mind sorts and files memories while she sleeps. A healthy diet helps, too—"brain foods" include fish like salmon and tuna, green vegetables, fruits, and whole grains.

Effective praise

Your praise still matters to your tween—even though he may not show it. When he works hard or makes a good decision, let him know you recognize it. Try to be specific: "I'm proud of you for getting started on your project right away."

Timely giving

Take advantage of the holiday season to teach your tween about compassion. As the weather gets cooler, consider collecting blankets for homeless shelters or sorting toy donations for gift drives. Doing these activities as a family will build bonds and let you set a good example of helping others.

Worth quoting

"If opportunity doesn't knock, build a door." *Milton Berle*

Just for fun

Q: What did Mason say to Dixon?

A: We've got to draw the line here!

A healthy social life

Socializing is a top priority for many middle graders. But hanging out with friends isn't just fun—it's an important part of growing up. And tweens who have friends enjoy school more and do better with their studies. Help your child have a safe, healthy social life with these ideas.

Home

Encourage your youngster to have friends over to watch football or play cards. Try to include his friends in family activities when possible. If you host a dinner party, let him invite a buddy or two. He'll have a safe environment for socializing, and you'll get to know the people he spends time with.

Community

Going to local tween-friendly events can strengthen your child's ties to the community. Have him look for announcements in the newspaper or call the parks and recreation department. You might drive him and a friend to a tween night at a roller skating rink or a laser tag arena. Or they can train for a charity 5K run together.

School

A circle of friends is an important support network. Suggest that your child participate in study groups or call classmates with questions about assignments. Also, urge him to be a "joiner." He could sign up for after-school clubs or teams. And volunteering to help with a special event (science fair, art exhibit) might allow him to work with students he doesn't see all the time.

Up for discussion

Participating in class discussions helps your child pay attention and learn more. Encourage her to speak up with these tips:

- When she studies, she can jot down ideas she'd like to share in class. That way, she'll have a list to refer to during the discussion.
- Encourage her to answer *and* ask questions. She may introduce possibilities that others haven't thought of.
- Remind her to share the spotlight. Staying on topic and keeping comments brief will give peers a chance to jump in.
- Your tween should be respectful if she disagrees with a classmate's comment. ("I understand what you're saying. Another way to look at it is…")

Make math matter

Does math appeal to your tween? If not, it could be because she doesn't see how it relates to the real world. These activities will show her how numbers are part of everyday life.

Listen to music. Ask your child if she knows why the chorus of a song sticks in her head. Then, suggest that she find out by exploring the relationship between math and music. Have her pick a favorite song. She can use a timer to see what percentage of the song the chorus takes up. She'll probably find it's a large portion—and that's why the chorus is so easy to remember!

Calculate food prices. Restaurants use math to determine how much to charge customers. Many places triple food costs to cover expenses and turn a profit. When you dine out, have your youngster determine the cost of the food (the menu price divided by 3). At home, she could calculate your meal costs by adding up the ingredient prices and dividing by the number of servings. If she ran a restaurant, how much would she need to charge to make a profit?

Q&A Creative minds

Q *I've heard that creative thinkers are in demand in the workforce today. How could I encourage my son to use his creative side?*

A You're right—companies want workers who can think creatively to come up with fresh solutions.

When you face an everyday problem, ask your tween to help you solve it. For instance, have him suggest several ways to rearrange your schedule so you're able to fit in all of your commitments. Or if you don't have an item that you need, tell him to look around for a different object that would work in its place. A rubber band could keep a snack bag closed without a "chip clip," for example.

If your son is working on a school project, encourage him to think of a fresh idea or angle for his presentation. For instance, he might build a mobile or write a newscast. Using creativity in this way will help his project stand out *and* give him good training for the future.

Winning conferences

A parent-teacher conference gives you a chance to find out how your middle grader is doing and to connect with his school. Consider these suggestions.

1. Set a positive tone. Let teachers know you look forward to working with them to help your child succeed.

2. Ask about the curriculum. Find out what your tween should be able to do as the year unfolds and what kinds of projects he'll have. By being aware of what he should focus on, you can try to keep him on track.

3. Share information. Maybe your child learns best through hands-on activities, or perhaps your family is going through a difficult time. Talking about these things will put you and his teachers on the same page and help them work with him.

4. Focus on solutions. If the teachers mention problems (too much talking in class, falling test scores), ask for suggestions. You'll discover what the teachers plan to try, as well as ways you can provide support.

Parent to Parent High-tech cheating

My daughter Gina told me her friend got caught cheating in science class. During a quiz, Kendra had her phone in her lap and was reading notes she had texted to herself.

I hadn't heard of this type of cheating before, but I explained that looking at answers in your own text is just as wrong as looking at someone else's paper. The consequences are the same, too: you get a zero—and you don't learn the material.

Gina mentioned that her friend felt pressure to get As. So I told my daughter that if she also feels too much pressure or is struggling, she can come to me, and we'll figure out how to get help. I also said I prefer that she earn a low grade honestly rather than get any other grade by cheating.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Citizenship Essay Project

2013-2014 Theme: Effecting Change...Starting with ME!

Deadline: February 1, 2014

Virginia PTA is proud to sponsor a Citizenship Essay Project which allows students to express their views and opinions on "Character or Citizenship". Virginia PTA is committed to promoting a sense of citizenship and responsibility in the lives of our children—tomorrow's leaders.

Who Can Enter?

All Virginia students in grades 6 – 12 presently enrolled in schools with active PTA/PTSA units in Good Standing. A PTA in Good Standing is one who has paid state and national dues by December 1, and whose bylaws are current, having been revised within the past five (5) years.

Criteria

• Students in grades 9 – 12 must write a minimum of 750 words, typed and double-spaced with Times Roman 12 Font and 1" margins.
• Students in grades 6 – 8 must write a minimum of 500 words, typed and double-spaced with Times Roman 12 Font and 1" margins.
• In both age categories, adherence to the theme, originality, clarity, thought, and skill in standard written English will be judged.
• The theme must be used as the essay title and cannot be changed or altered in any way.

Awards

Awards are given in both age groups (middle school grades 6-8 and high school grades 9-12). Winners are notified in May and featured on one or more of the Virginia PTA's official publications: Bulletin, VOICE, www.vapta.org. Savings bond awards require Treasury Direct accounts (inclusive of social security number). Asterisk * indicates value at maturity.

1st Place – $1000* Savings Bond
2nd Place – $500* Savings Bond
3rd Place – $250* Savings Bond

Applications are available at: http://www.vapta.org/resources/for-students/citizenship-essay.html

Test Taking Tips From the Counseling Office

Top Ten Test-Taking Tips for Students—Here are the top ten tips to success!

1. Have a Positive Attitude
Approach the big test as you'd approach a giant jigsaw puzzle. It might be tough, but you can do it! A positive attitude goes a long way toward success.
2. Make a Plan
The week before the test, ask your teacher what the test is going to cover. Is it from the textbook only? Class notes? Can you use your calculator? If you've been absent, talk to friends about material you may have missed. Make a list of the most important topics to be covered and use that as a guide when you study. Circle items that you know will require extra time. Be sure to plan extra time to study the most challenging topics.
3. The Night Before
Cramming doesn't work. If you've followed a study plan, the night before the test you should do a quick review and get to bed early. Remember, your brain and body need sleep to function well, so don't stay up late!
4. The Morning of the Test
Did you know that you think better when you have a full stomach? So don't skip breakfast the morning of the test. Get to school early and do a ten-minute power study right before the test, so your brain is turned on and tuned up.
5. Test Time
Before the test begins, make sure you have everything you'll need - scratch paper, extra pencils, your calculator (if you're allowed to use it). Understand how the test is scored: Do you lose points for incorrect answers? Or is it better to make guesses when you're not sure of the answer? Read the instructions! You want to make sure you are marking answers correctly.
6. Manage Your Time
Scan through the test quickly before starting. Answering the easy questions first can be a time saver and a confidence builder. Plus, it saves more time in the end for you to focus on the hard stuff.
7. I'm Stuck!
Those tricky problems can knock you off balance. Don't get worried or frustrated. Reread the question to make sure you understand it, and then try to solve it the best way you know how. If you're still stuck, circle it and move on. You can come back to it later. What if you have no idea about the answer? Review your options and make the best guess you can, but only if you don't lose points for wrong answers.
8. Multiple-Choice Questions
The process of elimination can help you choose the correct answer in a multiple-choice question. Start by crossing off the answers that couldn't be right. Then spend your time focusing on the possible correct choices before selecting your answer.
9. Neatness Counts
If your 4s look like 9s, it could be a problem. Be sure that your writing is legible and that you erase your mistakes. For machine-scored tests, fill in the spaces carefully.
10. I'm Done!
Not so fast - when you complete the last item on the test, remember that you're not done yet. First, check the clock and go back to review your answers, making sure that you didn't make any careless mistakes (such as putting the right answer in the wrong place or skipping a question). Spend the last remaining minutes going over the hardest problems before you turn in your test.

Follow these test tips, and you'll know you did your best - congratulations!

Students, do you like to write poetry? Check out the opportunity described here:

National Career Development Month

NCDA promotes career development through its annual celebration of National Career Development Month. Every November, career development professionals are encouraged to celebrate with career related activities. In particular, NCDA sponsors an annual Poetry and Poster Contest. This year, National Career Development week is November 11-15, 2013 and National Career Development Day is November 13, 2013.

Raider Plus

Raider Plus is a new class that is offered this year to students grades 6-8th. The purpose of the class is to provide remediation opportunities in the four core areas of Math, Language Arts, Social Studies and Science. Sixth grade Raider Plus is offered to students during 4th period. Seventh grade Raider Plus is offered to students during 5th period. Eighth grade Raider Plus is offered to students during 6th period. Our teachers are diligently preparing review and enrichment opportunities to help students be more successful on their SOL tests. As you make family plans for next year, please be mindful of the following dates: The 8th grade Writing SOL will be March 11-13, 2014. Spring SOL testing will begin May 5, 2014 and conclude on or about May 30th. Thank you for encouraging your child to do their very best in every class. Contact Mrs. Cooter if you have questions or concerns regarding this class or the testing window.

On February 1, 2014 the Center for Gifted Education at The College of William and Mary is offering its Focusing on the Future career conference for high-achieving middle and high school students. This event will allow students to become more familiar with career opportunities available to them through presentations centered on individual occupations. A number of knowledgeable professionals including college professors from the surrounding area will give the presentations. While students attend these sessions, parents will attend separate informational sessions about planning for their child's collegiate experience.

For additional information or a flyer please refer to the following contacts:

Interested parents may obtain a brochure for the Focusing on the Future event at http://education.wm.edu/centers/cfge/precollegiate/future/index.php or by calling the Center (757-221-2362). You may also contact Dr. Mihyeon Kim (mxkim3@wm.edu), Elizabeth Stark (ehstarke@email.wm.edu), Darlene Dockery (dddockery@email.wm.edu), or Ricky Coston (rlcoston@email.wm.edu) for more information about either of these events.

Please don't delay. The deadline to apply is January 20, 2014

From Your AMS Guidance Counselor

Please check out the article below from PBS about Time Management and Goal Setting. I think you will find it very interesting. If you have any questions, feel free to stop by the Counseling Office. Don't forget to turn in ALL assignments when they are due to your teachers!

Time Management: Have-To's, Want-To's, and Goals

What are the things we *have* to do in our lives? What are the things we *want* to do? All of these take TIME!

Have-To's:

"Have-To's" need to be a part of almost every day. Whether we like it or not, we all have to find time to get them done.

- **Family responsibilities.** You know the drill: household chores, helping your little bro with homework, keeping your room clean.

- **School and homework.** You won't always be a student, but while you are, it's your job to give time and energy to your education.

- **Sleep**. This may seem like a big "DUH," but it helps to be reminded: Sleep is a must for our bodies and minds, and doctors agree that young people need at least eight hours every night. If you think you can squeeze more time into your schedule by cutting back on Zzzz's, you'll probably find that you're sleepy and sluggish during the day, and wind up taking longer to do things anyway.

Eating and personal hygiene. We know, another big "DUH." But many people skip meals because they're running late. Taking enough time to eat so that you actually enjoy it, rather than just shoving cereal down your throat, will help you develop healthy food habits. The same goes for bathing, dressing, and other things that make you presentable to the world. If you block out time to do them and enjoy them, you're likely to feel better about yourself that day.

Want-To's:

Fortunately, our time isn't just about responsibilities…we get to have some fun, too! "Want-To's" make our lives a little more fulfilling.

- **Activities.** You might be a violinist, a soccer player, a painter, a poet, or a ballet dancer. Sports, the arts, and other hobbies are important because they help make us well-rounded and develop our bodies and minds. Plus, they just plain make us happy.

- **Chill time.** Okay, let's not forget that you also deserve some time to just be *you* and do whatever you feel like, whether it's going to the park, hanging out with friends, reading a book, or being alone with your thoughts.

Goals:

Many of our Have-To's and Want-To's get done because we set goals for ourselves.

- **Short-term goals** are things we want or need to do that can be accomplished in a few hours or days. Let's say you want to bake a birthday cake for your dad. You might not think about it, but that's a short-term goal. It'll probably take just an hour or two, but making that goal and planning to achieve it will result in that yummy cake. Other short-term goals take longer; for instance, building a skateboard ramp or going through old boxes in the attic, which might happen over a weekend or more.

- **Long-term goals** are part of the "bigger picture" of our lives -- our dreams and aspirations. Although they may take months or years to accomplish, they still take up time on a regular basis. These might include teaching yourself to play guitar, writing a book, becoming a better basketball player, or learning to speak French. Goals like these can't be achieved by setting aside one big block of time but rather, smaller blocks of time over a period of days, months, or even years.

Congratulations to the Golf Team for being the first ever Conference Champions in the Conference Tournament.

The team was 11—1 in regular season.

Coach Doug Marshall won Coach of the Year! Congratulations Coach Marshall and to the team. They also traveled to the Regionals in Bluefield.

==========

October 21-25, 2013 is National School Bus Safety Week

School bus safety week is October 21st through October 25th. Each year there is a theme to promote safety. This year's School Bus Safety Week theme is "Stand Back from the Yellow and Black," which is a reminder to students and motorists about the dangers that exist outside the school bus on a daily basis. "School buses are one of the safest ways for children to get to school. Most student injuries actually happen outside of the school bus. Parents should remind children to always stand back from the bus, only cross in front of the bus crossing gate, and be alert around school buses. That means don't text, talk on cell phones or listen to MP3 players."

There are some key points for the motoring public to keep in mind. They include:
- Never pass a school bus displaying red lights and an extended stop arm, students will be loading or unloading. Always stop when the bus has it's red traffic lights are flashing. Be aware that if the amber warning lights are flashing, that the red traffic lights will be operating soon. It is a violation of state law if you pass a stopped school bus.

-Always watch for students walking to or from their bus stops, especially when backing out of a driveway
- School buses are large vehicles, many times traveling on narrow streets, give them the room they need to safely maneuver
- When stopping behind a school bus, if you can't see the driver in their side rear view mirror, the driver can't see you; try to stay out of blind spots and do not tailgate.

Employee of the Month for August/September 2013

Congratulations to Michael Sullivan for being recognized as the Employee of the Month for August and September 2013. Mr. Sullivan has worked tirelessly, assembling the walkway in front of our school on the hottest days in August and September. He is also dedicated to the students and staff @ AMS. Thank you Mr. Sullivan for all that you do for us.

Get Ready to ShakeOut!

Virginians can join in multi-state earthquake drill Oct. 17

The second annual *Great SouthEast ShakeOut* multi-state earthquake drill is Thursday, Oct. 17, at 10:17 a.m. By signing up for the ShakeOut, Virginians can learn about earthquake safety and also join in the largest simultaneous earthquake drill ever held.

Wherever you are – home, school, work or play – you can participate in the ShakeOut and learn how to **DROP**, **COVER AND HOLD ON**, which is the safe response to an earthquake.

DROP to the ground (before the earthquake drops you)

Take **COVER** by getting under a sturdy desk or table, and

HOLD ON to it until the shaking stops

Earthquakes happen without warning, and the shaking may be so severe that you cannot run or crawl. So **DROP**, **COVER AND HOLD ON** IMMEDIATELY. If there isn't a table or desk near you, drop to the ground in an inside corner of the building, and cover your head and neck with your hands and arms. Do not try to run to another room to get under a table.

Also, during an earthquake, don't run outside. Trying to run is dangerous because the ground is moving and you can easily fall or be injured by falling bricks, glass and other building materials. In the U.S., you are much safer to stay inside and get under a table.

Last year nearly one million Virginians took part in the first *Great SouthEast ShakeOut*. Learn more and sign up for the Oct. 17 ShakeOut at www.ReadyVirginia.gov or www.shakeout.org/southeast

Mrs. East's Class

"ON THE MOVE"

in Appomattox

Mrs. East's class, from Appomattox Middle School, recently took a tour of Cedar Line Automotive. The students were very excited to see the showroom and hear about the repair shop. Greg Wooten and his wife Robin, (pictured with the students) welcomed the students and spent time explaining how the business operates. Mr. Wooten told the students how taking the Auto Mechanics class at ACHS, with Mr. Keith Maxey as his teacher, led him into this line of work. He explained how he began with an auto repair shop, expanded into car sales, and later combined both areas at his current location on Route 460. Mr. Wooten shared what a key role the Auto Mechanics class and Mr. Maxey played in getting started in the business. He also told the students the importance of working hard and never giving up in order to achieve your goals.

Mrs. East's Appomattox Middle School students (pictured) participate in the STARS Mentorship Program. This group meets once every month either at the Appomattox Community Center or for a field trip. The STARS program is funded by the "I'm Determined" project with training and professional development by the VA Dept. of Education T/TAC at VCU. The "I'm Determined" project's mission is to foster self-determination skills by building positive relationships among students in Appomattox County Public Schools. Teacher representatives for 2013-14 are Catherine East and Steffanie Hawks from AMS, Susan Hamlette and Betsy Ranson from ACHS, and Ashley Ferguson and Jill McDonough from AES. Teacher Assistants are Zina Garrett and Charlene Trent from ACHS, Martha Warner from AMS, Regina Moore and Bev Mewborn from AES. 50 students are participating from the high, middle and elementary schools. The STARS mentorship program pairs these students to complete activities and attend field trips in order to improve self-determination skills. In the past few years the program has been extremely successful, and we anticipate another very productive year.

School Closing and Emergency Information

In bad weather and other emergencies, Appomattox County Public Schools (ACPS) notify parents and staff about the status of school schedules in several ways. We utilize the following TV and radio stations:

WDBJ TV 7	APPO Cable 21
WSLS TV 10	WKDE 105.5 FM & 1000 AM
WSET TV 13	WROV 96.3 FM
WWBT TV 12 Richmond	Spirit 103.7 FM
WRLV 88.3 FM	WSLQ 99.1 FM
WFLO 95.7 FM & 870 AM	K92 FM
WSNV Sunny 93.5 FM	WJJS 104.9 FM & 102.7 FM
WYYD 107.9 FM	WSFF 106.1 FM & 101.7 FM
WVBE / VIBE 100.1 FM	WODI 1230 AM
WSLC Star Country 94.9 FM	WFIR 960 AM

We also use an automated calling system, Global Connect, to deliver phone calls to staff regarding the status of school delays and closings.

It would be ideal to be able to notify all staff the night before snow or ice occurs so childcare plans could be made early, however, in many cases the frozen precipitation may not begin falling until after midnight. We go out into several areas of the county to check road conditions when a snow/ice event occurs. We do our best to make a decision to close or delay by 5:30 a.m. There may be times when there is frozen precipitation in the western part of the county near Concord and no frozen precipitation on the eastern end near Pamplin. In those situations, we must close the entire school division as we must take into consideration all county roads on which our buses and students travel.

On days that we have advertised a two hour delay and the road conditions do not improve significantly before buses must leave for their route, we may have to move from a two hour delay to a closed status. We will put out all notifications as soon as possible when this situation occurs.

Should frozen precipitation begin to fall once school has begun, we will close schools as quickly as possible if that precipitation is scheduled to continue.

The safety of our staff is very important to us.

Principal's News

November cannot pass without taking time to thank all who make it possible for students to be successful in their quest for learning. We celebrate American Education Week this month as one way of recognizing that raising great kids is indeed influenced by so many of you.

Parents, you are the ones who prepare your children each day for the day to come, and you tuck them in each night after all is done. The time you give with checking math problems, calling out vocabulary, reading books, signing planners, and praising successes lends so much support and reinforces to your children the importance of responsibility and initiative. It is an effort made out of love.

Teachers, you spend countless hours in school and on your own time preparing lessons, assessing performance, building relationships, and communicating progress. You are like artists with each student as your palette. We are never sure how the painting will turn out, but we know it will be a masterpiece!

Support Staff, you feed our children, keep our school clean and comfortable, assist our students with difficult lessons, and deliver them to and from the building safely each day. You are often the ones to provide the first and last smiles of the day, give the hugs and "high fives," and provide the framework for making all the efforts for instruction successful. We could not function in our buildings without you.

Students, you are the reason we are here. You are the ones who matter. Thank you for your eagerness to learn, even when it is challenging. Thank you for trying once, twice, or as many times as you need to in order to get it right. You are going to be bright stars in the future, and we are proud of you!

3rd Grade News

Do you know what life in Lynchburg was like in the early 1800's? The week of October 14th, our 3rd graders traveled to the Point of Honor in Lynchburg, Va. The students enjoyed making their own candles and creating a "tin' ornament. They learned about spinning, weaving clothing, and the challenges of preparing food at that time. During our house tour, each child was given the experience of the waltz. Traveling back in time was fun!

4th Grade News

Fourth Graders just completed their unit on Jamestown, which included an exciting trip to Jamestown and Colonial Williamsburg. The trip provided valuable enrichment to their study of Virginia history. In math, students will soon begin learning about geometry. Please continue to work with your child on multiplication facts at home, as these are drilled each week. In the area of language arts, students are continuing to read many forms of literature (biographies, historical fiction, realistic fiction, and nonfiction). Vocabulary enrichment and developing various writing strategies continue to be an ongoing area of focus.

5th Grade News

Things continue to run smoothly in the 5th grade. Students are busy learning many new and exciting concepts. Our Math teachers have just finished units on multiplication and division, and are moving right into fractions. Students have learned about the rock cycle in Science and are now studying the ocean floor. Reading classes just finished the novel *Earthquake Terror*, a unit on Context Clues, and are now on to Text Organizers. Our Language Arts classes are studying commas, adjectives, adverbs, and using the five steps of the writing process. As always, students are encouraged to read nightly to meet their 25 point AR goal as well as practice math facts.

Physical Education News

Sport Stacking is what's happening in P.E.! Sport stacking has been termed a "track meet for your hands at warp speed." It is an exciting sport where students stack up and down 12 specially designed cups called Speed Stacks in predetermined sequences as fast as they can. Stackers race against the clock, compete in relays and often combine sport stacking with fitness challenges as part of physical education classes.

Sport stacking promotes hand-eye coordination, quickness, concentration, and fitness. Sport stacking uses both sides of the body and brain developing important skills used to dribble a basketball, to throw and catch, play an instrument, type on a computer and many more. By activating both sides of the brain, students also benefit academically with greater focus and concentration levels.

AES will be cup crazy on Thursday, November 14th as some of our students will take part in what Guinness World Records terms the "World's Largest Sport Stacking Event." Tens of thousands of stackers around the world are expected to contribute their skills to reach a new record this year & we are excited to take part in the event as well!

For more information on Sport Stacking visit www.thewssa.com or www.speedstacks.com

Music News

I cannot believe that it is November already! I feel like we just started school. I have been having a wonderful time teaching music these last few months here at AES. The 5th graders are working hard and learning some new songs to play on the recorder. Remember that it is important that your child practices at home so that they can be successful! It is also important that they bring their recorder to class every time they have music so that they are able to participate. The 3rd and 4th graders are working on songs for the December PTO program. You will be receiving more information about the PTO program in the next few weeks. Please feel free to email me with any questions or concerns. Happy Fall!

Leaves
How silently they tumble down
And come to rest upon the ground
To lay a carpet, rich and rare,
Beneath the trees without a care,
Content to sleep, their work well done,
Colors gleaming in the sun.

At other times, they wildly fly
Until they nearly reach the sky.
Twisting, turning through the air
Till all the trees stand stark and bare.
Exhausted, drop to earth below
To wait, like children, for the snow."

One Year, One Team, One Goal: Team APS

November 2013

Principal's Message…

The first nine weeks has really flown by quickly! As November begins, the colors and smells of fall surround us. Soon it will be Thanksgiving, and that is a time in which we take a few moments to reflect upon all that we have. We are quite fortunate, and those of us who have the privilege of working with children have even more for which to be thankful. As we progress further into the school year, please take a few minutes to reflect on your child's progress and how far he/she may have come to date. Many of you have taken advantage of conferencing with your child's teacher and are aware of where he/she stands in terms of being on or below grade level. If you have not, please contact the classroom teacher as soon as possible. As early as January, we will begin talking about retention if students do not meet the required benchmarks each nine weeks. We don't want anyone to feel like they don't have all the information possible, well ahead of time. Thank you in advance for a great second nine weeks! As always, if we may be of assistance to you, please contact us:

News from APS Music Team/Judy Morrison, APS Music Resource Teacher……

Grade 2: students are currently rehearsing the Star Spangled Banner in preparation for a performance at the JV football game (Raiders vs. Chatham) on Thursday, November 7th. A reminder will be sent home with students soon. Please

Continued Music....

look for this notice as it will contain important information about meeting place/time and dress for the performance. If you have not returned a permission slip for this performance, please send it as soon as possible as the date is quickly approaching. Thanks!

Grade 2: students will also be performing "Around the World at Christmas Time" on Monday evening, November 18th at 7:00 p.m. in the APS cafeteria. Performing students should be delivered to the All Purpose Room (Gym) at 6:30 p.m. to meet Mrs. Morrison. A reminder with information will also be sent soon for this performance. Permission slips need to be returned in order for your student to participate.

The Music Team is currently collecting red Folger's plastic coffee containers (240 cup size) in hopes of getting enough to use as drums for music classes. Containers of this particular size are great for little hands to tap while practicing our steady beat-keeping skills. We are asking for only the RED containers as we'd like them all to match and plan to cover the ads on them with musical motifs. If you use this particular container and want to donate it when empty, please send it with your student on music day. Your help will be much appreciated! :) If you also have the 270 cup size, we will be happy to collect those, too! We'd like to have at least 30 of each size so that there will be plenty for an entire music class. Thank-you in advance for your help!

Hope to see you at the Raiders/Chatham JV game AND at our November PTO meeting! Thank-you for supporting our students and the APS Music Team!

APS in the Railroad Festival Parade:

APS participated in the annual Railroad Festival Parade this year passing out books to local children. We would like to say a HUGE thank you to Advance Auto of Appomattox for letting us use their company truck to house the nearly 900 books we passed out. Despite the rain, the day was a success!

School Counselor's Corner.....

The Six Pillars of Character
What is good character? Our kids at APS have described good character as being good, listening to their teachers, being nice to other people, and filling buckets! Throughout the school year, I will be visiting all of our classrooms at APS to discuss the six pillars of character. The Six pillars of character are...

- **Responsibility**
- **Respect**
- **Caring**
- **Trustworthiness**
- **Citizenship**
- **Fairness**

Recently, we have discussed what it means to be responsible. Responsibility can be defined as doing what you are supposed to do, trying your best, and treating all people fairly. I think the best way to describe it is, knowing the difference between a good choice and a bad choice and making the good choice.

We have also been discussing how every choice we make affects other people. This can be in a good way or a bad way. For example, if moms and dads ask their child to pick up their toys and they don't. Then mom or dad trips over their kid's toys it definitely affects their moms and dads, which in the end can affect the child! Being responsible is not always easy, but kids learn good character when they practice responsibility.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, October 10, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty. Mrs. Amy M. Martin was not in attendance because of the hospitalization of a family member.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided the following information:

1. Financial Update – A brief financial update of the first quarter (July 1, 2013 – September 30, 2013) of the 2013-2014 fiscal year indicated expenditures were on target. (See Attachment # 1) The Average Daily Attendance (ADM) for the school year was reported to be 2250 students which was higher than the budgeted ADM of 2185 students. It is anticipated this escalation in student enrollment will result in increased state revenues and may warrant a request for additional funding from the locality.

2. Virginia Local Disability Program – The 2012 Virginia General Assembly created a new VRS Hybrid Program which will cover all new employees hired after January 1, 2014. It was noted, our Board may choose to retain disability coverage for this VRS employee group through the state VRS Disability Program or we may select a vendor of our choice. The selection of a different vendor will require the Board to adopt an irrevocable resolution to opt out of the VRS Disability Plan. Many other school divisions have decided to opt out of the

VRS Disability Plan for employees hired after January 1, 2014 as they are finding lower rates through The Standard Plan offered by VaCorp. Mr. McMillan noted he will continue to gather information but was anticipating recommending to the Board at the October 24, 2013 meeting that the Board opt out of the state VRS Disability Plan and elect The Standard Plan through VaCorp. (See Attachment # 2)

3. Health Insurance Update – The Affordable Care Act recently required a Federal Government Notification be issued to all employees concerning "New Health Insurance Marketplace Coverage Options and Your Health Coverage". (See Attachment # 3) Because of the one year delay in the employee mandate to implement coverage for part-time employees, it is anticipated we will not be required to cover employees who work 30 hours or more per week until October, 2015. It will be necessary that actual employee work hours be tracked well in advance of this implementation date as the data will be utilized to determine eligibility for health insurance coverage.

4. Training for the Director of Finance and Human Resources – Mr. McMillan shared information concerning a series of classes he will be taking to develop his knowledge of school budget and finance. (See Attachment # 4)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically students #50431 and #12951.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a unanimous voice vote of approval from the Board.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 5)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and as recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 6)

Approval of Student Number 50431

It was moved by Mr. Smith and seconded by Mr. Torrence to place Student Number 50431 on long-term suspension through the end of the 2013-2014 school year and allow the student to register for the GED test. The student must take and pass all GED subtests by January 1, 2014. By unanimous voice vote, the motion was approved.

Approval of Student Number 12951

It was moved by Mr. Smith and seconded by Mr. Torrence to support the superintendent's recommendation to place Student Number 12951 on long-term

suspension through the remainder of the 2013-2014 school year. By unanimous voice vote, the motion was approved.

NEXT MEETINGS

The Appomattox County School Board will meet Thursday, October 24, 2013 at 5:00 p.m. to conduct the Regular Monthly Business Meeting. Mr. Smith stated he would not be in attendance because of mandatory training he must attend concerning his employment. A Joint Meeting with the Appomattox County Board of Supervisors will be held Tuesday, October 29, 2013 at 5:00 p.m. Both meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia. Mr. Smith also indicated he would not be able to attend the Joint Board Meeting as he will be out of the state at that time. Rev. Williams noted he may not be in attendance on October 29, 2013 due to a number of other responsibilities.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty reported a reception honoring the artists of the 2013 Area Youth Art Exhibit, sponsored by The Longwood University College of Education and Human Services and Longwood Center for Visual Arts will be held Sunday, October 27, 2013 from 2:30 - 4:00 p.m. at The Hull Building, 1st Floor, at Longwood University in Farmville. The awards ceremony will be held at 3:00 p.m. The following students from Appomattox County will be honored: Catherine Baldwin, Justin Jones-Schladweiler, and Cameron Chambers. Board members were invited to attend.

Communication Items from Board Members

Mrs. Martin shared a thank you from her husband for the get well card he received from the Board.

Mr. Waddell stated he had received the VSBA Delegate Handbook for the upcoming VSBA Convention. He noted he would review the material and should any items appear controversial he would report to the Board.

RECOGNITIONS

VSBA Academy Awards

Dr. Grasty presented the following Virginia School Board Association Academy Awards for VSBA participation and training throughout the year:

1. **Mr. Gregory Smith** - Recognition Certificate
2. **Rev. J. Wesley Williams** - Achievement Certificate and Bronze Pin
3. **Mr. Bobby Waddell** - Distinction Certificate and Starfish Pin
4. **Dr. Dorinda Grasty** - Distinction Certificate and Starfish Pin

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the September 30, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,253

students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 12) Dr. Grasty noted this is an increase of 68 students from our March 31, 2013 ADM Report.

VSBA and NSBA Activities

The 2013 VSBA Annual Convention will be held in Williamsburg, November 20 - 22, 2013. Mr. Waddell, Rev. Williams, and Dr. Grasty are registered to attend. Mr. Waddell will be representing the Board as the Voting Delegate at the VSBA Delegate Assembly and Regional Meeting of the convention. Rev. Williams will be serving as the Alternate Delegate in the event Mr. Waddell is unable to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, stated he recently attended the Virginia Association of School Business Officials (VASBO) Meeting that he found to be very beneficial. He provided the following report to the Board:

1. Virginia Local Disability Program (VLDP) – School divisions may opt out or retain disability coverage through the Virginia Retirement System for new employees, hired after January 1, 2014, who will be covered through the VRS Hybrid Plan. School divisions opting out of the VRS disability plan must provide disability coverage through another vendor. The Board must make a decision regarding disability coverage prior to the December 2, 2013 deadline.

2. Virginia Retirement System (VRS) Rates – Rates are projected to increase from 11.66% to 14.50% for FY 2015, which would result in additional costs to the school division in the range of $300,000.00 to $400,000.00.

3. ADM Increase – Additional state funding will be received due to an increase in our total funded Average Daily Membership (ADM). Mr. McMillan noted caution should be taken as the Virginia Department of Education will use our March 31, 2014 ADM to determine the 2013-2014 state funding allotted to our school division.

2013-2014 Title VI, Part B, Subpart 2, Rural and Low-Income School Program Allocation

Mrs. Beth Haught, Director of Remedial and Special Education, was pleased to report additional funding for our school division in the amount of $40,258.12 for the 2013-2014 Title VI, Part B, Subpart 2, Rural and Low-Income

School Program Allocation. Our school division has not been eligible for this award in the past. The award is based on the student population eligible for free and reduced lunches and the location of the division. The funding can be utilized for teacher salaries and benefits, staff development, recruitment and retention of hard-to-find staff, training teachers to use technology, and remediation services. Mrs. Haught stated the completed application will be submitted to the Board at a later date for approval prior to submitting to the Virginia Department of Education. It was noted this grant does not require a local match.

Profile of SAT Testers at Appomattox County High School

Mrs. Annette Bennett, Director of Curriculum and Instruction, presented a profile report of SAT testers from Appomattox County High School. She was pleased to provide the report which revealed, in the twelve school divisions in Region 8, we were among the top two scoring school systems. (See Attach. # 13)

K-3 Primary Class Size Reduction Program Reports for Fiscal Year 2014

Mrs. Bennett stated the K-3 Primary Class Size Reduction Program Reports for Fiscal Year 2014 revealed the average pupil-teacher ratio at Appomattox Elementary School was 18 to 1 and 17 to 1 at Appomattox Primary School. Our school division receives state funding for maintaining an average ratio of 19 to 1 or lower. (See Attachment # 14)

2014-2015 Calendar Discussion

A Calendar Committee of representatives from each school has been formed to develop two or three calendars for the 2014-2015 school year to present for possible School Board approval in December. The committee was provided parameters with which to work, such as state holidays, workdays, and the required number of school days. The hope is that by having representatives from each school the calendar can reflect more of an employee voice.

Dr. Grasty requested guidance from the Board concerning the 2014-2015 school calendar. Mr. Waddell requested Veterans Day be included as a holiday, if possible. Rev. Williams noted the calendar for 2013-2014 was good and coordinated with Lynchburg City Schools as a number of our programs are connected to this neighboring division.

Update on School/Business Partnerships

The superintendent provided School/Business Partnerships that are in place for the 2013-2014 school year. (See Attachments # 15, # 16, # 17, and # 18) Mr. Waddell noted there are a lot of good partnerships.

Preparation for 2014 Board Meeting Calendar

Dr. Grasty stated a draft of the 2014 Board Meeting Calendar will be presented at the November 14, 2013 Regular Monthly Business Meeting and requested direction from the Board concerning the development of the calendar. It was the consensus of the Board that the 2014 calendar should be similar to the current 2013 calendar and incorporate the following:

- Tour the schools in the spring and fall.
- Begin the meetings at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.
- An Interim and Regular Monthly Business Meeting should be held each month except July, November, and December.

FY 2015 Budget Process

The superintendent proposed the following budget calendar for the development of the 2014-2015 School Budget:

- November - Public input and discussion of possible budget goals
- December - Board develops budget goals
- January - Budget update and adoption of goals; Possible Budget Work Session
- February - Public Hearing on FY 2015 Budget; Possible Budget Work Session
- March - Superintendent's Budget Presentation
- March - Joint Meeting with the Appomattox County Board of Supervisors
- March or April - Adoption of FY 2015 School Budget

The Board was in agreement with the budget calendar as presented by the superintendent.

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from the members of both boards. Their response follows:

1. Mr. Craft asked how much clerical time and how many people are involved with SOLs.

   Dr. Grasty stated several full-time clerical staff work with SOLS as well as an administrator who spends a lot of time on this area. She noted principals are also involved as numerous reports must be completed.

   Mrs. Bennett pointed out “we use every warm body during testing”. She said it takes a half-day here, three hours there, and it all adds up as a great deal of effort goes into SOLs.

2. Mrs. Martin asked if recent SOL test changes account for the decline in student scores.

Mrs. Bennett noted Reading, Writing, and Science tests changed significantly during the past year. She stated the 2013-2014 school year will be the first time in four years we will not have SOL test changes.

3. Rev. Williams mentioned the size of subgroups and the huge impact these small groups have on the status of the entire school division.

   Dr. Grasty stated our teachers and administrators are working very hard. We want the subgroup scores to improve, but it is a challenge. She emphasized we have very dedicated employees and good students.

4. Mr. Small stated the schools are close to meeting state requirements and it appears federal requirements are the problem. He also noted federal funding for the school division is at a minimum. He asked what would happen if the school system no longer accepted federal money. Would this alleviate meeting federal mandates?

   Dr. Grasty indicated there has been some talk around the state about doing this, but no one has carried-out.

   Mrs. Bennett pointed out there are two major laws that require us to provide education to students with disabilities whether or not we receive federal funding.

5. Mr. Carter stated “my hat goes off to you”. If a student doesn’t want to learn it falls back on the teacher’s evaluation. Mr. Craft was in agreement.

   Dr. Grasty pointed out teachers in Virginia must show growth. Forty percent of their evaluation is designated to student achievement and growth.

6. Mr. Waddell encouraged those in attendance to visit the elementary school to observe Project Based Learning.

7. Mr. Spiggle referred to a recent visit to the elementary school with Mrs. Ferguson to view the third and fourth graders’ Zoo Projects. He was very impressed with the level of knowledge exhibited by these students. He stated it was a good project and the students did an excellent job of presenting information.

8. Mrs. Martin referred to the School Board’s September tour of the schools. She stated the student tour guides at the primary school were very impressive as they guided their groups over the entire building and answered every question they were asked.

9. Mr. Carter asked if there was any Tobacco Money available for scholarships.

   Dr. Grasty stated individual scholarships exist for students, but she was not aware of Tobacco Money available for the schools.

   Mr. Spiggle noted it depends upon the project and what you expect to obtain. He was aware of funding for economic development and jobs but he was not aware of money available for education.

   Mr. Arbogast informed the group that he is pursuing a $5,000.00 grant to reinstate the robotics program.

10. Mr. Carter referred to the recent $59,730.00 School Security Equipment Grant that had been awarded to Appomattox County Public Schools and asked when the school division was made aware of the grant.

    Dr. Grasty stated the grant application was released during the summer with a short timeframe to respond. One of our employees completed the application prior to the deadline and we were awarded the grant in early September.

    Mr. Carter asked if the school system was aware of the grant during the time the 2013-2014 School Budget was being developed and Dr. Grasty stated we were not.

ACTION

No action was taken at this meeting.

ADJOURNMENT

There being no further business, it was moved by Mrs. Martin and seconded by Mr. Torrence to adjourn the meeting. A unanimous voice vote of approval was received.

VSBA Capital Conference

January 27-28, 2014

Richmond Marriott
500 East Broad Street
Richmond, VA

The 2014 General Assembly promises to be another challenging session for supporters of public education, due to the difficult fiscal climate and the ever increasing role and expectations of our public education system. Advocacy by local school boards members is a year-round job and even more important during the General Assembly.

We will start off the day with a session featuring greetings from the new Virginia Secretary of Education (invited) and commentary on the "big picture" political scene by Dr. Bob Holsworth, frequent political analyst for the press and television. You will receive an overview of the Governor's budget and VSBA's legislative priorities will be reviewed by VSBA's lobbyists. The end the day will feature a "don't miss" reception that will provide you with an opportunity to mix and mingle with your delegates and senators, and hear remarks by our new Governor (invited) on his agenda for K-12 education.

The VSBA Capital Conference, formerly the Legislative Conference, offers you an opportunity before crossover to be seen and heard by your legislators. This "can't miss" conference allows your voice to be heard and continues VSBA's efforts for year-round advocacy. We hope to see you in January!

SUPERINTENDENT'S REPORT

Mid-Atlantic Broadband Communities Corporation Donation to School Division

Dr. Grasty was pleased to introduce Mr. Tad Deriso, President and CEO of Mid-Atlantic Broadband Communities Corporation (MBC). Mr. Deriso noted MBC has owned and operated a fiber optic network in twenty-six counties in southern Virginia for the past ten years. He stated MBC is proud to donate to regional robotics programs throughout the area to ensure these programs continue to inspire students drawn to science and technology and prepare them for the workforce of tomorrow. On behalf of MBC, Mr. Deriso and Mr. Bryan David, Member of MBC Board of Directors, were pleased to present checks in the amount of $4,000.00 to Appomattox Middle School and $6,000.00 to Appomattox County High School to help strengthen the robotics programs in these schools.

The Board expressed appreciation to Mr. Deriso and Mr. David for MBC's generous donations to the Appomattox County Public Schools robotics programs.

FY 2015 Budget Public Comment Session

The Chairman opened the floor for public comments to solicit input prior to the development of the 2014-2015 School Budget. The following speakers addressed the Board:

1. Billy Perrow
   600 Snapps Mill Road
   Spout Spring, Virginia 24593

Mr. Perrow addressed the Board on behalf of the FFA Alumni Association. He stated the Agriculture Program has an excellent staff who works hard in an established program and needs to be adequately funded so the program can continue to provide outstanding opportunities for students. The FFA Alumni Association provides $12,000.00 to $15,000.00 annually as they want to see the program grow and be the best it can be. He also cited a number of former students from Appomattox County High School who operate viable businesses in the county and are products of the ACHS Agriculture Program. Mr. Perrow requested the Board continue to support the Agriculture Program.

2. DeWitt Goin
   517 South Fork Road
   Appomattox, Virginia 24522

Mr. Goin stated he was a local business owner, parent, and representative of the FFA Alumni Association. He noted it was his privilege to accompany the Appomattox County High School FFA Members on their recent trip to the National FFA Convention. He indicated the convention was second to none and provided a wealth of opportunities for our students. He thanked the Board for their support of the Agriculture Program and encouraged their continued support.

3. Kenneth Richardson
   221 Richardson Ridge Lane
   Pamplin, Virginia 23958

Mr. Richardson spoke on behalf of the bus drivers of Appomattox County Public Schools. He requested the Board consider providing dental insurance benefits for this group of employees which would cost approximately $29.00 per month, per driver. He stated all of the surrounding counties provide benefits to bus drivers but no benefits are provided to the drivers in Appomattox County.

4. Tracy Hoffman
   265 Woodland Road
   Appomattox, Virginia 24522

Mrs. Hoffman, Third Grade Reading Teacher at Appomattox Elementary School, requested the Board restore salary steps as she thanked the Board for their diligent work and often difficult jobs.

5. Brenda Jarrett
   1452 Oak Ridge Road
   Appomattox, Virginia 24522

Mrs. Jarrett, Chorus Teacher for Appomattox County Public Schools, addressed the Board on behalf of Chorus, Music and Theater. She thanked the Board for their support of the arts in our school division and asked for their continued support for these important programs.

6. Kristen Harbin
   694 Soybean Drive
   Appomattox, Virginia 24522

Mrs. Harbin, parent, praised the teachers in our school division for the hard work they do and requested the Board compensate them fairly.

Mr. Waddell thanked the speakers for addressing the School Board and for their recommendations for the 2014-2015 School Budget.

Mr. Smith also encouraged the speakers to share their concerns with the members of the Appomattox County Board of Supervisors.

Membership Report

The superintendent provided the October 31, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,230 students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 8)

VSBA and NSBA Activities

The 2013 VSBA Annual Convention will be held in Williamsburg, November 20 - 22, 2013. Mr. Waddell, Rev. Williams, and Dr. Grasty are registered to attend. Mr. Waddell will be representing the Board as the Voting Delegate at the VSBA Delegate Assembly and Regional Meeting of the convention. Rev. Williams will be serving as the Alternate Delegate in the event Mr. Waddell is unable to attend.

The VSBA Capital Conference will be held in Richmond, January 27-28, 2014. The registration fee is $165.00 and the deadline to register is January 6, 2014. Rev. Jones, Mr. Waddell, and Dr. Grasty are registered to attend.

The VSBA Orientation for New Board Members and Superintendents will be held in Richmond, January 28, 2014. The registration fee is $165.00 and the deadline to register is January 6, 2014. Rev. Jones is registered to attend.

The VSBA Orientation for New Chairmen and Vice-Chairmen will also be held in Richmond, January 28, 2014. The registration fee is $165.00 and the deadline to register is January 6, 2014.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, recommended the Board opt out of the Virginia Retirement System (VRS) disability plan and use The Standard Insurance Company disability plan that is sponsored by VaCorp for new employees hired after January 1, 2014 who will fall into the new VRS Hybrid Retirement Program. The Board was requested to take action concerning this recommendation later during the meeting. Mr. McMillan also stated additional information concerning the disability plan with The Standard Insurance Company will be provided at the December 19, 2013 Board Meeting.

Fiber Optic RFPs

Mr. Brette Arbogast, Director of Technology and CTE, provided the Board with a Request for Proposals to secure bids for construction on the fiber optic network to expand the current fiber backbone from the School Board Office to the middle school. All sealed bids must be received by the Director of Finance by 3:00 p.m. on March 31, 2014. (See Attachment # 9)

ACCESS Pilot Project Based Learning

Mrs. Annette Bennett, Director of Curriculum and Instruction, provided an update on the ACCESS Pilot Project Based Learning Program in which twenty-two teachers have volunteered to participate. She stated the key focus areas of the program are collaboration/communication, critical thinking, creativity, and community or global awareness. This program relates to learning goals that require students to:

- Analyze prior knowledge and information.
- Solve authentic and real life problems through inquiry.

- Bring all of this information together to create a new idea, a new product, or a new solution.

She stated ACCESS instills the habits of respect, creativity, honesty, integrity, communication, and hard work in our students and emphasizes how important these habits are to any task they are asked to solve.

School Librarian Conference Report

Mrs. Alison Paulette, Appomattox County High School Librarian, provided a report concerning her attendance at the recent School Librarian Conference. She thanked the Board for the opportunity to attend the conference and stated it always provides valuable information that she is able to bring back to the school division for implementation.

Report on FFA Trip to National Convention

Mr. Edward McCann, Appomattox County High School Agriculture Teacher and FFA Advisor, reported on the recent trip to the 86th National FFA Convention in Louisville, Kentucky for twenty-eight students and their chaperones. He thanked the School Board for their support in providing this excellent opportunity for our students. (See Attachment # 10)

Discussion of Possible FY 2015 Budget Goals

Dr. Grasty reported the Governor's Budget will be released on December 16, 2013 and the General Assembly will be in session January 9, 2014 through April 16, 2014. She requested the Board begin thinking about possible FY 2015 Budget Goals as they will be developed at the December, 2013 meeting and adopted at the January, 2014 meeting.

Mrs. Martin noted all of the 2015 Budget Public Comment Session speakers had good recommendations. She asked if employees must work a certain number of hours per week to qualify for benefits. Mr. Waddell noted Obamacare stipulates employees must work 30 hours per week to qualify. Mr. McMillan reiterated the qualification is 30 hours per week and also noted our bus drivers do have benefits. Up until about a year ago, bus drivers received savings bonds and that program was changed to the current 403b Retirement Account program. Rev. Williams asked what benefits are provided to bus drivers in surrounding school divisions. Dr. Grasty stated she would obtain this information and report to the Board. Mr. Smith suggested providing bus drivers with the option of the 403b Retirement Plan or receiving dental insurance as a benefit.

Rev. Williams indicated the Board would like to do great things, such as the salary step increases requested by Mrs. Hoffman, but he was unsure how the school division could afford to address this area. However, he noted the Board should look at this request as it had more than enough merit. Dr. Grasty stated it has been five years since steps have been addressed.

Mr. Smith suggested the following goals also be addressed: reinstate paid stipends for curriculum chairs of core subjects, reinstate Auto Mechanics and Building Trades Programs, continue to support FFA students' attendance at the National Conference, evaluate the split assistant principal position to determine if adjustments are needed for 2014-2015, and provide pay increases for employees. In particular, we should request the additional one percent salary increase the county provided their employees for 2013-2014 that they did not provide for school employees.

Rev. Williams recommended a five percent pay increase for employees. He also suggested re-evaluating the decision made last year to remove the assistant principal position at the primary school to determine if this was the right decision. He voiced his support of the Agriculture Program and noted the need to request support from the Board of Supervisors for capital improvement needs in addition to the school operating budget.

Mr. Torrence noted he has yet to see a good year since he became a member of the School Board. He continued to request the Board set the goal of retaining all current employees.

Mrs. Martin pointed out during her twelve years on the Board, the school division received local money, above required funding, only one year and that was in the amount of approximately $260,000.00.

Mr. Waddell recommended the Board continue to cover health insurance for employees.

Dr. Grasty thanked the Board for their input and stated the suggested goals would be listed and provided at the December meeting for further discussion and guidance.

Review of 2014 Draft School Board Meeting Calendar

A draft of the 2014 School Board Meeting Calendar was reviewed for input from the Board prior to adoption at the January, 2014 organizational meeting. No requests for changes were received from Board Members.

School Showcase Schedule for 2014

January, 2014	-	Appomattox County High School
February, 2014	-	Appomattox Middle School
March, 2014	-	Appomattox Elementary School
April, 2014	-	Appomattox Primary School

ACTION ITEMS

Consideration of Approval of Second Reading and Adoption of Revised Policies

Mr. Smith requested additional revisions be made to policy JFC-R - Standards of Student Conduct (Option 2) and requested this policy be pulled and placed on a future agenda for approval. It was then moved by Mr. Smith and seconded by Mrs. Martin to approve the second reading and adoption of the revised policies as presented and recommended by the superintendent with the exception of Policy JFC-R - Standards of Student Conduct (Option 2) which was pulled for consideration at a later date:

1. CMA - School Division Annual Report Card
2. GBL - Personnel Records
3. GBM and GBM - R (Customized) - Professional Staff Grievances
4. GCA - Local Licenses for Teachers
5. GCBE - Family and Medical Leave
6. IKFA - Locally Awarded Verified Credits (Customized)
7. JO - Student Records (Customized)
8. LC and LC-R - Charter Schools (Customized)

By unanimous voice vote, the motion was approved. (See Attachments # 11 - # 18)

Consideration of Adoption of Resolution Concerning Irrevocable Election Not to Participate in the Virginia Local Disability Program

It was moved by Mr. Smith and seconded by Mr. Torrence to adopt the resolution for the Irrevocable Election Not to Participate in the Virginia Local Disability Program for new employees hired after January 1, 2014 who will be required by the 2012 Virginia General Assembly to participate in the Virginia Retirement System Hybrid Plan. By unanimous roll call vote, the motion was approved. (See Attachment # 19)

Consideration of Requests for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2013-2014

It was moved by Mrs. Martin and seconded by Rev. Williams to approve exemption from compulsory attendance laws for bona fide religious belief for the 2013-2014 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 20)

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETING

The next Regular Monthly Business Meeting will be held Thursday, December 19, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report and employees #122, #87, and #252.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950 as amended; and,

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports and student #51113.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel, briefings by staff relating to actual or probable litigation, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 21)

APPROVAL OF PERSONNEL MATTERS

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 22)

APPROVAL OF STUDENT MATTERS

Approval of Student Number 51113

It was moved by Mr. Smith and seconded by Mr. Torrence to allow Student Number 51113 to return to the high school for second semester pending completion and passing of current assigned APEX classes. Should the APEX classes not be completed and passed the student will be assigned to the Appomattox Alternative Education Center for second semester. Upon return to the high school the student will be required to participate in SOL remediation in World History and Earth Science. By unanimous voice vote, the motion was approved.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. A unanimous voice vote of approval was recorded.

Happy Holidays from AMS

The Raider

December 2013

Congratulations

"There is nothing that we cannot accomplish"

To score perfectly on a Standards of Learning test is a huge accomplishment. Forty AMS students were recognized during an evening ceremony November 4, 2013 in the school cafeteria in front of peers, family, friends, and administration. In addition to having received a certificate and a blue ribbon, the names of the students being honored were placed on a handmade, old fashioned blackboard designed and constructed by our Tech Systems instructor, Mr. Sullivan. Individual student names were inscribed by our Art Instructor, Mrs. Evans. The board will be on permanent display in the cafeteria in honor of the students' hard work.

Middle Years

Working Together for School Success

Short Stops

Quiz yourself

When your child reads a textbook, encourage him to quiz himself periodically. This helps him keep track of how well he's understanding the material. After he finishes reading each section, he can ask himself questions based on the subheadings or boldfaced words. ("What are *concurrent* powers?") If he doesn't know the answer, he should reread that part.

Photo-in-a-jar

Your tween can give presents to teachers, relatives, and friends without spending a lot of money. For each gift, have her put a photo into a clean, empty glass jar and add a special message and small decorations. For instance, she could write "You rock!" and include pebbles along with a picture of herself with a favorite teacher.

An important influence

You may be surprised to know that parents are the biggest influence on how children view underage drinking. Your tween cares what you think (even when he doesn't show it), so it's best to share your views early and often. In fact, experts suggest having a conversation with your child as early as age 11—then bringing up the topic on a regular basis.

Worth quoting

"Let us love winter, for it is the spring of genius." *Pietro Aretino*

Just for fun

Q: What has 50 feet and sings?

A: The school chorus!

Tips for strong writing

Being able to write well will help your child in all her classes—and it can prepare her for college or a career when she's older. Share these ideas for practicing writing skills.

Connect with your reader

Encourage your tween to think about her audience, or who she's writing for. If she's creating a family newsletter to share with faraway relatives, she should consider what kind of information they would be interested in. For example, they might want to hear about her band competition or her baby brother's latest milestones.

Offer opinions

Reviewing products and services lets your middle grader practice writing an "argument"—something she'll need to do in her classes. When she tries a new face wash or bike repair shop, she could write what she liked and didn't like about it, and why. Then, she can post it on a site such as *amazon.com* or *yelp.com*. *Note:* Remind her not to use her real name or other identifying information.

Write with others

Your child may need to write *collaboratively* when she does a group project. For instance, classmates might write different sections of a report, give each other feedback, and discuss changes. Suggest that she write a story with friends using a free site like *google.com/docs*. That way, they can read, comment on, and edit each other's work in real time, which can be both fun and creative.

Seasonal family fun

Your tween may be more excited about participating in family outings if he has a say in what you do. This winter, consider letting him take the lead with these suggestions:

- Ask him to list things he would like to do together. *Examples:* Attend the community pancake breakfast, shop for holiday gifts, go sledding. Then, choose an item from his list each week.
- Appoint your youngster to be your family tour guide. Let him pick places to take visiting relatives or look into out-of-town activities if you're traveling. He might find a light display, a town parade, or an orchestra concert, for instance. *Tip:* He can check town or county websites or tourism bureaus for ideas.

Kindness, inside and out

Encourage your middle grader to choose kind thoughts, words, and actions. He'll feel good about himself and make life pleasant for those around him. Here's how.

Thoughts. Ask your child to pay attention to unkind thoughts—and try to change his thinking. For instance, if he catches himself thinking, "My sister is so slow!" he might switch it to, "She likes to take her time." This may help him feel kinder and more patient.

Words. What your tween says can have a big impact on others, so remind him to choose his words carefully. If a basketball teammate misses a free throw, he could compliment him on the shots he did make rather than making him feel bad about the one he missed. Try role-playing at home so your child can practice coming up with kind responses in various situations.

Actions. Suggest that your middle schooler keep his eyes and ears open for people who need help. He might get a library book from a high shelf for a younger patron or offer to feed the neighbors' cat when they're out of town. Doing kind acts, whether large or small, will make him feel good about himself and encourage him to be kind in the future.

One thing at a time

If your child surfs online or texts while doing homework, it will take her longer to finish—and she probably won't learn as much as she would otherwise. Help her stay focused with these tips.

Know the facts

Tweens may believe multitasking doesn't affect them because "everyone" does it. But research shows that our brains work more efficiently when we concentrate on one thing at a time. Suggest that your middle grader time herself doing five math problems while multitasking and then time herself for the next five with electronics turned off. She is likely to see a difference.

Set aside time

When your youngster has to create flyers for a club event or write a student council speech, encourage her to devote a period of time to doing only that. She can avoid the temptation to multitask by putting away her cell phone and closing social media apps or sites on her tablet or computer.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Parent to Parent: It's freezing!

My son Andrew complains every winter about the cold. This year, I remembered that his science teacher mentioned taking advantage of the weather to do experiments at home. I checked the materials she had sent and suggested that Andrew try one on the freezing point of liquids.

So on a day when the temperature dipped below freezing, he put equal amounts of soda, water, milk, and orange juice in separate plastic or paper cups and set them outside. He predicted the order in which they would freeze and checked them every 5 minutes to record the results. Next, he experimented with how salt affects the freezing point by letting the cups thaw and then adding a teaspoon of salt to each one. He was pretty surprised to find out the difference salt made.

I'm not sure Andrew will ever love the cold weather, but at least the freezing temperatures have given him a chance to learn about science!

Q&A: "That's so embarrassing..."

Q *My daughter always says I'm embarrassing her. What can I do?*

A You're not alone. Middle graders are concerned about what other people think of them, and they want their own identity and space as they become more independent. Because of all this, it's common for them to claim their parents are embarrassing.

Try to notice what makes your child self-conscious and to avoid those things when possible. Maybe she doesn't want you calling her by a childhood nickname or using tween slang in public, for example. You might also limit physical affection in front of others. Perhaps you could wink and say, "Good luck," instead of hugging her before a game.

Even though your daughter's attitude may be hurtful at times, remind yourself it's not personal—it's just another stage in her growth.

HAVE A BLAST AT VIRGINIA TECH OR UNIVERSITY OF VIRGINIA SUMMER 2014!

Check out this FREE opportunity to interact with other students from Virginia who are interested in the excitement of Science, Technology, Engineering and Mathematics (STEM)!

BLAST will offer a dynamic three-day residential summer experience on the campus of Virginia Tech (VT) and the University of Virginia (UVA) in the summer of 2014. Through innovative hands-on experiences taught by faculty members and staff, students will explore the fun and excitement of STEM while residing on a college campus. BLAST is geared to students who may have an interest in STEM or an underlying aptitude for STEM academics, but have not yet discovered the excitement of STEM.

Current 8th and 9th grade students from Virginia will have an opportunity to choose from one of two sessions at Virginia Tech, July 13-16 or July 20-23, or one session at the University of Virginia, July 27-30.

BLAST is a partnership between the Virginia Space Grant Consortium (VSGC), Virginia Tech, the University of Virginia and the Commonwealth of Virginia.

Students will be participating in fun and engaging activities such as;

University of Virginia

Mechanical Engineering: Build a solar car

Space Science: Build a robot to complete missions on a Martian landscape

Astronomy: View planets and other celestial objects at the McCormick Observatory

Chemistry: Identify chemicals in an unknown solution

Engineering Design: Design and test insulation materials

And more!

Virginia Tech

Bats and Bio-inspired Robot Swarms

Pervasive and Physical Computing (or how to make your refrigerator re-order milk when you need it)

Unmanned Aerial Vehicle Flight Testing

Nanotechnology in Cancer Research, Electronics and Energy Production

Make your own rocket or an autonomous underwater vehicle

Watch your design come to life on a 3D printer

And more!

Who can apply:

Current 8th and 9th grade students from Virginia middle and high schools.
In order to participate, students must:

- Be a Virginia resident.
- Be a current 8th grade or 9th grade student at the time of application.
- Have an interest or curiosity in Science, Technology, Engineering or Math (STEM).

Have a grade level average at least B to C+.

Academic Career Plans

Mrs. Cooter has met with all 7th grade students through the Language Arts classes to begin to develop an Academic Career Plan. The purpose of the ACP is to allow each student to have a personal learning plan that aligns academic and career goals with the student's course of study. The ACP is designed to be a working document that maximizes student achievement by having the student accomplish goals in middle and high school that lead to postsecondary and career readiness. The Plan will be reviewed as the student progresses towards high school graduation.

The students in Ms. Gregory's and Ms. Gray's classes participated in a variety of activities including;

Making A Plan
Getting to Know You
Dream On
A Little About Me
Reality Check
Where Will You Be in 8 Years?
Getting Familiar With the 16 Career Clusters
Virginia View Career Exploration
Virginia View "Who R U" Summary
Virginia View College Search

The last part of the project included a research project. Ms. Gregory and Ms. Gray allowed each student to conduct further research on his/her selected career. The handouts and the paper, along with the Virginia View Career Exploration summaries, will become a part of each student's ACP portfolio.

What's Your Learning Style?

Your brain has tremendous potential, yet the average human being only uses between five and ten percent of this capacity. One of the ways to realize this potential is to discover the best way in which you learn.

Four decades of psychological research have shown us that each person has a distinct way of learning, known as his or her **personal learning style**. This may come as a surprise because many of us have been taught that there is only one right way to learn and think. However, research on the brain and learning has proven that, in fact, individuals vary greatly in the ways that they input, organize, assimilate and output information.

When learning something new, what do you prefer?

- To listen to someone talk about a concept?
- To read about the concept?
- To watch or experience a demonstration of the concept?

All of us approach learning tasks in different ways. Each of us has a unique collection of individual skills and preferences that help us to process and understand new information and experiences. We use all of our senses to learn, but most of us are strongest in one area.

This natural preference or dominant style is known as your **learning style**. It defines the best way for you to learn new information by suggesting study methods that enable you to learn more easily and quickly. In fact, *your learning style may be the single most important key to improving learning potential* in your personal, academic, or professional life.

Taken from: http://www.studyingstyle.com/

Take this Inventory to find out more about your own personal learning style and contact Mrs. Cooter in the Counseling Office if you have questions!

Learning Styles Inventory

1. If I have to learn how to do something, I learn best when I:
(V) Watch someone show me how.
(A) Hear someone tell me how.
(K) Try to do it myself.

2. When I read, I often find that I:
(V) Visualize what I am reading in my mind's eye.
(A) Read out loud or hear the words inside my head.
(K) Fidget and try to "feel" the content.

3. When asked to give directions, I:
(V) See the actual places in my mind as I say them or prefer to draw them.
(A) Have no difficulty in giving them verbally.
(K) Have to point or move my body as I give them.

4. If I am unsure how to spell a word, I:
(V) Write it in order to determine if it looks right.
(A) Spell it out loud in order to determine if it sounds right.
(K) Write it in order to determine if it feels right.

5. When I write, I:
(V) Am concerned how neat and well spaced my letters and words appear.
(A) Often say the letters and words to myself.
(K) Push hard on my pen or pencil and can feel the flow of the words or letters as I form them.

6. If I had to remember a list of items, I would remember it best if I:
(V) Wrote them down.
(A) Said them over and over to myself.
(K) Moved around and used my fingers to name each item.

7. I prefer teachers who:
(V) Use the board or overhead projector while they lecture.
(A) Talk with a lot of expression.
(K) Use hands-on activities.

8. When trying to concentrate, I have a difficult time when:
(V) There is a lot of clutter or movement in the room.
(A) There is a lot of noise in the room.
(K) I have to sit still for any length of time.

9. When solving a problem, I:
(V) Write or draw diagrams to see it.
(A) Talk myself through it.
(K) Use my entire body or move objects to help me think.

10. When given written instructions on how to build something, I:
(V) Read them silently and try to visualize how the parts will fit together.
(A) Read them out loud and talk to myself as I put the parts together.
(K) Try to put the parts together first and read later.

11. To keep occupied while waiting, I:
(V) Look around, stare, or read..
(A) Talk or listen to others.
(K) Walk around, manipulate things with my hands, or move/shake my feet as I sit.

12. If I had to verbally describe something to another person, I would:
(V) Be brief because I do not like to talk at length.
(A) Go into great detail because I like to talk.
(K) Gesture and move around while talking.

13. If someone were verbally describing something to me, I would:
(V) Try to visualize what she was saying.
(A) Enjoy listening but want to interrupt and talk myself.
(K) Become bored if her description got too long and detailed.

14. When trying to recall names, I remember:
(V) Faces but forget names.
(A) Names, but forget faces.
(K) The situation that I met the person other than the person's name or face.

Scoring Instructions: Add the number of responses for each letter and enter the total below. The area with the highest number of responses is probably your primary mode of learning. Because most people learn through a mixture of all three styles, read all of the learning suggestions given and select those you feel will work best for you.

Mrs. East's Class is "On The Move" in Appomattox

Mrs. Warner and the students in Mrs. East's class at Appomattox Middle School recently took a tour of Lorraine's Bakery in the Community Market and visited the Riverwalk in downtown Lynchburg. The students are pictured with the staff of the bakery and at the Riverwalk. The students participated in making pastry with Muriel at the bakery. Mr. Steve explained how the bakery began and the important points of managing your own business. Muriel (whose middle name is the bakery's name) demonstrated how she makes pastries, showed them the cooler area, and described her job tasks at the bakery. The staff showed the students around and explained the daily operations of the bakery. Mr. Steve, Muriel and the staff were very helpful and kind, and the pastries were delicious. The students learned some key points for being a successful business owner.

Poinsettias

The poinsettia is a culturally and commercially important plant species of the diverse spurge family that is indigenous to Mexico and Central America. It is particularly well known for its red and green foliage and is widely used in Christmas floral displays. It derives its common English name from Joel Roberts Poinsett, the first Minister to Mexico, who introduced the plant into the United States in 1825.

Poinsettias come in a variety of colors.

Principal's News

"Tis the season to be caring and sharing. As we celebrate this upcoming season of holidays, it is a good time to reflect upon our community and the many ways we can help those around us. Several of our classes will be involved in sharing their gifts and talents in our upcoming PTO third and fourth grade performance on December 10, at 7:00 p.m. Others will be involved in sharing their skills as they become entrepreneurs to create, advertise, and sell their products to raise money to serve our School community through the Backpack Ministry. Part of their problem-solving involved fundraising, and we appreciate the support of local businesses and organizations who have chosen to get on board with their fundraising efforts. Thank you, Commercial Steel, Appomattox Elementary School PTO, and Scott & Wilson for your encouragement of our kids!

There is always much to do and much to get involved in in our school. December is no exception. Our fifth graders will be participating in the News & Advance Scripps' Spelling Bee; our PTO will host a student store during the week of December 16th; The Virginia Health Department will hold a dental clinic here the week of December 9th. The gym will be filled with the sounds of holiday fun on December 20th, when we hold our annual Sing-a-long. In the midst of all of these events, our students continue to learn and grow, making gains in so many ways. Their smiles, their self-confidence, their beliefs in themselves as they experience many, many successes along the way are truly the very best gifts of this season.

3rd Grade News

December and January are going to be busy months! There is so much learning to do and so many wonderful activities to enjoy! The week before break, our 3rd graders will be creating their own gingerbread houses. They will be made with graham crackers, icing, and many other decorative goodies. The wonderful scent will permeate our 3rd grade halls and will create fun memories for the children. Most information will be coming about this activity.

Please keep working on those math facts: addition, subtraction, and multiplication along with the understanding of division. Also, students need to keep practicing their reading with their 20 minutes each evening and filling in their logs to be signed and returned on Fridays. Maybe you can enjoy a holiday story together. There are some wonderful books to share and enjoy this time of year.

Thank you for all you do to ensure your child's success in 3rd grade!

4th Grade News

The holiday break is right around the corner. Here are some ideas for keeping your child academically stimulated while away from school.

THE TWELVE DAYS OF BREAK

On the first day of break:

Count the number of holiday lights that you have used to decorate your house. Estimate how many lights are on
your street.

On the second day of break:

Calculate how far it is to the North Pole.

On the Third day of break:

Make a holiday wish-list and create a budget.

On the fourth day of break:

Read a holiday story.

On the fifth day of break:

Interview a grown-up about his or her best holiday memories.

On the sixth day of break:

Make your own wrapping paper using tessellations.

On the seventh day of break:

Design a new toy that you think other kids would love to have.

On the eighth day of break:

Learn about how another culture celebrates a winter holiday.

On the ninth day of break:

Write a story about a snowman.

On the tenth day of break:

Create a holiday code and use it to write someone a letter.

On the eleventh day of break:

Read a recipe to help prepare a holiday treat. Be sure to measure the ingredients correctly.

On the twelfth day of break:

Explore symmetry by creating paper snowflakes to hang in your room.

We wish you a super and safe holiday break!

5th Grade News

Time flies when you're having fun and that is exactly what is happening in 5th grade-FUN!! We are well into our 2nd nine weeks of school and there are so many fantastic activities happening all around. In Science, we are learning about sound and doing many cool experiments. Math teachers are focusing on adding and subtracting fractions. This can be a tricky concept, so check with your child to make sure that they understand what they are learning in class. Language Arts teachers are working hard to teach possessives and quotations in order to help our students become better writers. On December 11th, we will hold our annual Spelling Bee. This is always a thrilling competition to watch, so come on out and support your participant as they compete to be crowned the top speller at AES. We are so proud of our 5th grade readers! We had a record number of students meet their Accelerated Reader goals during the 1st nine weeks. During this time of year, take time to read with your child and encourage them to curl up with a good book and maybe enjoy some hot cocoa while they're at it.

Physical Education News

On Thursday, November 14th AES Physical Education classes took part in the "World's Largest Sport Stacking Event!" During the course of the Guinness World Records Day, sport stackers from all around the world were up-stacking and down-stacking pyramids in prescribed patterns combined with a variety of fitness activities. Last year, 483,658 stackers participated to break the previous year's record. This year our students helped break that record again! There is now a new

Guinness World Record for "Most People Sport Stacking at Multiple Locations in One Day." Last year's record has been surpassed and the number has exceeded the goal of 500,000 participants! The classes that participated from AES include, Mrs. Nolen, Mrs. Hogan, Mrs. Perkins, Mrs. Driskill, and Mrs. Lindsay. To learn more about this event you can visit www.thewssa.com/stackup

Jump Rope for Heart will be coming up in February...mark your calendars for Friday, February 14th!!! Look for more information to come home with your child in January.

Music News

Wow! It's almost the end of November already! I can't believe how fast the year seems to be going by. I am truly enjoying my time here at AES and teaching music to your child. The 3rd and 4th graders are preparing to perform on December 10th. We have been practicing for so long and we are ready to share these songs with you! The 5th graders continue to learn new notes and songs on the recorder. We will be sharing those songs with you in the Spring! All students are learning about Josh Groban who is a well-known singer/songwriter. He sings a song called "Thankful" which is perfect for Thanksgiving! Look this song up on YouTube. It is beautiful! We continue to learn about different styles of music and are even learning about music from around the world! I hope your child is enjoying music class this year. Please encourage them to share with you what they are learning!

Library News

Book fair got off to a wonderful start November 18. Thank you to all the parents who helped at the cash table. We could not operate book fair without you. Parents and grandparents who come to shop with their children make us happy also. Your children are so proud to have you here at school with them.

Third graders have been reading Next Spring an Oriole and putting the story in order. Then they received an incomplete drawing of the site of
Libby Mitchell's home with instructions to complete it. The quality of the work was so fine, we held a contest and allowed all of third grade to vote on the best drawings. Winners are: first place- Kirsten Moore (Lewandowski), second place- Rylan Guess (Hamlett), and third place- Emily Purcell (Perkins). Thank you to all the third graders who completed drawings and who voted on the finalists as well.

The Best Gift of All---School Attendance—All Day, Every Day

The holiday season is filled with gift giving. We enjoy giving and receiving gifts. The most important gift parents can give their children is a good education. That means attending school every day for the entire school day. It is so important that your child attend school every day. Our teachers work very hard to prepare challenging lessons and when your child misses school, important instructional time is lost.

However, we know that it is sometimes necessary for a student to miss school. The division attendance policy states that parents are to notify the school by 9am on any day their child is absent from school. We have a telephone calling system that telephones your home to inform you that your child is not in school. It also reminds you to send a written note when your child returns to school. Absences may be **excused** or **unexcused**. An excused absence is an absence followed by a written note from the parent, health care provider or court official. When a parent does not provide a written note, the absence is considered unexcused until a note is brought to school. When a student accumulates five unexcused absences, a letter is sent home asking for documentation of the absences.

A written note may be a parent note—a note written by the parent to explain the absence, a doctor's note or a statement from a court official. When it is necessary to take your child to the doctor, please ask the doctor's office for a note to return to school. Also any legal appointments should be documented with a note.

Also, students are expected to be in school the entire school day. Instruction begins at 8:25AM. Students arriving after this time are considered tardy. The instructional day concludes at 3PM. Please make every effort to schedule appointments after school hours and avoid taking children from school before instruction is complete.

There are often unique situations which surround student absences. Please inform the school so we can work together to help students get the most from each school day.

Working together, we can help our students succeed! If you have questions, call Carolyn Lawson, AES School Counselor at 352-0531.

One Year, One Team, One Goal: Team APS

December 2013/January 2014

Principal's Message……

We have many things for which to be thankful this year, and I wanted to take the opportunity to thank you for all of the different ways you assist your children. As we embark upon the holiday season, and things get even more hectic, I know how difficult it will be to manage work, household chores, dinner, lunches and homework. We have numerous demands on our time and resources; yet many of you are very involved in your child's education. You help with homework, volunteer, and regularly communicate with the school; despite all of the other things for which you are responsible.

Teachers and staff appreciate and need that support you provide at home. They are working diligently to ensure success here at school. Having said that, if you have questions or concerns about how your child is doing, please contact the teacher. He/she will be more than happy to meet with you to discuss your child's progress.

Again, I thank you! I wish you all a very special holiday season, and I hope 2014 is another great year here at APS!

Safety Survey:

We value your input at APS. Please take a moment to access the website: http://bit.ly/1k2QUK3
In an effort to continually improve our school, we ask that you complete this short survey about safety. It is voluntary and anonymous. The results will be used to assess certain safety elements and possibly make changes to our practices if need be. In order to allow all parents the opportunity to provide feedback, there will be a laptop set up in our office that you may complete the survey if you do not have Internet access available to you.
Thanks in advance,

School Counselor's Corner….

Respectful

What does it mean to be respectful? Our APS kids have defined this as listening, taking care of our toys and things that people let us borrow, and watching the way

we speak to others.

One way of watching how we speak to others is trying not to be a bully. We have discussed that sometimes when we are nice to a bully, we are sometimes able to change a bully into not being one!

We also understand that sometimes this is very hard to do, but we all agree that in certain situations it is the right thing to do.

Being respectful can be difficult at times, but it does produce great character!

Superintendent's Message

Dear Staff,

As we move into the 17th week of school, our students are thinking about the upcoming two-week holiday. Focusing on lessons and SOLs will be a challenge as visions of sugarplums and the like dance in their heads!

The Governor is set to release his proposed budget to school divisions December 16. The General Assembly begins its legislative session January 9, 2014. This is a long session of the General Assembly which will conclude March 8. April 7 will be the last day for the new Governor to take action on proposed legislation. The General Assembly will reconvene April 16, 2014. There are always many proposed bills in the General Assembly each year which impact education.

The Virginia Retirement System (VRS) has already begun to be in the news as the employer rate is proposed to increase from 11.66% to 14.50% in 2014-15, which will increase our budget significantly, in the range of $350,000. We will be following this proposal closely in the media as it unfolds.

Over the past five years, we have down-sized our staff due to budget constraints, as have many school divisions across the Commonwealth. We have not filled retirements, eliminated programs, and combined programs to meet budget demands. Each year at the state level, we have hoped for and anticipated better financial news. That has not been the case, which has been frustrating and disappointing. The decrease and stall in state funds has bled over to localities having to increase school funds at a time in which counties are also hard-pressed for revenue. All of this has continued as the bar rises steadily for SOL scores and graduation rates, along with the addition of a new state-mandated teacher evaluation heavily tied to student growth.

Our state funding is tied to our Average Daily Membership (ADM). This is the number of students in grades K-12 for which we receive state funds. Currently, our ADM is 2230. During the current year, we receive approximately $6000 from the state for each student K-12 and $1975 from the county per student. That funding will change slightly next year, as our Composite Index has been shifted such that the county will have to pay more per child.

I would encourage you to stay informed in the news regarding our state and local funding and budgets. I will send you information from the General Assembly as it occurs throughout the session and budget news along the way. Do not hesitate to call or e-mail me with questions.

Thank you for what you do for our children in ACPS. You make a difference in the lives of our children in your role. From teaching in classrooms to cleaning our buildings to feeding children and the many jobs it takes to make our school division work, you are needed and valued. Every child in this division is worth our effort.

May your holidays be filled with simple joys, laughter, and abundant smiles. May your home be full of family, friends, togetherness, and love. I wish peace, prosperity, and happiness for you and your household in 2014.

Sincerely,

Dorinda G. Grasty, Ed.D.

Brette Arbogast, Director

Technology Training Day

The technology training provided on November 26 met the state requirements for Internet safety. We would like to thank all those who responded to the survey provided at http://acpssharepoint/tp/itrt under the Survey Tab. These responses are very helpful to the Technology Department when planning for training and/or new implementations. We have provided your responses to some of the questions below.

The first question inquired to your satisfaction with the training day with one being low and five being high.

As you can see, we had a total of 101 responses with the majority rating the day with a 4.

Questions two and six of the survey had a wide range of responses and with so many variations, we ask that you look at the results online.

Question three asked "Of the sessions listed (or offered), what sessions would you have liked to have attended that you were not able to?" The results are listed below:

All I want for Christmas ----------14.84%
"A Readers Dream"----------13.1%
iPad 102---------- 10.5%
Staff Development in your Pajamas / The "Skype" is the limit--9.9%
Learning 'Khan" be fun----------8.6%
Urgh "SharePoint----------6.6%
ActivExpressions----------5.3%
iPad 101 / ActiVotes / Opening Windows----------4.6%
Thinkfinity / ActivInspire / PBL----------4%
(Impero which was the 2nd largest attended session was excluded from the list by mistake.)

Question four asked about the session time length - 85% agreed that the time was sufficient while 15% felt it was not.

Question four asked: "If you answered NO to question four, should the session time length have been longer or was it too long?" Sixty percent responded stating the time needed to be longer while 40% said the time was too long.

We thank you for your input to these surveys and will use this information in planning our next technology training so that you may get the most out of these sessions. Again thank you to all who responded.

College Classes – If you are looking for renewal points by taking a college class, colleges in the area will have a new batch of classes starting in January – many of these can be taken online. Please call them or view their website for details.

For instance, I know CVCC has many class offerings that are usually reasonably priced. They have classes at the Lynchburg Campus, the Appomattox Campus, and online too. Here is a link to their class schedule webpage –

http://cvcc.vccs.edu/ClassSchedule.aspx.

The University of Phoenix also has many classes – their classes might be a little more expensive, but they are usually shorter – many as short as 3 weeks. We have worked out an agreement with them to offer our employees a discount. Here is a link to their website –
http://www.phoenix.edu/alliance/k-12/a/appocps.html.

June 2014 License Renewals – This is a quick reminder for anyone who is up for license renewal in June, 2014. The Virginia Department of Education will start accepting renewals from me later in January. Once you have compiled your 180 points and documented that on the License Renewal Form, you must meet with your principal. During this meeting, your principal will ask to see your License Renewal Form and all of your supporting documentation. Once he or she has reviewed your points and documentation, they will initial each section and sign the form. Once they sign the form, a copy of the form should be made for your records and the original should be sent to me. I will give it a quick review and send it on to Richmond. If you are going to use a college course, I will need a copy of the transcript. New this year – anyone renewing in June, 2014 and after must complete training in CPR, First Aid, and use of an AED. I will be sending an email to you with more information on this training. Please email me with any questions.

Curriculum and Instruction
Annette Bennett, Director

On November 5, Appomattox teachers and administrators boarded school buses to travel to Prince Edward Middle School to hear the nationally renowned teacher, speaker, and author Stacey Bess. Bess is the author of the book, **"Nobody Don't Love Nobody: Lessons on Love From the School With No Name",** which was made into a Hallmark Hall of Fame movie in 2011 called "Beyond the Blackboard". The book chronicles her experiences as a teacher in an impoverished neighborhood in Salt Lake City, Utah. Her first teaching job was in a metal Quonset hut under a freeway viaduct, and her pupils were homeless. Bess learned how to inspire her students by becoming a trusted adult to them even in the most difficult of circumstances.

Bess shared that being a bride at the age of 16, a mother of six, and a cancer survivor before 30, she has seen her own share of struggles.

"There are some things I can share with these people. That's why they don't reject me," she said. "I don't come here without life experience." (Los Angeles Times, **1995)**

An inspirational educator and author, Stacey Bess spoke on the importance of service, mentorship, leadership, and overcoming adversity. She shared a multitude of examples of how she was able to make learning relevant and rigorous for her students who were forced to focus most often on survival in the streets instead of school.

This lecture was sponsored by the Region 8 Superintendents which included ten school divisions from all over the Southside. Bess spoke to two groups of Region 8 educators in Halifax and Prince Edward.

Remedial and Special Education
Beth Haught, Director

December is the month when we submit our official "child count" for the Virginia Department of Education (VDOE). The number of students we have enrolled in Special Education Programs with a signed Individualized Education Program (IEP) in place as of December 1 determines our funding. It is critical that we have accurate numbers when we submit our report to VDOE. At this moment, which is subject to change on any given day, we have 248 students enrolled with 10 disability categories represented (in descending order by number of students: Other Health Impaired, Specific Learning Disability, Speech-Language Impaired, Developmental Delay, Emotional Disability, Intellectual Disability, Autism, Multiple Disabilities, Orthopedic Impairment, Traumatic Brain Injury). APS has 81 students with disabilities, ACHS has 70, AES has 49, and AMS has 48. I would like to take this opportunity to thank each and every one of you for your dedication and for the work you do with our students with disabilities.

Summer School News

Preliminary plans have begun regarding Summer School 2014. We are considering summer school dates for the month of June rather than waiting until July. Proposed dates are June 16-July 3 so that once summer school is completed, staff and students are free for several weeks until the 2014-15 school year begins. Perhaps this will encourage more participation by both students and staff. Please consider adding summer school to your 2014 summer plans. More information will be coming in future issues of the Division Digest.

Have a wonderful and relaxing winter break!

Transportation
Matt Lair, Supervisor

Many people are curious about how we determine if it is safe to come to school during bad weather. If there is a chance of bad weather and it is announced on the evening news, I set my clock for 3:30 a.m. the next morning. After looking outside to see if anything is occurring I will make the following phone calls:

VDOT-Gathering information about road conditions.
The 911 center to gather information from them concerning road conditions and accident reports, if any.
National Weather Service in Blacksburg. I talk directly with a meteorologist who will discuss what he thinks may happen during the morning.
Depending on the timing of the "event", I also visit various online weather sites for information.

Next, I head to the Bus Shop to get the school truck to ride the roads. I am armed with a cell-phone, a temperature sensor to test road temperatures, and a list of transportation supervisors in surrounding counties who I contact to see what conditions are like in their counties and what their plans are for the day. In addition to contacting local transportation supervisors, I have also called counties 100 miles away if weather is approaching.

I try to call Dr. Grasty between 5:00 a.m. and 5:30 a.m. to tell her my opinion. Sometime during the morning, I contact Timmy Garret if he hasn't contacted me to discuss what we are doing and what condition the school grounds are in or if we have power in the schools. Dr. Grasty and I are constant weather watchers and communicate by phone on evenings and mornings of impending inclement weather.

After a decision has been made, I return to my office and make global connect calls. I send a message to the drivers and cafeteria managers detailing what we are doing. At this time if we are on a two hour delay, I can let drivers know about road conditions that I have encountered. On some occasions, if the road conditions have not improved we may end up having to cancel after a two hour delay has been announced.

On a one or two hour delay, road conditions will determine if we send any buses to Lynchburg. The reason behind this is these buses start their routes much earlier than our regular buses in the county. If Appomattox County Public Schools are closed, we won't send students to Lynchburg if that school division is open.

If all of the forecasters fail, I will also check my weather rock, the wooly bear caterpillars, count the number of foggy mornings in August, look at the acorn crop in the fall, and check the Old Farmer's Almanac.

Maintenance
Timmy Garrett, Supervisor

The Maintenance Department is hard at work installing wiring for the new security upgrades to our facilities! The security upgrades are part of the camera system the security grant we received is funding. We are also finishing up outdoor painting projects.

TEACHER

I'm elated that you're my teacher
I enjoy each lesson that you teach
As my mentor you inspire me
To dream, to work and to reach
You paint lovely pictures in my mind
And guide my creative thoughts
Share my achievements
And of course advise my faults
You speak nothing but the truth
Always teaching me to be who I am
You will surely brighten my youth.
Every day you are planting a new seed
Of curiosity, motivation and aspiration
I know my future is bright
I can now fully see the light
You will be the reason for my success
For you always thought me to do my best.
For the dawn of each poet

Celebrating American Education Week by Supporting Veterans in our AES Family

During American Education Week, over 60 veterans of the United States Armed Services dined with Appomattox Elementary School students as our way of showing appreciation for the protection and service they have provided for our country and community. The Spout Spring Ruritans Club co-sponsored this effort with the school cafeteria by donating funds to make it possible to serve "on the house" the many men and women who serve us every day. Thank you, all current and past service men and women for making it possible for us to have the freedom to learn!

Appomattox Elementary School Partners with the Lions' Club for Vision Screening

Each year, all third graders and all students new to Appomattox Elementary School are screened to detect potential vision concerns. This year, Mr. John Redding of the Appomattox Lions Club volunteered and used the Pediavision vision screening instrument to do this assessment. The information provided by Pediavision is far more accurate than what has been used in the past. Our school nurse reports that the information the system provides to parents is more thorough, easy to understand, and thus far has resulted in an increased percentage of follow-through with optometrists for examinations when recommended.

SPORT STACKING AT A.E.S.!

Sport Stacking is what's happening in P.E.! Sport stacking has been termed a "track meet for your hands at warp speed." It is an exciting sport where students up stack and down stack 12 specially designed cups called Speed Stacks in predetermined sequences as fast as they can. Stackers race against the clock, compete in relays and often combine sport stacking with fitness challenges as part of physical education classes.

Sport stacking promotes hand-eye coordination, quickness, concentration, and fitness. Sport stacking uses both sides of the body and brain, developing important skills used to dribble a basketball, to throw and catch, play an instrument, type on a computer and many more. By activating both sides of the brain, students also benefit academically with greater focus and concentration levels.

AES students were cup crazy on Thursday, November 14th as some of our students took part in what Guinness World Records terms the "World's Largest Sport Stacking Event." Tens of thousands of stackers around the world contributed their skills to reach a new record this year and we were excited to take part in the event as well!

Mrs. Ferguson's class stacking as a group.

Check out these Outstanding A.E.S. Citizens!

On November 1st, over 440 outstanding Citizens of Appomattox Elementary School participated in "Dynamic Dynasty Games." Students who demonstrated model behavior by **A**lways Respecting Others, **E**xercising Self-Control, and **S**taying on Task, were invited to a time of fun and games, in the spirit of friendly competition. Events included Cup Stacking, Dressing for Success, Back-Seat Driver, Minute to Win It, Big Foot, Mirror Basketball, just to name a few. Each nine weeks, good citizens celebrate with a different reward activity. This very first one sure brought out the smiles!

Mrs. East's Appomattox Middle School students (pictured above) participate in the STARS Mentorship Program. This group meets once every month either at the Appomattox Community Center or for a field trip. The STARS program is funded by the "I'm Determined Project" with training and professional development by the Virginia Department of Education T/TAC at Virginia Commonwealth University. The I'm Determined Project's mission is to foster self-determination skills by building positive relationships among students in Appomattox County Public Schools. Teacher representatives for 2013-14 are Catherine East and Steffanie Hawks from AMS, Susan Hamlette and Betsy Ranson from ACHS, and Ashley Ferguson and Jill McDonough from AES. Teacher Assistants are Zina Garrett and Charlene Trent from ACHS, Martha Warner from AMS, and Regina Moore and Bev Mewborn from AES. Fifty students are participating from the high, middle and elementary schools. The STARS Mentorship Program pairs these students to complete activities and attend field trips in order to improve self-determination skills. In the past few years the program has been extremely successful, and we anticipate another very productive year.

To score perfectly on a Standards of Learning Test is a huge accomplishment. Forty AMS students were recognized during an evening ceremony November 4, 2013 in the school cafeteria in front of peers, family, friends, and administration. In addition to having received a certificate and a blue ribbon, the names of the students being honored were placed on a handmade, old fashioned blackboard designed and constructed by our Tech Systems instructor, Mr. Sullivan. Individual student names were inscribed by our Art Instructor, Mrs. Evans. The board will be on permanent display in the cafeteria in honor of the students' hard work.

The week of Veteran's Day, students at AMS conducted "Patriot Week." Each day, a different branch of the armed services was highlighted. A bulletin board honoring those who have served was constructed from photos brought in by staff and students. The highlights of the week were the Veteran's Luncheon and the donation to Wounded Warrior in the memory of CSM Robert Crawford, USA Ret, father of librarian Susan Williams who passed away in August.

Red Ribbon Week is a national campaign that encourages students to pledge to be Drug, Alcohol, and Tobacco Free and to encourage their peers to do the same. AMS supports the mission of Red Ribbon Week and asked that students sign a Pledge Card to signify that they will take a stand against drugs and live a drug free lifestyle. A banner was on display in front of the school declaring: "A Healthy Me Is Drug Free". Students were also encouraged to sign a school banner stating, "Too Smart to Start" during lunch shifts and the banner will be hung in the gymnasium. Prize drawings were held giving away T-Shirts, water bottles and lollipops declaring "I have the power to be Drug Free".

ACHS Students Adopt the Christmas Spirit

Students at ACHS have been busy giving back to their communities this semester. Many clubs and classes donated time and money to provide a better holiday for those in need.

Just a few of our activities:

25 FFA members picked up litter along North Church Street. They collected 9 bags of trash.

The FFA sponsored a food drive within the Agriculture Department classes. It was called "Food for Appomattox". It was a campaign to help end food insecurity in Appomattox County. In 5 days, the students collected over $600 worth of canned food. In addition, students collected cans and donations at local grocery stores. Lastly, as an incentive to participate, teachers and FFA officers volunteered to get dunked in a dunk tank as a reward for bringing in canned goods. All proceeds were donated to a local food pantry.

This week, the FFA will be sponsoring its annual "Holes for Hope" Angel Tree Charity Cornhole Tournament during lunches. We have adopted 3 angel tree children and hope to raise $200 during all three lunch periods on Wednesday and Thursday, December 12 and 13.

The SCA is conducting a fundraiser for Cystic Fibrosis, by showing a free movie and selling snacks Friday night after the blue out game. They are also taking donations. All proceeds will go towards Cystic Fibrosis.

FCCLA collected money for Coats for Kids. They purchased 14 coats for primary students in need and bought a toy, book, pencil, hat, & gloves for each child.

HOSA students conducted a blood drive and collected 36 units of blood.

Ms. Walker and her Spanish IV students raised $2500 by selling handmade woven bracelets. All proceeds were sent directly back to the Nicaraguan craftsmen who created them.

Ms. Bloomfield, Ms. Swanson, and Ms. Matthew's English Classes created farm books about their field trip. They will be covered and donated to classes at the primary school.

Ms. Jones volunteers 8 hours a week at the Jesus Center tutoring and cooking.

The FCCLA also conducted a canned food drive in November.

ACHS Seniors conducted a safe driving pledge drive collecting signatures of those students pledging to always wear their seatbelt and to not text and drive.

NHS is caroling and giving gifts to the senior population. They have also adopted two children from the Angel Tree.

The Spanish Club volunteered at Gleaning for the World and collected bottled water and donations for the typhoon struck Philippines.

Sports
Chris Dodge, Athletic Director

The Fall Sports Season has ended. Here is how things wrapped up. The Volleyball Team reached the Conference semi-final match. The Football Team, both Boys and Girls Cross Country Teams, and Theater students made it to the region playoffs. The Theater students traveled to Virginia High in Bristol to compete in their region competition. The Cross Country Teams traveled to Dan Daniels Park in Danville to run their region meets on November 6. At that meet, Claire McClenny qualified for the state meet which was held on Saturday, November 16 in Manassas. The Football Team traveled to Marion High School on Friday, November 15 for the first round of the regional football playoffs. After winning that game they traveled to Giles County (the number one ranked team in the region), where they lost on a last second field goal. Congratulations to all of the fall sports teams for having successful seasons.

The Winter Sports Season is now here. The first day of practice was Monday, November 11. A reminder to students, you may not participate in practice (in season or out of season) unless you have a completed VHSL physical that has been turned in to your coach or on file with the Athletic Director. The following teams are now in season: Boys and Girls Varsity and Junior Varsity Basketball, Boys and Girls Indoor Track, Wrestling, and Scholastic Bowl.

The Scholastic Bowl Team has already had two matches. Wrestling, Indoor Track, and the Girls Basketball Teams all have had games. The Swim Team will travel to Prince Edward on December 13 for their first meet. The Boys Basketball Team has not been able to play due to the fact that their opponent (Buckingham County) was still in the football playoffs. The next boys game was scheduled to be at home against Altavista on Tuesday, December 17, but since the Altavista football team won on December 7 this game will have to be rescheduled since most of Altavista's basketball team is made up of football players.

Superintendent Evaluation: Developing a Model to Meet New VDOE Guidelines

- What are the new requirements?
- What is the difference between standards and indicators, and how will they be measured?
- Who establishes the cut scores for performance ratings?
- What types of student achievement goals can be used and how will they be rated?
- What level of goal achievement is required for a proficient rating?

Are you prepared to meet the implementation date of July 1 for the revised evaluation model for your superintendent? The deadline is rapidly approaching and VSBA is providing special advisory services to assist you in this process.

The Guidelines for Uniform Performance Standards and Evaluation Criteria for Superintendents developed by the Virginia Department of Education provide a wealth of information regarding the new requirements. Filtering through this document to determine what is required and what is optional requires focused attention. For some, the changes to their current evaluation model may be minor, while others face major revisions in order to be in compliance with the regulations.

The VSBA will host workshops on three separate dates that are designed to provide small group support to superintendents and board members responsible for updating their evaluation model. Participants will have the opportunity to review the Guidelines in detail and then use them as they draft their own models. Individual consultation and support will be provided throughout the session as participants work on their revisions. Please choose the date that best fits your schedule.

Sessions will be held at the VSBA office January 21, February 21 and March 10 in Charlottesville from 9:00 – 1:00, with additional time Available until 3:00 for individual consultation. The cost for each session is $150 per person.

VSBA Capital Conference

January 27-28, 2014

Richmond Marriott
500 East Broad Street
Richmond, VA

The 2014 General Assembly promises to be another challenging session for supporters of public education, due to the difficult fiscal climate and the ever increasing role and expectations of our public education system. Advocacy by local school boards members is a year-round job and even more important during the General Assembly.

We will start off the day with a session featuring greetings from the new Virginia Secretary of Education (invited) and commentary on the "big picture" political scene by Dr. Bob Holsworth, frequent political analyst for the press and television. You will receive an overview of the Governor's budget and VSBA's legislative priorities will be reviewed by VSBA's lobbyists. The end the day will feature a "don't miss" reception that will provide you with an opportunity to mix and mingle with your delegates and senators, and hear remarks by our new Governor (invited) on his agenda for K-12 education.

The VSBA Capital Conference, formerly the Legislative Conference, offers you an opportunity before crossover to be seen and heard by your legislators. This "can't miss" conference allows your voice to be heard and continues VSBA's efforts for year-round advocacy. We hope to see you in January!

Dear Mr. Harter:

On behalf of the Appomattox County School Board, I wish to thank you and your team for the traffic engineering review of Appomattox Elementary School and Appomattox Primary School to evaluate the need for improvement to alleviate queuing that occurs during student drop-off and pick-up times.

Your studies are very helpful to us and we appreciate the expertise and time taken to complete both of them. I have met with administrative staff to review the report in detail.

As a result of that meeting, I would like to request a sign for Appomattox Primary School that would say, "No Left Turn" with times indicated from 7:45 a.m. – 8:30 a.m. and 2:45 p.m. – 3:30 p.m. as you indicate in your report. We feel that would alleviate the congestion onto Ferguson Street.

At Appomattox Elementary, we are going to continue to time the traffic on intermittent days to determine when to initiate the double stacking you recommend.

Thank you again for your report.

Sincerely,

Dorinda G. Grasty, Ed. D.
Division Superintendent

Description of Request
Date: 08/23/13

See AMS Work Order number 2132989 - Requesting a study to be performed on the above routes in reference to the congestion and traffic flow during the noted times.

Traffic Engineering Recommendation
Date: 10/07/13

WORK SCOPE: A Traffic Engineering Review has been conducted in the vicinity of Appomattox Elementary School and Appomattox Primary School to evaluate the need for improvements to alleviate queuing that occurs during student drop-off and pick-up times.

EXISTING CONDITIONS AND CRASH DATA:

APPOMATTOX ELEMENTARY SCHOOL

The three routes affected in the vicinity of Appomattox Elementary are Route 691 (Pumping Station Road and Lee-Grant Avenue), Route 1008 (Ferguson Street), and Route 9068 (Kids Place).

Route 691 in the study section is a two-lane Major Collector roadway navigating a mostly residential area. This road is named Pumping Station Road from Route 647 (Salem Road) to Route 1008 and Lee-Grant Avenue from Route 1008 to Route 131 (Old Courthouse Road). The posted speed limit along this road in the study area is 35 MPH. The year 2012 Annual Average Daily Traffic (AADT) publication shows a volume of 1,600 vehicles per day (vpd) from the Appomattox West Corporate Limits (WCL) to Route 1008 and 790 vpd from Route 1008 to Route 131. Route 691 (Pumping Station Road segment) has an average pavement width of 24-feet. Route 691 (Lee-Grant Avenue segment) has a pavement width of 22 feet west of the intersection of Route 9068, and a 26-foot pavement width east of the intersection of Route 9068. There is a 120-foot right turn taper on Route 691 eastbound (EB) turning into Route 9068, and a sidewalk along the westbound (WB) lane. There is also a crosswalk that runs across Route 691 just east of the intersection with Route 9068, connecting to a sidewalk that runs along the northbound (NB) lane of Route 9068. Both segments of Route 691 have centerline, but no edgeline pavement markings. Route 691 is equipped with SCHOOL pavement markings 330 feet on either side of the intersection with Route 9068, along with a SCHOOL ZONE Sign 330 feet east of the intersection with Route 9068. The most recent three (3) years of available crash data, from January 1, 2010 through December 31, 2012, reveals that there have been two (2) reported crashes

- Continued -

along Route 691, from Route 1125 (Crosstie Road) to Route 1037 (Maple Street), which includes the study area. One of these crashes was a Sideswipe – Opposite Direction crash that occurred at the intersection with Route 1008 and other was a Roadway Departure crash that occurred just east of Route 1125. Neither of these crashes occurred during school hours, so they were not related to school traffic.

Route 1008 in the study section is a two-lane Major Collector roadway that navigates a mostly residential area. The posted speed limit along this road in the study area is 25 MPH. The year 2012 AADT publication shows a volume of 3,200 vpd from Route 691 to Route 131 (Old Courthouse Road). This road has a 24-foot wide pavement width, along with curb and gutter and sidewalk along the EB lane. This route has centerline, but no edgeline pavement markings. The most recent three (3) years of available crash data, from January 1, 2010 through December 31, 2012, reveals that there has been one (1) reported crash along Route 1008 from Route 691 to Route 1023 (Morton Lane), which includes the study area. This crash was a Roadway Departure crash and it occurred 0.10 miles south of Route 1023. This crash occurred in the late morning, so it was not related to school traffic.

Route 9068 in the study section is a two-lane Local roadway which is the main entrance road for Appomattox Elementary School. There are dedicated left and right turn lanes at the stop approach to Route 691. The road terminates at a school bus loading loop approximately 0.15 miles south of Route 691. The posted speed limit along this road is 25 MPH. The year 2012 AADT publication shows a volume of 960 vpd from Appomattox South Corporate Limits (SCL) to Route 691. This road has a 24-foot pavement width with grass shoulders. It also has centerline, but no edgeline pavement markings. Route 9068 is equipped with a Stop Bar and STOP Sign at the intersection with Route 691 (Lee-Grant Avenue), as well as left and right pavement message arrows on the stop approach. There is a STOP Sign and a Stop Bar at the parent drop-off/pick-up loop exit intersection with Route 9068. Also, at this location is a sign telling motorists to Yield to Buses. The most recent three (3) years of available crash data, from January 1, 2010 through December 31, 2012, reveals that there has been one (1) reported crash along Route 9068 fro Route 691 to the bus loop at the end of the road. This crash was a Rear End crash that occurred at the entrance to the parent drop-off/pick-up loop off of Route 9068. This crash occurred during the time parents were picking up their children.

Parents and buses enter the elementary school grounds via Route 9068 southbound (SB) from Route 691. Parents then split right from Route 9068 to the parent drop-off/pick-up loop. Buses continue on Route 9068 until they reach the bus drop-off/pick-up loop at the end of the road, which enters and exits at the same location. Parents exit the parent loop and enter Route 9068 just north of where the bus loop begins. All traffic then travels north on Route 9068 back to the intersection with Route 691.

APPOMATTOX PRIMARY SCHOOL

The three routes affected in the vicinity of Appomattox Primary School are Route 1008, Route 9583 (Learning Lane), and Route 1003 (Armstrong Lane).

Route 1008 in the study section is a two-lane Major Collector roadway along which the school and VDOT's Appomattox Residency reside. The posted speed limit along this road is 25 MPH. The year 2012 AADT publication shows a volume of 3,200 vpd from Route 691 to Route 131. In the vicinity of the school, Route 1008 has a 24-foot pavement width with a grass shoulder along the EB lane and curb and gutter with sidewalk along the WB lane. This route has centerline, but no edgeline pavement markings. Route 1008, at the intersection with Route 1003, has signage directing parents to use Route 1003 to get to the parent drop-off/pick-up loop. There is signage at the eastern intersection of Route 9583 indicating that Route 9583 is for

- Continued -

bus traffic only during pick-up and drop-off times. The most recent three (3) years of available crash data, from January 1, 2010 through December 31, 2012, reveals that there have not been any reported crashes on Route 1008 from Route 1023 to Route 1018 (First Street), which includes the study area.

Route 9583 in the study section is a one-way Local roadway which acts as the school's bus drop-off/pick-up route. The year 2012 AADT publication shows a volume of 890 vpd along the road from the entrance and exit points with Route 1008. This route has an approximate 23-foot pavement width with curb and gutter with sidewalk along the outside of the loop and a grass shoulder along the inside. Included within the road's loop is a vehicle parking lot. There are no centerline or edgeline pavement markings along this route. Route 9583 is equipped with a WRONG WAY Sign and a DO NOT ENTER Sign facing Route 1008, along with a STOP Sign for traffic exiting onto Route 1008 at the western intersection. The most recent three (3) years of available crash data, from January 1, 2010 through December 31, 2012, reveals that there have not been any reported crashes on Route 9583 from the east intersection of 1008 to the west intersection of Route 1008.

Route 1003 in the study section is a Local roadway and is the primary route from Route 1008 to the parent's pick-up lot. The year 2012 AADT publication shows a volume of 590 vpd from Route 1008 to its terminus. This section of Route 1003 has a 20-foot pavement width with grass shoulders. There are no centerline or edgeline pavement markings along this section of Route 1003. Route 1003 is equipped with a STOP Sign at the intersection with Route 1008. Also on this segment of Route 1003 near the parent entrance to the school is signage directing parents to the parent drop-off/pick-up loop. The parent entrance is also equipped with a STOP Sign on its approach to Route 1003. The most recent three (3) years of available crash data, from January 1, 2010 through December 31, 2012, reveals that there have not been any reported crashes on Route 1003 from Route 1008 to the Dead End terminus.

Parents enter the parent pick-up loop by turning onto Route 1003 from Route 1008. Parents then turn right into the parent entrance to the school and follow the drop-off/pick-up loop to the school and then back to Route 1003. Vehicles then turn left on Route 1003 and follow it back to Route 1008. Buses enter the bus loop by turning onto Route 9583 (east entrance) from Route 1008. Buses then travel the loop until they exit via the west entrance on Route 1008. Buses then right onto Route 1008 to travel towards Appomattox Elementary School.

ANALYSIS:

APPOMATTOX ELEMENTARY SCHOOL

The primary concern is when students are released at 3:00 PM. During peak traffic, a line forms from the parent loop and back up onto Route 9068 and Route 961. Traffic does not significantly back up on the WB lane of Route 691 at the intersection of Route 9068, but it does back up on the EB lane all the way to Route 1008. Most of the traffic queued on Route 9068 parks on the shoulder to let buses through; however, the buses cross over the centerline and travel south in the NB lane of Route 9068 to get to the bus loop when the parent traffic is queued in the SB lane. There is a school traffic warden stationed at the intersection of Route 9068 and Route 691 during this time to help alleviate traffic movements at this intersection. There are four (4) waves of buses that arrive at the school in 9-bus blocks every 7 to 8 minutes. During a field visit, it was observed that there was no conflict between parents exiting the parent loop and buses exiting the bus loop. Parents stopped and let the wave of 9 buses depart. During our field visit, it was observed that the parent queue had dissipated approximately 15 minutes after the students were released.

The following are several solutions to resolve traffic back-ups and conflicts occurring at Appomattox Elementary School. These solutions were discussed at the Appomattox Residency Office with an Appomattox County School representative.

- The first low cost solution considered was to route parent traffic around the school on the gravel road to create a longer storage space. This solution creates extra storage for vehicles, but creates additional conflict points with school buses. This could also cause a conflict with a student playground in the rear of the school if students were present on the playground.

- The second low cost solution considered was to change the existing two-way section of roadway that acts as the entrance to the parent loop, between Route 9068 and the front of the school, to a one-way segment to utilize the additional pavement for approximately 300 feet of double stacking. In addition to the one-way segment, a dedicated right turn lane or gravel shoulder along Route 9068 SB from Route 691 to the parent loop entrance could be constructed to allow vehicles to get off the through lane of Route 9068 to allow school buses to get by.

- The third low cost solution considered was to weave traffic through the existing parking lot in front of the school. Additional storage space could be gained with no construction needed, but it would make it very difficult, if not impossible, for parked cars to leave the lot until student pick-up had concluded.

- The first higher cost solution considered was to repave an old entrance from Route 691 and dedicate it as a bus-only entrance. This solution virtually eliminates the bus/parent conflict within the school grounds, but would come a high construction cost. Also, it would not alleviate the storage issue for parents picking up their children.

- The second higher cost solution considered was to build an additional section of roadway to the southwest from the intersection of Route 691, and have that act as the entrance to the parent loop. This solution would create additional storage space, reduce bus conflicts, create additional space for parking, and be could designed in a way to allow for school expansion in the future. However, construction costs would be high due to the amount of pavement needed to create the additional storage space and the uneven terrain of the area southwest of the Route 9068 and Route 691 intersection.

- The third higher cost solution considered was to construct a dedicated right turn lane on Route 691 EB from Route 1008 to Route 9068. This dedicated right turn lane to Route 9068 would allow for EB through traffic on Route 691 to continue unimpeded and provide storage for vehicles turning right onto Route 9068. Construction cost would be high, as this would be outside of school grounds and there would be a need to obtain right of way.

APPOMATTOX PRIMARY SCHOOL

One of the main traffic concerns at the Appomattox Primary School is when incoming traffic backs up from the parent drop-off/pick point at the school onto Route 1003 WB and onto Route 1008. Because of this, traffic can then back up on Route 1008 NB and SB due to having to wait for the queue to clear on Route 1003 WB.

Another potential issue at this location is in regards to outgoing traffic turning off of Route 1003 EB onto Route 1008. Though not observed in the field, it has been expressed that traffic sometimes backs up on

- Continued -

Route 1003 EB from the intersection of Route 1008 all the way back to the parent drop-off/pickup point. During field visits, motorists were observed stopping on Route 1008 NB at the Route 1003 intersection solely to allow traffic stopped on Route 1003 EB to turn left onto Route 1008. The school has sent parents an email encouraging them to make right turns only when leaving the school at this intersection; however, there is nothing in place that forces motorists to adhere to this requested traffic movement, and numerous vehicles were observed making a left turn maneuver onto Route 1008 during our field visits.

After multiple field visits during a one-week span, it was noted that the busiest pick-up day was Friday. The most significant queues observed were 4 vehicles on Route 1008 SB and 3 vehicles on Route 1008 NB. The most significant backup along Route 1003 EB occurred during the first wave of bus departures, where a total of 7 vehicles were in queue waiting to enter Route 1008. No queues were observed at this intersection during the other field visits.

The following are several solutions to resolve traffic back-ups and conflicts occurring at Appomattox Primary School. These solutions were discussed at the Appomattox Residency Office with an Appomattox County School representative.

- The first low cost solution considered was to add a NO LEFT TURN Sign on Route 1003 EB at the intersection of Route 1008, potentially with times designated during drop-off/pick-up times. This sign would need to be enforced by a police officer to promote its effectiveness.

- A second low cost solution considered was for incoming traffic to double stack vehicles around the parent loop. Storage capacity could be increased, but a utility pole may have to be relocated and most likely some additional pavement would be needed around the loop to allow for parents to double stack completely around the parent pick-up loop.

- A third low cost solution considered was for outgoing traffic to turn right onto an existing service road behind the school and have them U-turn back to come back to Route 1003 after dropping off or picking up their children. This could provide additional storage space after the child drop-off/pick-up has occurred. There could be a potential issue with this proposal since vehicles are often parked at the end of the service road in the area that would have to be used for the U-turning movements.

- The first higher cost solution considered was for outgoing traffic, and involved the construction of a right turn only island on Route 1003 EB at the intersection of Route 1008 to force vehicles to turn right. Additional pavement and an island would add to the construction cost. Also, traffic would not be able to continue through to Route 1003 (Virginia Avenue) or left onto Route 1008 during off peak hours.

- A second higher cost solution considered was to relocate the road to the parents loop and it's access point on Route 1003 further west so that it utilizes the area that is now the children's play area in order to expand storage capacity for incoming and outgoing traffic. Along with high construction costs, another disadvantage of this alternative is that the play area would have to be reconstructed in a new location.

- A third higher cost solution considered was for outgoing traffic, and involved extending the service road that connects to the parent loop so that it goes around the school and exits onto either Route 131 (North Court Street) or Route 460 Business (Confederate Boulevard). This solution has a high construction cost and lack of right away.

RECOMMENDATIONS: Based on the above analysis, the following recommendations are provided:

APPOMATTOX ELEMENTARY SCHOOL

It is recommended that the existing two-way section of roadway between Route 9068 and the front of the school (entrance to parent loop) be changed to a one-way segment with two lanes leading toward the school to allow for approximately 300 feet of double stacking. This can either be implemented as a permanent change (change in pavement markings required) or on an as-needed basis during drop-off/pick-up times through the use of cones and additional staff for controlling traffic. If permanent, some additional pavement arrows may also be beneficial to emphasize the proposed change in the traffic pattern (see attached layout). If the entrance to the parent loop is converted to one-way (in only), an additional school staff member(s) may be needed for the first week or so to direct traffic until the parents get accustomed to the new traffic pattern.

A gravel shoulder should also be considered on Route 9068 SB so that queued vehicles can stay out of the through lane and/or allow for an extended double stacking segment if needed.

APPOMATTOX PRIMARY SCHOOL

Though interest was expressed in having a No Left Turn Sign (R3-2) with the school drop-off/pick-up times installed on Route 1003 EB at the intersection of Route 1008, excessive queuing was never observed for outgoing traffic at this intersection. If there was excessive queuing at this location, the first approach should be to try to alleviate the issue with the least restrictive alternatives first, and consider restrictive signing only if those do not work. That being said, the following is recommended to resolve the issue of traffic backing out onto Route 1008:

- If the issue is with incoming traffic, double stack around the parent loop (see attached layout).
- If the issue is with outgoing traffic, utilize the existing service road so that once the students have been dropped off or picked up, vehicles leaving from the drop-off/pick-up point have to turn right and go to the north end of the service road, U-turn, and come back to Route 1003 (see attached layout).

These solutions should provide the necessary storage to keep vehicles from queuing on Route 1008 during the busiest pickup day, Friday, and keep costs to a minimum. If either option is implemented, a school staff member may be needed to direct traffic on how to use the new layout(s) until the parents get accustomed to the new traffic pattern.

If you concur, please present these recommendations to the two schools to get their feedback and to see if they are willing to implement any of the recommended improvements.

VSBA Code of Conduct for School Board Members

As a member of my local school board, I will strive to be an advocate for students and to improve public education and to that end:

1. I will have integrity in all matters and support the full development of all children and the welfare of the community, Commonwealth and Nation.

2. I will attend scheduled board meetings.

3. I will come to board meetings informed concerning the issues under consideration.

4. I will make policy decisions based on the available facts and appropriate public input.

5. I will delegate authority for the administration of the schools to the superintendent, and establish a process for accountability of administrators.

6. I will encourage individual board member expression of opinion and establish an open, two-way communication process with all segments of the community.

7. I will communicate, in accordance with board policies, public reaction and opinion regarding board policies and school programs to the full board and superintendent.

8. I will bring about desired changes through legal and ethical procedures, upholding and enforcing all laws, state regulations, and court orders pertaining to schools.

9. I will refrain from using the board position for personal or partisan gain and avoid any conflict of interest or the appearance of impropriety.

10. I will respect the confidentiality of privileged information and make no individual decisions or commitments that might compromise the board or administration.

11. I will be informed about current educational issues through individual study and participation in appropriate programs, such as those sponsored by my state and national school boards associations.

12. I will always remember that the foremost concern of the board is to improve and enhance the teaching and learning experience for all students in the public schools of Virginia.

Therefore, I will always strive to demonstrate appropriate behavior/conduct as a public school board member. (Each member of this school board voting to adopt this Code should sign.)

In accordance with Board Policies BDDH and KD, members of the public who wish to address the School Board must contact the Superintendent in writing one (1) business day in advance of the meeting for placement on the agenda. This request must state the reason for appearing before the School Board. Persons addressing the Board have a five-minute time limit for remarks.

Adopted by Appomattox County School Board:

Minutes of
Appomattox County School Board
Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, December 19, 2013 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Regular Monthly Business Meeting. Present were Board Members, Mrs. Amy M. Martin, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSENT AGENDA - APPROVAL

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the following consent agenda items:

1. Minutes of November 14, 2013 – Regular Monthly Business Meeting
2. Financial Report – November 30, 2013 (See Attachment # 1)
3. Educational Trips Reports – December 19, 2013 (See Attachment # 2)
5. Payment of Bills – December 19, 2013
   a) $ 188,017.90 – General Fund (See Attachment # 3)
   b) $ 87,338.58 – General Fund Addendum (See Attachment # 4)
   c) $ 46,190.39 – School Food Fund (See Attachment # 5)
   d) $ 75.50 – School Food Addendum (See Attachment # 6)
   e) $ 800.00 – Swim Team (See Attachment # 7)
   f) $ 2,781.66 – General Fund End of Month (See Attachment # 8)
   g) $ 75.50 – School Food End of Month (See Attachment # 9)
6. Information from the Schools and Division Offices – December 19, 2013

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty shared a thank you note received from Mrs. Sara Carter who will be joining the Appomattox County Board of Supervisors on January 1, 2014. Mrs. Carter recently met with the superintendent and toured the high school to review facility needs.

Communication Items from Board Members

There were no communication items from Board Members.

RECOGNITIONS

Dr. Grasty took great pleasure in recognizing the following staff:

Virginia School Principals Appreciation Week: January 5 - 11, 2014:

Heather Mullins	-	Appomattox Primary School
Karen Cyrus	-	Appomattox Elementary School
Todd Reichert	-	Appomattox Middle School
Martha Eagle	-	Appomattox County High School

Appomattox County School Board Member:

Amy M. Martin	-	12 Years of Dedicated Service: January 1, 2002 - December 31, 2013

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the individuals listed above. Mrs. Martin was also presented a recognition certificate from the Virginia School Boards Association.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to comment on agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the November 30, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,222

students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 10)

VSBA and NSBA Activities

The 2013 VSBA Annual Convention was held in Williamsburg, November 20 - 22, 2013. Mr. Waddell, Rev. Williams, and Dr. Grasty attended where Mr. Waddell represented the Board as the Voting Delegate at the VSBA Delegate Assembly and Regional Meeting. Rev. Williams served as the Alternate Delegate in the event Mr. Waddell was unable to attend. Rev. Williams reported they enjoyed outstanding performances by very talented students from across the state. He also noted several breakout sessions that were of particular interest: 1) Virginia High School League Reorganization and 2) Dr. Reddick's session concerning School Improvement Plans. Mr. Waddell found the meetings concerning Budgeting and Legislature of interest. He noted Mr. Pat Lacey was very encouraged concerning additional money being provided for education. Mr. Waddell reported the main resolutions voted on during the Delegate Assembly involved SOLs and reducing the amount of tests. Dr. Grasty shared a handout from the Religious Exemptions from Compulsory School Attendance session she attended. (See Attachment # 11)

The VSBA Capital Conference will be held in Richmond, January 27-28, 2014. The registration fee is $165.00 and the deadline to register is January 6, 2014. Rev. Jones, Mr. Waddell, and Dr. Grasty are registered to attend.

The VSBA Orientation for New Board Members and Superintendents will be held in Richmond, January 28, 2014. The registration fee is $165.00 and the deadline to register is January 6, 2014. Rev. Jones is registered to attend.

The VSBA Orientation for New Chairmen and Vice-Chairmen will also be held in Richmond, January 28, 2014. The registration fee is $165.00 and the deadline to register is January 6, 2014.

The VSBA Superintendent Evaluation Workshop will be conducted at the VSBA Office in Charlottesville on three different dates: January 21, 2014, February 21, 2014, and March 10, 2014. Participants are requested to select the date most convenient with their schedules. The cost is $150.00 per person and registration must be processed no later than two weeks prior to the session selected. Mr. Smith requested to be registered for the February 21, 2014 workshop.

VAHPERD State Conference Report

Mrs. Jennifer Walton, Physical Education Teacher at Appomattox Elementary School, reported on her recent attendance at the VAHPERD (Virginia Association for Health, Physical Education, Recreation, and Dance) State Conference. She stated the conference was very beneficial as she networked with other teachers in her field and received many new ideas that she plans to incorporate into her classes. Mrs. Walton expressed her appreciation to the Board for allowing her to attend the conference.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the following report to the Board:

1. School Activity Funds Audit – The audit of all school activity funds for 2012-2013 was completed in October, 2013. Brown Edwards made minor recommendations which will be implemented as soon as possible. Overall, our schools received good reports.

2. Virginia Local Disability Program – Our school division has opted out of the State Plan and signed a one year agreement with the VaCorp Plan offered through The Standard Insurance Company. This will impact full-time employees hired on or after January 1, 2014. These employees will have a reduced retirement benefit but will have short term and long term disability insurance provided to them.

3. Health Insurance Update for the Period July 1 through September 30, 2013 – The medial claims were slightly higher than normal during this timeframe but are expected to decrease during the next two quarters. Dental claims were slightly below normal.

4. Bus Driver Benefits in Surrounding School Divisions – Our school division provides all of our non-VRS part-time employees ten paid sick days and two personal days each school year. We also contribute money to a 403b retirement account for part-time employees who have been with us six or more years. We allow non-VRS employees to purchase dental insurance and medical insurance at the group rate. We polled many of our neighboring school divisions and got a wide range of responses. Some counties offer full benefits, some offer no benefits, and some offer partial benefits. Mr. McMillan noted bus drivers had requested they receive employer paid dental insurance coverage for the upcoming school year. He stated it would cost $25,000.00 to $26,000.00 annually, based on current rates, to cover our existing sixty (60) part-time employees (includes bus drivers, crossing guards, and some food service

employees) with individual dental coverage. He further stated the possibility exists that the Affordable Care Act may assist our part-time employees who make less than $11,000.00, if Virginia accepts the Medicaid extension. Mr. McMillan also noted the school division's current annual expense for the 403b retirement account for part-time employees is $15,000.00.

5. Budget – The Governor's Budget was released earlier in the week which included the Caboose Bill for 2013-2014 and the proposed budget for the next biennium. There appears to be additional funding for public education, but no specifics were included.

Technology Conference Report and e-Backpack Initiative

Mrs. Susie Fisher, Division Instructional Technologist, and Mrs. April Johnson, Lead Computer Technician, presented information concerning their attendance at the Educational Technology Leadership Conference (ETLC), November 4 – 6, 2013 in Williamsburg. They stated the overall theme for this year's conference dealt with collaborative opportunities through technology. They also attended an e-Backpack Initiative Meeting in Richmond on November 14, 2013. Mrs. Fisher and Mrs. Johnson stated our school division does not qualify for the initiative but were pleased to report we are ahead of many other divisions and headed in the right direction.

Update on 2014-2015 Calendar

Mrs. Annette Bennett, Director of Curriculum and Instruction, applauded the Calendar Committee for their work on the division calendar for next year as she addressed the committee's three proposed calendars. (See Attachments # 12, # 13, and # 14) She also reported on the recent staff survey concerning the 2014-2015 school calendar. The survey indicated 100 staff members responded with 41 percent voting in favor of the Proposed Early Calendar that establishes August 11, 2014 as the first day of school. The current law in Virginia requires schools to begin after Labor Day unless the division applies for and meets waiver requirements. Unless the General Assembly changes this law during their upcoming session, we are doubtful we will receive waiver approval because we do not meet the criteria concerning the number of days missed due to inclement weather. Mrs. Bennett stated a Global Connect phone poll will also be conducted to get parental input regarding the three calendar choices.

Mr. Smith, Mrs. Martin, and Rev. Williams were in favor of ending first semester before the Christmas Holiday, which would be accomplished by beginning the school year on August 11, 2014. Mrs. Bennett noted a two week break will interrupt instruction and it makes sense to end first semester before the Christmas Break.

VDOT Traffic Study for APS and AES

The Virginia Department of Transportation (VDOT) Traffic Study for Appomattox Primary School and Appomattox Elementary School was reviewed by the Board. (See Attachment # 15) The study recommended a sign be placed at the primary school that would read, "No Left Turn" with times indicated from 7:45 a.m. – 8:30 a.m. and 2:45 p.m. – 3:30 p.m. A request has been submitted to VDOT for the sign which should alleviate congestion onto Ferguson Street. We are continuing to time the traffic on intermittent days at the elementary school to determine when to initiate the double stacking recommended by the VDOT Traffic Study.

ACHS Master Plan Update

Mr. Waddell and Mr. Torrence provided an update concerning the ACHS (Appomattox County High School) Master Plan Committee. The committee toured Fluvanna High School last month and will be meeting again in January 2014. Plans are also being made to tour several schools that have undergone renovation.

FY 2015 Budget Goals

FY 2015 Budget Goals were discussed. Dr. Grasty recommended six additional goals be added to the thirteen developed by the Board at the November 14, 2013 meeting. It was the consensus of the Board that these items be added to the original listing. (See Attachment # 16) The Board will adopt the 2014-2015 Budget Goals at the January, 2014 Regular Monthly Business Meeting.

January 2014 Organizational Meeting

The Board will take action on the following items at the January 9, 2014 Interim and Organizational Meeting:

1. Elect Chairman and Vice-Chairman
2. Appoint Clerk and Deputy Clerk
3. Appoint Designee to Attend School Board Meetings in the Absence of the Superintendent
4. Appoint Purchasing Agent
5. Appoint Records Officer
6. Appoint Representative to the LAUREL Regional Program Board
7. Appoint Representative to the Central Virginia Governor's School Board
8. Appoint Representative to the XLR8 STEM Academy School Board

9. Appoint Representative to the Appomattox County Education Scholarship Committee
10. Appoint Representatives to the ACHS Master Plan Committee
11. Establish the 2014 School Board Meeting Schedule
12. Adopt Roberts Rules of Order
13. Adopt VSBA Code of Conduct for School Board Members

ACTION ITEMS

Consideration of Approval of Second Reading and Adoption of Revised Policy

It was moved by Mr. Smith and seconded by Mrs. Martin to approve the second reading and adoption of revised policy JFC-R (Option 2) Standards of Student Conduct as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 17)

Consideration of Establishing January 9, 2014 as the Interim and Organizational School Board Meeting

It was moved by Mrs. Martin and seconded by Rev. Williams to approve the Interim and Organizational Meeting of the Appomattox County School Board be held Thursday, January 9, 2014 at 5:00 p.m. in the School Administration Building. By unanimous voice vote, the motion was approved.

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

RECEIVED
DEC 31 2013

December 2013

Dear Dr. Dorinda Grasty,

On behalf of the National Association of Agricultural Educators (NAAE) I would like to take this opportunity to thank you for your commitment to professional development and leadership that allowed Elizabeth from Appomattox County Public Schools to participate in the 2013 NAAE National Conference held in Las Vegas, NV. Attendees participated in professional development workshops related to improving teaching techniques and developing trends in agriculture. Workshops were available on topics including Agriscience and STEM, using technology in the classroom, incorporating core competencies into the agricultural education curriculum, and more. The conference also included award programs to recognize excellence in the agricultural education profession, and business sessions that allowed state delegates to address organizational issues.

During the convention Elizabeth attended NAAE Professional Development Workshops, heard speakers on a variety of issues facing our profession and participated in Region VI meetings as part of our association's work. Elizabeth also had the opportunity to share and network with other agricultural education professionals from other states in our region. As a professional association, we recognize the necessity of individuals stepping up to the challenge of leadership for agricultural education.

The Appomattox County Public Schools should be proud of Elizabeth's participation and representation on the national stage. We appreciate your encouragement of Elizabeth who chose to take such a leadership role. We also would like to congratulate Elizabeth for being an outstanding teacher. Again thank you for your support of Agriculture Education.

NAAE is the professional organization in the United States for agricultural educators. It provides its' nearly 8,000 members with professional networking and development opportunities, professional liability coverage, and extensive awards and recognition programs. The mission of NAAE is "professionals providing agricultural education for the global community through visionary leadership, advocacy and service."

Sincerely,
Deb Seibert

VSBA Hot Topic Conference

March 26, 2014

Wytheville Meeting Center
333 Community Boulevard
Wytheville, VA

Join us for the 2014 VSBA Hot Topic Conference in Wytheville, VA. This conference will pull together three hot topic issues from across the Commonwealth. First, you will hear from Sam McKinney, the executive director of Communities In Schools of SW VA. Communities In Schools works within the public school system, determining student needs and establishing relationships with local businesses, social service agencies, health care providers, and parent and volunteer organizations to provide needed resources.

Participants will also hear from a panel of school division representatives, sharing best practices in the area of mental health services for students.

Finally, popular convention speaker Andrew Block, director of the Child Advocacy Clinic at UVA Law, will speak about religious exemptions in Virginia. The presentation will examine and discuss Virginia's system, and board member responsibilities within that system, of granting religious exemptions to compulsory school attendance.

We hope that you will join us for what is sure to be an exciting conference.

VSBA Capital Conference

January 27-28, 2014

Richmond Marriott
500 East Broad Street
Richmond, VA

The 2014 General Assembly promises to be another challenging session for supporters of public education, due to the difficult fiscal climate and the ever increasing role and expectations of our public education system. Advocacy by local school boards members is a year-round job and even more important during the General Assembly.

We will start off the day with a session featuring greetings from the new Virginia Secretary of Education (invited) and commentary on the "big picture" political scene by Dr. Bob Holsworth, frequent political analyst for the press and television. You will receive an overview of the Governor's budget and VSBA's legislative priorities will be reviewed by VSBA's lobbyists. The end the day will feature a "don't miss" reception that will provide you with an opportunity to mix and mingle with your delegates and senators, and hear remarks by our new Governor (invited) on his agenda for K-12 education.

The VSBA Capital Conference, formerly the Legislative Conference, offers you an opportunity before crossover to be seen and heard by your legislators. This "can't miss" conference allows your voice to be heard and continues VSBA's efforts for year-round advocacy. We hope to see you in January!

VSBA Superintendent Evaluation Workshop

VSBA Office
200 Hansen Road

Superintendent Evaluation: Developing a Model to Meet New VDOE Guidelines

- What are the new requirements?
- What is the difference between standards and indicators, and how will they be measured?
- Who establishes the cut scores for performance ratings?
- What types of student achievement goals can be used and how will they be rated?
- What level of goal achievement is required for a proficient rating?

Are you prepared to meet the implementation date of July 1 for the revised evaluation model for your superintendent? The deadline is rapidly approaching and VSBA is providing special advisory services to assist you in this process.

The Guidelines for Uniform Performance Standards and Evaluation Criteria for Superintendents developed by the Virginia Department of Education provide a wealth of information regarding the new requirements. Filtering through this document to determine what is required and what is optional requires focused attention. For some, the changes to their current evaluation model may be minor, while others face major revisions in order to be in compliance with the regulations.

The VSBA will host workshops on three separate dates that are designed to provide small group support to superintendents and board members responsible for updating their evaluation model. Participants will have the opportunity to review the Guidelines in detail and then use them as they draft their own models. Individual consultation and support will be provided throughout the session as participants work on their revisions. Please choose the date that best fits your schedule.

Sessions will be held at the VSBA office January 21, February 21 and March 10 in Charlottesville from 9:00 – 1:00, with additional time Available until 3:00 for individual consultation. The cost for each session is $150 per person.

Note: For FY 2013, this calculation tool still shows estimated payments, required local effort, and required local match amounts separately. Users must separately select Bedford County AND Bedford City and then add together the estimated payments, required local effort, and required local match to get the correct total for the combined Bedford County for FY 2013. See the Bedford County-City worksheet for more detail.

[1] "N/A" = no local match required for this program.

[2] #REF!

[3] Columns may not add due to rounding. FY 2013 amounts represent actual amounts distributed.

[4] Includes state funding for regional vocational, special, and alternative education programs and Academic Year Governor's Schools.

[5] Projected state payment. Final payments will be based on actual expenditures, up to the projected state payment, subject to the availability of funds.

[6] Payments for the VPSA Technology Grants are made from bond proceeds on a reimbursement basis and may begin following each bond issuance.

[7] Projected revenue estimate. Semi-monthly payments will be based on actual sales tax receipts. Pursuant to the appropriation act, the Basic Aid state payment calculation is based on the appropriated sales tax distribution and is not adjusted for actual sales tax revenues received.

[8] Governor's Proposed Amendments to the FY 2014 Direct Aid Budget (HB/SB 29) assigns the funding for Textbooks to the Lottery Service Area. Required Local Effort for Textbooks is based on the payments in the Lottery Service Areas.

[9] VRS Retirement includes payments for the Retiree Health Care Credit (RHCC). Please see the Budget Variables tab for the funded RHCC rate.

[13] The Additional Assistance with Retirement, Inflation & Preschool Costs account provides $55.0 million in FY 2013 and FY 2014 for additional assistance to school divisions to support increased retirement employer contribution rates, inflation costs, and one-time costs associated with Virginia Preschool Initiative programs.

[14] EpiPen Grants are based on $98.47 per school for all public schools, including district centers.

[15] HB/SB 29 calculates the state share of Compensation Supplement funds based on a 2.0% salary increase effective August 1, 2013, for funded SOQ instructional and support positions. The local match requirement for both instructional and support positions is based on a 2.0% salary increase effective January 1, 2014 (equivalent to 6 months of required local funding), while the state share of funds is calculated based on an effective date of August 1, 2013 (equivalent to 11 months of state funding).

[16] For further details on the full FY 2013 Basic Aid payment and all adjustments, refer to the "***Adjustments to FY2013 Basic Aid***" tab.

[17] Beginning with fiscal year 2014, the SOL Algebra Readiness and Early Reading Intervention programs are included as part of the required local effort for mandatory Standards of Quality programs, and are no longer included as optional Incentive and Lottery-funded programs.

⇨ = SOQ accounts requiring a local match for purpose of meeting Required Local Effort.

BOLD = Account funding based on ADM; any changes in ADM numbers will result in a change in the state payment amount.

Proposed 2014 – 2015 Academic Calendar – AFTER LABOR DAY START

Appomattox Middle School
Bullying Prevention Activities 2013-2014

Appomattox Middle School students will participate in the Rachel's Challenge Program on February 14, 2014. Rachel's Challenge is the inspiring story of Rachel Scott whose example of kindness and acceptance was brought to light when she became the first victim in the Columbine High School tragedy. Conveyed through stories from Rachel's life and writings, Rachel's Challenge shows the profound positive impact we can have on those around us. Rachel's Challenge demonstrates to the listener the power of deliberately reaching out in word and action to others to start what Rachel called "a chain reaction of kindness and compassion". Rachel's Challenge encourages participants to examine their own lives in the light of the following 5 challenges:

1. Look for the Best in Others
2. Dream Big
3. Choose Positive Influences
4. Speak with Kindness
5. Start your own Chain Reaction

Rachel's Challenge motivates the individual to consider where they are personally in relation to the five challenges. It also prompts the listener to reflect on their relationship with and impact on the people around them. Additionally, Rachel's Challenge renews the participants hope that their life has purpose through service to others. Rachel's story gives participants permission to start their own chain reaction of kindness and compassion, which positively affects school climate

Appomattox Elementary School
Bullying Prevention Activities 2013-2014

AES will be hosting an assembly on February 12 called "The NED Show." NED stands for Never Give Up, Encourage Others, Do Your Best. Students will be participating in class meetings before the NED Show, during January, where they will complete an activity on *Encouraging Others* that will focus around the theme of "Every Kid is a Champion!" This activity will also present the ideas of NED on being an "Upstander" instead of a "Bystander."

On January 23 we will be showing students the movie Dolphin Tale. There will be some follow-up activities related to each of us being unique and how we each have the ability to inspire others through the "champion" inside us all.

2013-2014 Bullying Prevention Plan – January 2014

Week 1 – Daily Announcements about Bullying

Week 2 – Daily video done by a student – leads up to you never know who may be trying to protect themselves due to a possible disability/ personal issue – will be done by a student. Will be 1 to 2 minutes videos each day that lead up to the student showing a secret.

Week 3 – Daily announcements about treating others as you would like to be treated/ giving back to the community

During the month we will have some Raider Room activities.

Flyers to be hung around the school with the week's theme.

Planning for Rachel's Challenge if it is approved.

<u>Intro Email to Staff:</u>
Teacher and staff,

Today marked the beginning of Bullying Prevention Month. We have plans to commemorate this during the month. We started today with the announcement over the intercom and the e-mail that went out. Our plans for the month follow.

First week (tentative dates are Jan. 9, 10, 13, and 14) will consist of short selections, with discussion questions being read to the Raider room by the teacher. The reading selections are attached to this email.

The second week (tentative dates are Jan. 22, 23, 24, 27, and 28) will consist of a short video each day. Mrs. Rothgeb will send out the directions for accessing the video.

The third week (tentative dates are Jan. 29, 30, 31 and Feb. 3, & 4) will consist of motivational quotes read. I am hoping that they can be read over the intercom. If we are still involved with SOL retakes, then the Raider room teacher will need to read the quote. Each teacher will also receive a poster for each quote to hang in their classroom. We will also be hanging larger versions of the posters around the building.

On Feb. 14, we will be hosting Rachel's Challenge. Our tentative plans are to have 2 sessions/assemblies for the high school. More details will come.

February 14 – Rachel's Challenge Assembly and Program

Dear Concerned Supporters,

We are excited about the upcoming "After Prom Party" event on May 24, 2014. We would appreciate your support in helping parents and volunteers provide a drug and alcohol free evening in a safe and fun environment.

This event is not funded by the school system but by generous donations from concerned businesses and local organizations. The After Prom Committee works hard to provide students with incentives and activities in a supervised environment. This program is not possible without your financial support.

We are asking for your help by making a donation to offset the expense of keeping our students safe. Donations may be monetary or a raffle prize that will be given away that evening. By making this tax-free donation you are helping us to keep the youth of our community from becoming another statistic of drug or alcohol abuse on prom night. We appreciate your consideration of supporting this important community event.

Sincerely,
After Prom Party Donation Coordinators:

Bullying Prevention Month Resolution

WHEREAS, school bullying has become an increasingly significant problem in the United States and Virginia; and

WHEREAS, almost thirty percent of the youth in United States are estimated to be involved in bullying each year, either as a bully or as a victim; and

WHEREAS, an estimated one hundred sixty thousand students in kindergarten through twelfth grade miss school every day due to a fear of being bullied; and

WHEREAS, bullying can take many forms, including verbal, physical, and most recently in cyberspace, and can happen in many places on and off school grounds; and

WHEREAS, it is important for parents, students, teachers, and school administrators to be aware of bullying, and to encourage discussion of the problem as a school community; and

WHEREAS, the Appomattox County School Board has an approved anti-bullying policy to encourage positive behaviors and to eliminate bullying behaviors; and

NOW, THEREFORE, the Appomattox County School Board recognizes the month of January 2014, as Bullying Prevention Month, with the intention that the issue of bullying and its prevention be discussed in the division schools and classrooms during that time.

PASSED AND ADOPTED THIS 23rd DAY OF January, 2014.

General Assembly 2014

- There is no state money in either budget (House or Senate) for salary increases for teachers and support professionals. The state has only funded one increase in eight years.
- The per pupil funding for public education is still $200 less, using the highest figure in the Senate budget, than it was in FY 2009.
- Changes to the FY 2014-15 budget for K-12 are miniscule, increasing the Governor's budget just over a ½ percent or less per pupil. The Senate budget is $40 million more than the introduced budget and the House is $8 million more. The Senate proposal, the highest dollar figure for FY 2015, is $5,063 per student, a 4% decrease, $200, from what was provided in 2009.

The Virginia School Boards Association (VSBA) has designated February as School Board Appreciation Month. On behalf of Appomattox County Public Schools, the superintendent took great pride in recognizing the members of the Appomattox County School Board for their dedication and service to excellence in education and presenting them with VSBA recognition certificates:

Mr. Bobby K. Waddell, Chairman
Mr. Gregory A. Smith, Vice-Chairman
Rev. J. Wesley Williams
Mr. Wyatt K. Torrence
Rev. Alfred L. Jones III

The superintendent also presented certificates to the following employees in observance of VSBA School Board Clerk Appreciation Week which will be held February 17 – 21, 2014:

Mrs. Brenda F. Gowin, Clerk
Mrs. Jayne L. Enochs, Deputy Clerk

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

Mr. Jay Wingfield addressed the Board concerning the 2014-2015 School Budget. (See Attachment # 11)

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the December 31, 2013 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,228 students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 12)

VSBA and NSBA Activities

The VSBA Capital Conference will be held in Richmond, January 27-28, 2014. The registration fee is $165.00. Rev. Jones, Mr. Waddell, and Dr. Grasty are registered to attend.

The VSBA Orientation for New Board Members and Superintendents will be held in Richmond, January 28, 2014. The registration fee is $165.00 and Rev. Jones is registered to attend.

The VSBA Orientation for New Chairmen and Vice-Chairmen will also be held in Richmond, January 28, 2014. The registration fee is $165.00.

The VSBA Superintendent Evaluation Workshop will be conducted at the VSBA Office in Charlottesville on January 21, 2014, February 21, 2014, and March 10, 2014. Participants are requested to select the date most convenient with their schedules. The cost is $150.00 per person and registration must be processed no later than two weeks prior to the session selected. Mr. Smith and Dr. Grasty are registered for the February 21, 2014 workshop.

VSBA will conduct a Hot Topic Conference in Wytheville on March 26, 2014. The registration fee is $140.00 and the deadline is March 10, 2014.

School Showcase: Appomattox County High School

Appomattox County High School was featured in this month's School Showcase. Impressive student Earth Science and Physics Project Based Learning assignments were presented by Mrs. Vickie Davis and Mr. Poldi Moreno. (See Attachment # 13)

Maintenance Needs

Mr. Timmy Garrett, Maintenance Supervisor, presented information concerning the immediate needs regarding one of the boilers at the middle school and excessive leaks in the roof of the Maintenance Building. It was the consensus of the Board to seek bids for replacement and repair.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the following report to the Board:

1. Quarterly Financial Report for 2013-2014 – As of December 31, 2013, expenditures for the current fiscal year were in line with those of the same timeframe last year. Additional revenue, in the estimated amount of $129,000.00, is expected from the state due to an increase in our Average Daily Membership (ADM) for this school year.

2. Early 2014-2015 Budget Report – Preliminary figures from the Virginia Department of Education indicated an increase in revenue for next year amounting to $139,622.00 from the state and $444,830.00 from the locality. The additional local funds are primarily due to the increase in our composite index from .2945 to .3079. (See Attachment # 14) However, this revenue will be quickly absorbed by the following anticipated additional expenditures:

- The Virginia Retirement System (VRS) rate is expected to increase from 11.66% to 14.5% which will be a total mandated expense of $286,000.00.
- Another mandated expense will be the cost of the VRS Group Life Insurance which is expected to increase by $5,400.00.
- The increased costs for retirement and group life expenditures may change as the General Assembly is currently in session and could approve different rates for next year.

Mr. McMillan also provided the costs associated with a number of the proposed 2014-2015 Budget Goals as follow:

- Health Insurance costs are uncertain at this time. We assume costs will increase and have budgeted an additional 15% which totals $181,000.00 in an effort to keep employees whole.
- Increasing pay for staff will cost approximately $150,000.00 for each percent; therefore, a 3% increase will cost roughly $450,000.00.
- Reinstating four eliminated teaching positions (English, History, Math, and Auto Mechanics) at an estimated cost of $50,000.00 per position (including benefits) for a total additional cost of $200,000.00.

- Reinstating two Remedial Math teaching positions (one at AMS and one at AES) = $100,000.00.

Dr. Grasty noted employees have requested a step increase as pay scale step increases were not built-in the budget during the past five years. She also noted one step increase will cost approximately $225,000.00.

Mr. McMillan also pointed out our per pupil funding will increase from $8,076.00 in FY2014 to $8,230.00 in FY 2015. Of this amount, the state share will actually decrease from $6,102.00 to $6,083.00 and the local share will increase from $1,973.00 to $2,148.00. Mr. Waddell noted this emphasizes the continued practice of the state to place more funding responsibilities on the locality.

Rev. Williams stated this is a good time for us to debunk the level funding myth because the change in the composite index also creates a change in the level of funding.

ACHS Master Plan Committee Report

Mr. Torrence and Mr. Waddell provided a report of the January 8, 2014 ACHS Master Plan Committee Meeting. The Committee is exploring renovation of the existing building as the county does not want to maintain another empty building. The committee would like to visit a renovated high school, but in the meantime may visit a new high school in Blacksburg that is comparable in size with our secondary enrollment. The county is supportive of addressing the needed renovations, but realizes this will take time as they set their long-term plans and try to handle the urgent needs within our existing high school. The committee is also exploring the possibility of conducting community tours to allow citizens to visit the building to see the existing needs.

Review of Latest Drop-Out Report

Mrs. Annette Bennett, Director of Curriculum and Instruction, was pleased to provide the latest Drop-Out Report for our division which revealed tremendous progress has been made in this area. During 2012-2013, eight students dropped out of school. This compares to eighteen drop-outs during the previous school year. It is anticipated this decrease in drop-outs will have a positive impact on our school division's graduation rate.

Review of 2014-2015 School Calendar and Survey Results

Mrs. Bennett reviewed the Calendar Committee's three proposed calendars for the 2014-2015 school year as well as the staff and parent survey

results. She reported the Staff Email Survey and Parent Global Connect Survey indicated the August 11, 2014 Early Start Date as the preferred calendar. However, an on-line survey posted on the division webpage, showed starting after Labor Day as the favored choice. Instructionally speaking, Mrs. Bennett recommended the August 11, 2014 Early Start Calendar for the 2014-2015 school year with the superintendent in agreement. It was noted, should the Board vote in favor of the recommended calendar, a huge effort will be made to communicate this change to parents and the community.

It was also noted, should the early start date calendar be adopted and at some point in the future we need to revert to a later start date, payroll adjustments will need to be addressed.

Update on Division Bullying Prevention Program

The superintendent provided a Power Point Presentation concerning the numerous Bullying Prevention Activities that are being conducted in each of our schools. (See Attachment # 15)

Discussion of ACHS After Prom Party Donation Request

The Board discussed a request from the Appomattox County High School 2014 After Prom Party Committee for a donation. This request will be considered as an action item at the February 27, 2014 Board Meeting.

CTE Advisory Council Letter Requesting Reinstatement of Auto Mechanics Program

Mr. Brette Arbogast, Director of Technology and CTE, presented a letter on behalf of the CTE Advisory Council requesting the Auto Mechanics Program be reinstated at the high school for the 2014-15 school year. (See Attachment # 16)

2014-2015 Budget Goals and Budget Work Session

The Board conducted a budget work session and reviewed the proposed budget goals for 2014-2015. Dr. Grasty pointed out, in light of the budget information shared by Mr. McMillan earlier in the meeting, it would be realistic to state that meeting all of the proposed goals would not be possible. She stated the Leadership Team recently met and prioritized the proposed goals and requested guidance from the Board concerning the listing. (See Attachment # 17) Mr. Smith stated his desire to reinstate the previously cut teaching positions of English, Social Studies, Math, and Auto Mechanics. Rev. Williams noted reinstating the remedial math positions at the elementary and middle schools

should also be addressed. Mr. Waddell was also in favor of reinstating the teaching positions that were mentioned.

ACTION ITEMS

Consideration of Adoption of Bullying Prevention Month Resolution

It was moved by Rev. Williams and seconded by Mr. Torrence to adopt the Bullying Prevention Month Resolution as presented and recommended by the superintendent. By unanimous roll call vote, the motion was approved. (See Attachment # 18)

Consideration of Adoption of 2014-2015 Budget Goals

Due to the lack of more definitive budget information at this time, it was moved by Mr. Smith and seconded by Mr. Torrence to table action concerning the 2014-2015 Budget Goals until the February 27, 2014 Board Meeting. By unanimous voice vote, the motion was approved.

Consideration of Adoption of 2014-2015 School Calendar

It was moved by Mr. Smith and seconded by Rev. Williams to approve the 2014-2015 proposed early start school calendar with the August 11, 2014 start date as presented by the superintendent. Mr. Smith suggested leeway should be extended to families and staff until August 20, 2014 if vacation plans have already been made. Dr. Grasty indicated guidelines would need to be developed to assist principals with this to ensure consistency throughout the school division. Rev. Williams also suggested an opportunity be given for students to register early, especially for those who know they will be away the first week or so of school.

It was moved by Mr. Smith to amend his previous motion and seconded by Rev. Williams to approve the 2014-2015 School Calendar Early Start Option of August 11, 2014 dependent upon further action by the General Assembly which may mean we will not be allowed to start school before Labor Day; in that case, we will have another calendar presented to the Board for action at a later date. By unanimous voice vote, the amendment was approved. By unanimous voice vote the amended motion was also approved as presented. (See Attachment # 19)

Consideration of Approval of Appomattox County Emergency Services Memorandum of Understanding

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the Appomattox County Emergency Services Memorandum of Understanding as

presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 20) The approval of this agreement allows school facilities to be used by the Appomattox County Social Services Department to assist citizens during emergency situations.

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

The Appomattox County School Board will meet on Thursday, February 13, 2014 at 5:00 p.m. for an Interim Meeting. Happy New Year!

The ACHS administration and staff wish everyone a Happy New Year!

January brings SOL testing, exams, and winter weather. The excitement of snow brings the craziness of rescheduling all the many activities a high school hosts. Our students are involved in athletics and activities while our staff work on instructional planning and staff development. It is a never ending process of assuring everything happens when it is scheduled or rescheduled and that everyone is where they need to be.

We are thankful for the community and parental support as we pursue educational excellence for our students!

Good attendance is a high priority and an important goal for ACHS. We want students present and engaged in their path to success. We appreciate the continued communication parents and guardians have had with the school when students need to be absent. Working together as a team is the best way to achieve a goal.

Thank you for being part of the RAIDER TEAM— being committed to excellence!

First Day of School for the 2014-2015 school year will be on Monday, August 11. Please note this date as the new calendar has school starting a few days earlier then in the past.

Senior News - Class of 2014

There are currently 177 seniors. 71 seniors have applied to 4 year colleges and/or universities, totaling 91 processed applications. 49 students have reported that they have been offered admission.

The Herff-Jones representative will be in the high school cafeteria during all 3 lunches to distribute graduation orders (cap/gown/announcements) on March 25, 2014. Orders for graduation materials can be placed at www.valleygradserv.com.

All 2014 seniors need to give Mrs. Wilhoit a senior picture (casual, professional, or one taken from home) and a baby picture for the Class Day Video. Please put your pictures in a plastic bag. Write your name and first block teacher's name on the bag and pictures so they will be returned. If you have pictures online and would like to email the picture to me, please email it to cwwilhoit@appomattox.k12.va.us.

Spanish Club

The Spanish club students are awesome - very dedicated and committed!! The ACHS Spanish club celebrated Christmas with a dinner at "El Cazador" after a semester with different activities and community service like assisting Gleaning for the World and volunteering hours helping others in the community.
All members were very happy to help others because it makes them realize how fortunate they are and how much it means to help their community. The Spanish Club also has a movie night with pizza & snacks.

Super FASFA Day at ACHS

Super FAFSA Event hosted at ACHS on Tuesday, Feb 4 from 3:30 PM to 7:00 PM.

Seniors and their parents are encouraged to attend this workshop. Counselors will be there to assist families in filing their FAFSA (Free Application for Federal Student Aid) form. Parents and students will need to bring their 2013 Federal Income Tax Return or their W-2 form (s). Parents and students should register for their FAFSA PIN number at http://www.fafsa.ed.gov and bring the number to the workshop so they can submit their FAFSA.

ACHS Prom and After Prom

Prom Contracts

In an effort to make our prom an elegant and dignified affair to be enjoyed by all, we have implemented a dress code and contract to outline specific expectations. Contracts are available at this time upon request. **Students will receive these in the spring to be signed prior to purchasing tickets.** There are specific details for both male and female attire. Please do not hesitate to contact ACHS administration if you have any questions.

PROM

WE NEED YOU, PARENTS!

After Prom Committee

The 2014 After Prom Committee is seeking volunteers to help with planning the May 2014 event. Any student, faculty, or parent of students in grades 9-12 are welcome to join the team. **The next committee meeting will be on Thursday, February 20 to support the dinner fundraiser at Wendy's.** If you have any further questions, please contact the ACHS Main Office to put your name on the list! We appreciate you!!

Prom will be at the Terrace View by the James in Downtown Lynchburg on Saturday, May 24. Price – $45 per person

Let's Celebrate Valentine's Day!

The ACHS Horticulture department will once again be selling flower arrangements and balloons to be delivered to students on February 14. Parents and students may place orders to be delivered to high school students Friday afternoon. Orders and payment should be made by February 12 in person, through telephone 352-8257 ext.4253 or e-mailing Mrs. Duncan at ejduncan@appomattox.k12.va.us. Order forms will be available in the ACHS Office.

FFA LEAPS INTO A NEW YEAR

From left to right are the winners in the FFA's "Spoons" tournament that was held at the annual holiday party. Winners are: Oralia De La Cruz (10th), Justin Pickeral (11th), Adam Fleshman (10th) and Tyler Lucado (12th).

The ACHS FFA chapter has had a very productive and prosperous 2013 and wishes all of its members a wonderful 2014. It is not too late to join the chapter, any student enrolled in an agriculture class (either Fall or Spring semester) may join the chapter by paying the $15 dues to Mr. McCann, Mrs. Metts or Mrs. Duncan.

To highlight some of the recent chapter activities; community service has been a major focus for the chapter. After wrapping up a weeklong food drive, entitled "*F.F.A.: Food For Appomattox*", FFA members collected over $600 of donations and canned good for a local food pantry. Members also hosted the annual school wide, "Holes For Hope" Angel Tree Charity Cornhole tournament during lunches in December. For a small donation students were able to play the popular beanbag toss game for prizes. Over $200 was raised and Christmas gifts were purchased for a local needy family of three children.

Lastly, several students in Mrs. Metts' and Mrs. Duncan's classes collected 10 trash bags of litter along North Church Street.

Spring Career Development Event (CDE) practices are currently under way. FFA members interested in participating in a wide variety of contests and events should sign up today on the bulletin board in the agriculture hallway.

Important FFA Dates to Note:

Celebrity Visit to ACHS

Bobby Massie, a current NFL Football Player for the Arizona Cardinals, and a former ACHS student and football player, stopped by to speak to Mrs. Susan Hamlette and her students. He told them about his career and what life is like as an NFL player. The students were very excited to meet him. At 6 foot 6 inches and 300 pounds, he encouraged the students to work hard and accomplish their goals.

Parents and students came to ACHS to investigate possible courses to take in the coming year. Ronda Matthews, our Early Childhood Education teacher, and Senior, Jenna Hamlet met with parents to provide information about the popular program. Early Childhood Education is a two year, two credit course in which students learn about child development, caring for children, and becoming a teacher. Students will work at the local schools twice a week for hands on experience, will earn six dual enrollment credits, and will have the opportunity to earn a certification in Early Childhood.

Principal's News

January has shown its winter head with extremely cold temperatures and snow predictions, both of which have caused us to have a few more breaks from school than expected. Of course, February may be more of the same, if the Farmers' Almanac is a good predictor. There is good news, however, as our building has been warm and so have the smiles of our students. As we wrap up our halfway mark in this school year, our students will celebrate meeting Accelerated Reader goals and earning good citizenship rewards. January, and into February, with its celebration of Valentine's Day, our school will focus on what it means to be a good friend and how to build defenses against the nation-wide issue of bullying. We began with our January class meetings, focusing on the unique gifts our classmates bring to our school family. During the month of February, our students will participate in the NED Show, in which they will be reminded to Never give up, to Encourage others, and to always Do their best. All of this focuses back to our desire to be a "Bucket filling" school, in which we think of others and ways to support them, rather than focusing solely on ourselves. On that note, our students will be participating in The American Heart Association's *Jump for the Heart*, which is one of many ways our school reaches out to help others. It is exciting to share an update for two student-led events in which AES reached out to serve in December. Both Market Fest and *Pennies for Patients* raised over $1200 each to support the causes of Backpack Ministries and Leukemia. Isn't this heart-warming news? May February prove to be warm for the heart as well despite any cold we may experience with the weather!

3rd Grade News

Who is a person that you admire? In 3rd grade Language Arts, we are reading biographies of people important to our history and to our lives today. We are comparing and contrasting our lives with theirs. As we continue to practice our basic Math facts, we will be delving into Geometry. Identifying and describing plane figures and congruency are valuable skills that we will be practicing. We look forward to learning with our 3rd graders each day!

4th Grade News

Love is in the air! That is - a love for Civil War history. Fourth graders have begun studying the causes for the Civil War. They are very excited to be able to learn about the surrender at the McLean House at Appomattox Court House, Virginia. With the 150th Anniversary coming next year, there is so much history on the ground we walk every day. Please ask your child to share with you about what they are learning, as well as YOU sharing some possible family history about the war with them.

In Math, the students are continuing to work with their multiplication and division facts. Please continue to work at home, as well. Students are working hard on mastering equivalent fractions, and adding and subtracting unlike denominators. Praise your student on the progress they have made as we begin the last half of fourth grade.

5th Grade News

Parents and students, the time is almost here to shine on the Writing SOL test in March! Please go over the writing process with your child:

1. Brainstorm
2. Rough Draft
3. Edit
4. Revise
5. Final Copy

Ask your child to explain the difference between revise and edit? Good Luck☺

In science, students will be exploring Light and Living Systems. Please help your child review her notes each night for success. In math, students are solving geometric and numerical patterns. Also, they are learning the basic concepts of algebra. Ask your child if they know what a variable is and can he give examples.

Continue to encourage your child to read each night for at least 20 minutes! Thank you for your support!

Music News

As we enter this 3rd nine weeks of schools I cannot believe how fast the year is going by! I am enjoying teaching music here at AES and have been enjoying all of my students. 3rd and 4th grade students will be focusing more on playing rhythm instruments and reading music notes this nine weeks. 5th graders will continue playing their recorders, learning new notes and we will also be preparing for a program that will take place in March. Please encourage your 5th grader to bring his/her recorder to music class every week. It is just as important as being prepared for any of their other classes. I will start keeping track of classes who have the most number of students to bring their recorder to class. During the month of February the class that wins this challenge will earn a prize at the end of the month! Students who consistently forget their recorder are unable to participate with the lessons and are not progressing in class. My goal is that by the end of February every student remembers his/her recorder every time they have music class. I look forward to working with your child again this next 9 weeks!

Library News

Students visit the library at all times of the day, in addition to coming once weekly with their homeroom classes during regular resource schedules. Those who were absent from school on their library resource days come to turn in books and to check out different titles. Some who finish reading books early return to library to get new books to engage them. Teachers may allow students to come one or two at a time (with a hall pass) anytime after the announcements are finished in the morning, until dismissal time in afternoon (we usually shut down after the third bus load has been called). Once in a while we have a special class or activity in the library which requires our complete attention, so we close library to outside traffic. That is rare. We are here to welcome your child to the world of books.

Dr. Seuss's birthday comes March 2, so choose a favorite Seuss title to read at home with your children in preparation for Theodore Seuss Geisel's 110th birthday! Happy birthday, Dr. Seuss!

Traffic Matters

As we move into second semester, please be reminded of a few traffic matters while dropping off/ picking up your child(ren):

- In the mornings and afternoons, please use a turn signal when entering the school. This not only assists the crossing guard in directing traffic, but ensures the safety of all drivers and pedestrians.
- The main responsibility of the crossing guard is to ensure the flow of traffic for busses to enter/ exit the school property. Please be aware that he/ she will stop directing traffic once all busses have cleared the premises.
- Please continue to follow the designated traffic patterns during arrival and dismissal. We ask that you are respectful of all drivers and follow the line of vehicles around the car rider loop. Do not pass other vehicles or "cut" in the arrival/ dismissal lines.
- When parking, please use a designated parking space. Do not park on the grass or in an entrance/exit lane. Please note: parking and blocking access to a fire hydrant is a ticketable offense.
- Under no circumstances should a student walk alone through the line of car rider traffic. If you are parking, you need to escort your student to the building. If you are unable to escort your student, please use the car rider lane and drop your student off at the curb.

We appreciate your understanding and assistance with ensuring all students, staff and parents arrive and leave our campus safely.

What to Do if Your Child is Being Bullied

What is Bullying?

Bullying among children is aggressive behavior that is intentional and that involves an imbalance of power or strength. A child who is being bullied has a hard time defending himself or herself. Usually, bullying is repeated over time. Bullying can take many forms such as: hitting or punching (physical bullying); teasing or name-calling (verbal bullying); intimidation through gestures or social exclusion (nonverbal bullying or emotional bullying); and sending insulting messages by phone or computer email (cyber bullying).

Effects of Bullying:

Bullying can have serious consequences. Children and youth who are bullied are more likely than other children to:

- Be depressed, lonely, anxious
- Have low self-esteem
- Be absent from school
- Feel sick
- Think about suicide

Reporting Bullying to Parents

Children frequently do not tell their parents that they are being bullied because they are embarrassed, ashamed, frightened of the children who are bullying them, or afraid of being seen as a "tattler". If your child tells you about being bullied, it has taken a lot of courage to do so. Your child needs your help to stop the bullying.

What to Do If Your Child Is Being Bullied

1. First, focus on your child. Be supportive and gather information about the bullying.

- Never tell your child to ignore the bullying. What the child may "hear" is that *you* are going to ignore it. If the child were able to simply ignore it, he or she likely would not have told you about it. Often, trying to ignore bullying allows it to become more serious.

- Don't blame the child who is being bullied. Don't assume that your child did something to provoke the bullying. Don't say, "What did you do to aggravate the other child?".

- Listen carefully to what your child tells you about the bullying. Ask him/her to describe who was involved and how and where each bullying episode happened.

- Learn as much as you can about the bullying tactics being used, when and where the bullying happened. Can your child name other children or adults who may have witnessed the bullying?

- Empathize with your child. Tell him/her that bullying is wrong, not their fault, and that you are glad he/she had the courage to tell you about it. Ask your child what he/she thinks can be done to help. Assure him/her that you will think about what needs to be done and you will let him/her know what you are going to do.

- If you disagree with how your child handled the bullying situation, don't criticize him/her.

- Do not encourage physical retaliation ("Just hit them back") as a solution. Hitting another student is not likely to end the problem, and it could get your child suspended or expelled, or escalate the situation.

- Check your emotions. A parent's protective instincts stir strong emotions. Although it is difficult, a parent is wise to step back and consider the next steps carefully.

2. Contact your child's teacher and/or principal

- Parents are often reluctant to report bullying to school officials, but bullying may not stop without the help of adults.

- Keep your emotions in check. Give factual information about your child's experience of being bullied—who, what, when, where, and how.

- Emphasize that you want to work with the staff at school to find a solution to stop the bullying, for the sake of your child as well as other students.

- Do not contact the parents of the student(s) who bullied your child. This is usually a parent's first response, but sometimes it makes matters worse. School officials should contact the parents of the child or children who did the bullying.

- Expect the bullying to stop. Talk regularly with your child and with school staff to see if the bullying has stopped. If the bullying persists, contact school authorities again.

3. Help your child to become more resilient to bullying

- Help to develop talents or positive attributes of your child. Suggest and facilitate music, athletics, and art activities. Doing so may help your child be more confident among his/her peers.

- Encourage your child to make contact with friendly students in his class. Your child's teacher may be able to suggest students with whom your child can make friends, spend time, or collaborate on work.

- Help your child meet new friends outside of the school environment. A new environment can provide a "fresh start" for a child who has been bullied repeatedly.

- Teach your child safety strategies. Teach him/her how to seek help from an adult when he/she feels threatened by a bully. Talk about whom he/she should go to for help and role play what he/she should say. Assure your child that reporting bullying is not the same as tattling.

- Ask yourself: Is my child being bullied because of a learning difficulty or a lack of social skills? If your child is hyperactive, impulsive or overly talkative, the child who bullies may be reacting out of annoyance. This doesn't make the bullying right, but it may help to explain why your child is being bullied. If your child easily irritates people, seek help from a counselor so that your child can better learn the informal social rules of his/her peer group.

- Home is where the heart is. Make sure your child has a safe and loving home environment where he/she can take shelter, physically and emotionally. Always keep the lines of communication with your child open.

Homework Tips

Parents have a strong influence on their child's success in school. By supporting and praising your child's academic efforts and creating an atmosphere at home that encourages learning and doing homework, you can help your child do well in school.

Children have a wide range of approaches to doing homework. The following hints can be adapted to your child's homework style and pace.

- Respect your child's need to "recharge" him after school, before starting homework. Some children want to have a snack, whereas others prefer to draw, do something physically active, play with a friend, read, listen to music, or watch a videotape.
- Establish a regular time and place to begin homework.
- Make family activities that precede or follow homework — such as playing a game, cooking, or making crafts — a regular part of the homework routine. Shared activities assure the child that she will have time with parents, making it less likely that she will seek their attention while she is doing her homework.
- During homework time, make sure siblings are not engaged in distracting activities (e.g., playing computer or video games, watching television).
- Recognize that an occasional break from steady concentration on homework helps some children stay on task.
- Be available to interpret assignments and questions, explain the meaning of unfamiliar words, review spelling or multiplication tables, or otherwise assist your child with his homework.
- Discuss topics for "show and tell," and preview talks that your child is preparing. If your child asks you for ideas for a presentation or project, try to build on her interests. Support her ideas even if she decides not to accept your suggestions.
- Parents' approaches to doing their own "homework" can serve as positive examples for their child. For example, do your own work reports, reading, bill paying or letter writing while your child is doing his homework. This will demonstrate to your child the importance of responsibly completing work, while allowing him to enjoy your presence and turn to you with questions about his assignments if necessary.
- Help your child develop good organizational skills, such as keeping an assignment book and placing completed homework in a book bag ready to be taken to school each day.
- Comment on the schoolwork your child brings home, posting it on the refrigerator door, proudly telling other people about your child's accomplishments, and praising your child for her effort and success.

WHEN?

* Before, during and after preparing food
* Before and after caring for someone who is sick
* Before and after treating a cut or wound
* After using the toilet
* After changing diapers or cleaning up a child who has used the toilet
* After blowing your nose, coughing, or sneezing
* After touching an animal or animal waste
* After touching garbage

HOW?

* Wet hands with clean, running water and apply soap
* Rub hands together to make a lather. Scrub the backs of hands, between fingers, and under nails.
* Continue rubbing hands for at least 20 seconds. Need a timer? Hum the "Happy Birthday" song from beginning to end twice.
* Rinse hands well under running water.
* Dry hands using a clean towel or air dry.

Middle Years

Working Together for School Success

Short Stops

Energy investigator

Learning about your family's energy use can introduce your tween to science concepts—and give him a chance to help take care of the planet. Have him search online for top energy-wasters and then look for examples at home, like a fully charged laptop that's plugged in or a printer in "sleep" mode.

Learning never ends

Let your middle grader see that education is a lifelong process by sharing things that you learn. For example, you might tell her what you're learning in your English class or show her a new yoga pose you're practicing.

Asking for help

When your child struggles with a lesson or concept in school, encourage him to go to his teacher or a classmate for help. Reassure him that it's okay to admit he doesn't understand, and it's important to get assistance before he falls behind.

Worth quoting

"Always do your best. What you plant now, you will harvest later."
Og Mandino

Just for fun

Q: What falls but never gets hurt?

A: Snow!

Become more responsible

As your child gets older, she'll need to take responsibility for more areas of her life. Managing her own schedule, schoolwork, and activities now will help her feel capable and give her practice for the future. Try these strategies.

Hand over tasks

Pick routine jobs that your tween can take full responsibility for. She could pack her lunch, change and wash her sheets and towels, and replace light bulbs when they burn out, for instance. You might need to remind her of new duties at first, but gradually she should be able to do them without being asked. *Tip:* For more ideas, talk to parents of older children about tasks they gave out at different ages.

Encourage planning

Thinking ahead will help your tween stay on top of her responsibilities. Talk about how she can do this. For example, if she's going to a sleepover on Saturday, she'll need to pack her overnight bag, return her library books that are due that day, and arrange to come home in time on Sunday to finish homework.

Avoid rescuing

Let your middle grader experience the consequences of being irresponsible. If she forgets her project and sends you a text on the way to school, don't deliver the assignment to her. Or if she can't find her sports equipment because she didn't put it away, she will have to tell her coach. Receiving a zero or sitting out from practice may help her remember next time.

Let's brainstorm!

How can your middle grader come up with fresh ideas? Let him work on the art of brainstorming with these activities.

- **Give prompts.** Ask him to make a top 10 list, like "Top 10 ways to eat potatoes" or "Top 10 reasons to wear a hat." You could also give him a fill-in-the-blank sentence ("I never _____ to _____"), and see how many ways he comes up with to complete it.
- **Think as a family.** Have everyone suggest things to do during spring break or ways to share the bathroom. Allow family members to say what comes to mind, and write down all the suggestions without judging any of them. Explain that even if one idea won't work, it may lead to others that will. Together, review the list to find the best options.

Raise a money-smart tween

Research shows that parents are children's number one source for learning about money. But you don't have to be a financial expert to help your tween learn to handle finances. Consider these ideas.

Conversations. Talk to your middle grader about spending and saving. For example, you might mention that your rent is due monthly and that you set aside money every month for your quarterly car insurance bill. Also, explain that people try to save for emergencies (broken furnace, flat tire) and for the future (college, retirement).

Shopping trips. If your child needs new clothes, give him a set amount, and let him decide how to spend it. Encourage him to think about needs (jeans, if his are too short) vs. wants (shoes, if his fit and are in good condition). Then, suggest that he shop around for the best deals—he may be able to save on items he needs and have money left for something he wants.

Games. Play Monopoly or Life to teach your tween about credit. Add a rule that a player who runs out of money can borrow from the bank but has to pay interest. Your middle schooler will see that interest quickly adds up and that the longer it takes to repay a loan, the more he'll pay out.

Build sibling bonds

Doing activities together can bring siblings closer. Here are three ways to promote good feelings and strengthen your children's bond.

1. Designate a "sibling night." Suggest that they set aside a night once or twice a month for activities they both enjoy. Sisters might watch a movie, play with their dog, or paint one another's nails, for example.

2. Attend siblings' games, performances, or ceremonies. Encourage them to cheer each other on, offer praise, and say a kind word if things don't go well.

3. Team up for projects. Have your children plan a party or paint a room together. Or challenge them to complete a task faster than you, such as cleaning up half of the basement while you do the other half.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Q&A "Am I normal?"

Q *My daughter isn't developing as quickly as her friends are. How can I help her feel better about herself?*

A It's common for kids this age to compare themselves to their peers, especially if they are developing slower or faster than average. To reassure your daughter, you might get her a library book that addresses her concerns.

Also, let her know that children grow at different rates and that there's a wide range of "normal." Girls typically begin puberty between 8 and 13 and boys between 9 and 14. Then, it usually takes a few years to finish developing.

In the meantime, help your daughter focus on taking care of her body to boost her self-confidence. Eating healthy foods, staying physically active, and having proper hygiene can help her feel good about herself and her appearance.

Parent to Parent: Choosing classes

Last year, my son Daniel picked out electives based on what he thought would be easy. One class was harder than he expected, and the other didn't really interest him.

This year, his older brother showed him his high school catalog. Daniel saw several computer science courses that he'd like to take when he's older, so he decided to sign up for an introductory computer class now.

When he met with his school counselor, she said that looking at his brother's catalog was a great idea. She helped him choose an elective for next year that will put him on track for the computer courses he wants to take in high school. And she recommended that he start a foreign language. Now, Daniel just has to decide between Spanish and French!

Rachel's Challenge

Rachel's Story introduces a presentation to middle school students to Rachel Scott (first student killed at Columbine High School on April 20, 1999) and her challenge to deliberately reach out to others with kindness. This presentation focuses on Rachel and how she lived her life and how she believed in making a difference in the lives of others by doing little things. There will be an assembly on Friday, March 21, 2014. Permission slips will be sent home soon regarding the assembly.

For more information on this inspiring program may be found at http://www.rachelschallenge.org/.

Invitation & Registration
for
Pamplin Depot Library Tutoring Services
Mondays and Thursdays 3:40 – 5:00 p.m.

All Pamplin area students (K-12) are invited to participate. PALS (Pamplin Area Library Supporters) will serve light snacks as children get off the school bus and will be available for tutoring or help with homework. *Please understand that this is not intended as a childcare or babysitting service, but specifically to help students who are having difficulty with their school work.*

Parents may drop off children or sign a permission note to ride Appomattox School Bus #44 (Mr. Eugene Sams, driver) or Bus #14 (Mr. Kenneth Richardson, driver) which will let them off at the library. PLEASE DO NOT SEND YOUR CHILD IF HE OR SHE IS SICK, OR IF APPOMATTOX SCHOOLS ARE CLOSED.

We will have limited enrollment depending on space and staffing, so will take children on a first come, first served basis. If you would like to enroll your child, please fill out the following information and return this form to PALS at the Pamplin town office in the Depot on Main Street or by mail to P.O. Box 1338, Pamplin, VA 23958. You may send your child beginning Monday, February 3rd, unless notified otherwise. We hope that meeting at the library will also give children an opportunity to make use of the library's after school hours for research, computer use, quiet reading or checking out books and magazines for reading pleasure.

Counseling Office

The Society of Women Engineers at the University of Virginia invites 6th, 7th, and 8th graders to our Girls in Engineering Science Exploration Program taking place on Sunday, March 23rd, 2014 from noon - 3:30pm in UVA's engineering school. The program is designed to give girls a comprehensive look at engineering through hands-on design activities and demonstrations, a tour of the engineering school, and lunch with current engineering students. We aim to showcase the many diverse, exciting, and creative fields that make up engineering. Registration is on a first-come, first-serve basis and there will be a non-refundable fee of $5 that covers all activities and lunch.

Application Timeline and Instructions:

Applications should be emailed to rpk4nw@virginia.edu by Sunday, March 9th.

Once registration is confirmed, a $5.00 payment made to Society of Women Engineers must be postmarked by Tuesday, March 11th and sent to the PO Box above. If payment is not received, space will be made available to students on the waitlist.

Electronic copies of this form are also available online at http://uva.swe.org/

If you do not have access to the internet, stop by the School Counseling Office for more information.

SOL Testing To Begin in March for 8th Graders

All 8th grade students will participate in the Writing SOL tests soon. Please make every effort to be at school and arrive on time. A good night's rest and breakfast will keep you alert and ready to be successful on the tests. If you have questions or concerns regarding these dates, feel free to contact Mrs. Cooter in the Counseling Office @ 352-8257 ext. 4209.

The test dates are as follows:

Multiple Choice Writing Test (all 8th Graders): March 11, 2014

Writing Prompt (Mrs. Jackson's Students): March 12, 2014

Writing Prompt (Mrs. Haley's Students): March 13, 2014

Make-Up Testing: March 14, 2014

Ask an 8th grader for a career plan and you'll probably get one of two answers: "I want to be a [fill in the blank]." or "Career what?" Either way, many students will have little in the way of an actual "plan" for their future. Many students don't start career planning until college rolls around, and that's not enough time. Without proper preparation in high school, many 8th graders will miss out on the chance to pursue a dream career.

Using Virginia Wizard and Virginia View we are helping students get a jump on career planning. The students have taken career assessment tests and have started mapping a route to their career choices. We were privileged to have Dr. Krug and Mrs. Betty Jo Smith from CVCC with us recently presenting to parents and students college preparation ideas and the CVCC Cohort Program.

During the weeks of February 3rd for Ms. Taylor's students, and February 10th for Mrs. Thomson's students, Civics students will be drafting a rough draft of their own high school schedules. The intent is to get students thinking about their future by understanding what classes they'd need to take in high school in order to succeed in a college and career.

Like the idea? Here are some ways you can introduce 8th graders to career planning:

*Encourage your student to take career assessments available on line.

*Visit the high school and get your student thinking about the years ahead.

*Review the list of high school classes available in our course directory then have your student create a rough schedule.

*Get your student thinking about college majors to match up with career interests. Look up some colleges.

*Introduce your student to a career mentor, or someone who will provide a real sense of the job.

Course registration forms will be coming home for your signature and approval in the next few weeks. Please return these promptly which will allow the high school administration to better prepare for your requests. I look forward to working with you and your student!

Sincerely,

Mrs. Cooter, AMS Counselor

Retention Guideline Policy

Message from your Principal....

Happy Early Valentine's Day! Students love this day, and many of them will exchange nice notes and share a piece of candy or two. That is one of the fun things about being young...enjoying the simple things.

What is not simple?...We must continue to keep students on track and learning, while so many begin looking at student progress in terms of decisions for next year's placement. If your student is below grade level, that information will have been indicated on the report card and/or your child's teacher will have shared that with you. If your child is below grade level and does not meet the required benchmarks by the fourth marking period, he/she may be retained for the 2014-15 school year. Later this month, we will be sending letters to parents/students who are in the greatest danger of being retained. If you have questions, please contact your child's teacher to schedule a conference and/or discuss how best to help your child progress.

We look forward to the second half of the year, and we will continue to work with your student to ensure progress is made. We thank you for your support at home, and we realize that it truly takes all of us working together.

If we can be of assistance, please feel free to contact us.

Dear Parents

TRAFFIC REMINDERS:

- In the mornings and afternoons, please use a turn signal when entering the school.
- Please continue to follow the designated traffic patterns during the arrival and dismissal. We ask that you are respectful of all drivers and follow the line of vehicles around the car-rider loop. Do not pass other vehicles or "cut" in the arrival/dismissal lines.
- When parking, please use a designated parking space if you are entering the school to drop-off or pick-up.
- Under no circumstances should a student walk alone through the line of car rider traffic! If you are parking, you need to escort your student to the building. If you are unable to escort your student, please use the car rider lane and drop your student off at the curb.

Upcoming Events

- "Getting Ready for Kindergarten Workshop - **February 11th** 6 p.m. -APS cafeteria

Continued Traffic:

- Please be respectful of those behind you and waiting traffic by allowing the car rider staff to assist with loading and unloading students on the sidewalk side of traffic.
- Please remain in your vehicle and allow staff to assist with loading and unloading students.

****We appreciate your understanding and assistance with ensuring all students, staff and parents arrive and leave safely!**

VSBA Hot Topic Conference

March 26, 2014

Wytheville Meeting Center
333 Community Boulevard
Wytheville, VA

Join us for the 2014 VSBA Hot Topic Conference in Wytheville, VA. This conference will pull together three hot topic issues from across the Commonwealth. First, you will hear from Sam McKinney, the executive director of Communities In Schools of SW VA. Communities In Schools works within the public school system, determining student needs and establishing relationships with local businesses, social service agencies, health care providers, and parent and volunteer organizations to provide needed resources.

Participants will also hear from a panel of school division representatives, sharing best practices in the area of mental health services for students.

Finally, popular convention speaker Andrew Block, director of the Child Advocacy Clinic at UVA Law, will speak about religious exemptions in Virginia. The presentation will examine and discuss Virginia's system, and board member responsibilities within that system, of granting religious exemptions to compulsory school attendance.

We hope that you will join us for what is sure to be an exciting conference.

2014 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2014 VSBA Southern Region Spring Network Forum on April 30, 2014 at South Hill Elementary. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

VSBA Hot Topic Conference

April 28, 2014

Norfolk Waterside Marriott
235 E. Main Street
Norfolk, VA

Join us for the 2014 VSBA Hot Topic Conference in Norfolk, VA. This conference will pull together three hot topic issues from across the Commonwealth. First, you will hear from Blaire Denson, the director of the Virginia Partnership for Out-of-School Time (VPOST) on how VPOST can assist local divisions with time out of school.

Participants will also hear from the VSBA Task Force on Schools in Challenging Environments with an update on the work that they have been doing for the past six months. Then, a panel of school division representatives will present best practices on meaningful partnerships that divisions can share across county and city lines.

Finally, Dr. Mark Lineburg, superintendent of Bristol City Public Schools, and Deborah Keys, director of the Council of Urban Boards of Education at the National School Boards Association, will lead a session discussing the similarities between rural and urban school divisions, and also address how good board governance can assist schools in challenging environments.

We hope that you will join us for what is sure to be an exciting conference.

2014-2015 Budget Goals
Priority List

Revised: 02-20-2014

1. ACHS – Reinstate cut teaching positions in core content areas of English, Social Studies, and Math (this would also enable us to move forward with the original plan of continually increasing AP classes, which are currently being stalled due to position cuts).

2. AES and AMS - Reinstate the cut remedial math positions (1 at each school).

3. Reinstate Auto Mechanics Program.

4. Restore steps in the salary scales.

5. Continue to cover health insurance for employees.

6. Provide pay increases for employees. In particular we should request the additional one percent salary increase the county provided their employees for 2013-2014 that they did not provide for school employees. Provide five percent pay increase for employees.

7. ACHS – Add a needed half-time French, half-time Spanish teaching position, in order to meet additional class requests and to offer more at AMS.

8. Reinstate paid stipends for Curriculum Chairs of some core subjects.

9. Give bus drivers a choice of benefit: 403b Retirement Plan or paid employee only dental insurance coverage.

10. Continue to support the Agriculture Program. Continue to support FFA student's attendance at the National FFA Convention.

11. Retain all current employees.

12. Request support from Board of Supervisors for capital improvement needs in addition to the school operating budget.

13. Transportation - Purchase of 2 new buses and 1 used car.

14. Re-evaluate decision made last year to remove the assistant principal position at the primary school to determine if this was the right decision.

15. Add Building Trades Program.

Adopted By Appomattox County School Board: February 27, 2014

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed the large crowd in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

PUBLIC HEARING ON THE PROPOSED 2014-2015 SCHOOL BUDGET

The Chairman opened the floor for the public hearing regarding the proposed 2014-2015 School Budget.

Mr. Joshua Caruthers, who resides at 191 Benchmark Drive; Evington, Virginia and teaches at Appomattox County High School, spoke on behalf of the Color Guard at the high school which is an extension of the Marching Band Program. He stated ten students currently participate in the Color Guard and requested financial support for the 2014-2015 school year in the amount of $1,028.00. (See Attachment # 1)

As there were no additional speakers, the Chairman closed the public hearing.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the January 31, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,221 students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 14)

VSBA and NSBA Activities

The VSBA Capital Conference was held in Richmond, January 27-28, 2014. Rev. Jones and Mr. Waddell attended. Rev. Jones stated the conference was very informative as he is learning about his new role as a School Board Member. Mr. Waddell noted the information provided concerning the economic forecast and budget was very interesting.

The VSBA Orientation for New Board Members and Superintendents was held in Richmond, January 28, 2014. Rev. Jones attended and was appreciative of the opportunity to participate.

The VSBA Superintendent Evaluation Workshop was conducted at the VSBA Office in Charlottesville on February 21, 2014. Mr. Smith and Dr. Grasty attended. Mr. Smith reported the meeting was very beneficial as information was gathered concerning the changes that will take place concerning the evaluation of superintendents beginning July 1, 2014. He stated he would furnish the Board with information provided at the meeting in the near future.

VSBA will conduct a Hot Topic Conference in Wytheville on March 26, 2014. The registration fee is $140.00 and the deadline is March 10, 2014.

VSBA will conduct an additional Hot Topic Conference in Norfolk on April 28, 2014. The registration fee is $140.00 and the deadline is April 11, 2014.

The 2014 VSBA Southern Region Spring Network Forum will be held April 30, 2014 at South Hill Elementary School in Mecklenburg County. The registration fee is $30.00 and the deadline is March 28, 2014. Mr. Smith, Mr. Waddell, and Dr. Grasty requested to be registered for the meeting.

School Showcase: Appomattox Middle School

Appomattox Middle School was featured in this month's School Showcase. Mr. Todd Reichert, Principal, was proud to introduce students Jordan Garrett, Ilyana Servis, and Nathan Simpson. These young leaders delivered an excellent presentation regarding "A Snapshot in the Day of a Middle School Student".

2014-2015 Budget Goals and Budget Work Session

The Board reviewed the 2014-2015 Budget Goals and conducted a Budget Workshop.

Mr. Smith shared copies of a Synopsis of the Proposed Budget for FY2014 from the County of Appomattox. (See Attachment # 15) He stated the total School Budget is not the amount the locality is requested to contribute. Of the current 2013-2014 County Budget, the school portion is $4,838,560.00 which is approximately 23.7% of the total county budget.

Mr. Smith thanked the superintendent for prioritizing the 2014-2015 budget goals and noted his agreement with the top five items.

He was also in agreement with providing a step increase rather than a percentage pay raise as it is better for the employee and less costly for the school division. He thanked Mr. McMillan for sharing this information with the Board at a previous meeting.

Mr. Waddell noted the proposed 2014-2015 School Budget is based on needs and is certainly not a Cadillac version. He also noted with the decrease in state funding, it is going to be difficult.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported he did not have any information in addition to the budget information that had already been provided during the Budget Work Session.

VADOE Required Local Effort and Required Local Match Report for FY2013

The superintendent reviewed the following reports from the Virginia Department of Education:

- FY 2013 Actual Required Local Effort (RLE) for the Standards of Quality Compared to Actual Local Expenditures for Operations (See Attachment # 16)
- FY 2013 Actual Required Local Match (RLM) for Incentive and Lottery Accounts Compared to Actual Local Expenditures for Operations Above Required Local Effort (RLE) (See Attachment # 17)
- 2014-2016 Composite Index of Local Ability-To-Pay (See Attachment # 18)

Dr. Grasty stated these reports indicate:

- Appomattox County ranks 95th out of 136 in wealth as shown by the Composite Index.
- Appomattox County ranks 128th out of 136 in actual local funding for schools.

Discussion of Out of Division Tuition Charge for 2014-2015

According to School Board Policy JEC-R – School Admission, the Board must establish the out-of-county tuition rate each school year. Currently $750.00 is charged for each out of division student who attends Appomattox County Public Schools. This is the third year this amount has been approved. The superintendent provided the Board with the out-of-division rates charged by surrounding school divisions. (See Attachment #19) Dr. Grasty requested consideration of raising the rate to $1,000.00 per student but allowing currently enrolled out-of-division freshmen, sophomores, and juniors to continue at the current rate of $750.00 until their graduation.

Mr. Smith was in favor of increasing the charge for 2014-2015 based on the increase in the Composite Index as this will cause the county to pay more next year to education each student. He was also in favor of the request from the superintendent to continue the $750.00 rate for some students but suggested including currently enrolled eighth, ninth, tenth, and eleventh grade out-of-county students.

The Chairman requested this item be added to the current agenda for action at this meeting. It was the consensus of the Board to comply with the request of the Chairman.

Review of Preliminary Fall SOL Testing Data

Mrs. Annette Bennett, Director of Curriculum and Instruction, reviewed the preliminary Fall SOL Testing Data. (See Attachment # 20) She stated the high school is the only school that undergoes fall testing with only half of the classes being required to test. She indicated the data is inclusive as no Advanced Placement Classes are included in fall testing.

Make-Up Days and Professional Development Rescheduling Plan

Mrs. Bennett presented information to the Board concerning instructional time that has been missed during the 2013-2014 school year. (See Attachment # 21) She reported the Code of Virginia requires public school students attend school either 180 days or 990 hours. To date, our students have missed 6 full days plus 16 hours of instructional time. While our original calendar does include some hours in excess of the 990 hour requirement, she addressed the following plan which had been developed: 1) One-half of the lost instructional time should be rescheduled by using March 27, 28, and April 4 as student days. These days were initially placed in the calendar as the following: March 27: Teacher and Team Planning Day, March 28: Professional Development Day, and April 4: Parent Teacher Conference Day and/or Professional Development Day. 2) The deadline for report cards would be extended and report cards would go home on April 8. 3) One-half of the staff development time would be rescheduled to occur during faculty meetings, common planning sessions, or after school. 4) Parent-Teacher Conferences would be scheduled during planning periods, after school, or held by email or phone as needed and requested by parents and teachers.

Mr. Torrence and Mr. Smith requested as much restraint as possible be placed on requiring teachers to handle school tasks on their own time. Mrs. Bennett was understanding of their concerns and very thankful that teachers have planning time during the school day.

VDOT Response Regarding Sign for APS

The superintendent provided a letter from the Virginia Department of Transportation concerning the requested sign that will be placed at Appomattox Primary School to help alleviate traffic congestion as students are dropped off in the morning and picked up in the afternoons. (See Attachment # 22) She also shared her response of approval for the sign that will indicate “right turn only.” (See Attachment # 23)

SRO Report

Sergeant Terry Eagle, SRO Supervisor, reported on the varied services provided at each school by our Appomattox County Sheriff's Department School Resource Officers. (See Attachments # 24 and # 25) Mr. Smith and Dr. Grasty expressed their appreciation of the SRO Program in our school division.

Texting to Report on Bullying Hotline

Mr. Brette Arbogast, Director of Technology and CTE, reported text messages may now be sent to the Bullying Hotline. This additional means of reporting bullying incidents has been implemented as students are more inclined to send a text message than to talk on the phone.

Annual Digital Learning Day

Mrs. Susie Fisher, ITRT, presented information concerning Digital Learning Day which was conducted nationally on February 5, 2014. She stated Digital Learning Day is designed to:

1. Celebrate innovative teaching and highlight practices that make learning more personalized and engaging for students,
2. Explore how digital learning can provide all students with the opportunities they deserve, and
3. Build the skills students need to succeed in college, career, and life.

Mrs. Fisher proudly reported "Every day is Digital Learning Day in Appomattox County Public Schools".

Superintendent's Message

Dear Staff,

What a whirlwind winter we have had so far…and spring is a few days away! We have had more than our share of snow allotment for the season. We have missed 8 days so far and have had four 2 hour delays, one 1 hour delay, and one 2 hour early dismissal. This inclement weather makes it difficult for teachers and students to have continuity of instruction. Thank you for all you are doing to get in the lessons for our students despite the missed and shortened days. I know it has been and will be a challenge to cover required material in preparation for SOL testing.

This time of the year is when we begin budgeting for the next school year. The General Assembly is in session and will end their session in April. We have sent a budget request to the Appomattox Board of Supervisors for our local funding for 2014-15 for $5.9M. This is $1.1M more than what we have received locally this current year. The request includes a required $292,057 employer-paid increase to the Virginia Retirement System (VRS) for employees, a step increase for employees of $225,000, health insurance premium increase of $121,000, reinstating 6 eliminated teaching positions of $300,000, adding a foreign language teaching position at $50,000, offering bus drivers a choice of a 403b contribution or dental insurance at $35,000, purchasing a school bus at $85,000 and reinstating some curriculum stipends at $10,000. As you can see, those items total, $1,118,057. Currently this year, we receive $4.8M from the locality. We will wait to hear how much the locality is going to be able to fund us for 2014-15. Once we are told the amount we will be given from the locality, then we will proceed with more budget work. Level funding or giving us the same amount as we receive this year at $4.8M will start us off with a deficit of roughly $300,000 that we will be required to pay for VRS for employees. Level funding would not provide for any of the items on our needs list above.

Across Virginia for the past six years, state school funding has decreased or been nearly the same, while costs have risen. This has put more costs on localities or counties for funding school divisions during a time when the economy took a downslide. The economic rebound has been very sluggish for localities, leaving them and taxpayers with a heavy financial burden.

Thank you for the job you do for Appomattox County Public Schools. As I walk the schools each week, I am very proud of our staff and students. Employees work together to make all parts of our school division run. I am also proud of the optimism I see in our students and staff. Despite challenges and obstacles, we have students who excel in and out of the classroom. Our teachers and staff make that happen.

Thank you for your optimism. Your hope for the future of our students each day is needed to sustain them, just as someone had that hope for you growing up. We must be hopeful and optimistic for our students who are our legacy.

Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence. Helen Keller

Sincerely,

Dorinda G. Grasty, Ed. D.
Division Superintendent

Cafeteria Corner

Niki Kempton, Food Services Coordinator

Appomattox County Public Schools Recycling Program!

Remember students will be traveling through the school to collect paper from the recycling bins in each classroom, office and lounge. We accept mixed paper, except for corrugated cardboard, including magazines, flat cardboard, poster board, white paper, colored paper, etc.

Please inform students that paper products ONLY are allowed in the gray bins.

Cafeteria Corner

This spring the Food Services Department will hold a taste testing event at ACHS. Our own ACHS students will judge different entrees and vote for their favorite items which will then appear on our menu. The winning items will also be featured at the Math/Literacy Night at AES on April 22, 2014. If you know of any item a student would like to see on the tasting agenda or on our menu, as always, send your suggestions to nakempton@appomattox.k12.va.us.

Nutritional information for foods served in our cafeterias is available online! From the division website, please visit Support Services > Nutrition Services > Nutritional Information to plan your meals by calories, fat content, sodium and more. Using this tool is a great way to educate students on how to make healthy food choices from our menu.

Reminder: Appomattox County Public Schools now accepts online meal payments. MySchoolBucks.com allows parents to view their child's cafeteria balance, monitor their purchases and even add money to their cafeteria account. Visit MySchoolBucks.com for more information!

School Health & Wellness Committee

Appomattox County Public Schools Health & Wellness Committee opened membership to all staff, parents and students this school year! Our first meeting brought parents from almost all school locations. Students, parents and staff are more than welcome to join the committee to assist the committee's goal of increasing health and wellness within our division and community. Please email nakempton@appomattox.k12.va.us if you are interested in joining the ACPS Health & Wellness Committee!

Technology

Brette Arbogast, Director

Limited Internet Bandwidth

This article is designed to help explain the bandwidth considerations when using cloud based technology.

We currently have a 50 Megabit connection to share with the entire division. When you consider that most home Internet connections are 3 megabits, this sounds like a large amount. However, the school system has 2,000 computers and almost 1,000 mobile devices using that connection! That many devices simultaneously making Internet connections severely limits our access to some of the cool web based technologies that are on the World Wide Web.

In 2009 our county had a 20 megabit connection that forced us to limit the use of streaming media such as Pandora or I.E. Live Radio during SOL testing. We have since increased our connection to 50 Megabits and this improved connection has allowed us to use streaming media during the day. With the current popularity of cloud based technologies such as Edmodo, Weebly, GoogleDocs, and storage services such as Dropbox and Sugarsync, in addition to streaming media, our bandwidth has been severely taxed. I have included the reports below to show you the difference when streaming radio was enabled and when it was disabled.

Enabled Max out 50Mb

Disabled Max usage 18Mb

Technology, continued

We can see by the report that we are running out of bandwidth. For an additional 50Mb we would need to pay approximately $24,000 more. We are trying to provide cloud technologies within our division to avoid this additional cost. We understand that other resources are available but with the constraint of the bandwidth we need to work as diligently as possible to keep our overhead costs to a minimum. Though SharePoint may not be the most popular option, it does just this. It keeps our costs low. We have installed the new SharePoint and plan to start training on this the first of next year. As we go to a one-to-one iPad initiative, it's imperative that we keep in mind these boundaries of bandwidth.

June 2014 License Renewals – This is a quick reminder for anyone who is up for license renewal this June (2014). Once you have compiled your 180 points and documented that on the License Renewal Form, you must meet with your principal. During this meeting, your principal will ask to see your License Renewal Form and all of your documentation. Once he or she has reviewed your points and documentation, they will initial each section and sign the form. Once they sign the form, a copy should be made of the form for your records and the original should be sent to me. I will give it a quick review and send it on to Richmond. If you are going to use a college course, please attach a copy of the transcript. **I will start processing these in March.** Don't forget to complete the new First Aid/CPR/AED training online module I sent to you. Email me with questions.

Optional VRS Hybrid Retirement Plan – This applies to our employees covered under the VRS retirement program. Tracy Johnson sent everyone an email on February 11 with all the details, including a handy-dandy Plan Comparison Guide.

Virginia Retirement System eligible Plan 1 and Plan 2 members may elect to opt-into the VRS Hybrid Retirement Plan during a one-time election period from January 1 to April 30, 2014. An election to opt into the Hybrid Retirement Plan cannot be changed after April 30, 2014. This only applies to employees who are currently in a VRS covered position.
You are in VRS Plan 1 if your membership date is before July 1, 2010, and you were vested as of January 1, 2013.
You are in VRS Plan 2 if your membership date is on or after July 1, 2010, or your membership date is before July 1, 2010, and you were not vested as of January 1, 2013.
The Hybrid Retirement Plan combines the features of a defined benefit plan, which pays a monthly retirement benefit based on age, total service credit and average final compensation, and a defined contribution plan, which provides a retirement benefit based on contributions to the plan and the investment performance of those contributions.

Read the Special Issue of Member News 262kb for more information about the plan, eligibility, how to opt in and resources available to you, including the Hybrid Plan Calculator in your *my*VRS account. A detailed instruction guide is available once you access the calculator. Also, stay tuned to the VRS website for additional educational opportunities.

If you have not created a myVRS account, I strongly recommend you create an account for yourself. MyVRS is very helpful if you have any questions regarding your retirement, to take a look at your account balance, and also to create a retirement benefit estimate. The new Hybrid Plan Calculator is available once you log into your myVRS account. This is a helpful tool for you to use when making the decision to opt in or staying with the Plan that you are a member of now. You may go all the way through the Hybrid Plan Calculator and then click Exit if you choose not to opt in. The only way VRS will know if you want to enroll in the Hybrid Plan is for you to submit the form once you get to the Decision making screen of the Hybrid Plan Calculator. You may either exit at that time and no changes will be made or you may continue to the form, fill it out, and submit it to enroll yourself in the Hybrid Plan. Here is the Log in or create a *my*VRS account link.

Here is a link to Subscribe to Member News to receive the latest information about your VRS benefits.

The Opt-In Period for VRS Hybrid Retirement Plan Ends April 30, 2014.

'13 - '14 Calendar is Changed to Make up Instructional Time

Since the Code of Virginia requires that public school students attend school either 180 days or 990 hours, the School Board discussed the need to make-up instructional time that has been lost from our original calendar due to inclement weather. To date, students have missed 8 full days, plus 17 hours of instructional time. While our original calendar does include some hours in excess of the 990 hour requirement (which is sometimes referred to as "bank time"), the Board decided that at least one-half of the lost instructional time should be rescheduled. At its meeting on February 27, 2014, the School Board accepted the following plan to make-up instructional time we have missed due to inclement weather:

March 27, 28 and April 4 have been rescheduled as student days. In the original calendar, March 27 was scheduled as a Teacher Workday (built in to work on grades/report cards). March 28 was a Staff Development Day and April 4 was scheduled for Parent Teacher Conferences and Staff Development. While these days are extremely important for teachers to complete various professional duties, the recommendation to the Board to use these days was an attempt to avoid using days during Spring Break, Memorial Day, or adding additional days to the end of the school year. These three days are the only non-student days left in our original calendar.

In order for teachers to complete the required duties such as report cards, staff development, and conferencing, the following suggestions were also approved:

Plan to Complete Grades and Report Cards: The deadline to have grades calculated and stored for report cards will be extended by 5 school days. Teachers will calculate and submit grades for report cards on their own time. Report cards will now go home on April 8.

Plan to Complete Staff Development: March 28 + 2 hours on November 26 and January 21 are all staff development time we have lost or will lose, equaling 14 hours. At least one-half of this training (7 hours) will be rescheduled to occur during faculty meetings, common planning sessions, or after school. The principal of each school will develop a schedule to be submitted to the Superintendent and attendance will be kept for these required training sessions. Any training that has already been rescheduled will be documented in this plan.

Plan to Hold Parent Teacher Conferences: Parent Teacher Conferences will be scheduled during planning periods, after school, or held by email or phone conferencing as needed and requested by parents and teachers. A log of these conferences will be kept.

Remedial and Special Education
Beth Haught, Director

As previously mentioned, Summer School will take place during the month of June this year. Dates will be June 16-July 3.
This will allow staff and students to have several uninterrupted weeks prior to returning to school in early August for the 2014-15 school year. Summer School Employment Announcements have been posted to the division website and at each school. The deadline for applying is March 21. Feel free to contact me if you have questions.

If you have not yet had the opportunity to attend one of the Medford Basketball League games at the high school, you should definitely look into it. A number of our students with disabilities began participating in a basketball league with students from Buckingham County and Prince Edward County this year. Each team has 6 games with 3 home and 3 away contests. Our students and their teachers/coaches have done a remarkable job! Many of these students have never had the opportunity to participate in sports before and have embraced this with enthusiasm. Games are played during the school day in front of a tremendously supportive student body, faculty, staff, and family members. Everyone in attendance leaves the gym with smiles on their faces. I have been so impressed with the students who attend these games and their enthusiastic support of their classmates on the floor as well as the opposing players. They cheer equally for both teams' accomplishments and have even made signs with the players' names! Players have commented about how much they have enjoyed the experience and how much it has meant to them to have classmates come up in the hall or cafeteria and congratulate them or talk with them about their games. This has been a great opportunity for all of our students! Thank you, Mrs. Hamlette, Mrs. East, and Mrs. Ferguson for organizing this tremendous activity. Thank you, also, to the PE staff, coaching staff, and those ACHS boys' and girls' basketball team members who have assisted the team. The final home game is scheduled for March 11 at 10:30 a.m. Go, Raiders!

Transportation
Matt Lair, Supervisor

Imagine a world with less traffic, cleaner air, and more affordable transportation. These are just some of the benefits that school bus ridership provides. While school buses are one of the safest ways to send your kids to school, there are many good reasons that make them a growing choice among parents for their children's school commute.
School buses keep cars off the road, decreasing both traffic congestion and fuel emissions.

A 20-mile round-trip school commute saves an approximate $420 annually for each student who rides the bus and an approximate $10.9 billion nationwide.

Source: American School Bus Council

FACT: School buses keep an annual estimated 17.3 million cars off roads surrounding schools each morning.

Students in Amy McConville and Angie Dillon's first grade classes have been working with art teacher, Valerie York, on a PBL (Project Based Learning) art project about artist Dale Chihuly. Students created sculptures similar to the blown glass sculptures that Chihuly is famous for creating. The students' projects will be displayed for parents as a part of the first grade PTO showcase in March.

AES After-School Tutoring

Learning does not end at 3:30 for some AES students! This year, AES is fortunate to provide after-school remediation for approximately 110 students who were selected based on academic progress and teacher recommendations. Students participating in this program spend Monday and Wednesday afternoons from 3:30-5:00 at AES. Additional support in math and reading through the use of small groups is the main focus during after school tutoring. Students also have the opportunity to spend an extra 20-25 minutes on i-Ready, the division's new diagnostic computer based software.

A huge thank you to the following AES/APS teachers and staff for making this program a success: Mrs. Katie McCann, Mrs. Carla Lewis, Mrs. Brenda Peck, Mrs. Debbie Carson, Mrs. Charlotte Land, Mrs. Karen Therkildsen, Ms. Sarah Dunevant, Mrs. Rhonda Kane, Mrs. Natasha St. John, and Mrs. Rhoda Allen.

JUMP ROPE FOR HEART EVENT AT APPOMATTOX ELEMENTARY A SUCCESS!

On Wednesday, February 19 students at Appomattox Elementary jumped all over heart disease and stroke by participating in *Jump Rope For Heart*. AES students raised more than $4600 for the American Heart Association, which funds research, programs and education to fight heart disease and stroke, our nation's number 1 and number 4 killers.

This year's event was a huge success! *Jump Rope For Heart* allows the students to have fun and enjoy learning about the importance of physical activity and how they can play a role in saving lives. We had some great incentives this year! Students could earn a variety of ducks for the different levels of donations he or she collected. We also had school-wide incentives; 43 students raised $50 or more and earned a chance to throw a pie at a teacher or duct tape a teacher to a wall. One class from each grade level earned a popcorn party for having the best participation in turning in collection envelopes. Congratulations on a job well done to all those who participated!

Jump Rope For Heart is a program that promotes physical activity and heart health through jumping rope. It is co-sponsored by the American Heart Association and the American Alliance for Health, Physical Education, Recreation and Dance.

Happ, Happ, Happ'ning Hoops for AES, AMS, and ACHS Students!

Over the past few weeks, the gym at ACHS has been packed during the school day as staff and students cheer on a new sports team. Students with disabilities from the middle school and high school have been given the opportunity to participate in the Medford Basketball League. This is a league for students with disabilities to play against students with disabilities from other counties. Currently our students play teams from Prince Edward and Buckingham.

Some of our elementary and middle school students with disabilities travel with the team to the games to show support and cheer them on. This has been an amazing opportunity for some of our students that may not get a chance to participate in a VHSL sport during their high school years.

The support from the student body has been phenomenal. Our students feel like superstars when they see signs with their names on them and hear the crowd cheering throughout the game. The students of ACHS have shown excellent sportsmanship toward players on both teams. There has been lots of high-fiving and congratulatory comments as students pass each other in the hallway travelling to and from class. The smiles, acceptance, and feeling of inclusion that our students feel from their classmates will be memories that they carry with them for years to come.

Thank you so much for the support that is shown toward our students and for the opportunities to include them in such wonderful programs as the Medford Basketball League.

7th grade National Junior Honor Society

AMS inducted 34 eighth graders and 29 seventh graders into the AMS Chapter of the National Junior Honor Society. High achieving students were invited to apply for membership into the nationally recognized, prestigious, honor society. Through a highly selective process, successful students were inducted into the AMS National Junior Honor Society on December 5, 2013. Invited guest speaker, Dr. Stephen C. Smith, Director of Governor's School for Science and Technology, challenged the students to continue their pursuits of excellence in scholarship, service, leadership, citizenship and character. Students pledged into the honor society by declaring their commitment to these honorable, noteworthy characteristics.

Congratulations go to 6th Grader, Luke Olimpio, for winning the 2013 Appomattox Middle School Spelling Bee! He is quite a champion! Competing in more than 10 rounds, Luke really demonstrated his spelling capabilities.

Our 1st Runner up is 7th Grader, Patience Carpenter. She grappled with Luke in a grueling battle, spelling with gusto!

Elizabeth Duncan, Agriculture Teacher at Appomattox Middle School, attended the 65th Annual Convention of the National Association of Agricultural Educators (NAAE), where she presented a workshop with three others on "Photosynthesis, Respiration, and Starches – It's a Plant's Life!"

In Math 7 we are learning about proportions! We are determining how to set up proportions using the unit rate. In the photo above, Raider Plus students see how many jumping jacks they can do in one minute. They use that number to see how many they would be able to do in 10 minutes and 1 hour by setting up a proportion and solving. It's a good thing we can use proportions to solve instead of actually doing jumping jacks for one hour!

Eighth grade students have been developing and conducting their own experiments through inquiry learning. Students were given materials and had to develop their own testable questions. They then had to write out their procedure, conduct the experiment, collect data, and create a graph to present their data. The students pictured are trying to determine how long balls stay in the air and how many times you can bounce a ball in a minute from different heights.

Students Organized against Drugs and Alcohol (SODA) is a peer mentorship program aimed at delaying onset of substance use and reducing overall rates of substance abuse. High school juniors and seniors may apply to be "SODA Partners," and are selected on the basis of academic performance, recommendations, and overall character. During the summer, these students complete an intensive two-day training on leadership, various substances of abuse, and management of classroom groups. Local 6th grade students received a modified version of a well-known substance abuse prevention program, Too Good for Drugs, led by the high school SODA Partners over the course of the fall semester. With the oversight and leadership of the high school partners, the 6th graders complete eight lessons on topics including decision making skills, substance refusal strategies, effective communication, conflict de-escalation, positive learning from mistakes, alcohol, tobacco, and marijuana avoidance.

Fall of 2013 marked the 10th year of SODA in Appomattox. Peggy Voorhees is the coordinator for the program at Appomattox County High School, and oversees the implementation of the Too Good for Drugs curriculum on-site at Appomattox Middle School. Thirty-seven high school partners were trained by Horizon Behavioral Health during July and these students provided programming to 164 Appomattox Middle School 6th graders.

This past Sunday, a group of Appomattox Middle School future engineers, innovators, problem solvers and fun seekers, made their way to the Engineering Ingenuity Day at the Virginia Museum of Science in Richmond. Appomattox Middle School Students participated in the Popsicle Bridge Building and Egg Drop Contests.

Morgan Lindsey, Belle White and Nathan Simpson represented AMS eighth graders in the designing and construction of a Popsicle stick truss bridge. Their entry held a load of 123 pounds with a weight to load ratio of 1:174. An excellent showing!

Ms. Daily's seventh grade ALPS class Chase Coleman, Tyler Lewis, Summer Natour, Katelin Savage, Ilyana Servis, Michael Spangler, and Bryant Tolley, designed and constructed a system that would allow an egg to land unscathed after being released from a height of 25 feet. The contest was broken down into two categories, parachute without a capsule and capsule without a parachute. Appomattox took home top honors with Ilyana Servis winning first place and Michael Spangler taking home second place in the capsule without a parachute category.

Students had the opportunity to meet with college engineering school representatives and professionals in the fields of engineering who were available to talk about careers in science, technology, engineering and mathematics.

Lea Gray's 7th graders and Allison Maxwell's 6th graders conducted mock interviews for their Project Based Learning project on whether an outlet mall should come to Appomattox. The project is part of a special emphasis in the school division this year on projects that require students to address real-world problems. Students participating in this project will have the opportunity to present their findings and opinions about whether Appomattox should pursue an outlet mall to county supervisors next month.

ACHS Relay for Life

The ACHS Relay for Life Team would like to thank DJ Doc Lee, Mr. Lee Scruggs, for his donation of his time and services for their fundraiser for the American Cancer Society. Without him, the AMS Valentine's Day Dance would not have been such a success, raising over $700. Team members pictured include (front) Laraine Marth and Katie Elder; (middle) DeAndre Davis, Sha'kia Malone, Brinea Harris, Tasia Turner, Bansi Patel, Raven Garrett, Kayla Vogt, Brittany Parker, and Ms. Stephanie Tyree; (back) Mrs. Tori Rothgeb, Danielle Mann, Jessi-Kate Cederberg, Dustin Burge, Wes Kuegler, Austin Vaughan, Aaron Austin, DJ Doc Lee, Colby Phillips, and Jasmine Robinson. Along with Mr. Scruggs, the ACHS Relay for Life Team would like to thank the faculty members who helped chaperone and students who came to the dance.

Can you design the ultimate ride for a new amusement park? The students in Algebra, Functions, and Data Analysis (AFDA) were able to create many amusement park rides after doing research on how roller coasters and other amusement park rides were designed and created. Their challenge was to see who could design or redesign a new amusement park ride, including a written product (mathematical description and billboard) and oral presentation. The amusement park project included mathematical topics such as functions (linear and quadratic), slope, parabola, sine curve, angles, shapes, and designs. Many of these students thoroughly enjoyed doing this Project Based Learning assignment to grasp the understanding of mathematical topics. A quote from a student in AFDA, "I liked doing this project and other Project Based Learning because we were able to reach outside of the normal "teaching box" and enjoy learning a lot of new math points instead of doing worksheets."

National FFA Week at Appomattox County High School

National FFA Week was recently celebrated at ACHS. FFA Chapters across the country use this week to teach others about the FFA; the Appomattox Senior FFA Chapter was no exception.

There was a fun activity for students to participate in each day of the FFA spirit filled week. Monday was Teacher Appreciation Day. FFA members purchased a cake and provided every ACHS faculty and staff member with an, "I support FFA" button. In recognition of the large contribution agriculture makes to the local economy, FFA members donned plaid and suspenders on Tuesday. On Wednesday, students were encouraged to wear their chapter FFA t-shirt to school. Appomattox Farm Bureau sponsored chapter t-shirts for all members. After school, a large group from the chapter participated in a roller skating and laser tag filled afternoon at Fun Quest in Lynchburg. Other FFA Chapters in the area joined in the fun. Fifteen FFA members participated in an agricultural literacy project with fourth grade teachers, Mrs. Peck and Mrs. Driskill on Thursday morning. Members visited their classrooms and read agricultural books to the students. Later in the day on Thursday Chapter President, Cory Hodges, made a presentation to the Division Career and Technical Education Advisory Council about Chapter FFA Activities. Students came to school on Friday in camouflage and dressed like characters from the A&E Network Television Series "Duck Dynasty". FFA Week officially ended on Friday with a visit from United States Congressman Robert Hurt. Hurt visited with chapter officers and received a tour of the agriculture facilities. Students shared popular FFA events and classroom activities with him.

Many FFA members attended Fun Quest in Lynchburg to roller skate and play laser tag during National FFA Week.

ACHS FFA Students Celebrate FFA Week by Reading at AES

National FFA Week was celebrated February 17-21, 2014. As part of celebrating the FFA and agricultural industries in the Commonwealth, ACHS FFA members completed a service learning project involving the students at AES with the help of advisors, Mr. Ed McCann and Mrs. Bethanne Metts.

On February 20th, Mrs. Brenda Peck's and Mrs. Katie Driskill's 4th grade classes were visited by a total of 15 ACHS FFA members. The FFA students read books related to agriculture to small groups of students. One of the FFA chapter's goals for National FFA Week was to help increase agricultural literacy within our community. Students worked with the AES Reading Chair, Mrs. Katie McCann, to select agricultural and age appropriate books to read with 4th grade students. The high school students also prepared questions to help initiate conversations based on the topics covered in the books. Agriculture and reading were promoted during this learning project by all involved.

Model United Nations Conference

On January 30 and February 1 a group of nine students from Appomattox County High School attended Hampden-Sydney's first annual Model United Nations Conference. These students have been working since late November for the conference. Appomattox County High School, Fuqua School, and Appomattox Christian Academy attended the conference. Several other schools were to participate; however, due to weather and school closings were unable to attend. The topics for debate and creation of resolutions were: 1) Nuclear Proliferation in the Persian Gulf, 2) Syrian Civil War, and 3) Accelerating Efforts to Control and Eliminate Malaria in Developing Countries, Particularly Africa, by 2015.

Anna Wingfield and Colby Phillips represented France; Alexis Hamlet and Hannah Royal represented Jordan; Caroline Thomas, DeAndre Davis and Graham Comeau represented Iran; and Whitley Drinkard and Nicholas Matullo represented Syria. Our students took the responsibility of representing some very controversial nations and did an outstanding job doing so. The goals of the conference were to stay focused, be flexible, and be ready to learn. The students had several learning goals over the two day experience, including learning diplomacy and about the International Organization, the United Nations. They immediately jumped in with both feet, standing and speaking their minds with confidence! The students had to utilize several skills including research capabilities, critical thinking skills, and negotiation tactics.

At the end of the conference six awards were handed out. There were over 25 delegations represented, and of the four delegations that ACHS represented, two took home awards. The Iran delegation, represented by Caroline, DeAndre, and Graham, won Honorable Mention. The French delegation, represented by Anna and Colby, won Outstanding Delegation. The students are already excited about next year and the possibilities of being in positions of leadership.

For the third year in a row, The Appomattox County High School Concert Band received a **SUPERIOR** rating at the 2014 District III Concert Band Assessment. On Saturday, March 1, our students traveled to Goochland High School to participate in this event. This assessment is the band students standard exam to see how well our students rank state wide in performance.

Sports

Chris Dodge, Athletic Director

The Winter Sports Season is coming to a close. Both the Boys and Girls Basketball Teams participated in the Courthouse Conference 37 Basketball Tournaments. The Wrestling Team traveled to Bristol in order to compete in the Region 2A West Wrestling Tournament. Three wrestlers qualified for the State Championship Tournament, which was held on February 21 and 22 at the Salem Civic Center. Senior Tucker Harvey placed second in the state in his weight class, while Senior Sam Leap won his final match to become a State Champion in his weight class. While the wrestlers were involved in their meet, the Swim Team sent Whitley Drinkard to take part in the State Championship Swim Meet held in Christiansburg. Whitley placed second and fifth in her events. The Boys and Girls Indoor Track Teams competed in their State Track Meet on Wednesday and Thursday, February 26 and 27 at Liberty University. ACHS sent around 20 boys and girls to this event.

The official start date for Spring Sports was Monday, February 24. Spring Sports include: Baseball, Softball, Boys and Girls Tennis, Boys and Girls Soccer, and Boys and Girls Outdoor Track. The dead period for Spring Sports began February 24 and continues until March 4. During this time, no out of season athletes may have any contact with coaches unless the team is still playing in their respective tournaments.

Required Local Effort (RLE)

This is the amount of local funding (from the county/Board of Supervisors) that is required to fund school divisions. It is calculated from the Virginia Department of Education each year. For last year, we were locally funded from the county at 128 out of 136 school divisions at 24.32% above the RLE. The state average to locally fund above the minimum is 82%. Lee is the lowest at 9.58% and West Point is the highest at 229.42% above RLE. Below are the RLE comparisons for some of our neighboring school divisions:

Campbell	111.51%
Lynchburg	99.24%
Prince Edward	97.87%

Message from your Principal....

Dear Parents and Guardians:

What's the old saying about March, "In like a lion and out like a lamb" Well, considering all of the snow, ice, and frigid temperatures we've had so far, I can safely say I'm ready for spring! Our students and teachers have been working hard to make up all of the missed instructional time. Please encourage your child(ren) to get a good night's sleep every day so they can come to school ready to learn! Let's do everything we can to keep focused on learning. We have lots of exciting things happening at APS during the month of March including our Project Based Learning exhibition week and our Family Night Event on March 17th. We hope you all can join us in on the fun! Once again and as always, thanks for everything you do to make our students successful! Game On!

- The office is not allowed to take transportation changes over the phone. We have to have the note in writing or you may fax a signed note to 434-352-8074. We do ask that you send these notes by 12:00 p.m. on the day that you need the transportation change.
- If you fax a note, please follow up with a courtesy call to verify that we received the faxed note. We will not accept emails!
- We ask that you include the child's first/last name, old bus, new bus#, 911 address of destination, name of person at address, and a contact phone number where we can reach that person if necessary.

MUSIC NEWS

First grade students are pleased to announce the upcoming presentation of RESOURCE SHOWCASE. This program will be presented at the March 17th APS PTO meeting. Each resource teacher (Art, Computer, Music, and P.E.) will feature two first grade classes of students who have worked on projects and will be available to enlighten you regarding their project goals, their learning adventure, and their result. Following the PTO business meeting, you will be directed to locations where you will find your student and his/her showcase. Mrs. Johnson, APS Librarian has also announced that this particular evening will be Book Fair Family Night. Items will be available for viewing in the Library from 6:00 p.m. until 7:30 p.m. Students have been working in anticipation of spending this brief time sharing their work and findings with you. We hope you will join us in celebrating their accomplishments! The PTO business meeting will begin in the cafeteria at 7:00 p.m. See you on Saint Patrick's Day Eve.

Our Book Fair is Coming.....

We are excited about our upcoming Scholastic Book Fair in March! At the book Fair you will find the newest titles for children, as well as books of interest to parents. Preview Week is March 10-14 during regular library time. Students will be bringing home a flyer of the fair during that week. Purchase Week is March 17-21 during regular library time. Mark your calendar for our Family Night Event where the whole family can join in the fun on, from 6:00-7:30 p.m. Check out our homepage at http://bookfairs.scholastic.com/homepage/appomattoxprimary where books may be ordered online anytime starting March 8 and ending March 28th. **Virginia Sales tax of 5.3% must be included when purchasing and please remember to use credit cards or cash instead of checks. Thank you!**

Internet Safety: "Feeling Comfortable"

The third nine weeks students are learning that there are good and bad people in cyberspace. Students are instructed on what to do when they feel uncomfortable while chatting online (This isn't allowed while using the internet here at school). They are taught to tell a trusted adult like a teacher or parent when someone does or says something online that makes them feel uncomfortable. They are reminded that any person they don't know (real or cyberspace) is a stranger, and personal information shouldn't be given to that person.

VSBA School Law Conference

June 6, 2014

Hilton Short Pump
12042 W. Broad Street
Richmond, VA 23233

Your school division needs **you**, **your superintendent,** and **your attorney** to be at the 2014 VSBA School Law Conference. Why? Because many of the decisions you make have legal implications that will impact your school division for years to come. Be informed and be prepared!

- Learn how cloud–based computing can benefit your school division and what steps you need to take to protect your students by ensuring compliance with FERPA, COPPA and other privacy requirements.
- Hear U.S. Fourth Circuit Judge Roger Gregory and The Virginia Education Law Group's SM Douglas Guynn team up to lead a special session celebrating the 60th year of Brown vs. Board of Education. They will discuss the legal principles and history of the case, and offer insights about the legal legacy and the legal horizon.
- Hear an update on General Assembly bills and how they impact your local division.

VSBA Hot Topic Conference

April 28, 2014

Norfolk Waterside Marriott
235 E. Main Street
Norfolk, VA

Join us for the 2014 VSBA Hot Topic Conference in Norfolk, VA. This conference will pull together three hot topic issues from across the Commonwealth. First, you will hear from Blaire Denson, the director of the Virginia Partnership for Out-of-School Time (VPOST) on how VPOST can assist local divisions with time out of school.

Participants will also hear from the VSBA Task Force on Schools in Challenging Environments with an update on the work that they have been doing for the past six months. Then, a panel of school division representatives will present best practices on meaningful partnerships that divisions can share across county and city lines.

Finally, Dr. Mark Lineburg, superintendent of Bristol City Public Schools, and Deborah Keys, director of the Council of Urban Boards of Education at the National School Boards Association, will lead a session discussing the similarities between rural and urban school divisions, and also address how good board governance can assist schools in challenging environments.

We hope that you will join us for what is sure to be an exciting conference.

2014 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2014 VSBA Southern Region Spring Network Forum on April 30, 2014 at South Hill Elementary. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Thank you for your support of our schools

Achieving Creative Prepared Students

It takes a team with everyone working together.

Reasons to Celebrate our Students and Staff in 2013-14

Appomattox County High School

- Increased number of students involved in the CVCC Governor's Program (1 in 2011-12, 4 in 2012-13, 6 in 2013-14)
- Project Based Learning (PBL) Team has worked on PBL design within classrooms and through staff development
- Rachel's Challenge presentation and training – March 21
- Continued Daily Raider Room meetings and reinstatement of Monthly Club Meetings to build a culture of family and team
- Continued success with students in alternative education and decreased drop-out rate
- Joined the Medford Basketball League to give athletic opportunities for our students with disabilities
- Music program has strengthened with a new ensemble, a Superior rating at District Concert Band Festival, and additional group Band and Chorus Awards
- Academic Competitions are strong with our Ace Team, the new Mathematics Competition Test at LU, and 2 Regional Governor's School Science Fair winners
- Career and Technical Education (CTE) and Athletic Programs continue to find success – FFA students continue to keep ACHS in first place in many areas and we have our FIRST ever State Champion in wrestling

iReady- AMS is using an electronic remediation tool known as iReady to assess student mastery and assigns practice based on individual needs in reading and math.

Raider Plus- students who have not yet reached a level of mastery have been given the opportunity to meet with teachers on a daily basis to help them develop the mastery they need to be successful.

ALPs program grades 6-8 – students meet weekly to enhance their learning through a curriculum designed to focus on increased rigor and academic exploration.

PTO hosted a veterans' luncheon for students and their veteran relatives; SCA raised over $400 for the Wounded Warriors Foundation.

After-school remediation began in March with a focus on preparing students for SOL tests in May. Tutoring and transportation are made available every Tuesday and Thursday for an hour per day.

Rachel's Challenge- March 21, an anti-bullying program initiated by the family of Rachel Joy Scott.

Science iPads- Students have been able to dive into technology in science this year as all science classes have been utilizing iPads in their daily lessons to differentiate instruction.

In the fall, AMS celebrated the accomplishments of students who scored perfect 600s on last year's SOL tests. Students were recognized with certificates, and a Perfect Score Board with students' names was unveiled in the cafeteria.

AMS inducted 34 eighth graders and 29 seventh graders into the AMS Chapter of the National Junior Honor Society. High achieving students were invited to apply for membership into the nationally recognized, prestigious, honor society.

- 2007-08 188
- 2008-09 188
- 2009-10 185
- 2010-11 176
- 2011-12 172
- 2012-13 172
- 2013-14 167

- That is an 11% teaching reduction since 2008-09.

Other staff reductions

- 1 Central Office Director
- 1 Building Administrator
- 2 Secretaries
- 2 Instructional Assistants
- 4 Bus Drivers
- 4 Food Service Staff

Teacher and Course Reductions

- Eliminated Math Remediation at APS, AES, and AMS
- Eliminated Remedial English class at ACHS
- Eliminated 2 Special Education teaching positions
- Eliminated Latin at AMS
- Eliminated French at AMS
- Eliminated Family and Consumer Science at AMS
- Eliminated PE position at AMS
- Eliminated Auto Mechanics at ACHS

Eliminating teaching positions affects other offerings and classes…

- Physics is not offered every year
- Advanced Placement classes have not been expanded as needed
- French III and IV have been combined into one class
- Spanish III and IV have been combined into one class
- Several advanced math classes at AMS and ACHS are 27 to 38 in size

Other programs receive a domino effect from teacher cuts

- Career and Technical Education Course offerings have been significantly reduced
- No new course offerings have been added to address STEM related careers, which is greatly needed to make our students career and job-ready

- Business offerings reduced in order to offer the new graduation requirement of Economics and Personal Finance course
- Nuclear Engineering – offered every other year
- Drafting – year 2,3, and 4 now combined into one class
- Horticulture, Floriculture, and Landscape Design were stand-alone courses; now they have been combined into one course

General Assembly 2014 and Education

- There is no state money in either budget (House or Senate) for salary increases for teachers and support professionals for 2014-15. The state has only funded one increase in eight years. One proposal seeks 1-2% salary increase for 2015-16.
- The per pupil funding for public education is still $200 less, using the highest figure in the Senate budget, than it was in FY 2009.
- Changes to the FY 2014-15 budget for K-12 are miniscule, increasing the Governor's budget just over a ½ percent or less per pupil. The Senate budget is $40 million more than the introduced budget and the House is $8 million more. The Senate proposal, the highest dollar figure for FY 2015, is $5,063 per student, a 4% decrease, $200, from what was provided in 2009.

Dear Mrs. Ferguson and Members of the Board Of Supervisors:

Attached you will find a packet of documentation from the Virginia Department of Education (DOE) regarding our Composite Index (CI) for 2014-16. I wanted to provide you with this statistical information following the questions from our Joint Boards Meeting of March 31, 2014. I appreciate the opportunity to provide you with this DOE information. I have also sent it to Aileen via e-mail with an attached Excel spreadsheet from Mr. Kent Dickey, Deputy Superintendent for Finance and Operations with the Virginia Department of Education; however, the spreadsheet is a little cumbersome to maneuver so I wanted you to have a paper copy for your convenience. I hope you will find the hard copy easier to view and use.

The first section of the packet shows the detailed calculation of the Composite Index which includes the factors of Average Daily Membership, Local True Values, Local Population, Local Adjusted Gross Income, State True Values, State Adjusted Gross Income, State Taxable Retail Sales, and Local Retail Sales.

The Trend Analysis is a short summary page, using base year 2009 compared to 2011 of the Composite Index. This analysis summarizes the succeeding detailed pages.

The next section delineates the 2014-16 Composite Index of Local Ability to Pay as .3079 and includes all Virginia school divisions.

The Comparison of 2012-14 and 2014-16 Composite Index Values indicates that Appomattox was one of 52 divisions whose Composite Index increased; 74 decreased. The remaining ones were capped or had no change.

The Comparison of True Value of Property Data from Base Year 2009 to 2011 indicates that Appomattox County true value of property increased .1%. The state average was a decrease of 2.8%.

The Comparison of Adjusted Gross Income Data from 2009 to 2011 indicates that Appomattox increased by 7.5%. The state average was an increase of 8.7%.

The Comparison of Taxable Retail Sales Data from 2009 to 2011 indicates that Appomattox increased by 35.1%. The state average was an increase of 3.8%.

The Comparison of March 31 ADM from 2010 to 2012 indicates a decrease of .7%. The state average was an increase of .9%.

The Comparison of Population Estimates from 2009 to 2011 indicates an increase in Appomattox of 2%. The state average was an increase of 2.1%.

The stapled attachment of four pages is a series of charts and graphs that I created using the DOE information provided to you which compares us to 10 of our neighbors with the factors noted at the top. Of the 11 counties, Appomattox had the highest per capita income, the third highest real estate tax rate, and the third lowest local funding above required local effort for schools.

Thank you for the opportunity to provide you with this information. If you have any questions, please do not hesitate to contact me at any time.

Sincerely,

Dorinda G. Grasty, Ed. D.
Division Superintendent

VIRGINIA DEPARTMENT OF EDUCATION
COMPOSITE INDEX OF LOCAL ABILITY-TO-PAY
2014-2016 BIENNIUM

INSTRUCTIONS FOR USING THE CALCULATION TEMPLATE:

1. Select the school division to be calculated using the drop-down box located at the top of the sheet labeled "2014-2016 Calculation Template." A box will appear that asks you to confirm that you have chosen the correct division. If the division name is correct, click "Yes." If you have selected the wrong division, click "No" and select the correct division using the drop-down box.

2. After you have confirmed your division selection using the drop-down box, the 2014-2016 composite index of local ability-to-pay for the selected division will automatically be calculated.

3. Note: The sheet labeled "Trend Analysis" provides the percentage change in the data elements used to calculate the composite index for a division between 2012-2014 and 2014-2016 as compared to the percentage change in the statewide average of the data elements between 2012-2014 and 2014-2016. This data will assist you in assessing the components of the formula that contributed to a change in the composite index for a division between 2012-2014 and 2014-2016.

4. Included are six sheets that provide biennial comparison of composite indices as well as base year data for True Value of Property, Adjusted Gross Income, Taxable Sales, Population, and March 31 ADM for both the 2012-2014 and 2014-2016 biennia. This data is for your information to compare the base data used to calculate the composite indices for both biennia. You have the ability to sort this data. **To sort the data please click on the yellow box to the right of the data table and select the option for sorting the data.**

If you have questions regarding the instructions or the Excel template, please contact the budget office staff (below) at (804) 225-2025 or e-mail us at the following addresses:

006 - APPOMATTOX

Division Number:
006

Calculation of the 2014-2016 Composite Index for APPOMATTOX

Step 1 -- Calculation of the 2014-2016 Average Daily Membership Composite Index:

$$.5\left[\frac{\text{Local True Values / Local ADM}}{\text{Statewide Total of Local True Values / Total State ADM}}\right] + .4\left[\frac{\text{Local Adjusted Gross Income / Local ADM}}{\text{Total State Adjusted Gross Income / Total State ADM}}\right] + .1\left[\frac{\text{Local Taxable Retail Sales / Local ADM}}{\text{Total Taxable Retail Sales / Total State ADM}}\right] = \text{ADM Composite Index}$$

$$.5\left[\frac{\$1{,}391{,}514{,}004 / 2{,}180}{\$1{,}048{,}852{,}154{,}881 / 1{,}215{,}368}\right] + .4\left[\frac{\$266{,}578{,}405 / 2{,}180}{\$231{,}703{,}752{,}149 / 1{,}215{,}368}\right] + .1\left[\frac{\$104{,}413{,}458 / 2{,}180}{\$89{,}034{,}614{,}712 / 1{,}215{,}368}\right] = \text{ADM Composite Index}$$

$$.5\left[\frac{\$638{,}321}{\$862{,}992}\right] + .4\left[\frac{\$122{,}286}{\$190{,}645}\right] + .1\left[\frac{\$47{,}897}{\$73{,}257}\right] = \text{ADM Composite Index}$$

$$.5\left[.7397\right] + .4\left[.6414\right] + .1\left[.6538\right] = \text{ADM Composite Index}$$

$$.3699 + .2566 + .0654 = \boxed{.6919}$$

Step 2 -- Calculation of the 2014-2016 Per Capita Composite Index:

$$.5\left[\frac{\text{Local True Values / Local Population}}{\text{Total Local True Values / State Population}}\right] + .4\left[\frac{\text{Local Adjusted Gross Income / Local Population}}{\text{Total State Adjusted Gross Income / State Population}}\right] + .1\left[\frac{\text{Local Taxable Retail Sales / Local Population}}{\text{Total Taxable Retail Sales / State Population}}\right] = \text{Per Capita Composite Index}$$

$$.5\left[\frac{\$1{,}391{,}514{,}004 / 15{,}021}{\$1{,}048{,}852{,}154{,}881 / 8{,}096{,}604}\right] + .4\left[\frac{\$266{,}578{,}405 / 15{,}021}{\$231{,}703{,}752{,}149 / 8{,}096{,}604}\right] + .1\left[\frac{\$104{,}413{,}458 / 15{,}021}{\$89{,}034{,}614{,}712 / 8{,}096{,}604}\right] = \text{Per Capita Composite Index}$$

$$.5\left[\frac{\$92{,}635}{\$129{,}542}\right] + .4\left[\frac{\$17{,}746}{\$28{,}617}\right] + .1\left[\frac{\$6{,}951}{\$10{,}997}\right] = \text{Per Capita Composite Index}$$

$$.5\left[.7151\right] + .4\left[.6201\right] + .1\left[.6321\right] = \text{Per Capita Composite Index}$$

$$.3576 + .2480 + .0632 = \boxed{.6688}$$

Step 3 -- Combining of the Two 2014-2016 Indices of Ability-to-Pay:

(.6667 X ADM Composite Index) + (.3333 X Per Capita Composite Index) = Local Composite Index

(.6667 X .6919) + (.3333 X .6688) = Local Composite Index

.4613 + .2229 = Local Composite Index

Step 4 -- Final Composite Index (adjusted for nominal state/local shares)

(.6842) X 0.45 = **.3079**

Input Data:

Source Data Used in the Calculation:

School Division:	APPOMATTOX
Local True Value of Property	$1,391,514,004
Local AGI	$266,578,405

State Population	8,096,604

EXCEPTIONS:

***Please note the following exceptions to the standard composite index calculation as specified in the appropriation act (see actual appropriation act language under the tab labeled "Appropriation Act Language"):**

1) For those divisions in which three percent or more of the adjusted gross income is derived from individuals who are not residents of Virginia, the Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income. School divisions are no longer required to submit a certification form requesting the exclusion of nonresident AGI.

2) Any division with a calculated composite index that exceeds .8000 is considered as having an index of .8000;

3) Under hold harmless provisions addressing the consolidation of school divisions contained in the appropriation act and Section 15.2-1302, *Code of Virginia*, the composite indices to be used for funding in the 2014-2016 biennium for the following divisions are:

Alleghany County: .2423 (the index approved effective July 1, 2004); the 2014-2016 composite index for Alleghany County calculated based on the data elements from base-year 2011 is shown above as .2425. This lower composite index of .2423 will be used for Alleghany County.

Bedford County: .3132 (the index approved effective July 1, 2013); the 2014-2016 composite index for Bedford County calculated based on the data elements from base-year 2011 is shown above as .4109. This lower composite index of .3132 will be used for Bedford County.

COMPOSITE INDEX OF LOCAL ABILITY-TO-PAY FORMULA

Average Daily Membership (ADM) Component =

Item 139 Definitions

4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2009-2010 school year and 1/3 of the index of wealth per capita (population estimates for 2009 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting:

(1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2009 - 50 percent; (2) adjusted gross income for the calendar year 2009 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2009 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2011.

b. For any locality whose total calendar year 2009 Virginia Adjusted Gross Income is comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.

c.1) In the event that two or more school divisions become one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, which shall include the transition of a city to town status, all state payments from this item adjusted by the composite index of local ability to pay to such resulting division or interest rates on approved Literary Fund loans shall be made on the basis of a composite index established by the Board of Education, which shall equal no lower than the lowest nor higher than the highest composite index of any of the individual school divisions involved in such consolidation. In addition, the local share of state payments adjusted by the composite index shall also be based on the same composite index of any of the individual school divisions involved in such consolidation. This index shall remain in effect for a period of no less than five nor more than fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index figure as set forth above. The Governor shall approve the composite index determined by the Board of Education prior to disbursement of funds under such index. The department shall report to the Chairmen of the House Appropriations and Senate Finance Committees the composite indices approved by the Governor and the board in the event this provision is implemented.

2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the fifteen year period for the application of a new composite index shall apply beginning with the fiscal year that starts on July 1, 2004. Notwithstanding the provisions of paragraph c.1) the composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2004, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

3) Pursuant to paragraph c.1) above, if the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.

4) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. Notwithstanding the provisions of paragraph c.1) the composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.

5) Bedford County Public Schools shall undergo a School Efficiency Review pursuant to Item 271, 4.a. Such review shall include division administration; human resources; finance; purchasing; educational service delivery costs, including school size; special education; facilities; transportation; technology management; and food service.

Budget Language on the Composite Index from Chapter 806, 2013 Acts of Assembly (2012-2014 Appropriation Act)
6) JLARC is hereby directed, with assistance from the Commission on Local Government, to analyze and make recommendations going forward regarding the most effective balance between the costs of incentives for government and school consolidations with the expected resulting savings and operational benefits, and how best to structure such state incentives to achieve both clarity for localities as well as justification that incentives are adequate, but not more than necessary. JLARC shall complete its study and submit a final report no later than October 1, 2014. d. When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element. e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided a brief up-to-date summary concerning the 2014-2015 School Budget:

- A budget request has been submitted to the Appomattox County Board of Supervisors in the amount of $5.9 million, which is $1.1 million more than the locality provided for our current 2013-2014 budget.
- Staff members attended several Board of Supervisors Budget Work Sessions during the past several weeks. At the last work session, a proposal was made to provide $5.4 million to the school division, which is approximately $600,000.00 more than is being provided for the current fiscal year. It was also indicated that some of the Supervisors might want to attempt to provide our school system with $5.6 million.
- A Joint Meeting of the School Board and Board of Supervisors will be held Monday, March 31, 2014. Dr. Grasty will present 2014-2015 School Budget information at this meeting.

- The Board of Supervisors will conduct a Budget Public Hearing on April 28, 2014 at 6:00 p.m. in their Board Meeting Room.
- The School Board is requested to consider an action item, at this meeting, to approve the 2014-2015 School Budget which will then be submitted to the Appomattox County Board of Supervisors.

Dr. Grasty stated during the county's budget work sessions, supervisors discussed a four cents tax increase as well as a six cents tax increase. She also stated the county has advertised a six cents tax increase in the local newspaper.

Mr. Smith pointed out, of the proposed additional local support for the school system in the amount of $600,000.00: 1) $300,000.00 will be required for mandated increases to the Virginia Retirement System, and 2) $121,000.00 will be needed to cover the anticipated health insurance increase. He also noted property values decreased 4 percent during the recent reassessment. Should the supervisors determine to implement a four cents tax increase, it appears it would be due to the decrease in the reassessment and not because of the additional funding requested for the school division.

Discussion of Resolution Urging the Governor and General Assembly to Pass a Budget

Mr. Smith provided the Board with a draft *Resolution Urging the Governor of Virginia and the Virginia General Assembly to Timely Pass a Clean Budget.* He requested the Board adopt the resolution as an action item later during the meeting. He also requested once the resolution is adopted, a copy be submitted to the Governor, Senator Thomas Garrett, and Delegate Matthew Fariss.

Mr. Waddell noted he had already sent a letter of support and requested the Board adopt the resolution.

Report on 2013-2014 Swim Team

Mr. Chris Dodge, Appomattox County High School Assistant Principal and Athletic Director, provided a detailed Power Point Presentation concerning the success of the 2013-2014 Swim Team. (See Attachment # 11) The superintendent stated this annual report to the Board was a requirement of the Memorandum of Agreement between Appomattox County Schools and The Friends of the Appomattox Swim Team. She also noted the Swim Team is funded by private donations and no expenses are incurred by the school division.

Exxon Education Alliance

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, was pleased to report a $500.00 check had been provided to each of our four schools in Appomattox County from the Exxon Education Alliance Grant and Tiger Fuel Company. The money will be used to support our efforts in the areas of STEM Education to purchase much needed consumable Science Lab materials, I-Pad applications, and graphing calculators.

The Board was very appreciative of the support from Exxon and Tiger Fuel Company and requested a thank you letter be sent from the Board.

Report on 2014 Tornado Drill, School Safety Walk-Throughs, and Annual School Online Safety Audit

Mr. Michael Jones, School Psychologist and Safety Coordinator for the school division, reported on the following:

- The Annual School Safety Audit was completed by each school in the fall of 2013.
- The Annual School Safety Walk-Throughs, coordinated with the Appomattox County Sheriff's Department, were conducted on February 25, 2014.
- The statewide Tornado Drill was conducted at Appomattox Primary School, Appomattox Elementary School, Appomattox County High School, and the Appomattox Alternative Education Center on March 11, 2014. Due to SOL testing, the School Administration Building and Appomattox Middle School participated on March 10, 2014.

Mr. Waddell thanked Mr. Jones for his report and requested he follow-up on the items noted during the School Safety Walk-Throughs and ensure corrective measures are taken.

Discussion of April 24, 2014 Tour of School Facilities

Following discussion, it was determined the Board would tour all four schools as well as the Appomattox Alternative Education Center when they conduct their spring tour of school facilities on April 24, 2014 beginning at 9:00 a.m. in the School Administration Building. Mr. Waddell requested safety issues be pointed out as well as the security improvements that have been implemented with funding provided by a recent grant awarded to the school division. It was also determined the following should be invited to join the School Board on the tour: Appomattox County Board of Supervisors, Appomattox Town Council, Governor Terry McAuliffe, Senator Thomas Garrett, and Delegate Matthew Fariss.

Date of Board Self-Evaluation

It was the consensus of the Board that each member should complete the School Board Self-Assessment and return the form to the Clerk of the Board by May 15, 2014. The Clerk will compile the results for review and discussion as the Board conducts their annually required Self-Evaluation during the June 19, 2014 School Board Meeting.

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from members of both boards. Their response follows:

1. Mr. Carter noted it was surprising to see the Composite Index information for Appomattox County.

   Dr. Grasty stated the Virginia Department of Education compiles this data every two years and utilizes a very comprehensive formula that includes a wide range of statistics.

A discussion of the impact of reassessments followed. Mr. Waddell mentioned other counties may be completing reassessments every year were Appomattox County undertakes this every six years. Mr. Craft noted it costs a quarter of a million dollars to reassess.

2. Mr. Carter asked if SOL scores would improve by reinstating the remedial math teaching positions. Dr. Grasty noted that is the plan.

   Mr. Smith shared the story of a child he knew who was struggling in math, went through the math remediation program, and is now back on track. He stated the remediation program made all the difference for this student.

3. Mr. Smith encouraged the members of the Board of Supervisors to adopt a *Resolution Urging the Governor of Virginia and the Virginia General Assembly to Timely Pass a Clean Budget*. He stated the School Board adopted this resolution at the March 27, 2014 meeting.

4. Mr. Tanner noted local governments are being held hostage because of the Governor's Medicaid Plan.

5. Mr. Smith indicated the payment for the money the state borrowed from the Virginia Retirement System several years ago was deferred and is now being delegated to the localities to pay. There is nothing we can do about it except write the check. He compared this to legalized extortion. Mr. Smith stressed the importance of educating the citizens of Appomattox concerning this mandate that has been placed upon the county.

6. Rev. Jones noted that as a new School Board Member he was trying to understand the Rainy Day Fund. He also shared his concern with the public blaming the school division for the advertised tax hike as well as viewing the two Boards as adversarial. He asked what could be done to help the public understand the actual situation.

   Mrs. Carter responded that the Supervisors have discussed this and she plans to include this topic in her upcoming newspaper article. She noted whether the tax increase is 4 cents or 6 cents, the Board of Supervisors will not be passing a balanced budget. Mrs. Carter stated both Boards need to share with the public: the revenue loss as the result of the recent reassessment would cost 2.5 cents, the required Virginia Retirement System increase would cost 5 cents, correcting a clerical error in the county books will cost another 5 cents. These items total 12.5 cents before any budget increase requests are addressed or the Board of Supervisors attempt to increase the amount provided to the school division above the Required Local Effort. She emphasized the coming years do not look any better and we need to tell people we have tough choices to make.

7. Mr. Spiggle noted the budget does not include funding to address the $30 million of work that needs to be done on county buildings. Adding this amount would create a tax increase in excess of 15 to 20 cents. Mr. Spiggle stated he sees a continual decrease in state and federal funding which will only create greater burdens on local government. He asked how much could the citizens of Appomattox County afford. It was his opinion they could not afford increases of 20 to 30 cents. Mr. Spiggle indicated the tax rate had increased 24 cents since 2007 and asked Mrs. Ferguson to verify. She stated she could not confirm without reviewing data. Mr. Spiggle also asked what single factor takes the most money out of the county budget and Rev. Jones responded, schools.

   Mrs. Carter stated the capital improvement items are legitimate needs and suggested the county should sell some buildings.

8. Mr. Smith noted the $36 million advertised county budget notes $21 million goes to the schools, but in actuality only $5 million is coming from the county as the remaining balance is secured from state and federal funding. He stated this was a misnomer.

   Mrs. Ferguson pointed out the county takes into account debt service as well as the operating budget, where the school division is just looking at the operating budget.

9. Mr. Spiggle noted the picture is going to get bleaker and bleaker and there are no easy choices.

10. Mr. Carter stated county citizens need to keep their spending in Appomattox. He also voiced his hope for improvement in economic development.

    Mr. Spiggle indicated the county should realize an additional $20,000.00 per year with the addition of Hardee's.

11. Mr. Tanner mentioned with the upcoming sesquicentennial, we hope people will come to Appomattox and spend their money.

ACTION

No action was taken at this meeting.

ADJOURNMENT

There being no further business, it was moved by Mr. Smith and seconded by Mr. Torrence to adjourn the meeting. A unanimous voice vote of approval was received.

Message from your Principal....

Dear Parents and Guardians:

While I'm sure your children have loved the snow, it can be very difficult to maintain continuity in learning when they miss a day here and a day there. They often forget and/or struggle to get back into the daily routine even after a short absence. Thanks so much for helping us by working on sight words, reading with your child, flashing math facts, and all of the other things you do at home to ensure your child is academically successful here at school. Our teachers do an amazing job; but we can accomplish so much more when we all work together. Having said that, it is a crucial time for students who may be struggling to make required benchmarks to be promoted to the next grade. As we finish out this year, we love that our students are able to enjoy the warmer weather both during recess and in the evenings at home. Thank you for helping them stay on track for the rest of the school year by checking homework and making sure they get a goodnight's sleep. We will continue to work with all students to meet benchmarks for promotion and preparation for the next grade. Please confer with your child's teacher in regards to academic or other concerns as we finish up the 2013/2014 year. As always, if I may be of assistance to you, please contact me.

Market Fest

Categories: Appomattox County, Support | 2014

Description:

Success in school begins with ensuring all students have their basic needs met. Appomattox Elementary School has been proud to partner with local churches and organizations to provide a backpack program to ensure this basic need is met with healthy food options for students to carry home for the weekend. The National School Lunch program supports a weekday need, but these children return to hungry homes for the weekend. To help supply these nutritional food items, students and teachers created an event they called “Market Fest.” Students researched, planned, created, and marketed items to sell during the holiday months that other students could purchase as gifts for loved ones. The student body chose to donate 100% of the proceeds from Market Fest to support the Backpack Food Program and their friends, ultimately ensuring this basic need is met so that all students remain focused, successful, and happy in school.

Description:

In an effort to more formally celebrate the academic success of students, Appomattox Middle School formed a local chapter of the National Junior Honor Society (NJHS) during the 2012-2013 school year. Membership was first limited to eighth grade students. During that charter year, students became involved by volunteering with community service organizations such as Daily Bread which is a local soup kitchen. Soon students began proposing their own ideas for serving their community and ways to embody the spirit of NJHS. The excitement was contagious. This year sponsors chose to double their membership by opening applications to both seventh and eighth graders. Service projects abound. Students want to be part of this organization at Appomattox Middle School and have begun to understand that academic achievement often opens other doors for them.

Project Based Learning (PBL)

Categories: Appomattox County, Support | 2014

Category: Support

Description:

Through the use of projects, our Appomattox County High School students explore new concepts in their classes. The use of PBL falls under support because the teachers support their students in their learning, allowing the students the freedom to stretch their learning outside of the normal classroom setting.

In our Algebra Functions and Data Analysis Class the emphasis will be on the exploration of the content by the student and less direct instruction from the teacher. This supportive approach is called Project Based Learning (PBL). Students step outside the traditional structure of the teacher centered classroom and explore math concepts through projects. One such project involved students designing a new amusement park ride, including a written product (mathematical description and billboard) and oral presentation. The amusement park project included mathematical topics such as functions (linear and quadratic), slope, parabola, sine curve, angles, shapes, and designs. The students thoroughly enjoyed using PBL to understand mathematical topics. One student stated “I liked doing PBL projects because we’re able to reach outside the normal “teaching box” and learn new math points instead of doing worksheets.”

Join us for the 2014 VSBA Hot Topic Conference in Norfolk, VA. This conference will pull together three hot topic issues from across the Commonwealth. First, you will hear from Blaire Denson, the director of the Virginia Partnership for Out-of-School Time (VPOST) on how VPOST can assist local divisions with time out of school.

Participants will also hear from the VSBA Task Force on Schools in Challenging Environments with an update on the work that they have been doing for the past six months. Then, a panel of school division representatives will present best practices on meaningful partnerships that divisions can share across county and city lines.

Finally, Dr. Mark Lineburg, superintendent of Bristol City Public Schools, and Deborah Keys, director of the Council of Urban Boards of Education at the National School Boards Association, will lead a session discussing the similarities between rural and urban school divisions, and also address how good board governance can assist schools in challenging environments.

We hope that you will join us for what is sure to be an exciting conference.

2014 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2014 VSBA Southern Region Spring Network Forum on April 30, 2014 at South Hill Elementary. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

SUPERINTENDENT'S CERTIFICATION

For the purpose of implementing the provisions of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA), I certify that throughout the period of the 2014-2015 grant award, this School Division will comply with the requirements outlined in each of the following:

(1) Part B of IDEA, including the eligibility requirements of Section 613;

(2) The IDEA federal implementing regulations, dated October 13, 2006 and revised April 9, 2007, and December 31, 2008, at 34 C.F.R. Part 300 et seq.; and

(3) Virginia's "Regulations Governing Special Education Programs for Children with Disabilities in Virginia", at 8 VAC 20-81 et seq., effective January 25, 2010, and any revisions.

I certify that this school division has developed local policies and procedures for the provision of special education and related services, which are kept current, and which ensure compliance with the requirements of, and any revisions to the IDEA, its federal implementing regulations, and the Virginia Board of Education's regulations.

I certify that all students, including those who may be placed in regional programs by this agency, are afforded all assurances as delineated in this document.

Finally, I certify that this Annual Plan/Flow-Through Application for Part B Funds under the provisions of IDEA, was approved by the School Board on April 24, 2014 (Date).

PROPOSED USE OF PART B, SECTION 611 FUNDS
GRANT PERIOD: JULY 1, 2014 – SEPTEMBER 30, 2016

In narrative format, please provide a description and budget outline of all personnel (i.e., teachers, instructional assistants, administrators, clerical, support personnel, and others) to be supported in whole or in part with IDEA, Part B, Section 611 grant funds (with proposed amounts and FTEs).

Funds will be used to identify and meet needs of unserved/underserved students. Students receiving assistance include those with AUT, DD, ID, ED, and SLD. Objectives include personnel employment, preparation of IEPs, and evaluation of services. Procedures will include securing personnel, using available information with parents to develop IEPs, and annual review of services and student progress. Child find activities involving the division and local agencies will continue during 2014-15 with services to these students provided through the use of Flow-through funds. Part B funds provide salaries for 8 teachers of students with the above disabilities. Set-aside funds listed in the budget will pay partial salary of designated teacher(s) to provide speech/language, learning disability, or early childhood special education services to students with disabilities enrolled by parents in private schools.

In narrative format, please provide a detailed description and budget outline for all additional activities, goods and services to be supported with IDEA, Part B, Section 611 grant funds.

Grant funds will support the salaries and benefits of the above teachers. Instructional material, including classroom supplies, books, assessment instruments, instructional software, and assistive technology necessary for the day to day operation of special education classrooms will be provided with Section 611 funds. Purchased services from a neighboring LEA to provide meals for students attending an out-of-division Day Treatment facility and travel expenses for staff to attend relevant conferences will also be supported through the use of Section 611 funds.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, April 10, 2014 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Review of April 24, 2014 Draft School Tour Schedule

Dr. Grasty presented a draft of the April 24, 2014 Schedule for the Tour of School Facilities and requested comments or suggestions. (See Attachment # 1) There were no recommendations for revisions from the Board.

Quarterly Financial Report

Mr. Bruce R. McMillan, Director of Finance and Human Resources, presented the 2013-2014 Quarterly Financial Report. (See Attachment # 2) He stated our school finances are on target when compared to last year.

Budget Discussion

Dr. Grasty stated, as the result of discussion at the March 31, 2014 Joint Meeting with the Appomattox County Board of Supervisors regarding our Composite Index, she contacted Mr. Kent Dickey, Deputy Superintendent for Finance and Operations with the Virginia Department of Education. Mr. Dickey was very helpful and provided a wealth of information the superintendent included in a letter dated April 4, 2014 to Mrs. Aileen Ferguson and Members of the

Appomattox County Board of Supervisors. (See Attachment # 3) The mailing also contained a series of charts and graphs the superintendent had compiled which compared Appomattox County to ten neighboring counties. Dr. Grasty noted of the eleven counties, Appomattox had the highest per capita income, the third highest real estate tax rate, and the third lowest local funding above required local effort for schools. (See Attachment # 4)

Board Members were pleased to receive this information. Rev. Jones noted it was important that this information be disseminated to the public in order to educate citizens concerning the facts. Mr. Waddell requested the information be placed on the school division's website or at least provide the charts and graphs to school employees. Dr. Grasty stated she would follow through with this request.

Mr. McMillan noted the Board of Supervisors have discussed a four cent tax increase as well as a six cent tax increase and provided School Board Members with information concerning the impact of each increase. (See Attachment # 5)

Dr. Grasty reiterated the 2014-2015 School Budget has been submitted to the Appomattox County Board of Supervisors. Currently, we have not received a response from the Supervisors who are scheduled to conduct their Budget Public Hearing on April 28, 2014. The Supervisors are also scheduled to adopt the 2014-2015 County Budget on May 5, 2014.

Mr. McMillan noted it was discussed at the April 9, 2014 Board Chairs Meeting the potential impact placed on the county budget as the state budget has yet to be passed. Mrs. Ferguson had mentioned she would look into the possible legal ramifications due to the lack of action from the state regarding a budget for the upcoming fiscal year.

ACTION ITEM

Consideration of Request for Admission as Out-of-County Tuition Students for 2013-2014

It was moved by Rev. Williams and second by Rev. Jones to approve admission of the out-of-county tuition students for the 2013-2014 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 6)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #122, #337, #93, #65, and #125; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended and student #51811.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a positive voice vote of approval from all Members of the Board.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 7)

APPROVAL OF PERSONNEL MATTERS

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 8)

APPROVAL OF STUDENT MATTERS

Approval of Student Number 51811

It was moved by Mr. Smith and seconded by Mr. Torrence to place Student Number 51811 on long term suspension until January 6, 2015 with homebound services and recommendation for Day Treatment Application. By unanimous voice vote, the motion was approved.

NEXT MEETINGS

The next regular monthly business meeting of the Appomattox County School Board is scheduled on Thursday, April 24, 2014 at 3:30 p.m. The next interim meeting will be held Thursday, May 8, 2014 at 5:00 p.m. Both meetings will take place in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. A unanimous voice vote of approval was received from all Board Members.

8th Graders Tour Longwood University

Special points of interest:

- 8th Graders Tour Longwood University (cover)
- The May Middle Years
- AMS Honor Roll—3rd 9 weeks
- 4-H Camp
- Mrs. East Class is "On The Move"

On April 9, 2014, a group of our 8th grade students, at the invitation of the Longwood University Admissions Office, met with Admissions staff, toured the university campus, and were treated to lunch at the University Dining Hall. The students who participated had indicated an interest in learning more about the college and the criteria that colleges use when admitting students. The students had a great time and were complimented by the Longwood staff for their mature behavior. A special thanks is extended to Mrs. Thomson and Ms. Taylor for their help with career and college preparation in Civics class and for chaperoning the trip.

Middle Years

Working Together for School Success

Short Stops

Saying "thanks"

As the school year winds down, encourage your child to thank her teachers with nice notes or small gifts. Or she might go in with friends to fill a beach bucket or a basket with treats like scented lotion, stationery, tea, or a bookstore gift card.

Stop mumbling

Does your middle schooler mumble when he speaks? This is common as tweens become more self-conscious, particularly if their voices are changing. Give your child practice speaking in situations where it's important that he's understood. For example, at the barber shop, have him tell the haircutter how short he wants his hair.

DID YOU KNOW? Students who smoke marijuana get lower grades and are more likely to drop out of school. Ask your middle grader about her feelings on marijuana and if any of her friends have talked about trying it. Then, explain that marijuana is harmful to growing bodies—and that it is illegal for her to use it.

Worth quoting

"In summer, the song sings itself."
William Carlos Williams

Just for fun

Q: A butcher is 5′10″ and wears size 13 shoes. What does he weigh?

A: Meat!

Learning that fits in

How does your tween plan to spend his summer days? Whether he is going to the movies, riding his bike, or picking out camping gear, he can keep his mind active and continue learning. Here's how.

Explore animation

Encourage your child to watch an animated movie and then read books or websites to learn about the process behind it. He could even try his hand at animation on a site like *fluxtime.com*. Together, watch an animated film that you enjoyed as a child—he may be surprised by how much animation has changed since you were his age.

Go the distance

How far can your middle grader bike, swim, Rollerblade, run, or walk this summer? Suggest that he record his distance each time and track his progress on a U.S. map. At the rate he's going, how far will he "travel" by summer's end? *Example:* If he bikes 12 miles a week for 12 weeks, he would draw a line to a spot that's 144 miles away. Where could he go if he added two miles a week?

Analyze product reviews

If your child is in the market for something new (tent, basketball, headphones), have him read reviews to identify comments that are most helpful. For instance, buyers might include pros and cons of the product. Or they may give information about themselves to help put their opinions in context. ("I am an experienced camper who has tried many tents.") Your tween can use the information to decide which product he prefers.

Be an entrepreneur

Starting her own business can give your middle grader work experience *and* something fun to do this summer. Share these suggestions.

- **Event assistant.** Your tween might help local parents with celebrations like birthday parties or family reunions. She could put together party favors, set tables, take photos, or do face painting, for example.
- **Yard genie.** Neighbors may need your child to water or mow lawns, or to plant flowers, prune bushes, or weed gardens.
- **Parent's helper.** Suggest that your middle grader look for families who want someone to play with their children while they clean, work from home, or run errands.

Tip: To advertise, she can hang flyers on community bulletin boards or ask family, friends, and neighbors to spread the word.

Good company

One reward for the hard work of parenting is getting to enjoy your child's company! Try these ideas to share simple moments and stay close.

Laugh together. Being silly may strengthen bonds and ease tension from hectic schedules. You might show each other funny animal pictures or videos you find online. Or pass around the comics section of the newspaper.

Share a treat. Make a special snack that your tween enjoyed when she was younger, or go out for a smoothie and listen to what she has to say. You might be surprised by what comes up—she may talk about a boy she has a crush on or a problem with a friend.

Window shop. You don't have to spend a lot to enjoy a shopping adventure together. Browse garage sales, flea markets, or thrift stores for bargains. Seeing what your middle grader points out can help you get to know her changing tastes. Or take her to book or music stores, and let her tell you about her favorite authors and bands.

Activity Corner: Make an infographic

Let your child combine creativity and technology by making an *infographic*, or an "information graphic." It's fun—and it's good practice for research papers at school.

An infographic weaves together words, numbers, and images to compare things or to make a point. For example, it could be a flow chart that includes photos or a picture graph with fact boxes.

Next, have him pick a topic he's interested in. For instance, if he wants to lose weight, he might create an infographic comparing the sugar in drinks (soda, juice, milk, sports drinks, flavored water, tap water). Suggest that he read the labels and measure out the teaspoons of sugar in each one. Then, he could take photos to use in his infographic. Seeing the teaspoons of sugar piled up is a powerful way to encourage someone to drink water rather than soda!

Note: He can create his infographic on poster board or by using software like PowerPoint, Keynote, or Kidspiration.

Q&A: Summer safety

Q *My son will spend a lot of time with friends while school is out. How can I keep him safe when he's away from home?*

A Regular communication will go a long way toward making sure your child stays safe.

Before he leaves home, find out where he is going, who he will be with, and how he plans to get there and back. Have him repeat the details you've agreed on to be sure you're both clear.

Also, talk to his friends' parents before he goes to their houses. Ask whether they will be home (and tell them whether their kids will be supervised at your house). Finally, make sure your tween knows to check in if plans change. For example, if he's with a friend's family and they're running late, he should call to let you know.

Parent to Parent: A smooth transition to high school

My daughter Lizzie has been feeling nervous about starting high school this fall. She will be separated from several friends who are going to a different school, and she's worried about having more homework and finding her way around a bigger building.

I asked Lizzie's school counselor how to help her prepare. He said that getting involved right away is a good way for new students to feel at home. Lizzie can check out the school website and sign up for email announcements to decide on an activity. And she might even make new friends before school starts by attending summer sports tryouts and practices.

The counselor also suggested that she talk to current high school students—maybe neighbors or friends' older siblings. She could get advice for handling more homework and tips for getting to classes on time.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Counseling Center

and Parents

As the school year comes quickly to a close I wanted to remind you of two upcoming events. The first will take place on June 3, 2014. After lunch on that day we will be boarding buses at approximately 1:00pm to head over to ACHS for you to meet some of the staff and tour the school. We will be returning to AMS before our regular dismissal bells. Parents, we would love for you to join us!

8th Grade Awards Ceremony

The second event will be the 8th Grade Awards/Recognition Ceremony on Friday, June 6, 2014 at 9:00 am in the ACHS Auditorium. Students will check in with their homeroom teachers and then board the buses and be transported to the high school. Students will march in and be seated by homerooms, thus all students are required to ride the school bus to the high school. Students have permission to leave with a parent or guardian at the conclusion of the program. We look forward to seeing you at both events!

Getting Ready for High School

From: Mrs. Cooter

Okay, you're in the 8th grade and what is the logical next step? High school of course! But let's be sure to finish strong this school year. Your teachers and I want you to do well in all your classes. Your grades this year will have a huge influence on the choices available to you next year at ACHS. We also want you to take seriously each of your SOL tests. So, don't slack off just because the end of the academic year is fast approaching. Show your Raider pride, your Raider character, and your Raider excellence! I've included some comments which you will see below for your consideration. Let me know if you have any questions or concerns!

Expectations in High School

Develop good study habits. Be prepared to turn in your assignments on the due date. Late work is not acceptable.

- Stay involved in school and community activities
- Take challenging courses that lead into your career interests
- Take college prep courses: Even if you don't think you will go to college now, later on you might change your career goals.

Choose elective courses wisely: Make sure your elective courses are chosen with your career goal in mind.

Find several books that interest you and READ,READ, READ, over the summer.

- Take PSAT, SATI, ACT. Practice makes perfect.
- Investigate postsecondary institutions: Take visits to various campuses throughout the year starting in 9th or 10th grade.
- Continue to investigate financial aid and scholarship opportunities: Make sure your parents ask their employer if they give any scholarships.

Don't slack off during your SENIOR year!

We will be here to support you so plan to finish strong!!!

Congratulations!

AMS would like to especially thank Appomattox McDonalds/Russell Enterprises for providing a certificate for a free sundae to each of these students.

American Heart Association

A big thank you to all that helped out in raising funds for the American Heart Association. The middle school raised over $1,300.00 for this great cause. 6th grade raised over $800.00;

7th grade raised $100.00

8th grade raised $425.00

Our top fund raiser was Carleigh Kirby with a donation of $350.00

Way to go Carleigh!

Congratulations to all of the Talent Show Contestants who gave an incredible show at the high school on Friday, April 25th. Everyone received a plethora of votes for their act and it made for a very tight competition! Congratulations to the following students who ultimately claimed the trophies: In 2nd Place, our "Rising Star" trophy winner was 8th grader, Makayla Purcell with her vocal performance of Thompson Square's "Glass". Claiming the 1st Place "Star" trophy, was 8th grader, Brook Mann with her vocal performance of "Warrior".

Way to go, Makayla and Brook!

It was an incredibly entertaining show, and all of our contestants deserve Congratulations today!

Mrs. East's Class is "On The Move"

Mrs. East's class from AMS visited the Appomattox County Sheriff's Department to learn about the judicial branch of Virginia government for the SOL. The students visited a court session; had a guided tour of the police department and jail led by Sheriff Letterman; and spoke with the magistrate, Jackie Ballow, who explained the duties of a magistrate. Deputy Graves showed the students his patrol car, and Major Simpson showed the students some of the tools and equipment used by the police department. Sheriff Letterman ate lunch with the students and discussed how he became the sheriff of Appomattox County. The students had a great day, gained knowledge of our county government and more appreciation for our sheriff's department.

ACPS Stars Mentor Group Visit Longwood University

The ACPS STARS Mentor Group visited Longwood University on April 11. Upon arrival, they were greeted warmly by Cartie Pruitt, Admissions Counselor. In addition to coordinating the student tour, she presented admissions information and facts about Longwood to the STARS group. Student groups participated in tours of the college. Each group was led by Longwood Student Ambassadors who shared personal knowledge and experiences. Longwood University provided a delicious lunch for the STARS group in the campus dining hall. After lunch, the students participated in an activity with education students from Dr. Chris Jones' class. The students left Longwood with an excitement over attending college. Many students said, "I want to go to Longwood when I graduate."

Message from your Principal....

Dear Parents and Guardians:

May is here! It is so hard to believe that our year is simply weeks from being over. As we spend these last days helping students reach benchmarks, it is crucial that we maintain fidelity to our goal of student success. While it would be easy to check out and chalk it up to spring fever, we cannot afford to waste one minute of precious learning time. Please work at home to ensure that homework is completed each night, and that your child gets plenty of rest. There will surely be some exciting, fun learning opportunities as we finish the year, but again, we must forge ahead if students are to be prepared for the next grade level. Thank you for your ongoing support of APS, as we cannot do this alone.

Heather Mullins,

Principal

****ATTENTION: APS FIELD DAY IS COMING****

Field Day at APS will be held on Friday, May 16th this year. Student games will begin at 1:00 p.m. followed by a school wide dance party from 1:30-2:30 p.m. We are super excited about Field Day this year, and we encourage you to participate with your child on that day. ***Volunteers are still needed to assist in working games****. If you are interested in being a volunteer and have not already done so, you may contact Cheryl Crews, the PE teacher, at clcrews@appomattox.k12.va.us or call the main office. Please give your name, who your child is, homeroom teacher, and a number where you can be contacted. If you have any other questions, contact Cheryl Crews, We hope to see you at Field Day!*

APS MUSIC NEWS: Happy Spring from the APS Music Room. Kindergarten students are thrilled to be working on a presentation for our May PTO program! Our production is entitled "The Little Engine that Could Sing." This musical play for young children was written by Carol Kaplan-Lyss and Janet Hill and it is based on the favorite childhood story "The Little Engine that Could." Students are doing an excellent job of learning their songs and are really excited about their first ever performance at school! Kindergarten teacher, Rebecca Allen, has accepted the role as our narrator. Thank you Mrs. Allen! Our performance will be presented after a brief PTO meeting on May 19th at 7:00 p.m. If you have sent a permission slip in for your child to preform, please have him/her meet Mrs. Morrison in the all-purpose room (GYM) at 6:30 p.m. that evening. Dress for the performance will be regular school clothes with flat-heeled shoes (for safety purposes). If you have a railroad-type hat (engineer's cap) handy, or even a bandana (to be worn loosely around the neck), your child is most welcome to wear either or both! One last note: We have recently received enough Folgers containers so each student has one to use while in music class. We have a great time playing them. Many thanks for sending them in! Drums are FUN!
We are looking forward to performing for you and seeing you on the 19th of May!

Summer School

APS is offering a half-day summer remedial program Monday-Friday beginning June 16-July 3, 2014 from 8:30-11:30 a.m. It will be held at AES this year. The summer school program will offer concentrated reading instruction in a small group setting to invited students. Transportation to central pick-up/drop off points within the county will be provided. Please return permission for invited students if you have not already done so. Contact the office if you need further information.

REMINDERS AND HELPFUL TIPS:

- If you have given us a new phone number, it is updated in PowerSchool daily; however, it make take up to a month for the update to be reflected in Global Connect as that is a monthly update.
- If you transport your child from school on more than one afternoon per week, please write a note to have your child dismissed with Walker's bell and sign them out in the office or to be dismissed with car-riders to meet you outside in the drive-through circle. Dismissal time can be very hectic, and it will help us out a great deal to have this procedure followed.
- We are **UNABLE** to take bus/transportation changes over the phone**. We are unable to "hold" students until you arrive.**
- When writing a bus note, please include the child's first/last name, new bus#, regular bus #, 911 address of destination, name of person at address and a contact phone number.
- If you have moved and have a new address, please come by the office to update information or send new information in writing. We WILL NEED this information as soon as possible in order to mail out report cards at the end of the year.
- **REMINDER: The first day of school for the 2014-15 Academic School year will be AUGUST 11, 2014.**

ATTENTION PARENTS: 2014-15 Placement

As one year ends, planning for a new year has already begun. Preliminary class placement decisions will be made soon. While we do not take specific teacher requests, if you have information about your child that you feel we need to consider as decisions are made, please contact Mrs. Mullins via email or letter by May 20th. Thank you!

Principal's News

The last newsletter of the school year is always a difficult one to write. How do we talk of wrapping up days, weeks, months we have spent here together as a school family? It is no secret that this year has been a difficult one for us all. Our school has suffered much loss, irreplaceable friends we have grown to love. We will always treasure the gift of time we were granted with our nurse, Mrs. Price and our schoolmate, Jada Baker. They will be a part of who we have grown to be always, and we are all better for having known them. But there has been much to celebrate this year as well. Approximately 485 students entered our doors last August, and will exit this June--older, taller, wiser, and more confident in their abilities, academically, emotionally, physically, and socially. This year has produced regional winners in the areas of science, writing, public speaking and art. *Girls on the Run* has completed two semesters and several multi-K runs with record participation. *Sport-Stacking* encouraged another form of physical and mental dexterity. Students have been actors in community theatre and musicians in our first bell choir. Competitions in *24!, Whitzzle Pro!* and weekly fact practice energized us for math. Our *STARS* Program and the *Medford Basketball League* encouraged self-determination and confidence for students. After-School enrichment and tutoring clubs have encouraged a goal of success for small groups based on interest and need. We are the stronger for having pulled together to support and encourage each other when times were hard, in order to honor our entire AES family by becoming the best we can be. Our Standards of Learning assessments in the month of May will provide our students another opportunity to show all they have learned. Thank you, Parents, for all you do to prepare your children to do their best every day. AES wishes you all a "Happy, Happy, Happy" end to the school year!

3rd Grade News

As SOL testing for our 3rd graders gets underway on May 5th, please cheer them on! Our 3rd graders have worked hard and we are proud of their efforts. A good night's sleep before each day of testing will be beneficial. Words of encouragement will help promote confidence. Our 3rd graders are ready!

As summer arrives, please encourage your children to enjoy reading books on a regular basis and to spend time reviewing basic Math facts.

4th Grade News

4th graders are busy mastering the last two units in math and Virginia History—Graphs, Probability, Twentieth Century Virginia, and Modern Virginia. They are preparing for the SOL tests coming up in Reading, Virginia History, and Math as well. These last weeks of school are so important for our students as they look forward to being big fifth graders next year!

5th Grade News

May is almost upon us and you know what that means..... SOL's are here. Remember to get a good night's sleep and to eat a good breakfast. Listed below are some strategies that we have practiced this year:

1. Slash the trash.
2. Box the detail.
3. Prove your answers.
4. Most importantly, **go back and check your work!**

Parents, you may also want to visit the Virginia Department of Education website to review old SOL tests and the new technology enhanced questions. The link is: http://www.doe.virginia.gov/testing/sol/released_tests/index.shtml

Our field trip to Claytor Nature Study Center was very successful and full of adventure. The students were excited to wade in the creek to look for invertebrates and vertebrates that they had talked about in science class.

They also got to discuss and revisit what a watershed is and how we are to help the environment in any way that we can.

Also coming up in May is our graduation; this will take place on Friday, May 30, 2014 at 9:00.

Library News

Thanks to all the parents who came out April 22 for the Math/Literacy Family Night at AES. My personal focus for that evening, and our last message to students as they leave library for summer vacation, is to read throughout the summer. Jamerson Library books, newspapers, magazines, travel maps, tourist guides and brochures, and instructions for assembling a lawn mower are all good chances to read together.

Reading with your child allows parent and child to explore the same world, feel for the same characters, and to connect in laughter at the same ridiculous moments. Listening to each other's voices as passages are read allows the parent to model the sound of a complete sentence, the fall in the voice that signals a period (a completed thought), and the inflections that decode meaning and promote comprehension.

When you are unable to read together, read the same book or Weekly Reader article and discuss what it means together. Among all the significant choices for a child's future that parents will make, one of the most delightful and productive is to read together!

Music News

I have greatly enjoyed my first year here at Appomattox Elementary School. I would like to thank all the parents, students, teachers and staff here for making me feel so welcome! It has been a joy teaching your child about music and I hope that he/she continues to learn more! Don't forget that rising 6th graders still have the opportunity to sign up for band. Joining the band is a wonderful opportunity and it has been proven that students who play a musical instrument tend to do better in other subjects. This is also a wonderful opportunity. I look forward to seeing all the rising 4th and 5th graders next year for another exciting year of learning music! I hope everyone has a wonderful summer!

24 Math Tournament at Appomattox Elementary School

Fourth and Fifth grade students at Appomattox Elementary School were involved in the 24 Game Math Tournament on April 8th and 9th, 2014. Three students from each class were selected to participate based on performance in their classrooms. After the school tournament rounds 1 & 2, the list was narrowed to 12 semi-finalists. From there, three finalists competed for the championship.

Fourth grade participants were: Brandon Adams, Jeremiah Batchelor, Caden Braford, Colton Claiborne, Keith Collier, Karlee Davis, Dylan Ferguson, Justin Gregory, Will Landis, Hannah Lethcoe, Rachel McClinden, Haleigh Mitchell, Summer O'Brien, Conner Scruggs, Gabe Thompson, JaQuan Walker, Ethan Walton, Mannix Wilhoit, Abby Wilkerson, Juliana Wilkerson, and Jacob Williams.

Advancing to semi-finals were: Caden Braford, Colton Claiborne, Justin Gregory, Will Landis, Hannah Lethcoe, Rachel McLinden, Haleigh Mitchell, Summer O'Brien, Conner Scruggs, Gabe Thompson, Mannix Wilhoit, and Jacob Williams.

The finalists from fourth grade were: Summer O'Brien, Mannix Wilhoit, and Jacob Williams. After the final round, Mannix Wilhoit was declared our 4th Grade 2014 Tournament Champion.

Fifth grade participants were: Lauren Armstrong, Brayden Bakker, Carter Berry, Liam Bennett, Caroline Branch, Jade Campbell, Alexis Corbin, Dewaine Davin, Zach Dillon, Gage Franklin, Trevor Kidd, Sarah Mewborn, Matthew Napier, Nyla Napier, Simon Nolen, Dylan Radford, Lacey Reed, Tyffani Sigafoos, Larissa St. John, Abigail Swanberg, Matthew Walton, Bronson Williams, Kristin Williams, and Stephen Zgiebloski.

Advancing to semi-finals were: Carter Berry, Caroline Branch, Dewaine Davin, Gage Franklin, Trevor Kidd, Matthew Napier, Tyffani Sigafoos, Larissa St. John, Matthew Walton, Bronson Williams, Kristin Williams, and Stephen Zgiebloski.

The finalists from fifth grade were: Dewaine Davin, Larissa St. John, and Bronson Williams. After the final round, Dewaine Davin was named our 5th Grade 2014 Tournament Champion. Dewaine won this tournament in his 4th grade year, as well.

Congratulations to all of these excellent math students!

Pictured above are the 5th grade finalists: Larissa St. John, Two Time Tournament Champion Dewaine Davin, and Bronson Williams.

Field Day 2014

AES Parents:

On Friday, May 23rd AES is scheduled to have our annual Field Day festivities. We are very excited and know that the students, staff, and parents will have a great time. In order to help make this year's Field Day unforgettable, we need your help! If you would be willing to volunteer, please fill out the attached slip and send it back to your child's homeroom teacher by Friday, May 9th. After a list is compiled a letter will be sent home by your child detailing the day's events, schedule, and individual assignments.
We hope that you will consider being a part of this fun-filled day with your child. Please complete all sections of the form below before returning it to your child's teacher. Without you this day would not be possible, so I would like to thank you in advance and I look forward to seeing you on May 23rd!

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, May 8, 2014 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

2014-2015 Budget Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided the following summary concerning the status of the 2014-2015 budget:

- The Appomattox County Board of Supervisors discussed four cent and six cent tax increases and advertised a six cent tax increase.
- Based upon the number of people who spoke against a tax increase at the Supervisors' Public Hearing on the Budget, the Supervisors approved a two and one-half cent tax increase. The approved increase would make-up for the decline in tax revenue due to the latest reassessment.
- $5,956,000.00 = Amount of local funds requested for the 2014-2015 School Budget in February, 2014.
- $5,441,000.00 = Amount of local funds we anticipate actually receiving.
- $515,000.00 = Amount of decrease in local funds for 2014-2015 from the original budget.
- $5,690,000.00 = Amount of local funds we anticipated receiving had the six cent tax increase been approved.

- $249,000.00 = Amount of difference in local funds we anticipated receiving had a six cent tax increase been approved and the amount we anticipate actually receiving.
- Cuts will have to be made in the amount of $249,000.00 from the budget discussed at the April 24, 2014 School Board Meeting.
- The state has yet to approve a budget.
- Contracts will be issued at the end of May.
- Our attorney has recommended the following statement be placed on contracts: "Pending final state budget and School Board approval".
- A meeting will be held on June 3, 2014 to review information concerning health insurance coverage and costs for next year.

Mr. Waddell thanked Mr. McMillan and Dr. Grasty for all of their work on the budget.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the April 30, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,238 students. This compares with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachment # 10)

VSBA and NSBA Activities

VSBA conducted a Hot Topic Conference in Norfolk on April 28, 2014. Rev. Jones attended and reported it was a wonderful experience as he learned how different schools are working together on assessments. Additional topics he found of interest included urban schools versus rural schools and the importance of after school and summer programs for at-risk children.

The 2014 VSBA Southern Region Spring Network Forum originally scheduled for April 30, 2014 was canceled due to inclement weather and rescheduled on May 20, 2014. The meeting was conducted at South Hill Elementary School in Mecklenburg County. Mr. Smith, Mr. Waddell, Rev. Williams, and Dr. Grasty attended. Mr. Smith noted it was good to visit with Board Members from other school divisions and learn how they are handling their budgets. Rev. Williams pointed out the portion of the program dealing with Project Based Learning was to be commended.

The 29th Annual VSBA Conference on Education will be held in Richmond on July 22, 2014. The registration fee is $170.00 and the deadline is July 7, 2014.

Information was provided concerning submitting VSBA Legislative Position Proposals. In order to be considered by the VSBA Legislative Positions Committee, proposals must be approved by a majority vote of a member School Board and submitted to the VSBA Office no later than Friday, June 13, 2014.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the 2014-2015 School Budget. (See Attachment # 11) He pointed out the state had not approved a budget and final federal revenue amounts should be known later in the summer.

Mr. McMillan noted the anticipated local funding in the amount of $5,441,695.00 is 24 percent above the required local effort, which is the same percentage as the current school year. He stated due to the school division

receiving lower than requested local funding, difficult choices concerning the 2014-2015 School Budget must be made and recommended the following cuts:

-$225,000.00 = Pay step adjustment
-$ 85,000.00 = Purchase one bus
-$ 30,000.00 = Dental benefits for part-time employees
-$ 50,000.00 = One teaching position (French/Spanish Combination)
-$390,000.00 = Total reductions

Mr. McMillan noted the following original budget requests were recommended to remain:

$300,000.00 = Mandated additional VRS costs
$125,000.00 = Health insurance increase (10% estimate)
$300,000.00 = Reinstate or add teaching positions to lower class sizes and improve instructional outcomes
$ 10,000.00 = Reinstate paid stipends for select positions

Rev. Williams stated the budget cuts were choices we do not want to make. He emphasized it is imperative adjustments to pay steps be addressed and tragic there were not enough funds to cover this need in the upcoming budget.

Mr. McMillan noted each of our four schools is in some phase of school improvement and reinstating instructional positions gains merit when funding is limited and academic achievement is essential.

Dr. Grasty cited during the past five years, eleven percent of our teaching staff has been cut due to budget reductions and reinstating some of these positions is greatly desired. The resource teachers are sorely needed to address school improvement, disaggregate data, and focus on instruction.

Mr. Torrence asked if the Board could revisit some of the budget cuts should our school division actually receive more state funding than currently anticipated. Mr. McMillan indicated this could be done.

Mr. Smith was in favor of reinstating or adding teaching positions to lower class sizes as well as improve instruction. He cited the Governor's School as a prime example of the success of reduced teacher/pupil ratios.

Mr. Waddell emphasized although we did not receive full funding from the county, we did not go backwards, and we are headed in the right direction.

Maintenance Update

Mr. Timmy Garrett, Maintenance Supervisor, reviewed the following projects his department is currently addressing as well as their summer schedule (See Attachment # 12):

- AMS Boiler Replacement is currently underway.
- Maintenance Building Roof Replacement will begin June 6, 2014.
- AMS Main Building Flat Roof Leak beside guidance office ramp and Spot Repairs will begin May 28, 2014.
- ACHS Auditorium Theatrical Light Panel Replacement Kit will be installed during the summer to alleviate existing sparking switches which are fire hazards. The existing system is 40 years old and replacement parts are no longer available. Some existing auditorium light fixtures that are also 40 years old will be replaced with LED lights to reduce heat and offer better control of lighting.
- ACHS Sidewalk Spot Repairs will be made in sections that have become safety issues.
- AMS Carpet Patch/Repairs will be handled as well as Plastered Walls will be patched and repainted.
- All schools will be readied for the opening of the 2014-2015 school year.

Report from the Gifted Advisory Committee

The Gifted Advisory Committee provided a summary report for the 2013-2014 school year. (See Attachment # 13) Mrs. Melanie Ranson, Gifted Advisory Committee Chairperson, was present to answer questions.

Recommendations from the Special Education, Remedial, and Title I Advisory Committee

Dr. Michael Jones, School Psychologist, reviewed the recommendations from the Special Education, Remedial, and Title I Advisory Committee. (See Attachment # 14)

Recommendations from the Career and Technical Education General Advisory Council

Mr. Brette Arbogast, Director of Technology and CTE presented the recommendations from the Career and Technical Education General Advisory Council. (See Attachment # 15)

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty reported the following former employees had recently passed away:

1. **Ruth H. Webb** – Retired Teacher and former Appomattox County School Board Member – Died June 11, 2014. Mrs. Webb was a teacher in our school division for nine years (1949-1950 through 1953-1954 and 1964-1965 through 1967-1968). She served as a School Board Member for twelve years (1971-1972 through 1982-1983).

2. **Richard B. Carter, Sr.** – Retired Teacher of Agricultural Education, Director of Vocational Education, and Assistant Superintendent – Died June 13, 2014. Mr. Carter was a teacher in our school division for eleven years (1962-1963 through 1972-1973). He served as Director of Vocational Education for seventeen years (1973-1974 through 1989-1990) and Assistant Superintendent for one year (1990-1991).

3. **Dorothy C. Oliver** – Retired Teacher – Died June 13, 2014. Mrs. Oliver taught in our school division for fifteen years (1968-1969 through 1980-1981 and 1982-1983 through 1983-1984).

On behalf of the School Board, a contribution was made to the Appomattox County Education Foundation in their memory and a card was sent to each family. We acknowledge the contributions to our school system made by Mrs. Webb, Mr. Carter, and Mrs. Oliver and extend our deepest sympathy to their families.

Communication Items from Board Members

Rev. Jones expressed his appreciation to the Board, Dr. Grasty, and staff for their support as he is serving his first year as a School Board Member. He stated when he was elected to the Board he promised his constituents three things:

1) They would always have an ear to listen.
2) They would always have a seat at the table.
3) They would always have a voice in the room.

Rev. Jones noted he has tried to keep his promise to the citizens of Appomattox County since taking office on January 1, 2014.

SUPERINTENDENT'S REPORT

Membership Reports

The superintendent provided the May 31, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,235 students. She also provided the June 6, 2014 Membership Report with the total funded ADM of 2,234 students. These figures compared with a budgeted ADM of 2,185 for the 2013-2014 school year. (See Attachments # 10 and # 11)

VSBA and NSBA Activities

The 29th Annual VSBA Conference on Education will be held in Richmond on July 22, 2014. The registration fee is $170.00 and the deadline is July 7, 2014.

The VSBA Legislative Advocacy Conference will be held in Charlottesville on September 11, 2014. The registration fee is $150.00 and the deadline is August 15, 2014.

The 2014 VSBA Annual Convention will be held in Williamsburg, November 19-21, 2014. Conference registration information had not been received prior to the meeting.

The Board is requested to select a voting delegate and an alternate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the 2014 VSBA Annual Convention. The selection must be submitted to VSBA by August 1, 2014. Mr. Waddell requested this item be added to the July 24, 2014 School Board Meeting Agenda.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the following:

1. 2014-2015 Budget – In addition to the regular June 2014 Payroll, the Extra July 2014 Payroll (for ten and eleven month contracted employees), and the Extra August 2014 Payroll (for ten month contracted employees) must be processed before the end of the fiscal year. There are also a large number of accounts payable items that must be processed for payment. At this time, it was anticipated the balance of unspent funds would be approximately $148,652.00. Of this balance, an undetermined amount would be transferred to the School Capital Improvement Fund, the School Textbook Fund, and a portion would be returned to the county. It was noted, the year-end expenditures did not include the purchase of a school bus or van. A financial summary will be provided at the June 26, 2014 Close-Out Meeting.

2. Review of Renewal of General Liability and Worker's Compensation Insurance Package – McNeary Insurance Strategy and Solutions recommended placing both the General Liability Insurance and Workers Compensation Coverage with VACorp. Currently SIS handles our Workers Compensation Coverage but has not provided satisfactory service during the past year. McNeary indicated in their summary (See Attachment # 12) that all lines be placed with VaCorp which would be a savings to the school division of approximately $21,000.00 per year and afford a more comfortable arrangement regarding loss control as well as other services. The Board was requested to consider this as an action item later during the meeting.

3. Agreement with McNeary Consulting for 2014-2015 – Mr. McMillan recommended the Board continue to secure McNeary Insurance Strategy and Solutions to provide risk management consultant services

for the period July 1, 2014 through June 30, 2015 at a charge of $10,000.00. This is the same fee McNeary charged our school division for the past two years. The Board was requested to consider this as an action item later during the meeting.

4. Health Insurance – Mr. McMillan reported a renewal of our medical insurance with Piedmont Community Health Plan (PCHP) would result in a 6% increase. This was good news as a 10% increase was included in the 2014-2015 budget and previous reports indicated health insurance costs could increase 15%. Our current medical coverage offers $200.00 and $500.00 deductible plans. Willis indicated plans with these minimal deductions are rare and noted the deductibles may need to be increased at some point in the future to keep coverage costs down.

   Delta Dental's initial renewal for the dental plan indicated a 7.9% increase; however, Willis was successful in negotiating a 5% increase.

   The voluntary vision insurance renewal from Superior Vision revealed an increase of 3.5% with the rates guaranteed for two years.

   The Board was requested to take action concerning health insurance renewal at a future meeting.

Tentative Pre-Work Schedule for August 4 – 8, 2014

Dr. Grasty shared the following tentative pre-work schedule for August 4-8, 2014 as staff returns prior to the first day of school on August 11, 2014:

- Wednesday, August 6, 2014 - Convocation Breakfast and Short Ceremony - Beginning at 8:00 a.m. - ACHS Cafeteria
- Wednesday, August 6, 2014 - Staff Open House - 1:30 to 3:30 p.m.
- Thursday, August 7, 2014 - Public Open House - 3:00 to 6:00 p.m.

Teachers new to our school division will also work Thursday, July 31, 2014 and Friday, August 1, 2014.

The superintendent noted the annual Registration Day that has been in place in our schools for a number of years is changing this year. In previous years, parents brought their children to the schools on one particular day to register for the school year and pay fees. Beginning this year, we will not have a Registration Day. A mailing will be sent to all parents on July 21, 2014 which will include student fees, the name of the child's teacher(s), some registration/school forms, and information regarding on-line forms. For returning students, parents

will have the option of returning the forms/payments by mail or bringing all completed documents and payments to the school prior to or on Thursday, August 7, 2014 during Open House. This change was being implemented at the request of parents and will allow staff as much time as possible to work in their classrooms prior to the first day of school. Students new to our school division may come to the schools any Wednesday, 8:30 a.m. – 3:30 p.m., to pay fees. Signs have been ordered to place in high-visibility areas to inform the public of these changes.

Preliminary SOL Testing Results

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, presented preliminary SOL testing results that she emphasized were not final, not complete, not fully adjusted, and not for public information at this point. Final scores will be provided to the Board at a later date.

Follow-Up of AMS Academic Review

Mrs. Bennett and Mr. Todd Reichert, Principal of Appomattox Middle School, presented information concerning the AMS Academic Review. (See Attachment # 13) Mrs. Bennett noted this was the first year of a three year process for the Appomattox Middle School Academic Review. The review was required because the AMS Math SOL Scores fell below 70 which caused the school to receive the status of “Accredited with Warning”. Mr. Reichert reported during the past year our school division has addressed how math is taught in all grades. An ACPS Math Team was established and has worked with a Virginia Department of Education Office of School Improvement contractor to assess the middle school math curriculum. Per the contractor’s suggestion, AMS developed an SOL unpacking strategy that afforded teachers and administrators to fully inspect the alignment of written, taught, and tested curriculum. Mrs. Bennett and Mr. Reichert were excited to report the preliminary SOL data revealed a fourteen point increase in math scores at the middle school. Mrs. Bennett also noted because of the value of the unpacking strategies, this process is being incorporated in all four core areas.

Review of VPSA Grant Reimbursement

Mr. Brette A. Arbogast, Director of Technology and CTE, provided a review of the VPSA Grant Reimbursement for 2013-2014. (See Attachment # 14)

Update on Technology Plan

Mr. Arbogast also provided an update on the Technology Plan for Appomattox County Public Schools. (See Attachment # 15)

Recommendations from the School Health and Wellness Education Advisory Committee

Miss Niki Kempton, Food Service Coordinator, provided a review of the School Health and Wellness Education Advisory Committee recommendations. (See Attachment # 16)

Discussion of APS Community Eligibility Participation for 2014-2015

Miss Kempton reported Appomattox Primary School qualifies to participate in the Community Eligibility Provision (CEP) program which is a new USDA program that offers free meals to all students attending a qualifying school at an increased reimbursement rate. Qualifying schools must have over forty percent of identified students and the primary school has forty-one percent. Identified students are students who automatically qualify for free meals based on their participation in SNAP (Supplemental Nutrition Assistance Program) or TANF (Temporary Assistance for Needy Families), or they are homeless or foster children.

Miss Kempton stated the CEP reimbursement estimator indicated the primary school could possibly lose $10,000.00 to $20,000.00 based on an estimated increase in total participation levels of 85% for lunch and 50% for breakfast. Current participation is 60% for lunch and 20% for breakfast. However, she noted if the program received 100% participation, the loss could be $30,000.00 or greater. School divisions having an identified student percentage of over 60% are the only ones forecast to see a profit. Surrounding school divisions have been polled and none have chosen to participate in the CEP program due to the anticipated financial losses.

Based on the information provided, Miss Kempton recommended the primary school not participate in the CEP program for the 2014-2015 school year. She noted she will continue to monitor the program to determine if our school division should reconsider participation in the future.

Discussion of Food Service Prices for 2014-2015

Miss Kempton recommended the Board consider increasing student lunch and breakfast prices by ten cents for the 2014-2015 school year. This action would result in the following charges for 2014-2015: Student lunch prices at APS and AES = $1.70; Student lunch prices at AMS and ACHS = $1.95; and Student breakfast at all schools = $.90. She also recommended the price of adult lunches be increased twenty-five cents which would make the new rate $2.75 for the upcoming school year. The Board was requested to consider this as an action item later during the meeting.

Discussion of Mileage Rate for 2014-2015

Dr. Grasty stated our school division has used the state mileage reimbursement rate for a number of years. According to the Virginia Department of Education website, the state is using the IRS rate which is $0.56 and became effective in January, 2014. Currently, our reimbursement is $0.555 per mile. The superintendent requested guidance from the Board concerning the mileage reimbursement rate for 2014-2015. It was the consensus of the Board to place this as an action item on the June 26, 2014 School Board Meeting Agenda.

Tentative Graduation Date and Location for Next Year

The superintendent reported Mrs. Martha J. Eagle, Principal of Appomattox County High School, has tentatively recommended conducting graduation next year on Monday, May 18, 2015 at 7:00 p.m. at The Vines Center at Liberty University, pending School Board approval. The 2014-2015 school calendar designates Thursday, May 21, 2015 as the last day of school. Mrs. Eagle is currently reviewing sports schedules to determine any possible conflicts with the May 18th date. Dr. Grasty requested guidance from the Board concerning Mrs. Eagle's graduation recommendation. It was the consensus of the Board to proceed with gathering information to bring to the Board for consideration.

Consideration of Two Finalists for New Appomattox Raiders Logo for 2014-2015

Dr. Grasty presented the two finalists for the new Appomattox Raiders Logo for 2014-2015. These choices were selected by the ACHS Logo Committee from forty-three entries that were submitted. It was the consensus of the Board to place this as an action item on the June 26, 2014 School Board Meeting Agenda. Once the Board makes a final selection, the logo will be submitted to a copyright attorney to ascertain we are not infringing upon the rights of others by using the selected logo.

Appomattox Adult Learning Center Year End Report for 2013-2014

Board Members were provided the Appomattox Adult Learning Center End-of-Year Report for 2013-2014 which was prepared by Mrs. Gayle Williams, Teacher. (See Attachment # 17)

Appomattox Alternative Education Center Year End Report for 2013-2014

The Appomattox Alternative Education Center 2013-2014 End-Of-Year Report was presented to the Board as prepared by Mr. David Read, AAEC Administrator. (See Attachment # 18)

The Data Made Me Do It! Using Data for Continuous School Improvement
Patte Barth, Director, Center for Public Education at NSBA

Data is fundamental to effective school board governance. Yet many school board members aren't experts in education data. Explore how school boards can use data to set goals, align resources, and monitor actions to improve outcomes for their students. Learn how boards are increasingly using data to inform their decisions about student achievement. This workshop was developed by NSBA's Center for Public Education in partnership with state school boards associations in California, Illinois and Michigan.

Does School Board Leadership Matter?
Amber Northern, Vice President for Research, Thomas B. Fordham Institute

What role do school boards play in student achievement? Does it matter when and how board elections are held? Is a board member's political ideology and background linked to his or her knowledge of the district? Join Amber Northern, vice president for research at the Thomas B. Fordham Institute, as she discusses the findings in Does School Board Leadership Matter?, a study on the capacity of local school board members to lead their districts effectively. Culling results from a national survey data of school board members, Northern concludes that school board members and their attitudes do matter—and therefore it's important to take seriously who gets elected and how that is done.

Re: Delegate and Alternate Delegate Selection

In accordance with the Bylaws of the Association, "A school board in good standing will be entitled to one vote in all meetings of the Association. A voting delegate and an alternate will be selected from the membership of each member school board by that board." **Please select a voting delegate and an alternate to represent your board at the VSBA Delegate Assembly and Regional Meeting of the 2014 VSBA Annual Convention, November 19-21, at the Doubletree by Hilton Williamsburg.** We encourage all interested school board members to attend this annual business meeting of the VSBA Delegate Assembly on November 20, 2014.

It is important that all member school boards be represented when the Delegate Assembly convenes. The action of the VSBA Delegate Assembly determines the issues that will be lobbied on your behalf in Richmond and Washington. We hope that your school board will be represented and each delegate will attend the 2014 Session of the VSBA Delegate Assembly. Pursuant to the Bylaws, please send the name of the delegate and the alternate by completing and returning this form by **AUGUST 1, 2014. If no name is submitted, the chairman and vice-chairman will be listed as delegate and alternate. It is recommended that the delegate or alternate not be a member of the VSBA Board of Directors.**

Minutes of
Appomattox County School Board
Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, July 24, 2014 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Regular Monthly Business Meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Dr. Dorinda G. Grasty, Division Superintendent. Mr. Gregory A. Smith was absent due to previously scheduled vacation plans.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

5. Payment of Bills as of July 24, 2014:
   a) $ 120,647.36 – General Fund (See Attachment # 3)
   b) $ 300.00 – School Food Fund (See Attachment # 4)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Torrence and seconded by Rev. Williams to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty was pleased to introduce Ms. Michele West who began her position as principal at Appomattox Primary School on July 1, 2014.

The superintendent shared a thank you note from The Family of Mrs. Ruth Webb for the Board's contribution to the Appomattox County Education Foundation in memory of Mrs. Webb, a former Teacher and School Board Member in Appomattox County.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

VSBA and NSBA Activities

The 29th Annual VSBA Conference on Education was held in Richmond on July 22, 2014. Rev. Jones attended and stated forty to fifty different breakout sessions were offered. He focused on Building Partnerships between Community Organizations and the School System as well as Best Practices for Middle Schools. Governor Terry McAuliffe was the featured speaker and Rev. Jones was honored to shake his hand.

The VSBA Legislative Advocacy Conference will be held in Charlottesville on September 11, 2014. The registration fee is $150.00 and the deadline is August 15, 2014. The superintendent noted this is the same day as our Interim School Board Meeting in September.

A VSBA Hot Topic Conference will be held in Charlottesville on October 3, 2014. The registration fee is $140.00 and the deadline is September 6, 2014.

The 2014 VSBA Annual Convention will be held in Williamsburg, November 19 - 21, 2014. Conference registration information had not been received prior to this meeting.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the proposed rates from Piedmont Community HealthCare, Inc. (PCHC) for renewal of our health coverage for the plan year October 1, 2014 through September 30, 2015. (See Attachment # 5) He stated the proposed rates reflected a six percent increase which was good news as a much larger increase had been anticipated. Mr. McMillan recommended the Board continue health insurance participation with PCHC and consider increasing the monthly employer paid contribution from $449.03 to $475.93 which was the cost of the employee only premium for the $500.00 deductible plan. He also requested the Board take action regarding health insurance coverage later during the meeting.

Back to School Update

Dr. Grasty shared the following schedule for the August 4 – 8, 2014 Teacher Work Week as preparations are being made for the first day of school on August 11, 2014:

July 31, 2014 – New Teachers Report

August 4, 5, 6, and 8 – Teacher Workdays – Teachers work 8:00 a.m. - 3:30 p.m.

August 6 – 8:00 a.m. – Convocation Breakfast in the Appomattox County High School (ACHS) Cafeteria, followed by 8:45 Convocation Program in ACHS Auditorium for all employees. Following Convocation, teachers will be involved with staff development at the high school. Transportation, Custodial, and Food Services Staff will participate in training sessions at locations to be announced by their supervisors.

August 6 – 1:30 p.m. - 3:30 p.m. – Open House for Students of Appomattox County Public Schools Employees – all schools

August 7 – 3:00 p.m. - 6:00 p.m. – Open House for the Public – all schools – teachers work 10:30 a.m. - 6:00 p.m.

Board Members were invited to attend Convocation at 8:00 a.m. on August 6, 2014 at the high school and lunch with new teachers on August 1, 2014 at 12:00 noon at the elementary school in Commons A.

Review of 2012-2018 Comprehensive Plan

Dr. Grasty provided a review of the 2012-2018 Comprehensive Plan. (See Attachments # 6 and # 7)

Discussion of ACHS 2015 Graduation

As discussed at the June 19, 2014 School Board Meeting, Mrs. Martha Eagle, Principal at Appomattox County High School, had requested next year's graduation be held on Monday, May 18, 2015 at 7:00 p.m. at The Vines Center at Liberty University, pending School Board approval. A Facilities User Agreement had been received from Liberty University and reviewed by Mr. David Hawkins, School Board Attorney. While the charge of $4,400.00 was the same fee that had been paid for the past four years, the agreement was different in wording. Mr. Hawkins recommended Liberty University use the old agreement or make modifications to the new agreement as he indicated. We are waiting for a response from Liberty University concerning the wording of the agreement.

Updated Code of Conduct

Mr. Brette A. Arbogast, Director of Technology and CTE, provided a review of the revised Code of Conduct for 2014-2015. He stated paper copies of the document will no longer be printed and distributed to each student. In an effort to reduce costs, a digital document had been placed on the division webpage at http://appomattox.schoolfusion.us/modules/cms/pages.phtml?pageid=295528&sessionid=bba04480f0db9b2ec99c068c50e89b3b**.** Mr. Arbogast pointed out that direct connection to the Virginia Code Reference is an additional feature of the digital Code of Conduct for the upcoming school year.

Principal's News

Few things get us more excited than the first days of school! The preparations that we go through to make sure the children we love are well-prepared and eager for kicking off a new adventure in learning start early in the summer, and finish up just before they board the bus or load into the car. New shoes, a favorite outfit, a yearly physical, just-the-right backpack, the latest fads in school supplies, registration day "meet and greet", phone calls to see who is in the class, a last grab at summer fun, an early night-before bedtime, and a nutritious first-day breakfast are just a few of the rituals most of us go through as parents, students, and, yes, even teachers. We stress, we worry, we hope, and we pray for this year to be among the best. The good news for all of us is that there is no place else that will have teachers and students who work as hard and care as much as those that belong to Appomattox Elementary School. This year, we welcome a few new faces to our building—new teachers and staff who have earned reputations for excellence in their craft and for their dedication to the success of the children they have been called to serve. We welcome our new third graders who have been eager to get here full time after visiting for two years for science classes each month. We welcome back a proven group of fourth and fifth graders who worked diligently last year to help our school increase results in multiple areas of academics and citizenship. We have a tradition of "Achieving Creative and Prepared Students" in Appomattox County, and this year we begin on that note. We are "Wild" about all the opportunities we will embrace together this year as a family of learners. Let the adventure begin!

Visitors' Passes

Parents or other individuals who are in the building for conferences or other school business are expected to report to the office to obtain a pass.

BUS NOTES

Written permission is necessary regarding bus changes,

walker's bell or pick-ups. We cannot take changes over the phone. Information that needs to be on notes are: the student's full name, the teacher's name, the desired bus number, the full name of the person's house where your child will be getting off the bus, and the 911 address. Also, include your phone number in case the school or bus driver has any questions regarding your arrangements.

Please be sure your child knows what to do in case school closes early due to inclement weather, early dismissal or other circumstances.

Student Planner Contains Student/Parent Handbook!

The A.E.S. PTO will be providing students with a homework planner that also has the A.E.S. Student-Parent Handbook in the front. This will be great for remembering homework assignments and important events!

Important Traffic Reminders

Important Traffic Reminders

Thank you for your help and attention to the routines we have established to ensure the safety of all entering and exiting the school property. Safety is our #1 priority! Here are a few important reminders:

- Students cannot be dropped off until 8:00a.m. Supervision of students begins at 8:00a.m.
- After dropping off or picking up a student, be careful when pulling out at the stop sign.
- Please don't rush! Allow the car in front of you to pull out, and then follow. Don't pull around.
- Please use a turn signal when entering or exiting at the main entrance. This assists the crossing guard, as well as other vehicles entering and exiting the school.
- Under no circumstances should a student walk alone through the line of car rider traffic. If you are parking, please escort your student to the building. If you are unable to escort your student, please use the car rider lane and drop your student off at the curb.

If you are visiting the office or a classroom, please park in the lot, not at the curb where we load and unload students. We have 15 minute parking areas for your convenience.
Your attention to these matters will help us continue to provide a safe environment!

Attendance Notes

Regular attendance is necessary and important to the development of individuals who are successful in school and in all areas of responsibility. There is a close correlation between school attendance and attendance on the job after leaving school. It is a joint responsibility of the school and parents to require regular attendance. School attendance will be monitored daily so that students are given opportunity to be successful. Make school attendance a priority in your home this year! In addition to regular daily attendance, please refrain from picking students up early (except for emergencies). It is important that students hear announcements, receive information before going home, and have closure to the school day with their teacher. We appreciate your help in these areas!

Student Safety is a Priority for Parents and Staff

All requests for release of students must come directly from the office, by office personnel, written note, or the intercom. The office will deliver items sometime during the day.

Most of the policies and rules employed by schools are designed specifically to protect your children. For example, all school employees are required to undergo thorough background checks, as well as wear ID badges. Visitors must check-in with the office before they're allowed on campus.

Health policies are yet another way in which schools protect your children. When new students enroll, schools require proof of immunization to reduce the risk of contagious disease entering the school, such as mumps, measles, and whooping cough. To prevent the spread of infection, most schools recommend that children suffering fevers in excess of 100 degrees be kept at home until their temperatures have returned to normal for a period of 24 hours. School nurses are often asked to administer appropriate medication with parental permission and physician instructions.

Occasionally, schools may require a statement from the attending physician prior to a sick or injured child's return to the classroom. Knowing what activities an injured or ill child should or should not participate in is key to the child's recovery.

Whatever the health or safety issue, remember that educators take their responsibility for your child very seriously.

Please be aware that the school division dress code for students has been revised. Information about what is and is not acceptable was placed in the registration envelope.

THE RAIDER REPORT

ATTENTION: Photo Identification Required

We hold in high regard the safety and wellbeing of our students and staff at Appomattox Elementary School. Effective for the 2014-15 school year, visitors will be required to submit a state-issued photo ID to enter the building, or to check-out a student. Upon entering the office, a secretary or office assistant will assist you by scanning your driver's license through our Ident-a-Kid security software. This software will check your identity against a national sex offender registry before a visitors badge is printed. Individuals who are identified on this national registry will not be permitted to enter the building. We thank you for your help and cooperation to ensure we maintain a safe campus for our students.

Cheryl Servis, Assistant Principal

The 2014-15 school year is under way, and the teachers and students at AMS are already into the swing of things. We look forward to working together with the community to make sure that every child who walks through the doors of AMS are successful. When we all work together, the students benefit the most. We encourage all parents and guardians to take an active part in the education of their children. Here are a few ways you can get involved at AMS:

- Contact teachers just to see how things are going
- Come out to sporting events
- Come to PTO nights
- Join the PTO
- Volunteer to help at AMS
- Download the ParentLink app for your mobile device
- Visit the AMS webpage for dates and events
- Check out the teacher webpages for class information
- Come have lunch with your child

Thank you for being part of the AMS experience, and for making your child's middle school experience fun and exciting. We look forward to a great year.

Giving and Getting Respect

Being respectful helps your middle grader get along with family members, teachers, and peers. And this important habit can lead to success in school and in the future. Encourage her to treat others well, use good manners, and follow rules.

Respect yourself

People who respect themselves believe that others should treat them well. Here are ways your tween can foster self-respect.

Stay true to yourself. Your child will earn self-respect by knowing who she is and standing by what she believes in. For instance, if she enjoys time to herself, she shouldn't feel pressured to say yes to every invitation to hang out with friends. If she doesn't think kids should smoke, she shouldn't act like cigarettes are cool. It might not always be easy, but she'll respect herself more in the long run.

Do your best. By working hard in school and at extracurricular activities, your tween demonstrates respect for herself. Explain that you want her to put effort into whatever she does. For instance, doing homework carefully, studying for tests, and practicing her musical instrument regularly all show that she takes pride in her work.

Respect others

Your middle grader won't agree with everyone all the time. These ideas can help him respect people in different situations.

Model what you mean. Your child will learn by following your example. If he is disrespectful, use it as an opportunity to model respect. Focus on his behavior ("I don't like the way you are speaking to me") rather than on *him* ("You are so rude!"). *Tip:* Reinforce his respectful behavior by pointing it out. For example, if he tells you he was upset when you mentioned his grades in front of his aunt, you might say, "I appreciate your waiting until we got home to tell me. Let's talk about it now."

Focus on words and actions. Ask your tween to consider how what he says and does affects others. Does he make people feel respected? For instance, if he gets a grade he doesn't understand, help him practice how to bring it up with his teacher using a respectful tone. ("I'm confused about why I got a C. Do you have time to explain it to me?") Or if he disagrees with a classmate about who should be elected student council president, he could focus on the issues rather than criticizing the candidates. *Idea:* Have him think of people he looks up to and how they talk to and act toward others. They can help him understand what respect looks and sounds like.

Mind your manners

Using basic manners communicates respect. Help your child make a good impression with these tips.

Practice everyday manners. Prepare your youngster for common situations by practicing polite behavior. For example, act out how to introduce someone. ("Natalie, this is Jack. Jack, Natalie.") Or he can work on accepting compliments gracefully by smiling and saying, "Thank you."

Discuss etiquette challenges. Brainstorm situations your tween might find himself in where he's unsure what to do. Talk about what to do if someone gives him a birthday present and he already has the item. Explain that it's possible to be both honest *and* polite by making a nice comment. ("This is my favorite color. Thanks!") Or if he gets a phone call when he's in line to order food, he could step outside to answer or return the call later.

Follow the rules

Abiding by rules shows respect for authority and can help your middle grader stay safe and get along with others.

Hold your child accountable. Show your tween that you take school and household rules seriously by expecting her to follow them. For example, if the school dress code says no tank tops, don't allow her to wear them. The more you stand by rules, the more likely she is to respect them as well.

Explain rules. Kids this age are often genuinely curious about the reasons behind things. If your child questions a rule, ask why she thinks it's important. For instance, why can't she post personal information online? (Because strangers could see it.) Or why does she have to raise her hand in class? (So she doesn't interrupt anyone.) By following rules, she will show respect for teachers and others. And when people feel respected, they are more likely to respect her in return.

Be a good sport

Student athletes who treat opponents, teammates, coaches, and officials with dignity show good character—and earn respect as a result. Share these ways your child can demonstrate respect on the field or court:

- Play by the rules, regardless of whether your actions can be seen by coaches or officials.
- Avoid "trash talking" to intimidate or put down opponents.
- Accept officials' calls graciously, even if you don't agree with them.

You can also set an example of respectful behaviors for your tween when you're watching a sporting event with these tips:

- Offer encouragement ("Way to go!"), and refrain from booing or making negative remarks.
- Be polite to opposing teams and their fans. For example, say hello, or congratulate them on a win.
- Discuss concerns with your youngster's coach privately, rather than in front of other players.

Study Skills Made Simple

In middle school, studying is a regular part of life. So why not make it as easy and enjoyable as possible? Use the advice in this guide to help your tween get ready to study, spend her study time wisely, and do well on tests.

Note taking

When your child reaches middle school, it becomes even more important for her to have good note-taking skills. Have her try these tips:

- While reading a chapter or listening to her teacher, she should write down the main ideas. She can jot down key words and fill in the details later. *Tip:* Encourage your tween to leave room between her notes so she can add more information as she studies or rereads the material.
- She could use "shorthand" to save time during note taking. *Examples:* "w/" for "with," "o" for "over," "bc" for "because," "b4" for "before."
- Suggest that she write a question mark next to anything she doesn't understand. She might look up the answers at home using a dictionary, her textbook, or the Internet. Or she could ask her teacher to explain.

Organization

Before your child can begin studying, he needs to be organized. Here are suggestions:

- Designate a place for studying. One middle grader may prefer working at the kitchen table, while another likes to sprawl on the floor in his room. The important thing is to have a place that has "Study here" written all over it. That means a clutter-free surface, good lighting, and minimum distractions. Switch off the television, turn music down, and keep siblings from playing nearby.

- Suggest that your child put a stocked supply box in his study area. In addition to sharpened pencils, pens, and notebook paper, supplies might include highlighters, a ruler, scissors, glue, a calculator, a dictionary, and graph paper.
- Encourage your middle grader to write quiz, test, and project due dates on a calendar. Help him divide the work into small, manageable blocks and set goals for each day. *Example:* Study vocabulary words on Monday. Review history notes on Tuesday for Wednesday's quiz.

Reading comprehension

Successful studying starts with strong reading skills. Share these strategies for helping your middle schooler absorb what she reads:

- Have her close her textbook after each section and summarize the content in her own words.
- If she's struggling to understand a novel, she might write down the names of the characters and something to remember them by (Thomas, the brave soldier); the setting (the beach at Normandy); and a sentence or two summarizing what happened (The soldiers landed before dawn. When the assault began, Thomas's best friend was hit, and Thomas carried him to safety).
- Help your tween relate what she reads to something familiar. *Example:* "The setting makes me imagine crashing waves and sand. Sand is hard to walk in, and the soldier was carrying a lot of weight, so it must have been very difficult."

Concentration

When your middle grader learns how to concentrate, he has won half the battle. Use these ideas to improve his focus:

- Many children have trouble concentrating if they have an empty stomach. Before your youngster begins studying, he should eat a healthy, energy-boosting snack that includes both protein and carbohydrates. Try fruit smoothies or English muffin pizzas, for example.
- Is your tween more focused when he gets home from school, or after dinner? To find out, he can vary his study times for a week, keep track of how long it takes to finish his assignments, and choose a study time that works best.
- Doing the hardest work first can give your child a sense of accomplishment that will help get him through the rest. If a creative-writing assignment is giving him trouble, suggest that he finish it before doing something he finds easier, like studying geography terms.

Memorization

For some materials, memorization is the key to studying. Your middle schooler can try these strategies:

- To help memorize math procedures, suggest that she use acronyms. For instance, PEMDAS (parentheses, exponents, multiply, divide, add, subtract) can help her work math problems in the right order. Or she could use FOIL (first, outside, inside, last) to solve binomial equations.
- Your middle grader can make connections between the ideas she has to remember by creating a simple story. Suppose she needs to know the steps of a science experiment. She can make up a story with them: "Joe had a *question*, so he created a *hypothesis* to answer his question. He designed a *procedure* for figuring out the answer. When he had his *results*, he came to his *conclusion*."
- Tell your child to visualize a familiar place and put each thing she needs to memorize in that place. *Example:* To remember the human body's skeletal system, she could imagine placing each bone in a part of your home (cranium in the attic, vertebrae and ribs in the upstairs hallway, clavicle in her bedroom). Have her draw a diagram of the house.

Tip: Encourage your child to make a list of her memory strategies. Writing them down will help her remember them—and she'll have a study sheet to use.

Tips for tests

Share these ideas to help your middle grader study for his next test:

- Offer to quiz him, mixing up the order of the questions each time.
- Suggest that your child ask the teacher for extra copies of math worksheets and do them again for practice.

- Have him make flash cards for foreign language vocabulary. He might put the French word on one side of an index card and the English word on the other side.
- If he's learning about a series of historical events, he could create a picture time line.
- Encourage him to make up his own quiz and then take it.
- Help your tween organize a study group with two or three classmates.

Life in Middle School

The middle school years can be exciting, as your child moves toward adulthood and enjoys new experiences. But they can also bring challenges, like finding ways to keep connected with your tween and helping him handle peer pressure. Here's how to support your child and help him thrive.

Stay in the loop

As your tween becomes more independent, he may not want to spend as much time with you or at home. These ideas can keep the lines of communication open and let him know you care.

- ***Reach out.*** Ask specific questions, like what he's learning in history class or who won last night's football game. You could also leave supportive voice mails or notes for him. ("Good luck on your presentation. I can't wait to hear how it goes!")

- ***Make friends welcome.*** Social circles are important at this age. By encouraging your child to invite friends home or on family outings, you'll show that what matters to him matters to you. You may also get to spend more time together.
- ***Use car time.*** Many parents find the car to be a great place for conversations with their kids. When you drive your middle schooler to piano practice or to get a haircut, make the most of it. If he's quiet, try talking about your day or sharing family news to get the conversation started.

Build self-esteem

Middle graders can feel unsure of themselves from time to time. Help your tween develop a good self-image with strategies like these.

- ***Encourage confidence-boosting hobbies.*** Noncompetitive activities provide a safe way for your child to try new things and to believe in her abilities. She might work on the school poetry journal or join the environmental club, for instance. Or suggest physical activities such as walking or rock climbing, which can make her feel good about her body without pressure to compete.

- ***Be there.*** Make your middle grader feel valued by attending events she cares about. For example, if she's on the sound crew for the school play, go to opening night. If she loves horses, take her to a horse show.
- ***Celebrate strengths.*** Everyone is better at some things than others. If your youngster puts herself down, challenge her to list at least five of her strong points. *Examples:* "I'm a good babysitter." "I have a great memory." When she wants to improve at something (say, skateboarding), suggest that she set a goal and make a plan for achieving it, such as practicing 30 minutes three times a week.

Be proactive about peer pressure

Tweens care a lot about what their friends think, and this is the age when they're most likely to be introduced to alcohol, cigarettes, and other drugs. But research shows they're also influenced by their parents' opinions. Help your child manage peer pressure and avoid dangerous behaviors with these tips.

- ***Practice specific responses.*** It's hard for tweens to think clearly when they're on the spot. Planning ahead can help your child make good choices. Role-play what she could do if friends asked her to drink beer, for instance. She might say, "No, that sounds dangerous." Or she could come up with an alternative. ("Let's go to the park instead.")
- ***Encourage safe activities.*** Help your child find groups centered around drug-free forms of fun. You might encourage her to sign up for a youth program at a community center, join a bowling league, or attend middle-school events at places of worship. Also, encourage her to think of safe ways to occupy time with friends (experimenting with hairstyles, playing Ping-Pong).
- ***Keep talking.*** Hearing the same message on different occasions will let it sink in and give your middle schooler plenty of chances to share concerns. You might bring up drugs by mentioning a news report you heard. Or ask what she learned about alcohol in health class. Be clear about where you stand and why, and discuss what could happen if she drinks, smokes, or does drugs. For example, she could become addicted, get grounded, or even be arrested.

Discuss bullying

Bullying tends to peak in middle school. Consider this advice to help your tween avoid bullies—or avoid bullying others.

- ***Set a standard.*** Explain that if he isn't sure whether a comment or an action would hurt someone, he shouldn't say or do it. Suggest that he ask himself, "Would I act like this if my grandparents or the principal were watching?"
- ***Prevent cyber-bullying.*** Does your child text or use instant messaging? Remind him to type kind messages and to communicate only with others who do, too. Explain that if someone sends a hurtful or nasty message, he shouldn't respond, since that can escalate the problem. Instead, he should block the sender and tell you.
- ***Take action.*** Your middle grader can help stop bullying by speaking up. Let him know it's important that he tell a teacher or another adult if he is bullied or if he witnesses bullying. Also, talk about how he can respond to a bully. For example, he should stay calm, walk away, and get help.

Overcome stress

More responsibilities at home and at school can cause your child to feel stressed sometimes. Try these suggestions for supporting her.

- ***Stick to routines.*** Knowing what to expect can make your youngster's life more predictable and less stressful. Help her set up routines that work for both of you, such as having her do homework right after school or packing her lunch at night. She might need to create new routines as her schedule changes. When swimming season starts, for example, she may have to do homework after dinner.

- ***Pay attention to sources of anxiety.*** Does your tween have a tendency to put off big projects and then stress about them at the last minute? Remind her of this, and brainstorm ways to prevent it from happening again. For example, she should start work sooner and perhaps buddy up with a classmate to stay on track. Or if she's irritable because she isn't getting enough sleep, set an earlier bedtime.
- ***Watch for bigger issues.*** Some stress is normal for middle graders. But symptoms that last more than two weeks may indicate a problem. If your child isolates herself from friends and activities, complains of headaches or stomachaches, or is often tired or sad, have her see her doctor. A professional can rule out physical causes and suggest ways to help if she has anxiety or depression.

AMS Yearbook

You can pre-order your 2014-2015 AMS Yearbook for $20.00

Personalization: $5.00

The deadline for the personalization is January 1, 2015. Please make your checks payable to Appomattox Middle School. Contact Mrs. Tara Sprouse for any questions or concerns at 434-352-8257 ext. 4272.

AMS is collecting Box Tops for Education, our goal this year is $1,000.00. We are off to a great start, please keep sending them in to Ms. Fort on the 6th grade hall room 105.

Dear Parent/Guardian:

AMS is pleased to announce the launch of ParentLink, an exciting new app for your mobile device that will help you stay in touch with all the goings-on at AMS as well as the school system in general. The directions for where to find the app and how to put it on your mobile device can be found at the bottom of this letter. In addition, once you have downloaded the app on your mobile device, ParentLink allows Appomattox County Schools to deliver important information concerning the you and your student without you even having to open the app. Because this app will grant you access to your child's personal information (grades, attendance, etc.) parents/guardians will be assigned a username and a password to use the app once they have downloaded it. Please visit the main office at AMS to pick up your username and password so that you can access your child's information through the ParentLink app. You will need to provide proof of identification (driver's license) in order to be given a username and password. Thank you, and we hope that you enjoy the convenience of the ParentLink app.

The Data Made Me Do It! Using Data for Continuous School Improvement
Patte Barth, Director, Center for Public Education at NSBA

Data is fundamental to effective school board governance. Yet many school board members aren't experts in education data. Explore how school boards can use data to set goals, align resources, and monitor actions to improve outcomes for their students. Learn how boards are increasingly using data to inform their decisions about student achievement. This workshop was developed by NSBA's Center for Public Education in partnership with state school boards associations in California, Illinois and Michigan.

Does School Board Leadership Matter?
Amber Northern, Vice President for Research, Thomas B. Fordham Institute

What role do school boards play in student achievement? Does it matter when and how board elections are held? Is a board member's political ideology and background linked to his or her knowledge of the district? Join Amber Northern, vice president for research at the Thomas B. Fordham Institute, as she discusses the findings in Does School Board Leadership Matter?, a study on the capacity of local school board members to lead their districts effectively. Culling results from a national survey data of school board members, Northern concludes that school board members and their attitudes do matter—and therefore it's important to take seriously who gets elected and how that is done.

9:30 a.m.—Noon

Anatomy of a School Board Disciplinary Hearing

Members of the VSBA Council of School Attorneys will present a comprehensive training designed to help school board members understand the substantive and procedural law governing student disciplinary hearings, implement appropriate procedural guidelines, document board action for potential legal challenges, and develop strategies to conduct fair hearings within practical limitations. Attendees will be entertained with a "live disciplinary hearing", during which the participants will confront many of the challenges which arise in such hearings. This training will also provide many practical tips and "no-no's" gleaned from the collective experience of the panel members. Moderated by Mary McGowan, a partner with the law firm of Blankingship and Keith.

Parliamentary Procedures

Can one ever have too much training on parliamentary procedure? Never, you say? Here is a three-hour hands-on session that will help you become more efficient and your board more efficient. Presented by Carlos Clanton, executive director for the Office of Community Engagement & Strategic Partnerships for Norfolk Public Schools and the Norfolk Education Foundation, and policies & procedures chair for the National Urban League Young Professionals.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, August 14, 2014 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

ACTION ITEMS

Consideration of Request for Admission as Out-of-County Tuition Students for 2014-2015

It was moved by Rev. Williams and seconded by Rev. Jones to approve admission of the out-of-county tuition students for the 2014-2015 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 1)

Consideration of Request for Overnight Trip

It was moved by Rev. Williams and seconded by Mr. Smith to approve the overnight trip request as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

Consideration of Decreasing School Board Member Compensation

At the July 24, 2014 School Board Meeting it was moved by Rev. Jones and seconded by Mr. Torrence to keep the compensation for School Board Members as is which resulted in a tie vote as Mr. Smith was not present. Mr. Waddell stated according to School Board Policy BDDF – Voting Method, in the

case of a tie vote when all members are not present, the question shall be passed by until the next meeting when it shall again be voted upon. The Chairman again called for a vote on this motion. By unanimous voice vote, the motion failed.

It was then moved by Mr. Smith and seconded by Mr. Torrence to accept a reduction in pay to match the Board of Supervisors level, with the stipend designated for the Chairman of the Board to be divided equally among all five (5) School Board Members, effective August 1, 2014. Mr. Smith continued his motion by stating the Board highly respects the position of the Chair, but all members of this Board are treated equally and with the same respect; therefore, the compensation is to be set at $3,840.00, with the $960.00 Chair stipend divided by the five (5) School Board Members for a total of $4,032.00 per year.

Rev. Williams stated he would support the motion but was concerned the action would send the wrong message to the public regarding the value of boards in our county. He noted he would have preferred the Board of Supervisors had contacted School Board Members prior to voting to decrease their salaries. Rev. Williams stated his support of the motion would be a step from further discord as he wished the discord and distrust would end.

Rev. Jones also voiced his concern that decreasing the salaries of the Board of Supervisors and School Board was sending the wrong message to the public.

There being no further discussion, the Chairman called for a vote on the motion. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Mr. Torrence seconded the motion made by Mr. Smith. This was followed by a positive voice vote of approval from all Members of the Board.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

SUPERINTENDENT'S REPORT

Membership Report

The Membership Report for the first ten (10) days of the school year indicated 2204 students were enrolled. (See Attachment # 9) This compares to a budgeted Average Daily Membership (ADM) of 2215.

VSBA and NSBA Activities

A VSBA Hot Topic Conference will be held in Charlottesville on October 3, 2014. The registration fee is $140.00 and the deadline is September 6, 2014. Mr. Waddell and Mr. Arbogast are registered to attend.

The 2014 VSBA Annual Convention will be held in Williamsburg, November 19 - 21, 2014. The registration fee is $250.00 and the deadline is November 7, 2014. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided a review of the revised Sick Leave Bank Policy for our school division. He reported the revision was in response to requests from employees as well as the Teacher Advisory Committee to add the following benefit:

> *Illness or injury of an immediate family member (spouse, child, parent) - The sick leave bank may be used in cases of serious illness or disability (catastrophic, prolonged, or long-term illness or injury) of an immediate family member (spouse, child, parent). Members will be eligible to use the sick leave bank only after all earned sick leave has been depleted. The first fifteen (15) contract days of illness or injury will not be covered by the sick leave bank, but must be covered by the employee's accumulated leave or leave without pay.*

Mr. McMillan stated the revision to this policy was included as an action item later during the meeting for the Board to consider approval of the first reading.

SOL Score Report Regarding State and Federal Accreditation

Mrs. Annette Bennett, Director of Curriculum and Instruction, reported on SOL Scores and State and Federal Accreditation. She was pleased to report the following: (See Attachment # 10)

1. Appomattox Primary School and Appomattox Elementary School –
   a. Met all benchmarks and received full accreditation by the state.
   b. Met all Annual Measureable Objectives (AMOs) and received full federal accreditation.

2. Appomattox Middle School –
   a. Accredited with warning in English (Year 2) by the state and improved in last year's warned area of Math. A state improvement plan is required.
   b. Federal accreditation was not met in the area of Math in one subgroup. A federal improvement plan is required.

3. Appomattox County High School –
   a. Accredited with Warning in Math (Year 1) by the state. An improvement plan is required.
   b. Met all Annual Measureable Objectives and received full federal accreditation.

Mr. Smith shared his concern that the standardized SOL tests are administered to all students but the minimum scores for the eight subgroups are different. It was his opinion that the tests are wrong or how the tests are evaluated is wrong. Mrs. Bennett noted the expectations for the students are the same, but the expectation for the school division is different. Mr. Smith voiced his desire to submit a letter to the proper person in Washington, DC and requested assistance in determining the name of this individual.

Summer School Report 2014

Mrs. Elizabeth Haught, Director of Remedial and Special Education, provided a report on our recent successful Summer School Program that assisted 310 students as follows: (See Attachment # 11)

APS – 86% of students maintained skills or showed improvement
AES – 92% of students met or exceeded benchmarks
AMS – 95% of students met or exceeded benchmarks
ACHS – 89% passed SOL test or increased score from previous test

Demonstration of New ACPS App

Mr. Brette Arbogast, Director of Technology and CTE, discussed the new Appomattox County Public Schools App. The free app is available through the ITunes Store and includes all aspects of parent notifications, Power School, My School Bucks, and informational updates including school closings and delays. Mr. Arbogast noted parent training sessions have been scheduled and to date 794 app downloads have taken place.

ACHS FFA Presentation and Funds Request for National FFA Convention

Mr. Arbogast introduced Mr. Ed McCann and Mrs. Elizabeth Duncan, Appomattox County High School (ACHS) Agriculture Instructors and FFA Advisors, who presented information concerning the ACHS FFA and their plans for twenty-four (24) students and six (6) adults to attend the National FFA Convention in Louisville, Kentucky, October 29 – November 1, 2014. They requested funding support from the School Board to assist the 24 FFA students in attending the convention. (See Attachment # 12)

2014-2015 Teacher and Parent Advisory Committees

Dr. Grasty provided the Teacher Advisory Committee (TAC) and Parent Advisory Committee (PAC) listings for 2014-2015. Committee members were selected by building principals. (See Attachments # 13 and # 14)

Discussion of September 25, 2014 Tour of School Facilities

The superintendent noted the Board is scheduled for an all day tour of school facilities on Thursday, September 25, 2014 beginning at 8:45 a.m. in the School Administration Building. Members of the Appomattox County Board of Supervisors have been invited to join the tour. The Board will return to the School Administration Building for the Regular Monthly Business Meeting that will begin at 3:30 p.m. Board Members requested the following be included in the tour: Fifth Grade IPad Program at the elementary school and the Auditorium lighting, Auto Mechanics Program, and Land Lab at the high school.

"Where Learning takes Flight"

Principal's Message... Back to school has always been one of my most favorite times of each year. I hope everyone had a chance to relax and enjoy family time. I was pleased to see so many families during our, "Chill Out Meet and Greet." With much appreciation, I would like to thank all who participated and helped to make it a success. Back to school is also a time for fresh starts and new beginnings. For students, it is time for a new teacher, new friends, and new experiences. These changes bring both excitement and perhaps a little anxiety, for students and their families. I have genuinely enjoyed meeting teachers, staff, families, students, and members of the community who opened their hearts and supported me during my transition to the county. All of us have a common goal as we begin the new school year: creating a positive, productive, and successful year for each student. Working together, we can make that goal a reality. I look forward to our partnership and working together for many years to come.

First, I would like to welcome our new staff who has joined our APS family.

Sara Almond – Kindergarten teacher
Debbie Hix – 2nd grade teacher
Mary Alice Matthews -Teacher Assistant
Ashley Morgan – 1st grade teacher
Lori Wilkerson – Teacher
Keith Hatcher –Teacher assistant
Donna Hunter – Teacher Assistant
Betty Mayberry-Cafeteria
Rebecca Rogers – Kindergarten teacher
Tom Yarber- Assistant Principal

Congratulations to all of our new staff and a heartfelt welcome. I cannot say enough about Mr. Yarber joining our APS family. Mr. Yarber's positive attitude and outlook on learning is like a ray of sunshine. Equally important is our experienced staff who we can count on to provide the best possible education for your child. Our staff is caring, dedicated, highly-qualified, and put children first. When you entered our building following summer break, I am sure you noticed our beautiful floors. Actually, they look like shiny mirrors. I would like to take this opportunity to thank our maintenance staff for a job well done.

Your role as family is equally important. Parents are a child's first teachers. You are the experts on your child's temperament, interests, and past struggles and successes. It is vital that you communicate with your child's teacher early in the year and share with them what your concerns and goals are for your child. It is also important that you be involved and remain informed regarding orientation, conferences, events, PTO and volunteering in your child's school. When teachers, parents and students work together toward goals, our students and school will be highly successful.

This year we added a third Bright Beginnings class and another first grade class. Currently, we have 584 students enrolled at APS. We are proud and welcome all of our students. We are in the spotlight! WSET NEWS visited our school regarding ACPS parent application, the driver's license scan when you enter the building, and our front door buzz system. Keeping our students, families, and staff safe is our number one priority. Please know that we need your support of our efforts in keeping the children safe by making sure you bring your driver's license when you enter the building during the school day. Please work with us in following expectations of signing students out during dismissal times. I would like to remind you that we go the extra mile to protect the children at APS. As we soar through this year's adventures, I am pleased and honored to partner with you and our wonderful staff in making a difference in the lives of our students. Remember, I am always available should you have questions, concerns, or suggestions. I look forward to sharing this new school year with you.

BOX TOP NEWS

APS will once again participate in the Box Tops for Education Program. Students will bring home collection sheets beginning in September. Please send in completed sheets with your child's name and homeroom. We will have prizes each month for the class in grade level that collect the most Box Tops. September's prize is a "sweet treat." Box Tops money is used to purchase books, AR rewards and other items for the students. Please contact me if you have any questions. Thanks for your support!

Helpful Tips for Parents:

1. **School starts promptly at 8:25 and students need to be in their seats in their classrooms at 8:25. If you are dropping your child off after the tardy bell rings, you must walk in the office with them.**
2. **For every (3) unexcused tardies or early dismissals or a combination of the two, counts as (1) unexcused absence on their attendance record.**
3. **Make sure you receive a doctor/dentist/medical note when your child has an appointment. We will excuse this as a medical tardy/early dismissal or absence.**
4. **Letters are sent home to parents for (5) unexcused absences. For the first 10 excused and unexcused absences, parents will receive a letter. This is just to notify parents of their child's attendance record and this is a mandated district policy.**

****It is vitally important that your child be here at school as much as possible in order to remain up to date on their assignments. When the student misses time from school, they miss out on valuable classroom time, which can cause deficiencies in the education of your child.**

The New ParentLink App

AMS is pleased to launch the ParentLink, an exciting new app for your mobile device that will help you stay "in touch" with AMS as well as the school system in general. Once you have downloaded the app on your mobile device, ParentLink allows Appomattox County Schools to deliver important information concerning your student without you having to open the app. This app will grant you access to your child's personal information such as grades, attendance and other information. Parents / guardians will be assigned a user name and password to use the app once they have downloaded it. Please visit the main office at AMS to pick up your username and password so that you can access your child's information through the ParentLink app. To use your Apple or Android device:

1. Go to the Apple App or Google Play Store on your device
2. Search for ACPS and download the ACPS app
3. Your login ID is bsmith
4. Your password is: 999999

Middle Years

Working Together for School Success

Short Stops

Meet the teachers

Touching base with your child's teachers at the beginning of the year helps establish a relationship that makes it easier to communicate later. Attend a back-to-school night or parent orientation session. If you can't make it, send emails or notes to introduce yourself and share a little about your middle grader.

Last word

Does your tween insist on having the last word during disagreements? If so, try working on her conflict resolution skills. The next time there's an argument, suggest compromising—and letting it go. ("Both of us should've remembered to return the movie. Let's put a reminder on the door next time.")

Family time—on foot

When your child is going somewhere within walking distance, consider joining him for a walk instead of driving him. You might head to the library or to the store for project supplies. You'll both get some exercise and a chance to catch up.

Worth quoting

"Kindness is always fashionable."
Amelia Edith Barr

A+ organizing

What's one of the biggest differences between elementary school and middle school? A greater need for organization! With multiple courses and more homework, your tween can benefit from strategies like these to keep her stuff straight.

Locker

An organized locker will help your tween quickly grab what she needs. It's a good idea to place textbooks in the order of her classes on a shelf with the spines showing. A shoebox could store extra supplies like pens, erasers, and calculator batteries. Periodically, she should clear out clutter and take home items she isn't using.

Homework area

Whether your middle grader works at a desk or the kitchen table, keeping supplies handy will make study time more efficient. Perhaps she'll arrange them in a shower caddy or in clear jars. Also, have her develop a system for storing old tests and assignments. She might cover empty cereal boxes with construction paper and label one for each subject.

Backpack

Busy students tend to dump everything into their backpacks and leave it there. Suggest that your child clean out her bag after school every Friday. Soon it'll become a habit, and she'll be ready for a fresh start each Monday.

All set for class

Being ready before class starts lays the groundwork for your child to do his best in school. Share these tips:

- Suggest that he get out books, notebooks, and supplies when he takes his seat. Preparing to pay attention right away will help him focus and catch important information announced when class begins.
- If he has time before the bell rings, he might skim yesterday's notes or textbook chapter. Doing so can jog his memory and help him participate in class discussions.

After he does homework each night, he could peek ahead to the next day's lesson. That way, he'll be prepared for what the teacher will be presenting.

It's a middle school social life

Feeling accepted is important for middle graders. But your tween's classes might be filled with students he's never met, and old friends may have moved away or made new friends. Here is advice that can make it easier to navigate the changing social scene.

Be approachable. Tell your child to think of everyone he meets as a potential friend. By smiling and saying hi in the halls or cafeteria, he could strike up conversations with people he may want to spend more time with.

Make (and keep) plans. Suggest that your youngster take a chance and invite new friends over for pizza and a movie on a weekend, for instance. It's best to plan ahead—if he waits until Friday afternoon to ask, they might already have plans. *Tip:* Encourage him to stick to his plans (even if something better comes up) so people know he's reliable.

Think of conversation starters. Help your tween come up with topics to talk about so he won't feel tongue-tied. Staying up-to-date on music or sports can give him things to discuss that other kids are likely to be interested in. Also, include him in adult conversations so he'll hear potential topics.

Q&A Word wise

Q *I've heard that a good vocabulary makes students better readers and writers. How can my daughter increase hers?*

A You're right—a bigger vocabulary lets your middle grader understand more of what she reads and gives her new words to choose from when she speaks and writes.

Encourage her to use words she learns in school on a regular basis. Make it into a game by having her track how many times she says a new science term for a week—and then she can try to beat her "score" by using a social studies term the next week.

When she studies, she might have fun illustrating new words (say, a brick wall for a *barricade*). Or she could list related words, such as *police* and *cautious* for *vigilant*. Hanging the pictures or lists over her desk can make the words become familiar—*and* a part of her vocabulary.

Jazzed about learning

Help your child find fresh ways to get motivated for a new school year. Try these three suggestions.

1. Talk about how classes will help her outside of school. For example, an economics unit could help her manage money. Or if she's learning Spanish, she'll be able to talk to neighbors or storekeepers who speak Spanish.

2. Enthusiasm is contagious, so show excitement about what your tween is studying. Ask about math topics she's working on, or let her describe a new form of poetry that she read.

3. Point out connections to current events and the latest technology. You might show her an article about the Mars rover if she's studying the solar system or suggest that she look for a drawing app if she's taking art.

Parent to Parent Cyber "health"

I was surprised when I took my son Sam for a checkup and our pediatrician brought up cyber safety. My friends all seem to have different rules for their kids about computers and phones, so I was interested in hearing the doctor's thoughts. He said he is in favor of keeping laptops in the family room or kitchen where parents can supervise children online, and he thinks it's a good idea to set up parental controls on kids' phones.

At home, I brought up the issue again with Sam. I told him that he isn't allowed to share personal information or chat with strangers online. And I explained that because it's my job to make sure he's safe, I need to be around when he uses the computer. He doesn't have a phone yet, but when he gets one, I'm going to look into the safety features that are available.

It was good to hear this information from someone we trust. Now even though his friends might not have the same rules as he does, at least my son got to hear the doctor's professional opinion.

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.

Appomattox Middle School Raiders are **READING**!

The 2014-2015 school year brought many changes to AMS. One of these changes is the addition of a new reading block to all students' schedules. During this time, students read a self-selected book, discuss their book with their teachers and class-mates, take Accelerated Reader tests, and explore new book op-tions.

This additional reading time provides students with a structured environment to gain more confidence in their reading abilities. In addition, it allows students and teachers to interact and discuss literature in new ways. Here's what the students and staff at AMS have to say about Raiders Read!

"Books are the quietest and most constant of friends; they are the most accessible and wisest of counselors, and the most patient of teachers. "

- Charles W. Eliot

"I love raiders read because it gives the students a chance in the day to really sit down and read without being interrupted or distracted!"

-Mrs. Robertson

6th Grade Math

"The benefits of Raiders Read will seep into every aspect of each student's life as they interact with text that fits their reading level and interest on a daily basis."

-Mrs. Daily

7th Grade Science

"I love to read! Raiders Read gives me a chance to do that every day."

-Alexis Kennon

6th Grade Student

"Raiders Read gives me a chance to just enjoy reading. I love it."

-John Lauter

8th Grade Student

"Become Cartographers"

Mrs. Fort and Mrs. Armstrong's History Classes Become Cartographers

As an introduction to our U. S. History, students become familiar with the basics of geography by creating their own globe. Students began their project by drawing and labeling lines of latitude and longitude by plotting the coordinate points that represented each continent. Students labeled the continents and the five oceans and had several challenge options that they could have incorporated into their globe project.

3D SCULPTURE

THIS YEAR AMS IS OFFERING A NEW ENCORE CLASS, 3D SCULPTURE. STUDENTS SEEM EXCITED TO LEARN MORE ABOUT CREATING ART FORMS THAT CONCENTRATE PRIMARILY ON THREE-DIMENSIONAL ASPECTS. TO GET THINGS STARTED STUDENTS ARE EXPERIMENTING WITH PAPIER-MÂCHÉ' WHILE CREATING A BIRD FORM. MULTIPLE FINISHING TECHNIQUES WERE OFFERED INCLUDING DECOUPAGING WITH MAGAZINES OR RECYCLED BOOKS AND PAINTING WITH ACRYLICS.

STOP GERMS! STAY HEALTHY! WASH YOUR HANDS!

WHEN?

KEEPING HANDS CLEAN IS ONE OF THE MOST IMPORTANT THINGS WE CAN DO TO STOP THE SPREAD OF GERMS AND STAY HEALTHY.

- BEFORE, DURING AND AFTER PREPARING FOOD
- BEFORE EATING FOOD
- BEFORE AND AFTER CARING FOR SOMEONE WHO IS SICK
- BEFORE AND AFTER TREATING A CUT OR WOUND
- AFTER USING THE TOILET
- AFTER CHANGING DIAPERS OR CLEANING UP A CHILD WHO HAS USED THE TOILET
- AFTER BLOWING YOUR NOSE, COUGHING, OR SNEEZING
- AFTER TOUCHING AN ANIMAL, ANIMAL FEED, OR ANIMAL WASTE
- AFTER HANDLING PET FOOD OR PET TREATS

HOW?

* **WET** YOUR HANDS WITH CLEAN, RUNNING WATER (WARM OR COLD), TURN OFF THE TAP, AND APPLY SOAP

* **LATHER** YOUR HANDS BY RUBBING THEM TOGETHER WITH THE SOAP. BE SURE TO LATHER THE BACK OF YOUR HANDS, BETWEEN YOUR FINGERS, AND UNDER YOUR NAILS

* **SCRUB** YOUR HANDS FOR AT LEAST 20 SECONDS. NEED A TIMER? HUM THE "HAPPY BIRTHDAY" SONG FROM BEGINNING TO END TWICE

* **RINSE** YOUR HANDS WELL UNDER CLEAN, RUNNING WATER

* **DRY** YOUR HANDS USING A CLEAN TOWEL OR AIR DRY THEM

The Data Made Me Do It! Using Data for Continuous School Improvement
Patte Barth, Director, Center for Public Education at NSBA

Data is fundamental to effective school board governance. Yet many school board members aren't experts in education data. Explore how school boards can use data to set goals, align resources, and monitor actions to improve outcomes for their students. Learn how boards are increasingly using data to inform their decisions about student achievement. This workshop was developed by NSBA's Center for Public Education in partnership with state school boards associations in California, Illinois and Michigan.

Does School Board Leadership Matter?
Amber Northern, Vice President for Research, Thomas B. Fordham Institute

What role do school boards play in student achievement? Does it matter when and how board elections are held? Is a board member's political ideology and background linked to his or her knowledge of the district? Join Amber Northern, vice president for research at the Thomas B. Fordham Institute, as she discusses the findings in Does School Board Leadership Matter?, a study on the capacity of local school board members to lead their districts effectively. Culling results from a national survey data of school board members, Northern concludes that school board members and their attitudes do matter—and therefore it's important to take seriously who gets elected and how that is done.

The topic of this session will be The Power of Magnetic Leadership. If you have weak or non-existent leadership in your organization, it is like spraying a big can of people repellent into the air that your employees breathe. You kill creativity, productivity, and the spark that motivates your team. The good news is you can become a magnetic leader—that force that attracts others.

VSBA Early Bird Sessions

Wednesday, November 19, 2014

9:30 a.m.—Noon

Anatomy of a School Board Disciplinary Hearing

Members of the VSBA Council of School Attorneys will present a comprehensive training designed to help school board members understand the substantive and procedural law governing student disciplinary hearings, implement appropriate procedural guidelines, document board action for potential legal challenges, and develop strategies to conduct fair hearings within practical limitations. Attendees will be entertained with a "live disciplinary hearing", during which the participants will confront many of the challenges which arise in such hearings. This training will also provide many practical tips and "no-no's" gleaned from the collective experience of the panel members. Moderated by Mary McGowan, a partner with the law firm of Blankingship and Keith.

Parliamentary Procedures

Can one ever have too much training on parliamentary procedure? Never, you say? Here is a three-hour hands-on session that will help you become more efficient and your board more efficient. Presented by Carlos Clanton, executive director for the Office of Community Engagement & Strategic Partnerships for Norfolk Public Schools and the Norfolk Education Foundation, and policies & procedures chair for the National Urban League Young Professionals.

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier Today

Prior to the Board Meeting, School Board Members spent the day touring school facilities. (See Attachment # 11) They were accompanied by central office administrators and Delegate Matthew Fariss. Dr. Grasty requested Board Members share their comments regarding the tour.

Mr. Smith stated it was a great tour and progress in instruction was evident. He was amazed by the use of technology and the comfort level of our students as he thanked Mr. Brette Arbogast, Director of Technology and CTE, and his staff for the excellent job they are performing.

Mr. Torrence was complimentary of teachers reaching out to students to engage them in learning. He was also complimentary of Delegate Fariss, his interest in education, and his interaction with our students and the programs that were visited during the tour. Mr. Smith recommended a letter of appreciation be sent to Mr. Fariss. Dr. Grasty noted a letter would be mailed.

Rev. Jones noted it was wonderful to see how teachers are thinking out of the box as instruction has moved from teacher centered to student centered. He was also impressed with the Trout Program at the Alternative Education Center.

Mr. Waddell was impressed with student engagement and computer based instruction. He noted reinstating the Auto Mechanics Program was a step in the right direction as the ASE and State Inspection Programs are being incorporated. He also voiced high praise for the Robotics Program.

Rev. Williams pointed out the enthusiasm of the newest principal in our school division, Ms. Michele West.

Dr. Grasty thanked the administrators and teachers for providing a great tour and working hard every day to offer exemplary learning experiences for our students.

Membership Report

The superintendent provided the August 31, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,184 students. This compares to a budgeted ADM of 2,215. (See Attachment # 12) Dr. Grasty noted enrollment is being monitored as it continues to fluctuate.

VSBA and NSBA Activities

A VSBA Hot Topic Conference will be held in Charlottesville on October 3, 2014. The registration fee is $140.00. Mr. Waddell and Mr. Arbogast are registered to attend.

The 2014 VSBA Annual Convention will be held in Williamsburg, November 19 - 21, 2014. The registration fee is $250.00 and the deadline is November 7, 2014. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported he continues to monitor enrollment and expenditures. He noted, at this point everything was looking good and a detailed financial report would be provided in October concerning first quarter revenues and expenditures.

Technology Update

Mr. Brette Arbogast, Director of Technology and CTE, provided an update concerning technology across the school division. (See Attachment # 13)

Annual Review of Crisis Management Plans

Dr. Michael Jones, School Psychologist, provided the annual review of the Crisis Management Plans for Appomattox County Public Schools. He noted

contact information is current, policies have been reviewed, and updated copies of the county plan have been distributed to all principals and assistant principals.

ACPS Annual Report 2013-2014

The superintendent distributed copies of the "Appomattox County Public Schools Annual Report 2013-2014" to Board Members. (See Attachment # 14)

Update on Flu Clinics

Dr. Grasty reported FluMist Clinics for students will be held in our schools as follow:

1.)	ACHS	–	October 6, 2014	–	10:00 a.m.
2.)	AES	–	October 8, 2014	–	9:00 a.m.
3.)	APS	–	October 10, 2014	–	9:00 a.m.
4.)	AMS	–	October 10, 2014	–	11:00 a.m.

She also reported the Flu Vaccine Clinic for staff will be conducted October 14, 2014 from 2:00 to 4:00 p.m. in the School Administration Building.

Joint Meeting with Appomattox County Board of Supervisors

A joint meeting of the Appomattox County School Board and Appomattox County Board of Supervisors will be held Tuesday, October 28, 2014 at 5:00 p.m. in the School Administration Building. Dr. Grasty requested input from Board Members concerning information they wish to have included in her presentation. Mr. Smith suggested the information in the 2013-2014 Annual Report be shared.

2014 Newsletter-September ***"Where Learning takes Flight....."***

From the desk of the Principal, Michele West.....

We have the pleasure of educating your child. It is fall and we're excited about the new adventures planned for your child.

Regardless of the grade level, you will be amazed at all the things your child will learn this year. I'm sure you're thinking back to our Second Grade and First Grade Orientation Nights facilitated by APS teachers. Our teachers shared grade leveled expectations and information that will help you learn more about your child's curriculum. A very special thanks to all who attended and helped make these nights a huge success.

APS Kindergarten Orientation Night is scheduled for September 30, 2014 at 6:00 pm. Our kindergarten teachers are prepared to share our kindergarten routines and strategies that will help you work with your child at home.

On Thursday, September 25, 2014, school board members, Dr. Grasty, members of the community, and Central Office staff visited APS on a tour.

The tour was guided by APS second graders. School board members were given a brochure with an outline of things they would see during their visit. The brochure also included student input regarding cool things they're learning/doing at APS. I am glad our school board members had an opportunity to see how our primary students navigate in the school environment and see how students matured since the beginning of the school year.

I was proud that our school board members visited classrooms and observed students in kindergarten already thinking about what they'd like to be when they grow up. They even created a graph that represented the most popular career in the class. To continue on their journey, visits were made to the reading center where students utilized IPADS during reading. Second grade students maneuvered word-study sorts and explored patterns and features of words. First grade students explored and interacted with the teacher to identify sentences while manipulating the Promethean Board. In the reading center, students read aloud books and experienced games that enhanced reading comprehension. Dr. Grasty and Mr. Smith were given the opportunity to partner and challenge students understanding of reading skills. Our technology continues to expand and evolve to meet the ever-changing needs of our staff and students.

Appomattox Elementary School is fully accredited! Most importantly, Appomattox Primary is part of this success because we challenge students and provide a firm learning foundation in our children. Even though we're fully accredited, our work is just beginning. Our goal is to remain accredited. We're already on our way. Our staff works tirelessly and the success of your child would not be possible without their willingness to learn. We've been attending trainings, implementing new components to lesson planning, and unpacking the VA Standards of Learning.

APS teachers work hard during and after school. If you attended the Appomattox JV Football game on Thursday, September 18, 2014, you had an opportunity to hear the National Anthem. The National Anthem was sung by none other than Mrs. Haskins, Mrs. K. Harris, Mrs. Jennifer Royal, and Mrs. Autumn Thompson. The harmony was out of this world! A very special thanks to Mrs. Susan Atkinson for making this possible.

So many terrific things are happening at APS. Ms. Crewe's, our PE teacher, is working very hard with Longwood University in painting a map outside our movement room. What a great way for students to experience learning.

One of many goals include running the VA Ten Miler. This is my third year running ten miles and even though it's a challenge, it's one I thoroughly enjoy. I say this because I'm proud that Mrs. Kelley Hall ran in the VA Ten Miler. There's probably more of our APS staff who ran the Four or Ten Miler on Saturday and I'm proud of every one of them. We learn in and outside of school.

If your child brings a book to school on October 31, 2014, they'll be able to dress up as their favorite fairytale book character. In following the rules, please no toy weapons allowed and non-scary costumes.

There are many needs for extended learning opportunities for our students, both remediation and enrichment. If you are interested in volunteering at APS or becoming a Lunch Buddy, please contact the office and/or our school counselor.

Each and every one of us (parents, students, staff, and community) serve an important purpose in our school. Join the PTO.

We look forward to providing students with additional expanded learning opportunities throughout the school year.

Sincerely,

Ms. Michele West; Principal

APS will once again participate in the **Box Tops for Education** Program. Attached is a blank sheet for your convenience. Please send in completed sheets with your child's name and homeroom. If you need more sheets, contact your child's teacher or stop by the school office to obtain more sheets. The class that collects the most in each grade level will receive a "treat." **Box Tops** money is used to purchase books, AR rewards and other items for the students. Please contact **Susan Atkinson, the Box Tops coordinator** if you have any questions.

Liberty Baptist Church is hosting a "Trunk or Treat" event on October 31st from 6:30 – 8:00 p.m. and it will be held at the Appomattox Primary School in the parking lot. Parents may park in the front staff parking or the side parking lot next to the office. The church will have sufficient volunteers there to assist you in where the cars begin and end. Hope to see you there!

Music News-

Music liftoff has been quite successful as students are busy singing, playing instruments and preparing for performances and generally having a great time during music resource classes. Colors have been floating in the air as Kindergarten waves bright scarves to delightful tunes! The Star-Spangled Banner has been heard many mornings as Second Grade classes rehearse for their JV Football game performance at the high school. The Star-Spangled Banner has been heard many mornings as second grade classes rehearse for their JV Football game performance at the High School on October 30th. Patriotic music will continue to be stressed as Grade 2 also prepares for their November 17th PTO performance, "A Tribute to Our Veterans." Permission slips were sent home September 15th for the Star-Spangled Banner event. Slips will also be sent home in the near future for Grade 2 PTO performance. It's a busy year and little musicians are off to a flying start. ***When sending home permission slips, please remember to keep the top portion and cut off the bottom permission portion to send to school." The top portion comes in handy if placed on the "fridge" with a magnet. You can refer this this note for times, attire information, and etc.* Packets of lyric sheets for songs will most likely be sent home with your child to practice for the PTO performance. Please help your performer keep these in a safe place and practice when you can! Thank you in advance for your help.

PTO PREFORMANCE SCHEDULE IS AS FOLLOWS:

November 17, 2014: Grade 2 performs "(A Tribute to our Veterans")

March 23, 2015: Grade 1 performs

May 4, 2015 – Kindergarten performs

Thank you for sending your awesome students to APS where I have the privilege of teaching and enjoying music with each of them! I firmly believe that there is a musician inside each and every child and will do my very best to bring it out! Please feel free to contact me if necessary. You can reach me via email at jdmorrison@appomattox.k12.va.us. I look forward to a year where music absolutely takes flight and soars!

Sincerely,
Judy Morrison; APS Music Resource Teacher

ACHS Raiders Rock!!

It's already October?!?

It is hard to believe we are in the middle of October. With such an early start in August, it seemed as if the summer was just beginning. We have had such an exciting year at ACHS so far!! Our students continue to excel in the classroom and in extracurricular activities. We had 67 students make the Principal's List Honor Roll with all A's for the first 9-weeks and over 215 students make the A/B Honor Roll. Congratulations to all who work hard!

Our student activities and athletics continue to soar as our Golf Team have been honored as Courthouse Conference Champions, Region 2A West Champions, and now, STATE CHAMPS! Our ACHS FFA Chapter is Number One in the State of Virginia, and our Agricultural Department was selected as one of the Top Six programs in the Nation. We are so proud of all of our sports and activities. It is exciting to be the Principal of such an incredible group of students and staff.

Our SOL testing window for fall testing is very tight this year. We will host English 11 Writing on October 21 – 24. All End of Course (EOC), SOL tests retakes, and make-ups will be completed between December 2 and December 16. Please assure your student is in attendance for all school days in December to give them the opportunity to take and do well on their assigned SOL test. Each student is encouraged to continue to put academics first! Take time to study each night, and ask for extra help when needed. Families, please make sure your students get a good night's rest and eat a substantial breakfast on test days. I am confident each student will put forth his or her best effort during our SOL testing period.

ACHS has done so well in the past several years to decrease the drop-out rate, increase the On Time Graduation Index, and increase student success on SOL tests. The staff at our school know this is a TEAM effort for the staff, students, and family to continue to work with all students, encourage them to do the best they can, and to see them succeed. We have remediation sessions set up for November and will do the best we can to work with each individual student. Attendance is incredibly important in order for the instruction to have the greatest impact.

The winter season brings a transition to our winter athletics and activities. The first day for winter sports try-outs is on Monday, November 10. Our Band and Chorus groups will perform on Thursday, December 11. Students will take semester exams and have early dismissals on Wednesday, December 17 (1st and 3rd blocks) and Thursday, December 18 (2nd and 4th blocks). Please do NOT plan to pick your student up DURING the exam time of 8:15 – 10:30 and then 11:05 – 1:15. The students are off on Friday, December 19 through Monday, January 5 for Winter Break. Students return to school on Tuesday, January 6, and second semester begins.

As we enter the Holiday Season, I would like to leave you with a quote by Melody Beattie: "Gratitude unlocks the fullness of life. It turns what we have into enough and more. It turns denial into acceptance, chaos to order, and confusion to clarity. It can turn a meal into a feast, a house into a home, and a stranger into a friend. Gratitude helps us make sense of our past, brings peace for today, and creates a vision for tomorrow." I am incredibly thankful for each member of the Appomattox Community. Thank you to parents, students, teachers, staff, and community members who provide support, encouragement, and assistance to Appomattox County High School. You are all an extension of our school family. I appreciate all you do to make Appomattox the best school ever!!

Educationally Yours - Martha J. Eagle, Ed.D.

French Club's visit to Paris!

On June 23rd, 2014 the ACHS French Club left for the Dulles International Airport in Dulles, Virginia, to depart for an eight day trip to Paris, France. We arrived at the Charles de Gaulle Airport the next morning where we were taken by bus to our hotel in Bobigny, a suburb just outside of the city. We put our things down and jumped on a train for a short ride into the city center. There we explored the Latin Quarter, a popular area for students and young people, checked out the Notre Dame Cathedral, and had dinner in a café. Although their eyes were drooping with fatigue, all nine students and four chaperones took as many pictures as they could of the exciting sights.

The next day we checked out some Parisian landmarks such as the Opéra and the Arc de Triomphe, and then, we headed out to the castle of Versailles (see picture attached of students standing in front of its front gates). The following days included visits to the Louvre and the Musée d'Orsay to check out some art, a visit to a perfume factory/shop, a river cruise on the Seine, and lots of café sitting and pretending to be Parisian for a week!

The students dined in various restaurants that gave them a feel for some of the many different types of cuisines that thrive in The City of Light. They stopped in several boulangeries and pâtisseries to try some of the delicious croissants and pastries that they had heard so much about. They did some shopping on the Rue Mouffetard (where some of our girls met a famous instagrammer!) and strolled along the Champs-Elysées. Students ordered from crêpe stands, asked about souvenir prices, and so on while practicing their French. It was a true language immersion.

When the night of the Eiffel Tower ascension finally arrived, some of the students were scared and some of them were excited to go all the way to the top, but all would agree now that they are glad they went up there, where one can truly see and understand from atop why this city is thought to be the most beautiful in the world by so many. New friendships were made with students traveling with us from other American schools, as old ones were strengthened from within our group of 13. It was a memorable trip for all and a wonderful experience to have- truly the trip of a lifetime.

SENIORS

CLASS OF 2015

SENIORS' BREAKFAST

One hundred seventy-five seniors at ACHS gathered in the cafeteria on the morning of September 16th to discuss the big things happening in their final year of high school. A great breakfast of donuts, bagels, and fruit was brought in for everyone to eat while information was being handed out. After everyone had gotten their food and settled down, the senior class officers were introduced and started telling everyone about the need to know information and how to get involved this year. This information including voting on what our senior T-shirts were going to look like, a way to sign up get reminders sent to you about important information, upcoming fundraisers, and the most exciting, our class trip to Williamsburg. After all this was announced, Mrs. Rothgeb came up and talked about the important reminders for yearbook, such as when formal and casual pictures were due, when best friend and sibling pictures needed to be taken, and information about our quotes and stats. Then, Mrs. Hall started talking about colleges and application due date reminders and things about our future. She told us things that will help us and make it easier and less scary for us. As a wrap up, a final reminder about the text reminders and our social media sites was given, and everyone was sent back to class. Even though these seniors are going to be making tough decisions about their life very soon, officers and teachers are trying their hardest to make everything go as smoothly as possible in their last year of high school. -Hannah Royal

College Boot Camps

The process of applying to college can be overwhelming and stressful for seniors. In an effort to help make the process easier the guidance department will be hosting "College Boot Camps" during the month of October. The sessions will be held October 22 and 29 from 3:30 to 5:00 in the computer lab located across from the ACHS library. During the "Boot Camps" students will have access to computers and counselors will be available to help with SAT/ACT sign-ups, college options, college applications, college essays, etc.

Appomattox Students Engage in Essay Project for the 150th Anniversary of the Surrender

About 25 eleventh grade students at Appomattox County High School are embarking on an essay project for the 150th anniversary of the surrender that brought the Civil War to an end. The project is designed to help them make connections between the surrender that took place in the old village of Appomattox Court House in 1865 and their lives today. This project is the result of a three way partnership of the Carver-Price Legacy Museum, Appomattox County High School, and Appomattox Court House NHP.

Discovering Science

Earth Science students from Ms. Davis's and Mr. Conkwright's classes participated in a field trip to Earthen Paradise. This trip reinforced student knowledge concerning mineral identification, formation, uses, and discovery. Students were given a tour of museum quality minerals and jewelry created with breathtaking specimens.

Students used the flume to 'unearth' minerals buried in sand.

Mineral identification was completed using student knowledge, teacher guidance, and reference minerals.

Students were also able to break their own geode and discover the contents. Everyone kept their discoveries and many students expressed a desire to start their own collections.

FFA HARD AT WORK

The FFA chapter kicked off its annual program of activities in July at the summer officer retreat. The officer team spent several days developing their potential for premier leadership by strengthening teammate bonds, setting goals for the year, and laying the foundation for major chapter events. In late August, the FFA chapter volunteered at the Appomattox Farm Bureau Young Farmers' Tractor Pull. Members helped to direct traffic and collect tickets. Afterwards, we enjoyed the show!

September has been a busy month for the chapter. Career success has been a major focus. Cory Hodges represented the chapter at the State Small Engine Troubleshooting Career Development Event (CDE). Cory is the state champion in his contest! Cody Sams and CJ Paulette also advanced to the state level in Tractor Troubleshooting. After a grueling event, Cody and CJ narrowly placed third in the state. Adam Fleshman, Oralia De La Cruz, Stella Mason, Dylan Geesaman, Krishon Preston, Jimmy Brightwell, and Thomas Hendricks competed at the State Fair Crops Judging Contest and did well.

Our Forestry Field Day team also participated in the State Fair contest. Cody Sams, CJ Paulette, Luke Horne, Taylor Archer, Justin Pickeral, Blake Page and Andrew Sams represented the chapter in a fine fashion. The HUB Federation Forestry Judging Contest at Sweet Briar College was a great way to finish the month. Team members that participated were CJ Paulette, Adam Fleshman, Michael Prue, Frankie Hoffman, Andrea Hodges, and Angel Warren.

During the month of September, the chapter had an exciting flag football game after the first activity night. All members are encouraged to come to the after school activity night meetings. During school, members enjoyed the FFA tailgate themed club day meeting. -Ed McCann

Dianne Durkin

President and Founder of Loyalty Factor

The topic of this session will be The Power of Magnetic Leadership. If you have weak or non-existent leadership in your organization, it is like spraying a big can of people repellent into the air that your employees breathe. You kill creativity, productivity, and the spark that motivates your team. The good news is you can become a magnetic leader—that force that attracts others.

VSBA Early Bird Sessions

Wednesday, November 19, 2014

9:30 a.m.—Noon

Anatomy of a School Board Disciplinary Hearing

Members of the VSBA Council of School Attorneys will present a comprehensive training designed to help school board members understand the substantive and procedural law governing student disciplinary hearings, implement appropriate procedural guidelines, document board action for potential legal challenges, and develop strategies to conduct fair hearings within practical limitations. Attendees will be entertained with a "live disciplinary hearing", during which the participants will confront many of the challenges which arise in such hearings. This training will also provide many practical tips and "no-no's" gleaned from the collective experience of the panel members. Moderated by Mary McGowan, a partner with the law firm of Blankingship and Keith.

Parliamentary Procedures

Can one ever have too much training on parliamentary procedure? Never, you say? Here is a three-hour hands-on session that will help you become more efficient and your board more efficient. Presented by Carlos Clanton, executive director for the Office of Community Engagement & Strategic Partnerships for Norfolk Public Schools and the Norfolk Education Foundation, and policies & procedures chair for the National Urban League Young Professionals.

VSBA High School Video Contest

The VSBA is asking students to express their thoughts and ideas. Schools are invited to submit a 30-second video that conveys the contest theme, "Virginia, we are one." The top three videos will be shown during the Opening General Session and will be posted on VSBA's YouTube site. The deadline for submissions is October 1. **Click here** for more information: http://www.vaschoolboards.org/images/uploads/Conferences/2014VSBAVideoContest.pdf

VSBA Exhibition of School Architecture

From ambience and multi-functionality to sustainable design and security, there is a direct relationship between good design and effective teaching and learning. The VSBA Exhibition of School Architecture gives you the opportunity to see this in action. Category awards will be given, and the People's Choice Award will be judged from the project display boards shown during the Annual Convention, with the winner being announced at the Closing General Session on Friday morning. **More information** is available at http://www.vaschoolboards.org/images/uploads/conferences/VSBASchoolArchitecture_2014.pdf

Thank you for your support of our School System

If you think in terms of 1 year, plant a seed.

If you think in terms of 10 years, plant a tree.

If you think in terms of 100 years, teach the people.

From our 2012-18 Comprehensive Plan

- ACPS staff will engage every student in meaningful, authentic, and rigorous work with high expectations through the use of innovative instructional practices, a guaranteed curriculum, and supportive technologies that will motivate students to be self-directed and hard-working in a professional learning community.

2014-15 Accreditation – based on 2013-14 tests

- State & Federal:
- APS & AES are fully accredited by the state.
- AMS is accredited with warning in English (Year 2) and requires an Improvement Plan on the state level.
- ACHS is accredited with warning in Math (Year 1) and requires an Improvement Plan on the state level.
- On the federal level, APS, AES, and ACHS are fully accredited.
- On the federal level, AMS met 26 of 28 of the Federal Annual Measurable Objectives (FAMO); AMS did not meet FAMOs in 1 subgroup (SWD) in English & Math.

Requirements for Accreditation

- **Fully Accredited**
- Elementary and middle schools are **Fully Accredited** if students achieve all of the following pass rates:
- English — 75 percent or higher
- Mathematics — 70 percent or higher
- Science — 70 percent or higher
- History — 70 percent or higher

VA Accreditation continued:

- High schools are **Fully Accredited** if:
- Students achieve pass rates of 75 percent or higher in English and
- 70 percent or higher in mathematics, science and history; and
- Attain a point value of 85 or greater based on the Graduation and Completion Index (GCI).

VA:

- **Accredited with Warning**
- A school receives an Accredited with Warning rating if its adjusted pass rates for the four core subjects are below the achievement levels required for full accreditation. Schools that receive this rating undergo academic reviews and are required to adopt and implement school improvement plans. Schools that are warned in English and/or mathematics are also required to adopt instructional programs proven by research to be effective in raising achievement in these subjects. A school may hold this rating for no more than three consecutive years.

VA Accreditation Benchmarks

Subject	***Grades 3-5***	***Grades 6-8***	***Grades 9-12***
English	75	75	75
Mathematics	70	70	70
Science	70	70	70
History	70	70	70

- *Note: Ratings for the 2014-2015 school year are based on achievement during 2013-2014 or on average achievement during the three most recent school years.*

Graduation & Completion Index (GCI)

- The GCI calculation comprises students in the cohort of expected on-time graduates (students who were first-time ninth graders four years earlier, plus transfers in and minus transfers out) and students carried over from previous cohorts.
- A GCI of at least 85 is required for full accreditation. High schools are eligible for a rating of provisionally accredited-graduation rate until 2015-2016.

2014-15 Accreditation Ratings Reflect Higher Standards for Students & Schools

- The percentage of schools meeting state accreditation standards declined for a second consecutive year as a consequence of the growing impact of more rigorous reading, writing, science and mathematics Standards of Learning (SOL) tests introduced since 2011.
- 68%, or 1,246, of Virginia's 1,827 public schools are rated as Fully Accredited for 2014-2015 compared with 77% for 2013-2014, and 93% for 2012-2013. The number of schools Accredited with Warning rose to 545, an increase from last year's total of 393. The drop in accreditation came despite statewide improvements in mathematics performance and hundreds of schools that also saw incremental gains in reading, writing and science.
- 22 of 136 school divisions have all schools fully accredited.

Federal Benchmarks – Annual Measurable Objectives (AMOs)

- The AMOs represent the percentage of students within each subgroup that must pass SOL tests in reading and mathematics in order to substantially reduce the gap between students in high performing and low-performing schools. While the AMOs are intended as yearly goals for low-performing schools, all schools are expected to meet or exceed the objectives.

Separate AMOs have been set for student subgroups, including Proficiency Gap Groups

- **Proficiency Gap Group 1** — Students with disabilities, limited-English proficient students and economically disadvantaged students, regardless of race and ethnicity (unduplicated)
- **Proficiency Gap Group 2** — African-American students, not of Hispanic origin, including those also counted in Proficiency Gap Group 1
- **Proficiency Gap Group 3** — Hispanic students, of one or more races, including those also counted in Proficiency Gap Group 1

October is National Farm to School Month. Our cafeterias served locally grown apples and sweet potatoes. The sweet potatoes were from a farm to school partnership with New Beginnings Farm in Charlotte Court House.

Food Waste & Recycling

*AES & AMS have sharing programs where students place unwanted fruit or milk aside in location to be shared with others who would like additional food.

- Unwanted items are thrown away at the end of each lunch period.

*ACHS provides a wide selection of fruits and vegetables to combat food waste.

*ACPS has coordinated a recycling program at all schools in order to keep dumpsters low of fillers, such as paper and cardboard. This requires paying 2 employees to load the items 3 times per week (36 hours per month at a cost of $800 per month). In the last year, we have recycled approximately 10 tons of cardboard and 14 tons of mixed paper.

* We also recycle metal scraps.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the September 30, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,179 students. This compares to a budgeted ADM of 2,215. (See Attachment # 12)

VSBA and NSBA Activities

Mr. Waddell and Mr. Brette Arbogast, Director of Technology and CTE, attended a VSBA Hot Topic Conference held in Charlottesville on October 3, 2014. Mr. Waddell stated it was a good workshop that was somewhat redundant. He noted it would take a full time employee to handle the depth of analysis discussed at this meeting regarding the poverty and non-poverty levels. Mr. Arbogast pointed out how fortunate we are to have the Data Coaches in our school division who are addressing analysis.

The 2014 VSBA Annual Convention will be held in Williamsburg, November 19 - 21, 2014. The registration fee is $250.00 and the deadline is November 7, 2014. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the quarterly financial update. (See Attachments # 13 and # 14) Highlights from Mr. McMillan's report include:

1. Current expenditures are in line with prior year expenses. September 2014 expenses were $90,000.00 more than September 2013 due to reinstated teaching positions and a 24% increase in Virginia Retirement System (VRS) costs.
2. Revenue is based upon Average Daily Membership (ADM).
3. ADM is reported to the Virginia Department of Education at the end of March and September.
4. Our total funded ADM was 2240 as of March 31, 2014.
5. Our total funded ADM was 2179 as of September 30, 2014.
6. The State predicted our ADM would be 2235.
7. The 2014-2015 Budget was based on a conservative ADM of 2215 which is 36 students more than our September 30, 2014 ADM of 2179. This results in a revenue reduction of $183,318.00.

8. The 2014-2015 Budget contains a 2% cushion to handle unexpected emergencies which will cover the $183,318.00 revenue loss.
9. Principals have been directed to curb unnecessary spending.

With the upcoming development of the 2015-2016 School Budget, Mr. Smith encouraged teachers and staff to attend School Board Meetings and Board of Supervisors Meeting to voice the needs of the school division. Rev. Williams emphasized the importance of school personnel, parents, and children being in attendance at Board of Supervisors Meetings.

Dr. Grasty invited staff to attend the Joint Board Meeting on October 28, 2014 at which time members of the Appomattox County Board of Supervisors will be in attendance. She also encouraged attendance at the November 13, 2014 School Board Meeting which will also be the Public Comment Session for the 2015-2016 School Budget.

Class Size Reports from Each School

Mrs. Annette Bennett, Director of Curriculum and Instruction, reviewed the Class Size Reports from each school (See Attachments # 15, # 16, # 17, and # 18) and shared the following highlights:

High School -
1. An English position was reinstated this year.
2. A Science class was traded for another Math class; however, there is still concern about class sizes for Geometry and Algebra I.

Middle School –
1. Students are being taken out of encore classes for remediation which has resulted in some encore classes having fewer students than normal.
2. A new schedule is being considered at the middle school that will allow students to attend encore classes as well as remediation.

Mr. Torrence asked if block scheduling is our only option as 90 minute classes are long. Mrs. Bennett noted there are other options. Middle school staff are just beginning to review and analyze a new schedule

Profile of SAT Testers at Appomattox County High School

Mrs. Bennett also reviewed the Profile of SAT Testers at Appomattox County High School as compared to the other school divisions in Region 8. She was pleased to report our students are very competitive in our region as they lead

in critical thinking, were in the top four in math, and sixth in writing. (See Attachment # 19)

K-3 Primary Class Size Reduction Program Reports for Fiscal Year 2015

Mrs. Bennett presented the K-3 Primary Class Size Reduction Program Report for Fiscal Year 2015. She was pleased to report notification had been received from the Virginia Department of Education that we are eligible for K-3 Funds based upon information submitted in this report. (See Attachment # 20)

ACCESS Pilot Project Update

Mrs. Bennett provided an update concerning the ACCESS Pilot Project. She stated forty-nine teachers from all of our schools have been trained to provide Project Based Learning activities for our students. The ACCESS Team meets once a month, after school, to share ideas for projects, assist one another in planning and fine tuning projects, and explore new strategies in assessments as well as other critical components.

2015-2016 Calendar Discussion

Mrs. Bennett reported a Calendar Committee, consisting of representatives from each school, has been formed and is beginning to meet to develop several 2015-2016 Calendars to present to the Board in December. She stated she is investigating a permanent Pre-Labor Day Waiver to prevent Pre-Labor Day openings from impacting the school calendar each year. Mrs. Bennett requested Board Members contact her should they have requests of the Calendar Committee. Rev. Williams noted it would not be his preference to change the calendar from the early August start date after only one year.

Presentation from Instructional Data Coaches

Mrs. Bennett was pleased to introduce Instructional Data Coaches, Lynne Lindsay (assigned to the primary and elementary schools), Allison Maxwell (assigned to the high school), and Stephanie Totty (assigned to the middle school) who presented “Mapping Out the Instructional Data Coach’s Support of School Improvement.” They provided an overview of their work with data analysis, unpacking SOLs, lesson plans, curriculum alignment, and supporting teachers. Mrs. Bennett emphasized the tasks of the Data Coaches are not easy as it is hard work and work required for school improvement. She stated the Data Coaches will provide a progress report to the Board during the middle of the school year and again at the end of the year.

School Improvement Process Update for AMS and ACHS

Mrs. Bennett provided an update concerning the School Improvement Process for our middle and high schools. The middle school is in Year 2 for English and the high school is in Year 1 for Math. This process involves mandated state training for administrators and realignment of curriculum and lesson plans.

Fall Maintenance Update

Mr. Timmy Garrett, Maintenance Supervisor, provided a Power Point Presentation detailing the security measures that have been added in our schools, the many projects accomplished during the summer, and the current maintenance needs that are being addressed by his department. (See Attachment # 21)

Presentation and Request from ACPS Marching Band

Mr. Bryan Allgood, Band Director, presented information concerning the Appomattox County Public Schools Marching Band and requested funding support from the Board for the band to attend The Brick Capital Band Classic in Sanford, North Carolina on November 1, 2014. (See Attachment # 22)

Update on School / Business Partnerships

The superintendent provided School/Business Partnerships that are in place for the 2014-2015 school year. (See Attachments # 23, # 24, # 25, & # 26)

Preparation for 2015 Board Meeting Calendar

Dr. Grasty stated a draft of the 2015 Board Meeting Calendar will be presented at the November 13, 2014 Regular Monthly Business Meeting and requested direction from the Board concerning the development of the calendar. It was the consensus of the Board that the 2015 calendar should be similar to the current 2014 calendar and incorporate the following:

- A full-day tour of the schools would be conducted in the spring and fall. The spring tour would include school staff. Elected officials would be invited to accompany staff from the school division for the fall tour.
- Move the fall Joint Meeting with the Board of Supervisors to early November.
- Begin the meetings at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.

- An Interim and Regular Monthly Business Meeting would be held each month except July, November, and December.

Principal's News

November naturally makes one think of Thanksgiving. As principal of the best children in the country, I tried to think of all I would be thankful for if I were still a child sitting in one of their seats. My parents' love and support of me as I went through school is at the top of the list. Recently, we held the kick-off for our WatchD.O.G. (Dads of Great Students!) program. Those in the role of father-mentor can play a huge role in how we feel about learning as children. We all have our stories, but bear with me as I elaborate on what I tried to share with those grandfathers, uncles, and dads. Math was not a subject that came easily for me as a young child. I struggled with learning math facts, and remembering steps and procedures. I felt discouraged when I wasn't anywhere near where I should be when it came to understanding. I remember distinctly going home and crying on numerous occasions. My dad decided that he would be my math partner. He contacted my teacher, and asked how he could help. Each night he spent time with me, helping me to learn some tricks and tips that were fun and meaningful. Instead of fearing or resenting the homework I had to do, it became time I looked forward to because it was time I spent with my dad. He praised every gain I made, no matter how small. As I grew in confidence, I no longer needed the help of my dad, but still he stayed involved. Even in high school, he would ask what I was studying, then go get the encyclopedia, look it up, so he could "quiz" me. It became my goal to not let my dad "outsmart" me. I became a math teacher because of my dad and because of the partnership he formed with teachers who didn't give up on me when I struggled. Parents, we are very thankful for all you do to support your children as they learn. It isn't always that you are going to the extremes my dad had to go; often it is simply that you are encouraging them and being their biggest cheerleaders. Often it is because they can sense that you are united with their teachers in holding them accountable for high expectations for success. As we enter November, please know that Appomattox Elementary School is thankful for our parents. We know we can make a far more positive difference for our students with you by our side.

3rd Grade News

Recently, our 3rd graders enjoyed a follow-up lesson to our field trip at the 4-H Educational Center presented here at AES. We learned how to identify animals by their hides. It was a fun learning experience for all! In Reading, we are working on using "Context Clues" to help us figure out new words. We are continuing to think about the main idea and details in both fiction and nonfiction passages. This is applied in the Content Areas, too! We are looking for the problems and solutions in our AR books and also with our Math problems. We are WILD about the learning we do each day!

4th Grade News

This month fourth graders are working on multiplication facts in math. Fourth graders will not only need to master their basic facts, but they also will be working on double digit multiplication. Using flash cards at home to help review the basic multiplication facts would be very helpful.

Reading skills that will be addressed this month include identifying the author's purpose for both fiction and nonfiction. Students will need to understand if a passage was written to persuade, inform, or entertain the reader. They will also need to reflect on how the author's choice of setting, language, and characters contributes to the author's purpose. Summarizing important details and making inferences about fictional texts, nonfiction texts, and poetry will also be taught.

Finally, in Virginia Studies the fourth grade students will be learning about Colonial Life in Virginia. This is such a special time of the year to study Colonial Life, since the first Thanksgiving took place in our state on the Berkeley Plantation in 1619.

5th Grade News

Amazing! That is one word to sum up the 5th grade field trip to Greensboro Science Center!

Students were able to explore the aquarium, museum, and the zoo. We were even able to watch "Kaluoka'hina, The Enchanted Reef" at the Omni sphere theatre. One fascinating experience was when students were allowed to touch the stingrays. They were so excited to interact with marine life. We would like to thank all of the chaperones for helping to make this a successful and safe trip!

Have you looked at your child's binder lately? Students are studying fractions in math, the ocean in science, text features in reading, and adverbs in writing. Please help and remind your child to review their notes each night for success.

Physical Education News

Sport Stacking is what's happening in P.E.! Sport stacking has been termed a "track meet for your hands at warp speed." It is an exciting sport where students up stack and down stack 12 specially designed cups called Speed Stacks in predetermined sequences as fast as they can. Stackers race against the clock, compete in relays and often combine sport stacking with fitness challenges as part of physical education classes.

Sport stacking promotes hand-eye coordination, quickness, concentration, and fitness. Sport stacking uses both sides of the body and brain, developing important skills used to dribble a basketball, to throw and catch, play an instrument, type on a computer and many more. By activating both sides of the brain, students also benefit academically with greater focus and concentration levels.

AES will be cup crazy on Thursday, November 13th as some of our students will take part in what Guinness World Records terms the "World's Largest Sport Stacking Event." Tens of thousands of stackers around the world

are expected to contribute their skills to reach a new record this year & we are excited to take part in the event as well!

For more information on Sport Stacking visit www.thewssa.com or www.speedstacks.com

Science Fair Opportunity

Do you love science experiments? Would you like to design your own test and share your work with an audience? Now is your chance!

A.E.S. students are invited to participate in the annual 4-H Science Fair, which will be held in February or March, during school hours. An exact date will be determined soon. We are communicating this event early in hopes that students will go ahead and start on a project. It's not too early to start thinking of your plan. Also, some tests do take a long time. For example, if you're testing plant growth rates in varying conditions, you'll need time for the plants to grow.

Students will decide on a project themselves, and complete the experiment at home. They will need to display all the information about what they did on a tri-fold presentation board. Students will bring their tri-fold board to school on the day of the Science Fair to be judged. Please see Mrs. Ranson for a more detailed information packet if you plan to participate.

Science Fair Project ideas:

- How does the weight of different model cars affect the distance they travel when released from a ramp?
- How does the height of the ramp affect the distance my model car travels?
- What is the best way to keep an ice cube from melting?
- Which homemade airplane design flies best?
- Which brand of paper towel is strongest?
- Which brand of baby diaper is most absorbent?
- Does music affect plant growth?
- How much sunlight is best for plant growth?
- Which plant fertilizer works best?
- What type of food allows mold to grow the fastest?
- What brand of bubble gum produces the biggest bubbles?
- Which brand of glue works best on wood?
- Which soda turns flat fastest?
- Which brand of battery lasts longer?
- In which liquid will salt dissolve fastest?
- Which liquid will evaporate fastest?

If you have any questions, please contact Mrs. Ranson at 352-7463 ext. 4365 or mmranson@appomattox.k12.va.us.

Goals for students each nine weeks:
Grade 3 – 15 points
Grade 4 – 20 points
Grade 5 – 25 points

Guidelines for Students:
Tests are only taken at school during school hours.
Students are not allowed to use a book to take a test.
Students should use only their own personal login.
Teachers give grades for accuracy percentage and percentage of points earned.

Traffic Matters

This school year is off to a great start and traffic seems to be improving each day as school progresses. Please continue to help us with the safety of all students with the following traffic reminders:

- Please utilize the car rider loop or park in a designated parking space when entering the building. Please do not park on the grass.
- Please use a turn signal when entering and exiting the school property.
- Be cautious whenever moving your vehicle – this will help ensure the safety of all pedestrians entering and exiting the school building.

Tips for Families – Homework Help

Math homework is due tomorrow—how can I help?

Homework causes trouble in many households. Relax—remember whose homework it is! Think of yourself as more of a guide than a teacher. Don't take over for your child. Doing that only encourages him or her to give up easily or to ask for help when a problem becomes difficult.

The best thing you can do is ask questions. Then listen to what your child says. Often, simply explaining something out loud can help your child figure out the problem. Encourage your child to show all work, complete with written descriptions of all thinking processes. This record will give your child something to look back on, either to review or to fix a mistake, and can also help the teacher understand how the problem was solved.

Asking the following kinds of questions can help you and your child tackle the challenges of math homework:

- What is the problem that you're working on?
- Are there instructions or directions? What do they say?
- Are there words in the directions or the problem that you do not understand?
- Where do you think you should begin?
- Is there anything that you already know that can help you work through the problem?
- What have you done so far?
- Can you find help in your textbook or notes?
- Do you have other problems like this one? Can we look at one of those together?
- Can you draw a picture or make a diagram to show how you solved a problem like this one?
- What is your teacher asking you to do? Can you explain it to me?
- Can you tell me where you are stuck?
- Is there someone you can call to get help? Can you discuss the problem with a classmate?
- Would using a calculator help you solve the problem?
- Would it help to go on to another problem and come back to this one later?
- What kinds of questions should you ask the teacher tomorrow to help you understand?

Remember, *support* homework—don't do it!

Besides supporting your child on homework, show the importance of learning math by helping your child connect math with daily life. Point out your own activities that involve mathematics, such as deciding if you have enough money to buy items on a shopping list, estimating how long it will take to make a trip, determining how much carpet or wallpaper to buy for a room, or developing a schedule to complete a series of tasks. Talking about these everyday situations will give you a chance to increase your child's appreciation for the usefulness of math!

--Adapted from NCTM.org "Tips for Families: Homework Help."

Wild About Math!

Work on a solution to the problems below by yourself or with your family. You can do any of the following, and turn in your answers and your brain work to Mrs. Cyrus before the end of November for a chance to share on the intercom and be a part of the "Wild About Math" Club!

A

Jeremy and Hanna collect coins. Jeremy has seven fewer coins than Hanna. If together they have 83 coins, how many does Hanna have? Prove your answer!

B

There are seven girls on a bus. Each girl has one sack and each sack has seven cats inside. Each cat has seven kittens. How many legs are on the bus?

C

Billy bought a bike for $40 and sold it for $50. He plans to buy it back for $60 and sell it again for $70. Will he make money, lose money, or come out even? Explain your answer.

D

Cal Ripken Jr. of the Baltimore Orioles holds the world record of 2,632 for the number of consecutive baseball games played. Major-league professional baseball teams in the United States play 162 games per season, not including the playoffs, the All-Star Game, and the World Series. Over how many baseball seasons does Cal Ripken's record span?

President and Founder of Loyalty Factor

The topic of this session will be The Power of Magnetic Leadership. If you have weak or non-existent leadership in your organization, it is like spraying a big can of people repellent into the air that your employees breathe. You kill creativity, productivity, and the spark that motivates your team. The good news is you can become a magnetic leader—that force that attracts others.

VSBA Early Bird Sessions

Wednesday, November 19, 2014

9:30 a.m.—Noon

Anatomy of a School Board Disciplinary Hearing

Members of the VSBA Council of School Attorneys will present a comprehensive training designed to help school board members understand the substantive and procedural law governing student disciplinary hearings, implement appropriate procedural guidelines, document board action for potential legal challenges, and develop strategies to conduct fair hearings within practical limitations. Attendees will be entertained with a "live disciplinary hearing", during which the participants will confront many of the challenges which arise in such hearings. This training will also provide many practical tips and "no-no's" gleaned from the collective experience of the panel members. Moderated by Mary McGowan, a partner with the law firm of Blankingship and Keith.

Parliamentary Procedures

Can one ever have too much training on parliamentary procedure? Never, you say? Here is a three-hour hands-on session that will help you become more efficient and your board more efficient. Presented by Carlos Clanton, executive director for the Office of Community Engagement & Strategic Partnerships for Norfolk Public Schools and the Norfolk Education Foundation, and policies & procedures chair for the National Urban League Young Professionals.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

FY 2016 Budget Public Comment Session

Mr. Waddell opened the floor for public comments and suggestions regarding the 2015-2016 School Budget. The following individuals addressed the Board:

Mrs. Margie L. Coleman of 3017 Colemans Mill Road, Gladstone, Virginia, spoke on behalf of the Appomattox County FFA Alumni. Mrs. Coleman requested a full-time Horticulture Teacher be reinstated at the high school next year.

Mrs. Becky Paulette of 3937 Horseshoe Road, Appomattox, Virginia spoke on behalf of the Appomattox County FFA Alumni. Mrs. Paulette stated she had served as a chaperone during the recent trip by the Appomattox County FFA students to the National FFA Convention in Louisville, Kentucky. She addressed the Board concerning the outstanding benefits the students received from participating in the trip and requested continued support of the Agriculture Department with reinstatement of the Horticulture Program.

Mr. Bryan Allgood of 2029 Old Evergreen Road, Appomattox, Virginia, teacher at Appomattox County High School, spoke on behalf of the faculty and staff. He requested teaching positions be reinstated, the support of extracurricular activities, and the reinstatement of pay steps.

Mr. Evans Thomas of 2332 Oakville Road, Appomattox, Virginia, spoke on behalf of the Appomattox County High School Swim Boosters. He stated the Swim Team has been successful and will have been financed by the Swim Team Boosters for three years at the end of this school year. Mr. Thomas requested the Board consider funding the Swim Program.

Mr. Billy Perrow of 600 Snapps Mill Road, Spout Spring, Virginia spoke as an individual and on behalf of the Appomattox County FFA Alumni. He thanked the Board for their support of the Appomattox FFA Program, especially the funding provided for the FFA students to attend the National FFA Convention. Mr. Perrow requested the Board consider reinstating the Horticulture Program at the high school.

Mrs. Bonnie Swanson of 7169 Old Evergreen Road, Appomattox, Virginia spoke as an individual taxpayer and as a teacher at Appomattox County High School. She noted, historically, Appomattox County Public Schools have been underfunded with employees working with less to accomplish more. Mrs. Swanson requested pay increases for employees.

Mrs. Leilani Vallee of 1523 Coleman Mountain Road, Appomattox, Virginia spoke as an individual whose grandson is enrolled at Appomattox Primary School in a pre-kindergarten early intervention class. She requested funding for one additional instructional assistant in each of the special education classrooms for pre-kindergarten and early childhood education.

Mr. Waddell thanked the speakers for their comments and stated their suggestions would be taken into consideration as the 2015-2016 School Budget is developed.

Membership Report

The superintendent provided the October 31, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,184 students which was an increase of 5 students since the previous month. This compares to a budgeted ADM of 2,215. (See Attachment # 8)

VSBA and NSBA Activities

The 2014 VSBA Annual Convention will be held in Williamsburg, November 19 - 21, 2014. The registration fee is $250.00. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, had no information to bring before the Board at this time.

Report on FFA Trip to National Convention

Mr. Ed McCann, Agriculture Teacher and FFA Sponsor, reported on the October 28 – November 1, 2014 trip by twenty-four (24) students and six (6) adults to the National FFA Convention in Louisville, Kentucky. (See Attachment # 9) He stated this trip was a once in a lifetime opportunity for our students and thanked the Board for their support. On behalf of the FFA Chapter Officers, Mr. McCann presented the Board and Dr. Grasty with a framed picture of the FFA students who attended the convention and a Louisville Slugger signed by each of the students as tokens of their heartfelt appreciation.

Mr. Smith and Rev. Williams expressed their appreciation to Mr. McCann for being an excellent role model for our students and setting an excellent example for success.

School Showcase Schedule for 2014-2015 School Year

Dr. Grasty presented the following School Showcase Schedule for the 2014-2015 school year:

- January, 2015 - Appomattox Elementary School
- February, 2015 - Appomattox County High School
- March, 2015 - Appomattox Middle School
- April, 2015 - Appomattox Primary School

Discussion of Possible FY 2016 Budget Goals

The Board began their discussion of the 2015-2016 Budget Goals. The following goals were suggested:

Rev Williams:

- Reinstate the Horticulture teaching position.
- Assume funding for the Swim Team.
- Implement pay step increases.
- Provide funding for students to attend National Conventions, such as the recent FFA trip.

Mr. Smith:

- Implementation of step increases should be a priority.
- Restructure the CTE Program.
- Support for the Swim Team.

Mr. Waddell stated his support of the goals suggested by Rev. Williams and Mr. Smith.

Rev. Jones, Mr. Torrence, and Mr. Waddell emphasized the need for individuals to speak at the Board of Supervisors Meetings, especially the sessions requesting budget input. Mr. Waddell noted the need to support and work with the Board of Supervisors to help them realize our students are our future. He also encouraged individuals to call their Board of Supervisors representative if they are unable to attend the scheduled meetings.

The FY 2016 Budget Calendar specifies the Board will develop goals at the December meeting with adoption at the January, 2015 meeting.

Review of 2015 Draft School Board Meeting Calendar

The Board reviewed a draft of the 2015 School Board Meeting Calendar. The calendar calls for:

- An Interim and Regular Monthly Business Meeting to be held each month except July, November, and December. Only Regular Monthly Business Meetings will be conducted in July, November, and December.
- A full-day tour of school facilities will be conducted in the spring and fall.
- Meetings will begin at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.
- Joint meetings with the Appomattox County Board of Supervisors will be conducted in March and November, pending approval of dates by the supervisors.

The 2015 School Board Meeting Calendar will be adopted at the January, 2015 Organizational and Interim Meeting.

ACTION ITEMS

Consideration of Request for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2014-2015

It was moved by Rev. Williams and seconded by Rev. Jones to approve exemption from compulsory attendance laws for bona fide religious belief for the 2014-2015 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 10)

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETING

The Appomattox County School Board is scheduled to conduct their next meeting on Thursday, December 18, 2014 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia. This will be a Regular Monthly Business Meeting.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report, and employees #46, #400, #401, and #252.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Principal's News

We come to the close of our first semester, and I am wondering how the time flew so fast. Can you believe we are at the halfway mark in our school year? As we begin December and January, we also expect that winter will soon impact our daily schedules. Please make sure you are prepared for school closings or delays due to inclement weather. Our school division will send out alerts via the phone, ParentLink, and local radio and television stations. It is important to make sure that we have your up-to-date phone information so you receive those calls and we can reach you for any emergency. It is the time of year, as well, to make sure you are touching base with your child's teacher regarding his/her progress in school. We recently held an information night for parents and students in order to encourage students to enjoy reading and math. Winter weather brings opportunities for warm and quiet nights with a good book, or fun, boisterous nights with family math games. Children love the times we spend with them enjoying a book that is interesting to read. They remember the times we sat at the table and played games. Those experiences help to make learning fun and personal. As we enter the holiday season, Appomattox Elementary School wishes you a time of peace and joy, and a warm, richly blessed season celebrating the gift of family.
